Ottawa, August 24, 1939.

Dear Father Belleau:

I have for acknowledgment your telegram of August 23, in which you inform me that the Albany Residential School has been destroyed by fire.

It is gratifying to learn from your communication that no lives were lost and that a certain amount of furniture was saved. The receipt of the news of this fire is very disturbing to the officials of this Branch and to myself. There have been five fires at Indian residential schools since our 1939-40 estimates were prepared last fall. The Cardross Church of England Residential School was totally destroyed by fire and certain sections of other schools were damaged by fire and have to be rebuilt this year.

I note that it is your intention to rebuild the Albany school in the near future. I would suggest that before even the preliminary steps are taken toward the construction of a new school at Albany the matter be carefully reviewed by you or a representative of your Church and the Minister and the officials here. In view of the large number of disastrous fires that took place last year at educational institutions in the province of Quebec and the number of fires at our own schools in recent months, I am of the opinion that Parliament will hesitate to vote per capita grants for the operation of residential schools in the future,

other than those that are of fireproof construction. The Government, in the construction of its own schools, has definitely decided that these buildings must be of fireproof construction throughout, and it is just possible that an attempt may be made to extend the same policy to the construction of church-owned schools. In any event, a conference such as the one I suggest will enable you to learn exactly the policy of the Government and will tend to prevent misunderstandings that might arise in the future.

Yours very truly,

Director.

Ottawa, October 20th 1939.

The Secretary,
Indian Affairs Branch,
Ottawa.

Attention: Mr. R.A. Hoey.

Dear Sir:

All the laundry machinery in use at the Albany R.C. Indian Residential School was lost in the fire which destroyed the main school building.

A temporary building, measuring 75 by 35 has been erected and the children will be accommodated in it for the winter, and until such time as the new school is built.

I am informed that there are several out buildings that could be used as a laundry. Although funds in the Department are running very low, would it be possible for you to supply this school with at least a washing and drying machine. This would make the work of the staff much lighter during the intervening period. I hope that you will give this matter favorable consideration.

I remain,

Yours very truly,

J O Plourde, OMI

Dear Sir:

As you are aware, the main building at the Fort Albany Indian Residential School wassdestroyed by fire on August 23rd last. This is the only Catholic school on the West coast of James Bay and draws pupils from an area in which there are over 800 Roman Catholic Indians.

It is absolutely necessary that this building be replaced immediately and the Oblate Order respectfully submits the following for your consideration:

1. That a fireproof building be erected costing in the neighbourhood of $60,000.00.

2. That $25,000.00 of this amount be provided in the appropriation for the fiscal year 1940-41 and the balance in the fiscal year 1941-42.

3. Provided you agree to the request contained in paragraphs 1 and 2, the Oblate Order is ready to proceed in the summer of 1940 with the erection of this building following plans prepared by your architects. Every possible assistance will be given by the Oblate Order to keep the cost as low as possible.

4. On the completion of the payments requested in paragraph 2, the Oblate Orderis prepared to turn over the new building together with the property and the out buildings to the Government without further remuneration.

In explanation of paragraph 4, I may say that this would include the following:

a) Three hundred acres of land of which approximately 120 acres are under cultivation.

b) The out buildings at present located on the property. These consist of:

Re: Construction of Albany
Residential School

Dear Father Plourde:

I have for acknowledgment your letter of October 20, in which you submit, for departmental consideration, certain specific proposals with respect to the rebuilding of the Albany Residential School.

I shall be glad to submit these proposals to the Minister for his consideration at the time the 1940-41 estimates are under review. In the meantime I am not in a position to state, however, what provision, if any, is likely to be made this year by the Government for the building of Indian residential schools. There are, as you know, two or three residential schools at this date in the process of construction. Provision will have to be made in next year's estimates for the completion and furnishing of these institutions.

In your letter you estimate that a fireproof school can be built at Albany at an approximate cost of $30,000. Our experience in the construction and reconstruction of residential schools in recent years would incline me to believe that the cost at Albany would substantially exceed the figure quoted by you. I have been wondering, therefore, if it would be possible for you to secure from someone familiar with construction costs an estimate of what in his judgment it would -

it would cost to rebuild th a particular school. I feel confident the Minister will ask for a specific statement of the cost before committing himself to this project.

I am sending forward a copy of this letter to the Reverend Father Belleau.

Dear Sir:-

I beg to acknowledge receipt of your letter of the 21st instant, in which you state that our proposals concerning the reconstruction of the Albany School will be submitted to the Minister.

We wish to thank you for so dealing with and promoting our work.

The estimated cost of a fire-proof building at Fort Albany was mentioned by us as approximately $60,000. Our estimate was based on the comparing conditions and rates prevalent in Keewatin and Manitoba, where two Catholic residential schools have recently been built, with conditions in James Bay.

The Sandy Bay school cost $40,000. and is a concrete fire-proof building consisting of two wings measuring respectively 80' by 36' and 60' by 36', having a basement and two storeys each added to the old building. Transportation to Sandy Bay is costly and everything in te nature of building material had to be brought from elsewhere.

At Fort Albany, we were intending to build, if the Department saw fit to approve, with stone available along the Albany River, a few miles away. Moreover, the Albany Mission owns a seventeen-ton schooner; another schooner of twenty-five ton owned by the Oblate Order, will be available for transport.

The distance between Albany and Moosonee, as you well know, does not exceed ninety nautical miles, and the transport of building material will not amount to anything like the former rates which prevailed at the time of the erection of the school destroyed by fire.

We were induced also to estimate at about $60,000. the cost of a new school, because His Excellency bishop Lajeunesse told us that $60,000. had been spent in the erection of a new school, in which case transport alone had cost $10,000. We believe

EXL.

Re: Construction of residential schools at Albany, Ontario, and Carcross, Yukon.

I have for acknowledgment Mr. Bethune's memorandum of November 20, in which he seeks information with respect to representations that have been made to the Minister for the construction of the above noted schools.

In my memorandum to you dated November 21 I dealt with the construction of both these schools, together with four others, for the construction of which requests have been received from the church authorities by this Branch. There is little that I can add to the information supplied in that memorandum. If it is the intention of the Government to proceed next year with a building program, both the Carcross and the Albany schools have in my judgment a greater claim for consideration than any of the others. In view of the fact that the schools at these points were totally destroyed by fire during the last year, steps should be immediately taken to provide either Indian day or residential schools at both points. In view of the nomadic habits of the Indians in these districts, I cannot persuade myself that the construction of Indian day schools would meet the needs of the Indian population. I intimated in my memorandum of November 21 that the estimated cost of both these buildings would be approximately $150,000.

Dear Father Belleau:

Owing to conditions at the present time I am still unable to state definitely how much or how little will be provided for the erection of the Albany school. However, I was talking to the architect of the Surveys & Engineering Branch and he wants to have the plans prepared as far as possible so that in the event of money being made available we will be ready to start as soon as conditions permit. I would like very much to see you and if it is possible for you to come to Ottawa within the next week or so you might do so. If you call at my office I will take you over to see the architect.

I want it definitely understood, of course, that this action does not mean that the question of erecting a school at Albany has been definitely settled but only as stated above that we are trying to have everything prepared so that work can proceed if money is procured.

A rough sketch of a proposed new school at this point has been left with Mr. Buck and full particulars have been supplied to him regarding the type of building that is required if funds are secured.

I should appreciate it if you would arrange to have Mr. Buck prepare a sketch plan of a building that he considers would meet our requirements. In preparing this consideration should be given to the following alternatives:

(a) Including the class rooms in the main building

(b) Providing a separate class room building

I should like also to have an estimate of the probable cost of this building forwarded to me at the earliest possible date in order that I may have the necessary information to place before the Minister for his consideration.

Ottawa, May 12th, 1941 1919

Mr. Philip Phelan
Chief of Training Division
Indian Affairs Branch
Department of Mines and Resources
Ottawa.

MAY 14 1941

Dear Mr. Phelan:-

The Beaver Laundry Machinery Co. Has given the following information concerning rebuilt laundry machinery which would be available at prices which seem quite advantageous. I beg to submit same to your approval. I trust you will find this deal satisfactory in procuring laundry equipment for the Fort Albany R.C. Residential School.

One washer, rebuilt, outside galvanized case, inside new wood cylinder 36" X 54" F.O.B. Toronto $325.00

One extractor, rebuilt, [illegible] F.O.B. Toronto $300.00

The Beaver Laundry Machinery Co.'s representative in Ottawa has also on hand a second-hand Roller clothes Dress, Steam-heated F.O.B. Ottawa [illegible]

We would very much obliged if you could have the above-mentioned pieces of machinery purchased by the Indian Affairs Branch, and shipped to Moosonee, Ont. for the Albany Residential School. The Catholic Mission will handle the transport from the end of the steel to the Albany School a distance of about 110 miles.

With sincere thanks.

Yours,

+ Henri Belleau O.M.I.
Vicar Apostolic of James Bay.

Ottawa,
September 26, 1941.

Dear Bishop Belleau:

Father Langlois visited the office recently he inquired regarding the laundry machinery for the Albany School and yesterday he telephoned me from Montreal about the matter. At the time I had not the exact information. However, I was in touch with the agent for the firm today and they advise me that the clothes press has gone forward and should have reached Moosonee by this time.

There has been a great deal of delay in supplying the washer and extractor. This is due to war conditions and the impossibility of obtaining certain parts that are necessary for these machines. However, the company assures me that they have a definite promise that the parts will be supplied by October 10 and if they receive them by that date the washer and extractor will be shipped from Toronto not later than October 15.

The company expressed considerable regret that there had been so much delay but, as you are aware, present conditions render it very difficult to obtain certain materials promptly. I am also sorry that the equipment has not reached you before this but as it is due to conditions beyond our control I know you will be patient in the matter.

Dear Mr. Phelan:-

We have received the clothes press ordered by the Department for the Fort Albany Residential School. Next summer, when navigation is again opened, we shall ship this press to Albany.

We wish to thank you sincerely for having supplied this very important item for the School.

The returns for quarter ending September 30th, for the Albany School will be available only after freeze-up, well in November. Lack of mails after the Rev. Father Principal's return to Albany, is causing this delay. It is not due to any neglect.

Enclosed, please find account for a loom purchased for the Albany School. The amount is $48.04, including transport to Moosonee. This loom will be used to train in weaving, pupils of the School.

The loom had been ordered from A. Prud'homme & Fils, of Montreal, who transferred the order to Codaire & Frère.

Thank you for your co-operation in obtaining this machinery for the School. We shall notify you when other pieces of laundry machinery arrive.

Very sincerely yours,

Dear Bishop Belleau:

With reference to your letter of the 27th ultimo arrangements will be made to pay the account covering the cost of the loom. I would point out, however, that there is an item on the account of $3.69 for freight. Before this item can be paid it will be necessary for us to have a receipt from the railway company. You may secure this and forward it to me.

I understand from your letter that you have only received one of the three units of the laundry equipment. If you do not receive the others before the end of the month please let me know. May I also impress on you the importance of forwarding the accounts as soon as the units are received. The firm was instructed to forward the accounts to you and you should certify them and send them to me for payment. As you are aware, funds for this equipment are provided in the current year's appropriation and consequently will have to be paid before the end of March. However, do not delay the matter until that time if the equipment reaches you sooner.

Yours truly,

Philip Phelan,

Mr Phelan,

Bishop Belleau charged me before leaving on a trip to his mission posts to accuse reception of the laundry machines given by the Goverment to the Albany school. This is the reason why you find my name on the attached returned account.

On the amount allowed by the Goverment for repairs and improvements to the Albany school the Bishop tells me there is still a balance and asks me to present you a list of articles out of which you you could pick up a certain number to complete the full amount allowed. This list which is entitled "Requisition for the Roman Catholic Albany Indian School" is in here enclosed.

Hoping that every thing will be found correct,

Sincerely yours,

JUL 15

Dear Mr. Phelan:-

On my arrival here,three days ago,I found your letter 44-1-5,dated June 18th. I thank you sincerely for it,as well as for the interest you take in our Indian Schools.

We have no brick chimneys at the Fort Albany Residential School,but are planning to build some this summer. In fact, we have received quotation of prices from Hill,Clarke and Francis Company,of New Liskeard. This firm also has an office in Timmins,Ont. They can deliver hard brick(not pressed,but ordinary) F.O.B. Moosonee, for $55.00 a thousand,if a minimum of ten thousand bricks are taken;this constitutes a car-load.

If the Department could purchase ten thousand bricks from that firm,it seems that such a deal would be advantageous,since freight rates are so high if goods are shipped from points south of North Bay or Timmins. I doubt whether any other price quoted by a firm could compete with the above-quoted price. The brick mentioned is made at New Liskeard,I believe. However,if any other price can be obtained,better than that,I see no objection whatever to have the Indian Afairs Purchasing Branch buy elsewhere. Hard brick is necessayy.

We have already asked A. Prud'homme & Fils,338 Craig East,Montreal,to send us equipment for the laundry boiler.We could cancel the order,or have the Purchasing Agent of the Indian Affairs Branch buy from them,if this is advisable. We also need plumbing material. If this can be procured,we shall send in ou requisition for [redacted]

We shall send you a detailed requisition after we receive your advice on the feasibility othe above-mentioned purchases. Thank you agim for your kind co-operation.

Yours very sincerely,

+ Henri Belleau O.M.I.

REQUISITION FOR SUPPLIES File No. 44-1-5

July 18 ..... 19 48

To The Departmental Purchasing Agent, Ottawa,

PLEASE FURNISH THE FOLLOWING SUPPLIES FOR USE OF Albany Indian Residential School

VOTE 77 ..... Allotment 10-691

SHIP TO Rt. Rev. H. Belleau, O.M.I., Vicar Apostolic of James Bay, Moosonee, Ont.

Purpose for which required Brick chimneys

NOTE:—Requisition for non-consumable equipment, state if New issue or Replacement.
" consumable equipment and supplies use columns 1 and 2.

Quantity		Quantity on hand (1)	Quantity used per month (2)	Unit Price	TOTAL
10 M	Hard bricks				

Note: In connection with the above Bishop Belleau writes as follows:

"We have no brick chimneys at the Fort Albany Residential School, but are planning to build some this summer. In fact, we have received quotation of prices from Hill, Clarke and Francis Company, of New Liskeard. This firm also has an office in Timmins, Ont. They can deliver hard brick (not pressed, but ordinary) f.o.b. Moosonee, for $35.00 a thousand, if a minimum of ten thousand bricks are taken; this constitutes a car-load.

"If the Department could purchase ten thousand bricks from that firm, it seems that such a deal would be advantageous, since freight rates are so high if goods are shipped from points south of North Bay or Timmins. I doubt whether any other price quoted by a firm could compete with the above-quoted price. The brick mentioned is made at New Liskeard, I believe. However, if any other price can be obtained, better than that, I see no objection whatever to have the Indian Affairs Purchasing Branch buy elsewhere. Hard brick is necessary."

I hereby certify that I have personal knowledge that all the above articles are required in the Department and for Departmental purposes only. The expenditure required by this requisition is strictly unavoidable and the public interest will suffer if it is not made.

Dear Bishop Belleau:

With reference to your letter of the 11th instant, I am asking the Purchasing Branch to secure the brick for the Albany Residential School. I am supplying them with the information contained in your letter. In the event of the brick being purchased, it will cost $350.00, which will leave a balance of $650.00 available for other expenditures. I should appreciate receiving, as soon as possible, detailed information regarding the other supplies required in order that any requests in this regard may be submitted to our Purchasing Branch.

Yours truly,

Philip Phelan,
Chief, Training Division.

Memorandum to:

Dr. H.W. McGill

Recently the Purchasing Agent submitted for approval a requisition to purchase, at a cost of $325.00, 10,000 bricks for the Residential School at Albany, Ontario.

Was any arrangement made with the church authorities when the new school was built that the Department would contribute any portion of the cost. If the above purchase is approved of it may be taken as a precedent and further requests will be received for other similar expenditures. It would seem advisable that you should have a definite understanding with the church authorities with regard to the matter.

Memorandum:

DEPUTY MINISTER

I am in receipt of Mr. Jackson's memorandum of July 27, with reference to a requisition to purchase bricks for the Albany Indian Residential School.

As you are aware, this school was destroyed by fire in August, 1939. Last year His Lordship Rt. Rev. Henri Belleau, O.M.I., advised the Department that the Church authorities were erecting a new building from missionary funds. There was no commitment on the part of this Department toward paying any of the costs of this building.

I attach, for your information, a picture of the building and I believe that a brick chimney is essential to eliminate fire hazard as far as possible. In view of the increasing costs of operation, I consider that it would be advisable for us to assist the Church in the erection of this chimney by supplying the bricks ordered on the requisition. Funds for the purpose are available in the current year's appropriation.

The Director.

Ottawa, August 6, 1942.

MEMORANDUM:

Deputy Minister.

Mr. Jackson, in his memorandum of July 27, refers to a requisition for the purchase of bricks for the Albany Indian Residential School. A memorandum dated August 4 has gone forward to you on the particular matter of the requisition referred to.

This raises the whole question of our financial assistance to Church-owned schools.

In some cases the Branch supplies equipment or repairs, this being done through grants from appropriation. However, there have been instances where funds voted for repairs to present buildings have been used to assist in the construction of new buildings and thus our responsibility, if we have any, for further repairs is increased. This phase of the matter is not satisfactory, in my opinion, as the practice is quite unsound. I would recommend that the matter be discussed fully when our new estimates are being determined, and that a definite decision be reached as to whether or not any money should be voted for this assistance.

Most of these schools are not fireproof and I would recommend the retention of the grant to pay for night watchmen, therefore, as by this means provision is made for the safety of the inmates which is a definite responsibility of the Branch.

H. McGill.

Mr. R.A.Hoey

With reference to purchase order No. 14049 covering 10,000 bricks for the Albany R.C. Indian Residential School, I may say that on the 12th instant, I received a long distance telephone call from the vendors, Robert Wallace & Son, North Bay, Ontario, that 10,000 bricks would not fill the car and it was necessary to put in another thousand (1,000) to fill the car; otherwise the transportation cost would be at LCL rate which would amount to more than $32.50 for another thousand bricks.

Under the circumstances I authorized the firm to increase the order by 1,000 bricks. This will make a total for the order of $357.50.

Memorandum:

DEPARTMENTAL PURCHASING AGENT

I am sending forward herewith requisition for certain supplies necessary for repairs at the Albany R.C. Indian Residential School.

The funds available for repairs at this school in the current year's estimates amount to $1000.00. Of this amount $385.00 has already been expended and it is important that the supplies now requested should not exceed $615.00.

R.A. Hoey,
Supt. of Welfare & Training.

Ottawa,
December 30, 1942.

Gentlemen:

I have your letter of the 24th instant, with reference to the payment of your account for supplies forwarded to the Albany Residential School. If you refer to our purchase order No. 14492 which was issued on the basis of your quotation, you will note that the prices shown on your account are different in several instances from your quotation. Besides, your quotation was f.o.b. Moosonee and yet you include freight charges in your account. As a matter of fact we issued you two cheques, one for $69.50 and the other for $2.30 (your invoice No. 1874). The payments that we have made total $71.80 and we feel that in making these we have dealt fairly with you.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

Dear Bishop Belleau:

I attach accounts which have just been received from Omer DeSerres, Montreal. These accounts apparently cover items ordered on our purchase order No. 14491 of September 15. They have not been certified by the Principal and, as we require certification of them before they can be paid, I thought I would send them to you. As you know, we would like to have these accounts returned to us as soon as possible as we wish to make payment from the current year's appropriation.

Yours truly,

Philip Phelan,

Dear Bishop Belleau:

With reference to my letter of the 30th ultimo, I enclose additional accounts which have been received from Omer DeSerres with reference to items that he has supplied on our purchase order No. 14491 to the Albany Residential School. As stated in my previous letter, we would appreciate having these accounts certified and returned to us as soon as possible, in order that payment can be made from the current year's appropriation.

Yours truly,

Philip Phelan,
Chief, Training Division.

Dear Sir:

Account $202.72 - Supplies Albany Mission

With reference to your letter of March 30 re the above noted account please be advised that this was paid by cheque No. 33767 dated March 4, 1943 amounting to $187.74. This was sent to your branch at 6793 St. Hubert street and since it is still outstanding may still be there. The following deductions were made since the goods were not received at destination.

136 lbs. of caulking lead	$10.88
10 lbs. of Strickly solder	4.10
	$14.98

This explains the difference between your account and the amount of the cheque forwarded in payment. Will you please make inquiries at your branch at 6793 St. Hubert street and see if it is being held there.

Yours truly,

L.W. McCutcheon
Chief Treasury Officer.

Ottawa,
April 21, 1943.

Dear Bishop Belleau:

With reference to your visit to the office yesterday, I enclose statement showing the expenditures made from the appropriation provided in the 1942-43 estimates for the Albany Residential School.

The balance remaining is $61.11 and I am endeavouring to arrange with the Purchasing Branch to have this applied to the account of Omer DeSerres dated March 30, 1943 (Folio F 575694). The total of this account is $70.73 but, as we will only pay $61.11 of this amount, it will be necessary for you to send the company a cheque for $9.62.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

Memorandum:

DEPARTMENTAL PURCHASING AGENT

I attach account covering the cost of additional supplies purchased for repairs at the Albany Residential School. This account amounts to $70.73 but, as it is a Church-owned school and as there is only a balance of $61.11 remaining from the amount provided in the appropriation for the fiscal year 1942-43 for repairs and improvements at this school, it would be appreciated if you would issue a purchase order for $61.11. The coding is as follows: 460-77-10-491.

I have to refer to accounts from Sherwin-Williams Co., Montreal, for paint and oil supplied the School on September 21, 1942. In the accounts are charges for containers - 1 drum at $8.00 and several cans - $1.95. Have these been returned for credit? Will you kindly look into this matter and let me know, as these charges are outstanding in the Recoverable Accounts Ledger.

Attention of Mr.L.W.McCuthaeon.

Dear sir:

Answering your letter addressed to Rev.Bilodeau, O.M.I. Albany Indian Residential School and dated march 10, we inform you that the drums and cans containing paints and oil bought from Sher win-Williams have never been returned for credit.

At this time of the year it is rather hard to get a quick answer from Albany due to poor means of travellings and communiestions but we imagine that theses containers must have been used for severals purposes as we always need things of all kinds in these remote and unorganised places. And so I think it would be their desire to keep these at the school even if they had to pay for them. Just advise what is to be done and we will conform to your will.

Sincerely yours,

Albany Residential School.

Ottawa, February 2, 1945.

Dear Bishop Belleau:

On April 17, 1944, we placed an order with the Sherwin-Williams Company of Canada, Ottawa Office, for paint, etc., for the Albany Residential School. A copy of purchase Order No. 23709 was sent to the Principal of the School on April 20. As yet the Department has not received the account.

It would be appreciated if you would check with the Principal and ascertain if the items shown on purchase order 23709 were received by him and, if so, arrange to have him certify the account and forward it to this office immediately. It is extremely important that we should receive this before the end of March, in order that we can pay it from the current year's appropriation.

Yours sincerely,

Philip Phelan,
Chief Training Division.

Dear Mr. Phelan:-

Thanks for yours of 2nd instant, (44-2-5) re purchase of paint for the Albany Catholic Residential School. Order23709.

I cannot remember off-hand if that is the No. of the invoice or order returned certified by Rev. Fr. Langlois, but I received from him and sent to Dr.Orford, some invoices of Sherwin-Williams, certifed correct by the Father. Dr Orford is at present in Ottawa, I believe.

The paint was received O.K. at Albany, by the last ship, and this winter by mail, the Rev. Fr. Principal sent the certifaed invoices.

I trust they should betraced and found correctly signed, without difficulty. If they have not turned up at your office, I shall ask the Doctor when he returns.

Sincerely yours, in Christ,

+ Henri Belleau

Ottawa, April 9, 1945.

Dear Bishop Belleau:

I attach account forwarded to this office from Crane, Limited. This covers part of the hardware which was ordered for the Albany R.C. Residential School. The shipment may not have reached you, but no doubt it has been forwarded. I think it would be in order to certify the account and return it immediately, so that payment can be made from the appropriation for the fiscal year just closed. Your immediate attention to this matter would be appreciated.

Yours sincerely,

Encl.

Philip Phelan,
Chief, Training Division.

Right Reverend H. Belleau, O.M.I.,
Vicar Apostolic of James Bay,
Moosonee, Ont.

Memorandum

Indian Affairs Branch

Re requisition of 12th ultimo for plumbing supplies for Albany Indian Residential School

We were unable to obtain delivery of all the items on the above requisition before March 31st, due to the time factor, limitation of cost ($626.00), and since some of the items were in short supply. The vendors found it necessary to substitute for some of the items.

We presume you wish us to arrange to purchase the remaining items. If so, we would appreciate your assistance in determining the outstanding items, preferably submitting a new requisition listing (in English) the outstanding items still required. For your assistance we are sending herewith two copies of the original list accompanying your requisition.

Memorandum:

DEPARTMENTAL PURCHASING AGENT.

Re: 57435-15-2 Ont. - Requisition March 12, 1945, Plumbing supplies for Albany Indian Residential School.

Immediately on receipt of your memorandum we communicated with the Principal, but, as yet, we have not received any reply. This is due, no doubt, to unsatisfactory mail conditions, as this school is situated in an isolated place. If additional plumbing supplies are required, another requisition will be forwarded. Consequently, the balance unordered on our requisition of March 12 may be considered cancelled.

Chief, Training Division.

Gentlemen:

Answering your letter of September 15th, File 44-2-5. We are attaching hereto copy of Freight Bill in the amount of $1.73 to cover prepaid freight to Rev. H.Belleau, Moosonee, Ont.

Our Billing Department find that they over charged you on the prepaid freight and we are attaching hereto our credit memorandum in amount of 14¢ to adjust the overcharge.

Trusting this meets with your approval, we remain,

Yours truly,

Re: The Rebuilding of the Albany School.

My dear Mr. Hoey:

The Albany School of my diocese was destroyed by fire in 1940, and due to the war and its demands on the finances of the Country, was not immediately rebuilt. However, plans for the new school were prepared by your architect Mr. Buck. I have these plans in my possession, and I must admit that everytime I look at them, I become more and more anxious to see them put into execution.

At the present time, the building, serving the purpose of a Residential School, was erected by myself without any help from the Government, but it is a very temporary structure, too small to accomodate the number of Catholic children in the James Bay Agency that should attend school.

According to the 1939 Census figures, there are 1089 Indians of the Catholic Faith in that Agency and there is only one school for all their children. Catholics number 52% of the total Indian population, and if this figure of 52% is applied to the total number of school children on the whole Reserve, the figure obtained is 171. Therefore, the Albany School, even if a day school were established at Attawapiscat, would still serve about 140 children.

When the question of rebuilding this School is placed before Honorable Mr. Glen, the nomadic way of life of the Indians of the whole Reserve must be borne in mind, as day schools can certainly not be operated for Indian children whose parents are forced, by circumstances, to lead such a life.

In making the above computation, I am obliged to use the 1939 Census figures, but I am sure that the 1945 Census will show closer to 200 children of school age in the James Bay Agency.

I confidently hope, therefore, that my request for the rebuilding of the Albany school, during the fiscal year 1946-1947, will be granted.

Yours very truly,

My dear Bishop Belleau:

I have for acknowledgment your letter of December 10th, in which you discuss the desirability of establishing more adequate residential school accommodation at Albany.

In this connection, there is little I can add to the remarks I made during my conversation with you yesterday. It is just possible that we may make provision in the immediate future for a thorough educational survey of the Albany district, with the object of asking for the Parliamentary appropriation necessary to proceed with either an addition to the present school or a new school at this point.

Yours very truly,

Director.

VICARIAT APOSTOLIQUE DE LA BAIE JAMES

MOOSONEE, ONT. March 6th, 1946

Mr. Philip Phelan
Chief of Training Division
Indian Affairs Branch
Department of Mines and Resources,
Ottawa.

Dear Mr. Phelan:-

Enclosed, please find requisition for the Fort Albany Residential School, for hardware and building material.

The references in the list of hardware are made from an old Caverhill, Learmont & Co. catalogue dating from 1925. This is due to the fact that it is the only means at the disposal of the Principal, of giving any precise data regarding hardware. Even if items differ somewhat from those specified through this catalogue, they will be satisfactory as long as they are the same tool or piece of hardware.

The kitchen range mentioned in the requisition is to be used for training children in housekeeping and cooking.

The Canada Cement Co. have quoted .76½ cents per bag F.O.B. Moosonee, as car-load price, meaning a minimum of 600 bags. A car-lot may go as far as 1000 and even 1200 bags. The quantity required for Fort Albany is 620 sacks. Fort George needs 320 sacks. If shipped separately, Fort George will not benefit of car-lot price. If suitable to the Department, it would seem preferable to ship both the Fort George and Fort Albany requirements together, making a total of 940 sacks.

Whatever cannot be shipped before the end of March may be left aside by the Department. We sahll pubchase afterwards; but in that case, we would appreciate being told as soon as possible what is left out of the requisition and remains to be bought. If this can be arranged, we shall appreciate it.

Many thanks for your co-operation.

Sincerely yours,

+ Henri Belleau O.M.I.
Vicar apostolic of James Bay.

Extract from Report of Mr. Awrey while on Annuity Payments of Treaty No. 9. Dated August.20, 1923.

Original on 3-44.

David Sagutch, NO. 181, Fort Hope Band, made application to have his two children, Peter Sagutch, aged 8 years, and Mary, aged 11, admitted to the R. C. Boarding School at Albany. Father Carriere informs me that he will be able to accept these children next June, and I would recommend that David Sagutch be advised accordingly. These children were examined by Dr. Bull and found healthy.

Ottawa, Sept. 10, 1923.

Sir:

The Department approves of the admission of your two children, viz: Peter, aged 8 years, and Mary, aged 11 years, to the Albany R.C. Residential School.

The Principal informs us that he will be able to accept these children in June, 1924, and you should arrange to take them to the school at that time.

Your obedient servant,

Russell T. Ferrier,
Supt. of Indian Education.

Ottawa, January 29, 1926.

Reverend Sir:

Until such time as the Department requires applications and certificates of health for each pupil admitted to the Albany Residential School, it is desired that one or more of the enclosed forms should accompany your quarterly return.

As you will note the form requires you to furnish certain specific information regarding the pupils admitted to and discharged from the school during the period covered by the quarterly return with which this form is forwarded.

All information requested on the form should be given.

Your obedient servant,

Russell T. Ferrier,
Supt. of Indian Education.

Ottawa, June 17th, 1926.

Reverend Sir,-

The Department is in receipt of the admission and discharge sheets giving information regarding the pupils recently admitted to and discharged from the Albany Residential School. It is noted that pupils No.01 and No.02 are both twenty-five years of age, while pupil No.021 is stated to be twenty-six. These are considerably above the age limit for admission of children to Residential Schools and the Department can see no merit in approving their admission. No further grant will be allowed for them and their names should not appear on future returns from the school.

Ottawa, January 29th, 1927.

Reverend Sir,-

The Department is in receipt of the September and December quarter returns of the Albany Mission Residential School. While you do not forward admission and discharge sheets with these returns, it appears from the names shown on the September quarter return that all pupils in residence on June 30th were discharged and thirty new pupils were admitted.

Please note that the register number opposite the name of each pupil shown on the September and December quarter returns should be retained during the whole period of residence and, when any one of these is discharged, the register number of such pupil should be dropped and a new number given each new pupil on entrance.

As requested by official letter of January 29th, 1926, one or more of the enclosed forms should accompany each quarterly return. You will note that this form requires you to give certain definite information regarding the pupils admitted to and discharged from the school during the period covered by the quarterly return with which the form is forwarded.

Ottawa, July 4th, 1929.

Reverend Sir,-

The Department has recently received an account for $36.00 from Revillon Freres, covering the transportation of Harriette and Joseph Achetibineskum Ogeki. It appears that these children were being sent home from the Albany Residential School to Kitchie.

It has been decided to pay this account and cheque has been issued and sent. This is the first account that the Department has received for transportation of children from the Albany Residential School and, while payment is being made in this case, it is considered that it should be possible to arrange with the parents to take home their children without expense to the Department.

Ottawa, November 12th, 1930.

Reverend Sir,-

The Department is in receipt of an account from the Hudson's Bay Company amounting to $150.00, covering the transportation of Agnes Sutherland, Mary Ashawakamik, Menishish Sutherland, Lace Hunter, Lottie Abraham, Raphael Sutherland, Sabet Sutherland and Louise Patrick from Weenusk to the Albany Indian Residential School. As no authority has been previously granted for the incurring of transportation expenses of children going to the Albany School, the Department desires to have a full report from you before considering payment of this account. In connection with it, I might refer you to official letter of July 4th, 1929, in which you were informed that the Department considered that it should be possible to arrange with parents for the transportation of their children to the school without expense.

When replying, it is requested that you explain the matter as fully as possible and advise why it was necessary to incur this expenditure.

Your obedient servant,

requested for the full quarter. If, however, a pupil is absent from the school longer than 43 days, grant should only be requested for the actual number of days such pupil is in residence plus the 43 days holidays, for which grant is allowed. For instance, for a pupil allowed home on holidays on July 1st and who returns to the school on August 11th, grant should be requested for 92 days, which is the number of days in the September quarter. If, however, a pupil allowed out on holidays on July 1st does not return until September 1st, grant should be requested for 73 days (30 days in September plus 43 days holiday leave). In preparing your September quarter return, you state that the total number of days in the quarter was 82. As pointed out above, the correct number is 92, viz., July - 31 days; August - 31 days; and September-30 days.

I also enclose a supply of admission and discharge sheets. One or more of these, giving the information requested, should accompany each quarterly return.

In reviewing the return, it is noted that Lucie Katakwapit is eighteen years of age, Meni Sutherland nineteen years of age, Jane Spence twenty years of age, Bernadette Pony eighteen years, Cecelia Napishish nineteen years and Meni Shakapeuitam eighteen years. It is only in exceptional circumstances that the Department allows grant for pupils of eighteen years or over and, unless there are special reasons for retaining these girls in the school, it is considered that they should be discharged at once. You should report fully regarding the reasons why you consider they should be in the school.

The Department has endeavoured to make this letter as explicit as possible in order to assist you in the correct preparation of your return and I trust that you will prepare the returns of both the September and December quarters in conformity with the instructions contained in this letter and on the back cover of the return form. When these returns are received here properly completed, the grant due for these two quarters will be paid.

Ottawa, January 19th, 1931.

Reverend Sir,-

It is regretted that the Department finds it necessary to send back the September and December quarter returns of the Albany Indian Residential School.

In preparing the returns, the names of the pupils should be shown consecutively, according to numbers - the names of the boys and girls being entered on separate pages. A number should be given to each pupil on entrance to the school and this number should be retained during the whole period of residence and such number dropped when the pupil is discharged and a new number given to each new pupil.

Enclosed with this letter is a statement showing the names and register numbers of the pupils whose names appeared on the June quarter return. You will see from this that the names of the boys appearing on the September return are totally different from the names of the boys appearing on the June return and that the register numbers have all been changed. If all the boys in the school at the end of June were discharged, their register numbers should have been dropped and new numbers given the boys admitted after July 1st.

I would, also, point out that, under the heading "Date of Entrance to School", there should be shown the day of the month and the year in which a pupil first entered the school. In preparing the September and December returns, you simply show July 11th, which must be incorrect in the case of a number of children who have been in the school for some time.

Grant is allowed for forty-three (43) days holidays and, for those pupils who were allowed home on summer holidays and were not absent from the school longer than 43 days, grant should be

Dear Sir:

I acknowledge receipt of your letter no.44-2-10, dated January 19th, concerning the quarter returns of the school.

I must thank you for the full explanation on the subject of the number to be given each pupil. From now on, every new pupil will have his or her own number, and the register numbers of the pupils discharged will be dropped.

You notice that under the heading "Date of Entrance to school" in the September and December returns, the date of intrance is July 11th. Necessary corrections have been made in the new copies of the September and December returns, in connection with the date of entrance, allowance being made for forty-three (43) days holidays.

In consequence, for the pupils already registered and allowed home on holidays, we request a grant of 92 days, viz. Sept. 30 days, August 31 days, July 31 days; for the pupils who enter for the first time on July 11th, we request a grant for 82 days, viz.July 21 days, Aug. 31 days and Sept. 30 days.

Concerning the pupils aged eighteen and over, Noni Sutherland is the only one whom I can discharge at once. The others cannot be sent home this winter; their parents and relatives reside from 75 to 375 miles away from Fort Albany. Among them, Noni Shakapewitam comes from Winisk and has never, until this year, had an opportunity of entering the School Cecilia Nppashish entered six years ago, but could not then remain more than one year.

Bernadette Pony and Jane Spence will be discharged as soon as possible.

Hoping you will find the quarterly returns satisfactory as corrected,

I remain

Yours sincerely

Ottawa, April 29th, 1931.

Reverend Sir,-

I beg to acknowledge the receipt of your letter of the 30th ultimo, enclosing the September and December quarter returns of the Albany Indian Residential School. A cheque in payment of the grant due for these two quarters will be forwarded to Rev. Arthur McGowan, O.M.I., 213 Visitation St., Montreal, P.Q.

It is noted that the returns have been prepared in accordance with the instructions contained in official letter of January 19th, last. I note that, under the heading "Band Number", you give No. 9 for each pupil - this refers, no doubt, to Treaty 9. I would point out, however, that the information desired under this heading is the individual band number under which the parents of each child are paid their annuity. In this connection, I would refer you to official letter of the 20th instant.

The discharge of Meni Sutherland - No. 01, is approved.

In preparing the admission and discharge sheet (Form No. 33) which accompanies the quarterly return, the information requested on this form regarding the pupils entering during the quarter should be given as well as the information regarding the pupils discharged.

Moose Factory March 8th.1932

The Secretary,
Department of Indian Affairs
Ottawa.

Dear Sir,

Please find enclosed quarterly Return for quarter ending Sept.30th 1931 for Albany school.

On the first return 92 days were charged for the pupils admitted on July 10th.

On this return you will notice that only 82 days are charged for these pupils instead of 83 which would be correct, also 92 days are still charged for No-033 instead of 83.so there should be added 14days on the first sheet and 13days on the second sheet,which at the rate charged of 50¢ a day would bring the first sheet to $1456.00 and the second sheet to $ 631.50.

This Return came to me in only one copy.

Ottawa, March 16th, 1932.

Sir,-

I beg to acknowledge the receipt of your letter of the 8th instant, enclosing the return of the Albany Indian Residential School for the quarter ended September 30th, last.

In preparing his return, the Principal should only enter one name on each line. He should, also, show on the return under the heading provided for that purpose, the band number of each child. For instance, on the return just received, the Principal shows, in regard to pupil 033 - L. Tomykatic, under the heading "Band or Reserve" - "Treaty No. 9". The information given regarding this girl under this heading should be "Attawapiscat #69".

If, for any reason, a pupil is absent from the school for the full quarter, such pupil's name and register number should be retained on the return but no grant should be requested during the period of absence from the school.

Your obedient servant,

Russell T. Ferrier.
Supt. of Indian Education.

Ottawa, March 26th, 1932.

Sir,-

Up to the present time, the Department has not insisted on application forms and certificates of health being forwarded for the children entering the Albany Indian Residential School.

It is now desired that an application form and certificate of health be completed and forwarded for each new pupil on entrance to this school. It should be understood that Treaty Indian children only should be enrolled. I enclose a supply of application forms and you should advise the Reverend Principal regarding our wishes in this matter.

In preparing his quarterly returns, the Principal should in the future, as in the past, accompany these with copies of Form No. 33, on which the information required should be given. A supply of these forms is also enclosed.

Your obedient servant,

Russell T. Ferrier.
Supt. of Indian Education.

Ottawa, July 19, 1932.

Dear Chief:

The Department wishes to impress on you and the leaders of the Albany Band the importance of an education for your children. The railroad to Moosonee and changing conditions generally make it very desirable that the younger generation of Indians have an elementary schooling. Recently, the Oblate Order has completed a fine new residential school at Albany, for the education of Catholic Indian children, and the Department trusts that you will see that full advantage is taken of this opportunity. The Indian Act provides for the compulsory attendance of physically fit Indian children of school age.

Your obedient servant,

Russell T. Ferrier,
Supt. of Indian Education.

Sir:

In reply to your letter of the 16th instant, I beg to say you may inform the Principal of the Albany Indian Residential School that the admission of the following children is approved:

Suzanne Scott	Angele Jacoseum
Anne Flora Edward	Michel Spent
Joseph Scott	Antoine Okimasuiw
Annie Scott	Christina Carpenter
Joseph Metal	Luci Tomekatie
Angele Aleipi	Louis Scott
Cecilia Wabano	Abraham Scott.

It is found necessary to return the enclosed six application forms, owing to the fact that you have not stated the religion of the children. This information should be placed on the forms and they should then be returned for our consideration.

You may inform the Principal that grant for the current fiscal year has been provided for 80 pupils at the Albany R. C. Residential School. It will not be possible to pay grant for any larger number.

June 23rd, 1933.

The Superintendent of Education,
Department of Indian Affairs.
Ottawa.

Dear Sir,

John Nakoostchee, chief of the Hawakistead Band of Treaty No 5, showed me a letter you had written him about a year ago. He wished me to translate it for him into Cree syllabics, so that he could read it, in fact, to his Indians. Unfortunately, while I had it in my possession, someone took it by mistake and it was lost or destroyed.

In this letter, you mentioned that conditions would be rapidly changing in the Bay, owing to the neighbouring Railroad, and you impressed upon him the necessity of education for Indians. You also spoke of the construction of

the new boarding school of Fort Albany, and concluded by stating the fact, that the Indian Act provides for compulsory education.

I would be very much obliged if a copy of your letter could be sent to St. John Natootine. I would use it to promote the recruiting of school children.

I must state that John Natootine has put his own boy in the school, and has given in due time, good testimony in favour of what he has seen there, on a visit to his boy.

Thank you

Yours, truly in Christ.

Ottawa, August 5th, 1933.

Dear Chief,-

The Department wishes to impress on you and the leaders of the Attawapiscat Band the importance of an education for your children. The railroad to Moosonee and changing conditions generally make it very desirable that the younger generation of Indians have an elementary schooling. Recently, the Oblate Order has completed a fine new residential school at Albany, for the education of Catholic Indian children, and the Department trusts that you will see that full advantage is taken of this opportunity. The Indian Act provides for the compulsory attendance of physically fit Indian children of school age.

Your obedient servant,

J. D. Sutherland.

Ottawa, July 28, 1933

Sir:

In reply to your letter of the 16th instant, I beg to say you may inform the Principal of the Albany Indian Residential School that the admission of the following children is approved:

Suzanne Scott	Angele Jacosun
Anne Flora Edward	Michel Spent
Joseph Scott	Antoine Okimauiw
Annie Scott	Christina Carpenter
Joseph Metal	Luci Tomekatic
Angele Aisipi	Louis Scott
Cecilia Wabano	Abraham Scott.

It is found necessary to return the enclosed six application forms, owing to the fact that you have not stated the religion of the children. This information should be placed on the forms and they should then be returned for our consideration.

You may inform the Principal that grant for the current fiscal year has been provided for 60 pupils at the Albany R. C. Residential School. It will not be possible to pay grant for any larger number.

Your obedient servant,

J. D. Sutherland,

Dear Sir;-

Your letter dated Oct. the 5th., has been duly received.

The number of children authorized by the Dept. to be admitted to the Albany Residential School is 80 as a limit.

The number was complete before the last six arrived. Some came from Fort-Hope and the others were brought from Wenusk. In September it is not very easy to travel as you know by experience, so, we could not consider the possibility of sending those children back to their respective families. In fact, it was absolutely impossible to turn back those children from Wenusk. The family which came from Fort-Hope was so poor that it was also out of question to send them with their parents.

We accommodated them for the time being until we report the matter to the Department. As the school was already full to capacity I advised the Principal to enlarge the dormitories which enlargement should be completed by the first week in November.

I expect to be in Ottawa by the end of the Month and take the matter up with the Department, unless you would kindly bring the fact to the Department's attention, for which I would be very much obliged to you.

Dear Sir,

On my visit to Albany Post non-catholic Indian Families, have requested me to admit their children in our Residential School. Very Reverend Sir:

I have to acknowledge receipt of your letter of the 29th ultimo, in which you advise that you have received a request from non-Catholic Indian families to admit their children to the Albany Residential School.

If the children to whom you refer are pagans, the Department is prepared to consider their admission to the Albany School, provided application forms are properly completed and forwarded to the Department, through the office of the Indian Agent, Dr. Tyrer. If, however, the children to whom you refer are recognized as members of the Anglican or United Church, the Department could not consent to their admission to the Albany School, in view of Section 10 (1) of the Indian Act.

Dear Doctor,

Enclosed herewith are the report forms for the past quarter which I trust are satisfactory. Mrs Joselyn carried on in my absence.Thus school was not closed.

There is a matter I wish to draw to your attention Three of Henry Rubens children have been taken into the school here (R.C. school). You will recall assuring me that you would not permit such a thing to go on. Therefore I wish you would drop Fr Bilodeau a letter telling him that we do not want this kind of thing to go on. The result of this case is that others tell me that they will put their children in the school too as they cannot keep them. Thus you see the schools are going to become an ideal place for parents to put children they cannot keep. Wonderful outlook for the future!!!!. Last winter the priest spent all his spare time over here asking my people if they wanted to go into hospital. As your records will show you he had great success evn if the dept had to foot the bill. This winter I suppose it is going to be "open house" for school children. At any rate I am fed up with the antics of the R.C. church here. They do as they like apparently. Anyway I am not sitting idly by now watching them get what children they can.

Please advise me will you that you have written Bilodeau & then I will proceed to take the children out. We had a simila case I am told in Dr Hamiltons time & he very promptly turn the children out & made it plain that such tactics would not be tolerated. They need another reminder apparently.

I heard when in Moose you might have to make a trip through here but we have given up hope now but perhaps may see you this winter.

Sincerely yours

R. A Joselyn

P.S Should you come our you are quite welcome to stay with us. There is always a spare room. My wife sends kindest regards to Mr Tyrrell

Doctor McGill
Department of Indian Affairs,

Dear Sir,

I am enclosing a letter from Rev. R.A.Joselyn of Albany,for your consideration and advise.

As you know the Department does not approve of Protestant children being taken into Catholic schools or Catholic children into Protestant schools and the Father at Albany knows this and that the Department will not pay a grant to them for that child if we know it,but there are some things to be considered-1-If the application form states on it that the family is R.C.have we any right to question that as the father of the child has signed the form. 2-Have we any right to say to the Mission that they must not take a child of another religion in to the school even if they do not ask for a grant fot the child.

You may disregard the portion of the letter about the hospital,I am aware of what is going on and took the matter up when I was in Albany this summer,but it is a very hard thing to control when you are not on the spot.

You may keep the enclosed letter if you wish but I think it would be just as well to be on my file.

This is a personal letter but you may treat it as you think best.

Ottawa, October 16, 1934.

Sir:

I beg to acknowledge receipt of your letter of the 9th instant, enclosing a letter received from Rev. R. A. Joselyn in connection with the admission of children to the Albany Indian Residential School.

In July, last, Rev. J. E. Saindon, O.M.I., wrote the Department stating that he had received a request for the admission of a number of non-Catholic Indian children to the Albany Residential School. In letter dated August 1st, the Department replied to Rev. Father Saindon as follows:

> "I have to acknowledge receipt of your letter of the 29th ultimo, in which you advise that you have received a request from non-Catholic Indian families to admit their children to the Albany Residential School.
>
> If the children to whom you refer are pagans, the Department is prepared to consider their admission to the Albany School, provided application forms are properly completed and forwarded to the Department, through the office of the Indian Agent, Dr. Tyrer. If, however, the children to whom you refer are recognised as members of the Anglican or United Church, the Department could not consent to their admission to the Albany School, in view of Section 10 (1) of the Indian Act."

The Department has not received any applications for the admission of children to the Albany Residential School during the last six months, and, consequently, we are not in a position to decide whether or not there are any children in the school who should not be there.

With reference to the second question contained in your recent letter, I may say that the Department does not approve of non-grant earning children residing in an Indian residential school.

Your obedient servant,

J. D. Sutherland,
Acting Supt. of Indian Education.

W. L. Tyrer, Esq., M.D.,
Indian Agent,
Moose Factory,
Ont.

Dear Sir,

I have received a complaint from Rev.Mr.Jocyln of the Ang.Mission at Albany that the R.C.Residential School at that place is admitting Protestant children ,special mention was made of the Reuben children.

Will you please give me a report on this matter.

I might add that the Department does not approve of Non-grant earning children residing in an Indian residential school.

Yours truly,

The Secretary
Department of Indian Affairs
Ottawa.

Dear Sir,

Please find on this clip 22 forms for admission to the Albany school--These children I have not examined so I wish you would return them to me to be filled in next summer. When I was in Attawapiscat and Albany in July I could only get the 14 children examined as the Fathers said they did not know any others going in the school altho there would be more.

Ottawa, December 19th, 1936.

Reverend Sir,-

The Department is in receipt of the September quarter return of the Albany Indian Residential School.

The admission of the following children is approved:-

Michel Okimawenina	David Kostachin	Marie T. Okitiko
Catherine Tomykatik	Susanne Sutherland	Louise Wisk
Alex Hunter	Gilbert Solomon	Joseph Okitiko
Augusti Metat	John Solomon	Meni Okitiko
Raphael Katakwapit	Willy Sutherland	Louisa Metat
Madeleine Sutherland	Mary L. Andrew	
Marguerite Sutherland	Lucie Loutet	

In comparing this return with the June quarter return, it is found that, on the June return, pupil #88 was shown as Raphael Okitikwaurk, while the September return shows pupil #88 as Willie Sutherland. Please explain this.

The names of the under-mentioned children are shown on the September return but did not appear on the June return:-

#067-G. Okimawimi	#095-L. Noah	#49-L. Edrington
#048-A. Sacasum	# 37-M. Sutherland	#56-G. Carpenter
#083-M.L. Jocomulum		

It would appear that these are pupils who were discharged some time ago and have now returned to the school. In all such cases, an explanation should be given opposite each of their names in the column provided for that purpose on the quarterly return f[illegible]

The Department regrets that the quarterly returns from the Albany Residential School do not appear to be very carefully prepared and, especially in the case of the September return, it is almost impossible to check it as compared with the June return.

Please note that a new number should be given each pupil on first entrance to the school and this number should be dropped whenever a pupil is discharged.

The figure "0" should appear before the number of each girl. For instance, the first girl on the return should be shown as "016".

The names of the girls with the lowest register numbers should appear first on the return and the higher numbers should follow in consecutive order.

The names of the girls and the boys should be shown on separate forms, not on the same form.

The Department would appreciate if the above directions are carefully carried out in future when the quarterly return is being prepared. You will note on the back of the return full instructions with regard to the preparation of these returns.

The discharge of the pupils mentioned on the admission & discharge form is approved.

Yours truly,

Philip Phelan.

Dear Sir,-

I have to acknowledge the receipt of the December quarter return of the Albany R. C. Indian Residential School.

No applications or certificates of health have yet been received for the following pupils:-

No. 0127 - Anna Metat
" 97 - John Kioki

I would request that you arrange with the Principal to have the applications for these two children, together with the certificate of health forms, completed and forwarded to the Department as soon as possible.

Chief Inspector of Indian Agencies,
Department of Indians Affairs,
Ottawa.

Dear Sir,

I beg to acknowledge receipt of your letter 44-2-10 of December 19, 1930, for which I wish to thank you.

I regret a clerical error in the writing up of the June and September returns - concerning Raphael Kakkonash (Kakepo) who was discharged on account of sickness. His number was given as 88 on both returns instead of 87. In the future his number will be 87. This will avoid changing the names corresponding to numbers 87 to 96.

Concerning the pupils who were discharged some time ago and have now returned to school, we understood from the late Inspector that the Department wished the children to be kept in School for a minimum of three years, provided that this did not keep them therein past fourteen

It is to be mentioned that when discharged after the minimum period of three years. After one year at home they did not yet reached the age that prevented their being taken into the school. They asked to enter and were taken in. The utmost will be done to comply with the Department's recommendations,

I have to acknowledge receipt of the June quarter return of the Albany R. C. Indian Residential School.

In checking the return, it is noted that the name of pupil No. 56, Gabriel Carpenter, is shown on the March return but does not appear on the June return, although no request has been received for his discharge. Please advise regarding this boy.

The discharge of pupil No. 0126, Lucie Loutet, is approved.

Yours truly,

D.E.B.

Chief, Training Division.

PLEASE QUOTE

Moose Factory Nov.9th 1938

.r.i..ey,

Dear Sir,

Please find enclosed application forms for Albany R.C.Res.School.

If you return these to me and I have occation to visit Albany this winter I will examine the children not already examined.

I examined 6 at Attawapiscat and I find that only 3 of them entered the school.

When I am at Albany and Attawapiscat in the summer the children are not at school and they do not know what new ones are going in.

I tried to get up this fall but ran into a bad storm and had to turn back.

Yours truly,

W.L.Tyrer

Albany,March 31,1940

Dear Sir,

I acknowledge receipt of your letter 44-2-10 on March 23rd.The name of Alexandra Wesley,No. 0152,is not on the return for the quarter ended September,1939,as you say. Looking through our records,we found this mistake:her name was written with the No.0156 and so it should appear on that September return by mistake;the numbers were changed from 0152 to 0156.If really that name does not appear at all with any number,it was forgotten ;the girl is still in the Albany Residential School,and her name will appear on the next return with the No. 0152.You would oblige me if you could let me know whether her name was onthe Septemuer return with No. 0156,or not at all.

No. 071 M. Theresa Scott No. 0116 Caroline Jakasum
" 072 Louise F. Martin " 80 Sapier Wesley
" 0105 Angele F. Martin

The above mentionned children have been absent from the school for some time and were readmitted last summer. The explanation is this:the JamesBay West coast indians are generally weak;and:their children cannot stand more than three years the indoor life of the school at once. So after such a period of time,we allow them to go into the bush for a year or two;and then,if they are not above the age allowed by the Department,they come back.

I have not sent to the Department the application forms for the new pupils,last summer,because we lost them in the fire of the school.I am sending you some new ones which cannot be signed by the parents who are away in the bush.

Ottawa,

Reverend Sir:

With reference to your letter of the 31st ultimo I may say that Alexandra Wesley was shown on the September return as No. 0156 and grant was allowed for her for 92 days. Her correct register number is No. 0152 which, of course, should appear on future returns during her period of residence. The admission of the under-mentioned children is approved:

Noah Edward	Joe Jacasom
Michel Sutherland	Louise Nakotchi
Simeon Spence	Anna Aitel
Gabriel Sutherland	Angele Dino
Antoine Wisk	Marie Therese Okitiko
Piten Wabano	Meni Wisk

The March quarter return from the Albany School showed Anna Wisley, No. 091, and Cecilia Wisk, No. 0131, to be 16 years of age. These pupils may remain in the school until the end of the current academic year, namely, June 30 next, but must not be kept after that date unless the permission of the Department is obtained.

The ages of pupils numbered 0152, 0153, 0155, 0157, 0158 and 0159 are not shown on the return. If any of these are 16 years of age by June 30, 1940, they should be discharged unless you apply and obtain the Department's approval for keeping them for a longer period.

JOHN G ANDERSON
ARCHBISHOP

BISHOPTHORPE
Cochrane, Ont.
Sept. 3/40

The Supt. of Welfare & Training,
Indian Affairs Branch,
Ottawa, Ont.

Dear Sir:-

Agnes Job, an Indian widow of Moose Factory Band, a member of our Church, has placed her boy, just 5 years old, at the Roman Catholic Boarding School at Albany in direct disobedience to advice given her. She wanted to send this boy to the Chapleau Boarding School in the plea that our Boarding School at Moose was filled to capacity, but it was not necessary that the boy should go to Chapleau, because he could very conveniently attend the Day School at her home in Moose, and she was told so by your agent at Moose and by our local missionary.

This is subversive of all discipline and, of course, is also against the regulations of your Department that no Protestant child can be admitted to a Roman Catholic School and vice versa. Here is also the consideration that if the boy were sent to Chapleau it would add to the expense of your Department - as well as to our Church for travelling and other needs.

I, therefore, protest against the admission of that boy to the Albany Roman Catholic Boarding School, and urged that he be sent home.

Yours Sincerely,

John G. Moosonee

Right Reverend Sir:

I have Your Lordship's letter of the 3rd instant, in which you state you have been informed that Agnes Job has placed her 5-year-old son in the Albany Indian Residential School.

We have no correspondence on our file indicating that this has been done. However, the Reverend Principal of the Albany School is being written and advised that if the boy has been placed in the school he should be returned to his mother.

Dear Bishop Belleau:

I am very much worried over a report that has just been received from the Royal Canadian Mounted Police. It appears that three pupils truanted from the Albany Indian Residential School last April and are presumably drowned.

The R. C. M. Police consider they should have been notified sooner, but it is doubtful if they could have done much in the matter at that time, in view of weather conditions. However, the Department should have been notified immediately. Any unusual event at a school, especially when the results are fatal, should be immediately brought to the Department's attention.

While I realize that there are difficulties that would be encountered, at the same time it is felt that a more determined effort should have been made by the Principal and staff to locate these boys. This whole happening is likely to have a very disturbing effect on the Indians and will naturally react on the school. I feel it advisable to recommend to you that very strict instructions be issued to the Principals of the residential schools in your diocese, to the effect that when any pupil truants from the school immediate and effective efforts should be made to locate the pupil.

Yours very truly,

Philip Phelan,
Chief, Training Division.

Dear Sir:

I have your letter of the 3rd instant with reference to the September quarter return of the Albany Indian Residential School. We have no record of having received Form No. I.A. 411, Admission and Discharge of Pupils, for that quarter.

The copy of the quarterly return which we have received does not carry the statement mentioned in the third paragraph of your letter.

The application forms for the new pupils requested in my letter of January 19 and to which you refer in the fifth paragraph of your letter have not yet reached this office.

Yours truly,

Ottawa,
February 27, 1942.

Dear Sir:

I am in receipt of the December quarter return of the Albany Residential School. The name of Agnes Ashnipinieskham, No. 0185, was shown on the September quarter return but does not appear on the December quarter return, although no application has been received for her discharge. Please advise regarding this girl.

The Department would appreciate receiving at an early date a reply to official letter of January 19 in connection with the Albany Residential School.

Yours truly,

Philip Phelan,
Chief, Training Division.

Dear Sir:

Re: Albany Indian Residential School Returns
Your letter of Feb. 9th., File 44-2-10

If admission and discharge Form No. 1A 411 and application forms have not yet reached your office, they must have gone astray in the mail. They were sent from here in yellow envelopes addressed to the Secretary.

Under the circumstances, I am forwarding the copies on file here of Form No. 1A 411 which is complete excepting for pupil No. 132, Antoine Kamanatishishit. The principal has been advised by letter to forward a discharge form for this pupil as soon as mail will allow.

There are of course no copies of application forms for the new pupils. I have advised the principal of their loss and asked him to obtain new ones signed by the respective parent or guardian in each case and to forward these as soon as possible. There will undoubtedly be some delay in receiving these forms as there may be difficulty in reaching the parents but they will be forwarded as soon as received.

Yours truly,

Thos. J. Orford.

Dear Sir, Re: Albany Residential School
Your letter Feb. 27th.
File 44-2-10

The Principal of the above school is being notified by letter to forward as soon as possible application for discharge for pupil No. 0185, Agnes Ashnipiniskham.

This girl was brought to Moose Factory last fall by Rev. Father Langlois, for medical treatment and was sent to Cochrane by me for surgical treatment by Doctor Empey. Her name is entered in hospital records as Agnes Inishinapay and she has just recently returned to Albany school from Hospital. I presume authority will have to be requested for her re-admission and I will advise Father Langlois accordingly.

In connection with your request for an early reply to official letters of January 19th, regarding the Albany Residential School, the following correspondence is on file in this office- The letter above mentioned - my reply dated February 3rd. - your acknowledgement of my letter of February 3rd, dated February 9th - and my reply to your letter of the 9th, dated February 23rd.

Yours truly,

Dr. T.G. Orford.

Doctor Thomas Orford,

MooseFactory.

Dear Sir,

You will notice in the quarterly return that Solomon William has not been very long in the school last fall.The reason is that the mother is not doing her part to help in keeping the boy in the school.That boy did not want to accept any remark from the sister.So one day,he started to fight with another boy; the sister stopped them and told Solomon who had begun not to do it any more.He did not like it and quit the school.I went to his home and took him back to the school;I had been waiting to see if the mother would send him back herself;but she did not.
A few days after again,he was not doing well in the refectory and the sister told him to keep quiet;but he refused and when he was o outside for recreation,he quit again.I waited,but the mother did retain him.So I let him out.That boy has changed very much in his character during the year he spent inthe bush.

Youre truly

P. Langlois

Dear Sir,

On the September quartely return,you will found that no. o217,Marie Marthe Loon,is only five years old.

We have accepted that child because her father, Philip Loon,is dead and her mother is in the hospital,at Moosonee.We considered her like an orphan.

You would oblige us if you would allow her entering the school and being considered as a pupil of our school.

Yours very grateful

Ottawa, July 18, 1945.

Dr. T. J. Orford, Indian Agent,
Moose Factory, via Moosonee, Ont.

The names of pupils numbers 0214 and 0218 were shown on the March quarter return of the Albany Residential School but do not appear on the June quarter return, although no application has been received for their discharge. Please advise regarding these two pupils.

Application forms and certificates of health should be forwarded for pupils numbered 150; 0215; 0216; 0217; 0219; 0220 and 0228. This is the second request for these applications and I would appreciate it if you would forward them, at an early date.

Please inform the Principal that the return is not prepared in the manner required by the Department. Frequent instructions have been given in this regard and it is felt that, in future, the instructions of the Department should be carefully followed when preparing the quarterly return.

Dear Sir,

With reference to your letter May 6th 1946, I am pleased to inform you that, according to our files, Memie Kostadjin from the Weenisk Band, entered school here July 26th 1940. So her application form has been send to the Department at this time. She was in school for a year and went back home. This year she was back to school.

Truly Yours,

Jules Leguerrier, O.M.I.

NOTICE

1. File should be retained no longer than absolutely necessary. If a file is frequently needed at short intervals, it is better to B.F. it for two or three days than keep it out of Central Registry indefinitely. This ensures its being completed and kept in order, and also gives other offices an opportunity of using it.

2. Central Registry should be notified whenever a file is passed direct to another branch.

3. All outgoing letters should bear the official file number, and originator's designation.

Dear Sir,

In answer to your letter of November 27, I am ppleased to inform you that Therese Pitaban, No. 0215 has been discharged at the end of August and is returned to Weenisk.

I also send to the Indian Agent the Application forms No. 1-A/R 2222 for the admission ~~WMM KMMMM WMM~~ of those who had never been admitted in the School. For those who had been discharged and were coming back, I was satisfied with Form No.1.A.411/R 8304. I would like to know if you receive them. I would also like to know if the Application forms are required when a pupil has been discharged and is back to shool after a year or two.

Dear Sir,

On my last trip to Attawapiskat at the end of July, I was asked by Father Parent, O.M.I. in charge, and by the Chiefs of the Band to take in school Suzanne Okimawininew, 18 years old, daughter of John Okimawininew, a widow, T.N. 1. The reasons invoked were the moral conditions in the family. As she is 18 years old, I am sending a request to keep her in school for a year.

Dear Father Leguerrier:

We have your letter of the 1st instant in which you request permission to keep the three children of Emile Weesk, Attawapiskat Band No. 180, in the Albany Residential School, owing to the death of their mother.

It is presumed that these children are recognized as Catholics and are in good health.

You should prepare the usual application forms and forward them to Superintendent Allan so that he can sign and send them to the Department. A copy of this letter is being sent to him.

Yours sincerely,

Bernard F. Neary

This refers to your letter of September 27th in reference to the admission of George Wheesk, a thirteen month old child to the Fort George R.C. Indian Residential School.

As this boy is under school age his upkeep at the school should be charged to the Welfare Vote. The matter, is therefore, being directed to the Superintendent of Welare.

Would you please contact the Principal at the school and instruct him that this boy's name cannot be included on the Quarterly Return.

Mr. J.S. Allan,
Superintendent,
James Bay Indian Agency,
Moose Factory, Ont.

Dear Sir,

I am just receiving your letter with the application for Admission to the School of Francis Nosh and Annie Okimawininew from Attawapiskat. Though they are both overage, I am sending a word to ask you if you could not recommend their admission for one year in the school, as they werenever in school before. They are both attending class since a month and they are doing fine. Annie Okimawininew's parents are spending the winter at Lake River nd Frances Nosh's parent probably left Attawapiskat now for the bush.

Hoping these applications will receive favorable attentions from the department, I thank you very much.

Yours very truly,

(SGD.) J. Laguerrier, O.M.I.

I returned, on Sept. 27th., two applications for admission to the Roman Catholic Indian Residential School at Albany; one for Frances Noah who is 18 years and 2 mos., and one for Annie Hookemawillillene who is 16 years and 7 months, as being overage. I asked the Principal of this school to submit a report as to why they should be admitted and if there was any special reason for his recommendation.

I am attaching hereto copy of the Principal's reply in this regard for your information and consideration.

May I please be advised if you approve of the admission of these two overage pupils into the Residential School at Albany. Frances Noah, was born 15 July, 1931 and Annie Hookemawillillene was born 18 Feb. 1933.

Ottawa, Ont.

I have a few more applications for admission to the Albany Roman Catholic Residential School which have not been completed in that Physical examination cannot be completed as there is no resident Doctor at that point.

As you a re probably aware, Albany is about 125 miles North of Moose Factory and there will be no means of communication between that point and here before the end of January or February. Plane service, etc., is suspended at this time of the year owing to unsettled condition of weather and danger of sudden freeze-up.

Will you please advise if you wish us to hold these applications in abeyance until the Doctor has an opportunity of completing a physical examination.

Memorandum:

SUPERINTENDENT OF WELFARE

Attached please find a letter from Superintendent J.S. Allan recommending the admission of George Wheesk, a thirteen month old child to the Fort George R.C. Indian Residential School.

You will also find a letter from the Principal of the school and an application for the admission of this child to the school.

As this boy is under school age, his upkeep at the school should be charged to the Welfare Vote. This matter, therefore, is being referred to your office.

Bernard F. Neary,
Supt. of Indian Education.

Rev. J. Leguerrier, O.M.I.,
Albany Indian Res. School,
Fort Albany via Moosonee, Ont.,

Attached, please find the September Quarterly Return for your school which is being returned for correction.

On the last page you have listed a number of pupils but failed to show the attendance for these pupils.

It is noted that for some of the new admissions you are using register numbers that have been previously used for pupils who have been discharged. This practice is not satisfactory . It is suggested that new admissions should be inserted at the end of the previous return and numbers assigned consecutively following the last numbers used.

Please have this return corrected and forward to this office as soon as possible.

Yours sincerely,

Bernard F. Neary,
Supt. of Indian Education.

Re: Albany Roman Catholic Residential School

I am enclosing herewith application form for admission into the above referenced school covering Marie Therese Knapaysweet, Attawapiskat Band No. 257 to which is attached letter received from Father Leguerrier. According to our records this girl is 18 years old.

I am also attaching application form for admission of Elizabeth Metat, Attawapiskat Band No. 168, along with letter received from Father Leguerrier.

Would you please return application forms for completion of medical examination if the admission of these two girls is approved.

With reference to Mr. Allan's letter of November 9th, it is noted that Marie Therese Knapaysweet is 18 years of age. Under these circumstances, the Department is not prepared to approve her admission as a grant-earning pupil to the Albany Residential School.

Elizabeth Metat is stated to be 17. If the Principal considers it advisable, we will approve her admission to the Albany School for one year only.

Albany Indian Residential School,
Albany, via Moosonee, Ont.
Jun. 5, 1951.

Mr. Bernard F. Neary,
Supt. of Indian Education,
Indian Affairs Branch,
Ottawa, Ont.

Dear Sir,

Inclosed I am forwarding to you the September Quarterly Return which has been corrected. I am sorry that one of the three copies sent to the Superintendent of the Agency in October was not complete. As we received the first winter Mail only yesterday by the plane, please excuse me for being so late in sending the Return.

As for your other observation about the register Numbers, I want to say that in the past we were giving the same number to a pupil that was coming back to the school after having been discharged for a year or two as it has been the case in this Return. Should we continue or should we give new numbers to those who having been discharged in the past, are coming back to school?

Truly Yours,

Jules Leguerrier, O.M.I.
Principal

Memorandum for Deputy Minister

Attached are applications for the admission of Andrew Wesley age seven and George Wesley age ten of the Albany Band in the Province of Ontario to the Albany (R.C.) Indian Residential School.

The applications, signed by the father, Paul Wesley, state that the religious denomination is Roman Catholic. Indian Superintendent J.S. Allan has approved these applications by signing them and by so doing verified the accuracy of the information shown thereon.

On receipt of these applications the Superintendent of Education ~~advised Mr. Allan approving~~ approved the admission of the two children to the Albany Indian Residential School. ~~The two children~~ They were admitted to the ~~Albany~~ Albany school on September 20, 1951.

On March 29th we received a telegram from Bishop Neville R. Clarke reading as follows:

" Reverend Elliott of Albany Advises Two Children of Joel Wesley Albany 293 Anglicans Are Enrolled in the Roman Catholic Residential School at Albany Please Arrange Discharge of Transfer to Moose Fort School"

On March 27th Right Reverend Neville R. Clarke confirmed his telegram with a letter a copy of which is attached.

On receipt of Bishop Clarke's protest the matter was immediately referred to Mr. Allan and he was requested to report fully on this situation.

We have now received a reply from Mr. Allan which reads as follows:

" I am in receipt of a letter ~~from Bishop N.R. Clarke~~ re the admission of George Wesley and Bertie Andrew Wesley into the R.C. Residential School at Albany.

This is the case of a mixed marriage, the father being Anglican and the mother Roman Catholic. According to the Indian Act the admission can be signed by either parent and according to the Roman Catholic Church, here, the children of mixed marriages are considered as belonging to their faith. I cannot recall who signed the application for admission but as this application was signed there is not much that can be done from this end in the form of a protest and I am afraid we do not have the answer to these problems at this end".

It would be appreciated if a ruling were given on these applications.

Director.

On receipt of applications for the admission of Andrew and George Wesley to the Albany Indian Residential School, the Department approved their admission by our official letter of October 27th. The applications clearly stated that the religious denomination of the two boys was Roman Catholic.

We have now received a telegram from Bishop Neville R. Clarke reading as follows:

" Rev. Elliott of Albany Advises Two Children of Joel Wesley Albany 293 Anglicans Are Enrolled in the Roman Catholic Residential School at Albany Please Arrange Discharge or Transfer to Moose Fort School".

Please forward a full report regarding these two children as soon as possible.

I am in receipt of a letter from Bishop N.R. Clarke, re. the admission of George Wesley and Bertie Andrew Wesley into the R.C. Residential School at Albany.

This is the case of a mixed marriage, the father being Anglican and the mother Roman Catholic. According to the Indian Act the admission can be signed by either parent and according to the Roman Catholic Church, here, the children of mixed marriages are considered as belonging to their faith. I cannot recall who signed the application for admission but as this application was signed there is not much that can be done from this end in the form of a protest and I am afraid we do not have the answers to these problems at this [illegible].

schools as long as he brings in qualified teachers and gets the signature of one parent for any children he might recruit?

This is not the first time that it has been brought to my attention regarding the recruiting of children outside of the religious denomination of which they beong. Howevere, these instances were outside of my diocese and I could make no official protest, but in the case of the Wesley children I most certainly do.

There is no question that Hoel Wesley, the father of the children was encouraged by some member of the Roman Mission staff. I know my people well enough to know that he would not suddenly pick up his children and take them over to the school at the Roman Mission without previous encouragement or discussion. I feel that the opportunity of Rev. Elliott's absence was taken advantage of.

Iam well aware, that it is not your desire to have these unpleasant instances occur, nor do I derive pleasure in submitting them to you, but they have to be dealt with.

Yours sincerely,

Rt. Rev. Neville R. Clarke,D.D.

Frederick George & Bertie Andrew Wesley- Albany 293.

Dear Mr. Phelan;

I have to hand a letter from Rev. C. Elliott at Albany, which informs me that, during his absence this fall, two of our children were recruited by the Principal of the Roman Catholic Residential School at Albany and were admitted and are at present enrolled. I wish to lodge a protest against such action.

The new Indian Act is not as definite as the old one in this matter, and section 117 is quite ambiguous. However the action of the Principal at Albany establishes a precedent, which I wonder whether you will be willing to accept. Children can be recuited wherever we may find them, as long as we get a signature of one parent? I am also interested to know which parent should sign?

I see another problem arising from this action. There is at present in this area a Pentecostal Assembly: or I believe, the other name they go by is Jehovah Witness; missionary working out of Hearst. He has a personal aeroplane, (a luxury neither I nor the Roman Bishop can afford, evidently.) He has visited Moose and up both coasts of the Bay as far as Weenusk, and Fort George. Also at inland posts of Mr. Swartman's area. If section 117 stands as the Roman Principal has interpreted it; then you will back this man if he desires to establish

Memorandum for Deputy Minister

Attached are applications for the admission of Andrew Wesley age seven and George Wesley age ten of the Albany Band in the Province of Ontario to the Albany (R.C.) Indian Residential School.

The applications state that the religious denomination is Roman Catholic. Indian Superintendent J.S. Allan has approved these applications by signing them and by so doing verified the accuracy of the information shown thereto.

On receipt of these applications the Superintendent of Education advised Mr. Allan approving the admission of the two children to the Albany Indian Residential School. The two children were admitted to the Albany school on September 20.

On March 29th we received a telegram from Bishop Neville R. Clarke reading as follows:

" Reverend Elliott of Albany Advises Two Children of Joel Wesley Albany 293 Anglicans Are Enrolled in the Roman Catholic Residential School at Albany Pleare Arrange Discharge of Transfer to Moose Fort School"

On March 27th Right Reverend Neville R. Clarke confirmed his telegram with a letter a copy of which is attached.

On receipt of Bishop Clarke's protest the matter was immediately referred to Mr. Allan and he was requested to report fully on this situation.

We have now received a reply from Mr. Allan which reads as follows:

" I am in receipt of a letter from Bishop N.R. Clarke re the admission of George Wesley and Bertie Andrew Wesley into the R.C. Residential School at Albany.

This is the case of a mixed marriage, the father being Anglican and the mother Roman Catholic. Re: Albany Residential School.

I desire to refer to my letter of March 31 and your reply of April 5, with reference to the admission of George Wesley and Bertie Andrew Wesley to the above-noted school.

These applications were signed by the father, Joel Wesley and, as stated in my letter of March 31, the application forms stated that the religious denomination of the two boys was Roman Catholic.

In your letter of April 5th you state in part as follows:

> "This is the case of a mixed marriage, the father being Anglican and the mother Roman Catholic. According to the Indian Act the admission can be signed by either parent and according to the Roman Catholic Church, here, the children of mixed marriages are considered as belonging to their faith."

Recently the Right Reverend Neville Clarke telephoned the Director and stated to him that Joel Wesley has been married three times - that his first wife was a Roman Catholic but the second and third wives were members of the Church of England. He also advised Major MacKay that the two boys are children of Joel Wesley's second marriage and that Wesley himself has always been recognized as a member of the Church of England.

Bishop Clarke's information regarding Joel Wesley's second wife, who was the mother of the boys, is different from your statement that it was a mixed marriage.

It would be appreciated if you would make further inquiries regarding this matter and let us hear from you at the earliest possible date.

I am now in receipt of information with regard to the admission of Joel Wesley's children into the Albany Indian Roman Catholic Residential School.

Information received from Church records is as follows:

"Joel Wesley married Christiana Rickard, 22 July 1925, both Anglican. Children of this marriage are

Walter William,	born	26 Aug. 26
Marry Emma,	"	9 July 28
Susan Winnifred	"	14 Sept.30
Alex. James	"	29 March 23

His second marriage was to Eliza Morrison Wesley, Roman Catholic. He was married by the Rev. Gilbert Thompson in the Anglican Church at Moose Factory on Nov. 22, 1943. The children of thie marriage are

Frederick George	Born	20 Mar. 44
Bertie Andrew	"	2 Aug. 45
Virginia Dorothy	"	20 Sept.47
Joel Redfern	"	5 Aug. 51 "

From information gathered I am informed that wife of the second marriage turned Anglican after marriage and was confirmed in the Anglican Church at Albany 30 July 1945. To our knowledge there has been only two marriages registered against Joel Wesley and not 3.

You will note from the above that the second wife was Roman Catholic and the children in question are sons of the second marriage.

I have your memorandum of May 1st regarding the Wesley children who have been admitted to the Albany (R.C.) Indian Residential School.

According to the application forms, I note that the relatives of these children appear to be Roman Catholics and, from the report received from Mr. Albert, it would appear to be a mixed marriage.

In view of the foregoing and as the father has applied to have his children educated in a Catholic School, I consider that they have been properly admitted to the Albany (R.C.) Indian Residential School.

MEMORANDUM TO THE DEPUTY MINISTER

I desire to refer to my memorandum of May 1st, with regard to the applications for the admission of Andrew Wesley and George Wesley to the Albany R.C. Indian Residential School.

Right Reverend Neville Clarke, Suffragan Bishop of Moosonee, who has protested the admission of these children to the Albany School, telephoned to me this morning from Toronto in regard to the matter.

Bishop Clarke stated that the father, Joel Wesley, has been married three times. His first wife was a Roman Catholic and his second and third wives were members of the Church of England. He stated that Joel Wesley has always been recognized as a member of the Church of England. Bishop Clarke further stated that the two boys are children of Joel Wesley's second marriage.

The information just supplied by Bishop Clarke is different from that contained in Indian Superintendent Allan's letter which was quoted in my memorandum of May 1st.

In view of the above, I feel that your decision should be withheld until we obtain further information from the Indian Superintendent.

Ottawa, June 19, 1952.

MEMORANDUM TO THE DEPUTY MINISTER

I desire to refer to my memoranda of May 1st and May 5th and your replies of May 6th and May 7th, with regard to the admission of George Wesley and Bertie Andrew Wesley to the Albany R.C. Residential School.

We have now received the following additional information from Indian Superintendent Allan:

"I am now in receipt of information with regard to the admission of Joel Wesley's children into the Albany Indian Roman Catholic Residential School

"Information received from Church records is as follows:

"Joel Wesley married Christiana Rickard, 22 July 1925, both Anglican. Children of this marriage are

Walter William,	born	26 Aug. 26
Mary Emma,	"	8 July 28
Susan Winnifred	"	14 Sept. 30
Alex. James	"	29 March 23

"His second marriage was to Eliza Morrison Wesley, Roman Catholic. He was married by the Rev. Gilbert Thompson in the Anglican Church at Moose Factory on Nov. 22, 1943. The children of this marriage are

Frederick George	born	20 Mar. 44
Bertie Andrew	"	2 Aug. 45
Virginia Dorothy	"	20 Sept. 47
Joel Redfern	"	5 Aug. 51.

"From information gathered I am informed that wife of the second marriage turned Anglican after marriage and was confirmed in the Anglican Church at Albany 30 July 1945. To our knowledge there has been only two marriages registered against Joel Wesley and not 3.

"You will note from the above that the second wife was Roman Catholic and the children in question are sons of the second marriage."

For your information I enclose the previous correspondence with your office regarding these applications and would appreciate it if you would return these documents when giving your decision.

Mr. J.S. Allan,
Supt. Indian Agency,
Moose Factory, Ont.,

With reference to our recent correspondence regarding the Joel Wesley children, you are advised that the following ruling has been given for this case: "In view of this additional information they should not continue attendance at a R.C. School. They are all Anglicans".

In view of the above information it will be in order for these children to remain in the Albany Indian Residential School to the end of June 1952 and the Principal may claim grant for them only to that date. After June 30 these children should be discharged from the Albany Residential School and if institutional care is required for them, arrangements should be made to place them in the Moose Fort Indian Residential School.

It would be appreciated if you would advise Bishop Clarke of the Department's ruling on these children and advise this office when you have done so.

With reference to the June Quarterly Return for the Albany Indian Residential School it is noted that the Principal has claimed 91 days grant for pupil # 195 Joseph Mark with the remark "Back from hospital".

The Chief Treasury Officer has brought to our attention the fact that the hospital report indicates that this pupil was admitted to the hospital on February 23rd and discharged from hospital April 7, 1952. On the March Quarterly Return the Principal claimed 83 days grant for this pupil and requested that this pupil be discharged from the residential school March 23rd.

Please advise the date [illegible] boy was placed in the Albany Indian Residential School after discharge from the hospital.

Mr. J. S. Aleen,

Moose Factory, ONT.

Further to our letter of August 7 regarding Pupil 195 Joseph Mark, a pupil in the Albany Indian Residential School and your reply of September 3rd, it is noted that in your letter you are referring to James Mark who is also in hospital. We have checked yourinformation with the information available in Treasury and it is noted that James Mark is seventeen years of age, and is not the same boy we are referring to. It would be appreciated if you would look into the matter again and advise when Joseph Mark returned to the Albany Residential School.

In order to avoid delaying the Per Capita Grant payment to the school we have disallowed any grant for this pupil on the June Return. Please advise the Principal in this regard in order that he may claim the grant for this pupil on the September return for the June quarter in addition to the grant the school is entitled to for the September quarter.

Indian Affairs Branch,
Department of Citizenship & Immigration,
Ottawa, Ont.

I am attaching hereto Application for Admission to the Albany R.C. Indian Residential School, of two girls from Attawapiskat.

The two young girls are both from Attawapiskat, one 17 years and the other 20 years old. I have no reason as to why these should be transferred from Attawapiskat other than that which is submitted by the Principal of the School at Albany. This I am assuming should be a welfare proposition and these application be referred to them for their decision and what action is to be taken.

Yours

J.C. Allan
Superintendent
James Bay Indian Agency

, November 13,1952.

Mr. J.S. Allan,
Supt. Indian Agency,
Moose Factory, Ont.,

With reference to the September Quarterly Return for the Albany Indian Residential School, please advise the Principal that we have allowed 146 days grant for pupil # 195. This is the pupil for whom we disallowed grant on the June Quarterly Return.

As we have not received the necessary applications for admission for pupils # 219, 0336, 0337, 0341 and 0343 we have disallowed the Per Capita Grant claimed for them. When the necessary applications are received and the admissions approved the Principal may claim retroactive grant for these children on the December Return.

As the admission of Alice George to the Albany school has not been approved we have disallowed the grant claimed for her.

The Department approves the discharge of the following:

# 154	# 185	# 200	# 0171	# 0225

Mr. J.S. Allan,
Supt. Indian Agency,
Moose Factory, Ont.,

With reference to your letter of November 3rd regarding the admission of Charlotte Kibokee and Emilda Okitiko to the Albany Indian Residential School, it is noted that the first girl is seventeen years of age and the latter twenty years of age.

Your letter is not clear as to why you consider that institutional care is required for these girls. It would be appreciated if you would obtain more information as to the reason why these girls can not obtain employment rather than attend school. It can be readily understood that as these girls have never attended school they would not adapt themselves to classroom activities as it would ▪ necessary for the teacher to place them with a group of youngsters who are taking Grade 1. We are disallowing the Per Capita Grant claimed for these girls on the September Return.

Philip Phelan,
Superintendent of Education.

RE: Hosiah Wynne's children

Hosiah Wynne, Albany Band No. 488, asks me to take his three Children at the School, though they are all Protestant. Since they would have been without schooling as he was not willing to place them at any other school I took them at school for one year.

So I send the Application for Admission and would like the same to go to Ottawa.

Mr. J.S. Allan,
Supt. Indian Agency,
Moose Factory, Ont.,

With reference to your letter of November 19th regarding the admission of Roy Peter and Rebecca Wynne to the Albany Indian Residential School, in view of the fact that the application indicates that this family is Anglican the admission of these children to the Albany Indian Residential School can not be approved. The fact that the children will remain in the school for one year does not enter into the matter.

Please advise the Principal in this regard instructing him that he should not include these childrens' names on future quarterly returns as the Department will not allow per capita grant for them.

Dear Bishop Belleau:

With reference to your letter of July 4th regarding the admission of the daughter of Naomi George to the Fort George R.C. Indian Residential School, you are advised that it will be necessary for you to arrange to have an application for admission and physical examination for this girl completed.

When this has been done, this form should be forwarded to Indian Superintendent J.S. Allan for necessary action.

Department of Citizenship and Immigration,
Ottawa.

Dear Mr. Phelan:-

Naomi George, an Indian widow of Richmond Gulf, and a patient now hospitalized at Moosonee, was officially received into the Roman Catholic Church on October 30th,1950.

The undersigned received her Profession of faith and abjuration,in presence of two witnesses, and entered same in the Register of the Roman Catholic Mission of Moosonee.

Mr. J.S.Allan, Superintendent of the Moose Factory Indian Agency, has been officially notified and it was requested of him that he enter her name in his books as that of a member of the Roman Catholic Church.

Naomi George has a daughter who is a pupil of the Anglican Residential School,at Fort George. That daughter of hers now being about eight years old, she wishes her to be admitted into the R.C. Residential School operated by the Grey Nuns at the same post. She has signed an Application to that effect, and this Application was given to Mr. Allan, with a letter of explanation also signed by herself.

She would like her daughter to come and pay her a visit at Moosonee. Transportation on one of the R.C. Mission boats can be arranged, from Fort George and back, before the opening of School in September.

We are taking up this matter with Mr. Allan; in view of giving the Department an acuurate description of the case, I thought it advisable to write you these few lines.

With thanks and kind regards.

Yours truly in Christ,

Honourable Sir:

I have asked my good friend and compatriot, Canon H.G. Cook of the Indian School Administration, Ottawa, to lodge a protest in my name regarding the petition, of the Roman Catholic Bishop of Moosonee to have one of our Anglican Children place in the Roman Catholic School at Fort George.

This case is a very lenghty one, and Supt. J.S. Allen is submitting a full report, to Dr. MacKay Director of Indian Affairs Branch. You will be able to obtain all the details there.

However I will give you a short resume of the case. The mother Naomi George was hospitalized with a T.B. in 1949 being brought down from Fort George. She was put in the R.C. hospital over my strong objections, as one of the reasons for moving her was the request of her people to do so to avoid the pressure being put on her at Fort George. In April 1950 she wrote asking that she be moved to the Anglican hospital owing to proselytizing by the R.C. priest. I contacted Dr. E.P. Moore and an investigation was ordered. My claims were sustaniated and the woman was ordered moved, but as the local doctor gave her such a short time to live. It was decided to leave her there. She has outlived medical prophecy, and is still alive, and has been converted, as I maintain under pressure.

Now this woman is not mentally nor physically normal, she has been under the influence drugs for the medical two years her condition is so serious.

The petition is made by the Roman Bishop under section 117 of the Indian Act. This I feel cannot be considered owing to the mother's condition. Also the child ten years of age is at present being detained against her will. She entered the hospital in company with the Principal Canon H.S. Shepherd of our school, for the sole purpose of visiting her mother. The request being made by Sister Rolande that, the child be allowed to visit her mother who is on her death bed, a very unpleasant scene occurred as reported by Canon Shepherd and the child was returned.

The Church of England closed it's hospitals on James Bay to co-operate with the Govt. and assist in making the Govt. Hospital at Moose-Factory a real asset. The Romans took the exact opposite course, and today a building new hospitals. So we cannot be expected to accept such actions as the above without protest.

Bishop Clarke's letter to the Minister is being forwarded herewith in order that an interim reply may be made if the Minister so desires.

Our records indicate that No. 0246, Alice George, Grade III, is registered as a pupil of the Fort George Church of England Indian Residential School. The records further indicate that she was admitted to this school on September 3, 1948, and that the religious denomination is Church of England. The admission form was signed by the mother, Naomi George. The father, Abraham George, died prior to the admission of the child to the school.

As this case is of a somewhat different pattern to the others submitted to you for consideration, you may wish to discuss the matter with the branch officials before a decision is made.

Dear Mr. Matters:

Attached hereto, please find copy of letter received from Archdeacon Clarke with regard to patient Naomi George in the Roman Catholic Hospital at Moosonee, which is self-satisfactory.

This is a follow-up on the grievance which we had from the Archdeacon re. Naomi George in the month of April. Shortly after my return from Noth Bay last Spring, I visited Bishop Belleau and discussed this matter fully with him and he assured me that no pressure was being brought to bear by any of the Sisters in ths Hospital. He also stated that he would take the matter up with the Nuns in the Hospital and see that any misunderstanding was clarified and corrected. I propose visiting the Biship today and discuss the matter further.

I have to advise that I have transferred Daisy Atsynia and Baby from The Roman Catholic Hospital at Moosonee to Bishop Newnham Hospital, Moose Factory on May 20th.

The matter of patients in the Hospital in Moosonee has been discussed fully with Dr. Cronk and arrangements are being made to have all patients belonging to the Anglican Faith transferred to Sanatorium just as soon as beds are available.

Dr. Cronk informs me that Naimo George is a very serious case and is not likely to recover and as the necessary facilities and equipment for her treatment is not available at Moose Factory he feels that it would not be advisable to transfer this woman and in this particular case I concur with him in his wishes to have her remain in the Hospital at Moosonee.

I am writing to you, our Minister, I want to tell you something. Every day I am troubled and not treated right.

I wish you could move me away from this Hospital, also my child.

I am very sorry to be over on this side in this Hospital on account of my religion. I wouldn't like to leave my religion. There is a woman here, who is being changed in her religion. I would like you to try and get me and my child out of here because I don't want to leavemy religion .

All my things are taken too and my child's. They are after me about getting it baptized. I feel like crying every day on account of my child. My husband also doesn't like it when I am over here on account of our son. And also they don't treat me like the Doctor says.

I am really sorry to be over in this Hospital.

I also know a girl who turned over her religion and so they are after me now, not treating me right and teasing me every day about my child. So Good bye Goodbye, Minister. I am sorry I can't talk with you when you come here.

I am,

I Daisy Atsynia am writing to you Charlotte Thom, just to let you know that I am well and so is my child. I would like to tell you that I really don't like staying here on account of my child. I don't know what to do about getting him baptized.

In case you want to see me sometime, I am on the lower floor in this hospital, my child is at a different place. The Nun told me they would baptize my child in their Church and that I don't like at all when she told me that.

You can tell the Minister if you like. It's just Jane Cheechoo and myself that don't join in their prayers yere.

I would also like to tell you that there is a woman here who was taken in the Hospital at Fort George. She used to use our religion, but now she joins in these prayers here. You can tell the Minister if you want to. They always talked to me when I was at Fort George about our religion. They don't treat me good here on account of my religion.

So you can tell the Minister. This will be all for now. Write to me again sometime and tell me what you think. George is the name ofmy son, Say hello to Alice and all of you.

I am sorry I can't see my husband soon. I told you I was felling well.

I have recently learned that this woman and her baby were admitted to the Anglican Cottage H$_o$spital at Moose Factory and transferred from Moosonee. I am not aware by whose authority this was done. I have tried to keep this woman from active tuberculosis as she and her baby are comparatively free. On this account I am somewhat concerned.

I am Annie Small.

I would like to talk about what I know about this woman Daisy Atsynia. She doesn't like it when she knows the Nuns are not treating her good when she know they want her to change her religion and she know they don't like her and she doesn't like staying in that Hospital at all, when they do that to her.

The Nuns also took her book that she got from the Minister.

Only I don't know which Nun it is that is trying to change her ways. I never saw her. It really is hard on her and she was also told she would be baptized in another Church..

So that is what I know of her. Why I talked about it because I feel sorry for her when she is worried lying in bed in the Hospital. I got a letter from her again today and she talked about the same thing and that will be all I have to say. I am sorry my friend is not doing so good.

I am writing to you Mr. Clarke. I am Naomi George. I want to tell you that I hate to stay in this Hospital, about this Catholic religion, but I would like you to get me out of here. Sometimes they talk about prayer to me here and they sure try hard to get me about their own religion, this hospital where I am. I have those medals now what they wear and I want you to get me out of here where I am.

Dear Mr. Allan:

The attached letter was sent to Charlotte Thom, who is in Bishop Newnham Hospital at Moose Factory; the contents to be translated and given to me. It is written by by Daisy Acheenaya who is at present hospitalized in the Hospital of Le Assumption at M osonee. The contents of this letter speaks for itself, as you will find upon having it translated, that this woman is objecting strongly to the pressure that is being put upon her by the local Priests of the Church of Rome, to change her religion from Anglican to Roman Catholic.

I wish to register on behalf of my parishioners very s trong protest against this practice. I know that your Department do not agree with such practices being indulged in by any religious group.

As the resident Indian Health Service Doctor is not on the Island, may I suggest that you take this matter up with Dr. Cronk, the Doctor who is relieving him at present, and ascertain whether or not this woman is receiving medical treatment that cannot be given her in the Bishop Newnham Hospital. If this woman can be treated equally as well in the Bishop Newnham Hospital I ask that she be removed there immediately.

Another patient Naomi George of Fort George who is also hospitalized at Moosonee, complains verbally of similar treatment, and I wish that her case be considered at the same time and similar action taken.

The effects of such practices as mentioned above are very far reaching and I am appeaaling to you for the consideration of this matter, rather than take the step which I would be obligated to as Archdeacon of M osonee, by the Canon Law of the Church of England in Canada; that is to submit this as a brief to the College of Bishops of the Ecclesiastical Province of O tario for their judgement and action.

Yours sincerely,

To Mr. Clark

I would like to tell you all of what this woman by the name of Daisy Echeena told me when I go to visit her in the Hospital.

She says she isn't at all happy in that Roman Catholic hospital in that case because one of them Sisters there , always talk to her about their religion. Meaning that she should turn to it. And had told her once already that there will soon be some body coming to Baptize her and turn her to a Roman Catholick. And also I think you gave her some kind of a book, I mean a prayer book or else a Baptism card, for her infant son. She said she had layed it under her pillow and that was when she last seen it. And she thinks this Sister must have taken it. Because this Sister always says things to her.

At one time I was visiting her on a Sunday evening, she told me she had been crying because of this. She told me, she couldn't tell every thing what this Sister had said to her.

I'm sure if I was in her place and if I couldn't speak a word of English and couldn't understand I'd feel the same way as she dose. N't that because she is my cousin, but I'd feel the same way for anybody else. But I know it's not a very nice to do that to anybody. And I feel very sorry for her and hope that this won't go on any further. Because it doesn't at all make her happy.

The same ting happened to her when she was in the Fort George Hospital. She had also told me about that.

She had also said that she never had a chance to talk to you about this whenever you were visiting her in the hospital, because she never had anyone to talk for her.

I had a chance to tell you all this a lot of times; but then I used to wonder if I should or not and I'm glad now that I've told you in this letter what all she told me. And hope & pray that there will be someting done about it.

I will now bring my letter to an end.

Yours truly,

(Sgd.) Mrs. Daisy Hester.

I am writing to you Anne. I want to tell you I was told they wouldn't give me anything or for my child to wear. Try and see where I could get things from to wear when we get out of here.

Tell the Doctor I don't like staying over here. Tell him I would like to go out now. I don't like staying here because they don't do what the Doctor says.

He said I could walk around now. But they didn't let me do that. They really don't want to treat me right.

Hurry and tell the Doctor so they won't fool me when I was told I could go out now, I don't like staying here. So you will tell the Doctor for me.

The Superintendent,
James Bay Indian Agency,
Moose Factory, Ont.

Dear Sir,- Re: Alice George

Sometime in July, last month, I received a letter from Father Couture at Fort George regarding the above mentioned Alice George, then in residence in our School at Fort George, requesting that she be allowed to go to Moosonee on their boat to visit her mother who was ill in their hospital and not expected to live. I answered this letter stating that if he would give me a promise that Alice would be returned to our school at Fort George before the date of school opening in August, that I would allow her to go. He did not give me any such promise and Alice did not go.

Sometime after, I had a letter from Sister Rolande at Fort George saying that she had promised to bring Alice from Fort George to Moosonee and would I please see that Alice was put on the plane with Sister Rollande. I asked the same promise of Sister Rollande as of Father Couture and Sister Rollande would give me no promise that Alice would be returned to Fort George. I refused to allow Alice to go with Sister Rollande.

I told Sister Rollande that since I was then about to move from Fort George to the Bishop Horden Memorial School at Moose Factory, that I would get in touch with the Indian Agent at Moose Factory and if he, Mr. Allan would authorize it, I would bring Alice with me to Moose Factory and take her myself to visit her mother. The Indian Agent gave permission and I brought Alice to Moose Factory on Saturday, August 9th, 1952.

Yesterday, August 11th, I took Alice to visit her mother at the Roman Catholic Hospital Moosonee. I had with me besides Alice, an interpreter, because I wanted to be clearly understood by Naomi, Alice's mother, who is a Cree Indian and understands no English, and further I wanted to know exactly what Naomi had to say.

We were admitted to the Hospital, but asked to wait for some considerable time before being allowed to see Naomi George, Alice's mother. When we were admitted to the patient's room, which contained one other patient besides Naomi George, Father Couture of Fort George, another Priest, possibly resident at Moosonee, and two sisters were in the room and remained there for as long as I stayed.

After Alice had had a reasonable length of time with her mother, I explained to Naomi through my interpreter, that I would have to take Alice back to Moose Factory, but that I would bring Alice again to see her and possibly several times before I needed to take her back to our school at Fort George. I then asked Alice to come, which she proceeded to do, without any hesitation. Alice was then caught by her mother and there ensued a most unpleasant scene of Alice trying to free herself to get to me and her mother trying to restrain her. It would have been easy to have forced Alice from her mother, who is a person very ill, but that I would not do. No force was exerted by anyone except that of Alice trying to free herself from her mother and her mother's effort to restrain her. All the time Alice was crying violently. After some minutes, I decided it was inhuman to allow the struggle to continue and so I left Alice, much to her distress, but with the promise, that I would not forget her but would see that the right things was done concerning her.

Naomi George was a member of the Church of England when Alice was placed in the school at Fort George. At the time of the proposed visit Alice had no clear remembrance of her mother, nor any desire to see her. Alice is now ten years of age and has spent four year's in our school at Fort George, a member of our happy school family, quite content and making excellent progress. It was quite clear that the child was greatly distressed yesterday by being kept away from me, and that the child's desire and happiness would be to return to me and to my care.

I would recommend that Alice be placed back in my care, be kept at Moose Factory, if Alice desires it, and allowed to visit her mother under normal and happly conditions, for the period Naomi might yet live and at the end of that time, return to her people and home environment at Fort George.

Faithfully submitted,

(SGD.) H.S.Shepherd

Mr. J.S. Allan
Supt. James Bay Agency,
Moose Factory, Ontario.

Dear Mr. Allan:

Rev. T. Masson brought a matter to mine attention on my return from up the coast. Alice George from the Anglican residential school at Fort George is at present in Moosonee. She is visiting her mother who has been in the R.C. Hospital at Moosonee for more than two years. It appears that Mr. Masson who was acting upon a request from Canon Shepherd of the Anglican School at Fort George to look after this girl, by virtue of a wire sgd. H.S. Shepherd, dated 29/7/52, was refused the privilege of even seeing the girl in a pastoral capacity. Also I am informed application has been made to have this girl transferred to the R.C. School at Fort George under Sec. 117 of the Indian Act.

Although you are well acquainted with the facts I will review them briefly, Naomi George was brought from Fort George by Dr. B. H. Harper, and was placed at Moosonee instead of in the Bishop Newnham Hospital at Moose Factory upon the direction of Dr. Harper who claimed an over-crowded condition existed in our hospital. Objections were made to you, but you rightly felt you could do little against medical advise. Naomi George xxx herself at that time expressed a desire to remain with her own people. As this was the definite wish of her husband now deceased

In the winter of 49-50 I noticed evidences of proselytizing and along with letters from Daisy Achynia, made request that in view of such evidences they be removed.

Daisy was transferred over to Moose Factory but again it was stated by Dr. Harper that moving Naomi might bring about her death. Later in the year along with the Rev. Wm.H.Thompson I visited the R.C. hospital where we were told she had turn to the Church of Rome. I immediately telephoned Dr. E.P. Moore who was in conference with Mr. F. Matters in North Bay.an immediate investigation was promised. Rev. Thompson visited Naomi all signs of her turning had vanished and she received Communion.

Now this woman has been at death's door ever since she came down from Fort George, and I leave it up to medical evidence whether or not she was entirely of a healthy mind and body. You have the evidences of Daisy's claims to whether there was any pressure being applie

I would suggest that, though this child nor this mother be deprived of what little consolation remains for the mother in life. This should not beallowed to be another opportunity for proselytizing. I don't think in Canada, in our xx wildest imaginations can we find justifications for such actions.

I feel that if you find it impossible to deal with this, and I thank you for your previous fairness and considerations. The only course is to have this dealt with at the Meetings of the House of Bishops meeting in London and give it a public airing.

Dear Mr. Allan,

We received a radio communication this afternoon from Canon Shephard at Ft. George telling us that Alice George, schoolgirl from the Anglican school and daughter of Naomi George, formerly Anglican and now Roman Catholic and a seriously ill patient at the RC hospital here was on her way down to see her mother on the RC boat. He asked that I arrange to have her boarded and sheltered at the Bishop Horden school until the boat returned.

This evening I called Fr. Houle bue he insists on keeping her there, spparently on the grounds that she is "her mother's child".

Can you tell me if the girl's father is alive and if he is an Anglican, and whether the RC's have legal grounds for their claim? If not, I would appreciate it if you would, in your capacity of Indian Agent, restrain Fr. Houle from keeping the child at the RC hospital.

This kind of thing is disagreeable and I have to bother you with it, but I have found it mose difficult to maintain any really cordial realtionship with Fr. Houle--though this is not true with any others at the RC mission.

Your co-operation in this matter will be greatly appreciated. I only hope that the mother's deathbed and the child's sorrow are not disturbed and increased by this dispute.

P.S. Fr. Houle was unable to say the day their boat will arrive - "depends on the weather"

Faithfully yours.

Dear Mr. Allan:-

Naomi George, a widow of Richmond Gulf who was received officially into the Roman Catholic Church, has a young daughter at present boarding at the Anglican Fort George Residential School.

Naomi has expressed the wish to have this child of hers pay her a visit during the Summer holidays. We shall be able to arrange transportation of the child from Fort George and back.

Pursuant to the conversation we had on this subject, you will be handed an Application form, signed by Naomi, requesting that her daughter be admitted into the Fort George Roman Catholic Residential School, next September.

We would be oliged if you were so kind as to advise the Principal of the Fort George Anglican School that this transfer will take place, from his School to the other Residential School, and that meanwhile, the child is to visit her mother at Moosonee.

Dear Mr. Phelan:-

Naomi George, an Indian widow of Richmond Gulf, and a patient now hospitalized at Moosonee, was officially received into the Roman Catholic Church on October 30th,1950.

The undersigned received her Profession of faith and abjuration, inpresence of two witnesses, and entered same in the Register of the Roman Catholic Mission of Moosonee.

Mr. J.S.Allan, Superintendent of the Moose Factory Indian Agency, has been officially notified and it was requested of him that he enter her name in his books as that of a member of the Roman Catholic Church.

Naomi George has a daughter who is a pupil of the Anglican Residential School, at Fort George. That daughter of hers now being about eight years old, she wishes her to be admitted into the R.C. Residential School operated by the Grey Nuns at the same post. She has signed an application to that effect, and this Application was given to Mr. Allan, with a letter of explanation also signed by herself.

She would like her daughter to come and pay her a visit at Moosonee. Transportation on one of the R.C. Mission boats can be arranged, from Fort George and back, before the opening of School in September.

We are taking up this matter with Mr. Allan; in view of giving the Department an accurate description of the case,, I thought it advisable to write you these few lines.

With thanks and kind regards.

I am in receipt of a letter from the Rt. Rev. N.R. Clarke, Suffragen Bishop of Moosonee, copy of which is attached, protesting against the conversion of Naomi George to the Roman Catholic Faith and the entrance of the daughter to the Roman Catholic Residential School at Fort George.

Bishop Clarke called at my office and discussed the matter with me at length, protesting, most bitterly against the method of forceful actions of the Priests and nurses towards adherents of the Anglican Faith who are admitted into Roman Catholic Institutions in this Agency.

There are two cases to which Bishop Clarke makes special reference, viz., Daisy Atsynia, Old Factory Band No. 69 and Naomi George, Great Whale Band No. 8. Protest was made by him to me during the winter of 1949.

I will take each case separately and will deal with Naomi George, and without favoring either, I will describe her case since this matter was first drawn to my attention, without judgment or favor.

During the summer of 1949, I was visiting the Roman Catholic Hospital at Fort George, and was in semi-private room in which Naomi George was a patient. She requested Bishop Belleau, Vicar Apostolic of James Bay to interpret on her behalf. She explained, through his Excellency, that she was doing well and as I was going through to Richmond Gulf. she would be glad if I would bring her daughter back with me to Fort George for a visit and place her in school where she would be near her.

During my stay at Richmond Gulf, I called upon the family of Naomi George, conveying her message, and the suggestion of moving the child to Fort George was violently protested on the grounds that they had received word from her mother that the people in the Hospital were interfering with her religion. They demanded that Naomi be removed from the Hospital at Fort George and be transferred to Nursing Station at that point. Dr. Simpson, Regional Superintendent, Indian Health Services, was at Fort George upon my return and the reported proselytizing, of which there was no evidence, was discussed. The question of transferring this woman to the Nursing Station was also considered, but due to the fact that this building was much overcrowded the idea was abandoned. It was then decided that she be moved to Moose Factory during the winter.

In the early part of the month of March, 1950, this woman along with Daisy Atsynia, Old Factoy Band No. 69 was transferred to Moosonee and complaints were being registered within one month of admission to the R.C. Mission Hospital at Moosonee, to the then Ven. N.R. Clarke. First complaint was registered April 3rd., by Daisy Hester, cousin of Daisy Atsynia and this continued until I transferred this woman to Bishop Newnham Hospital 24th May, 1950. This transfer was in full agreement with Bishop Belleau, who expressed the desire that anyone who was not happy in the hospital, it would be in their own interests to have them removed.

The case of Naomi George was thoroughly discussed with Dr. Cronk, who, due to her critical condition, advised against moving her. She required special care and treatment which could not be rendered in the Bishop Newham Hospital. Her condition was also discussed with Archdeacon Clarke, who had no other wish than that she have her last few days in peace and agreed that she remain where she was.

For your information and perusal, I am attaching copies of all letters from this file.

During the month of April this case was thoroughly discussed with Mr. Matters, Regional Supervisor in North Bay, who took the file through to Ottawa for discussion.

This case has again burst forth with very strong protests from the Rt. Rev. N.R. Clarke, Anglican Bishop of Moosonee, upon the proposed transfer of Alice George, daughter of Naomi, (who I am informed was received into the Roman Catholic Church on October 30, 1950, the ceremony has been registered at the Roman Catholic Mission, Moosonee,) being transferred to Fort George R.C. School.

Due to the dispute regarding the admission of this child into the Roman Catholic School, and religious denomination not being shown, Form No. I-A406, has not been completed. DEPUTY MINISTER
OF
CITIZENSHIP AND IMMIGRATION

Ottawa, September 15, 1952.

MEMORANDUM FOR:

Major MacKay

Reference your memorandum of September 12 concerning a letter received by the Minister from the Right Reverend Neville R. Clarke, D.D., Suffragan Bishop of Moosonee, regarding Alice George, daughter of Naomi George a member of the Great Whale River Band, James Bay Indian Agency.

Superintendent Allan's report has been read together with the attached correspondence. It would appear from this report that Naomi George would have been received into the Roman Catholic Church on October 30, 1950, but that her daughter Alice has remained in the Anglican Residential school up to now. It will certainly be necessary to have a more complete investigation of the statement made on proselytizing in the Roman Catholic hospital. I would like to discuss this matter further with you before leaving on my Western trip.

As mentioned above, there is no doubt that additional investigation will have to be made, which may take some time, and as the child has always be at the Anglican Residential school, pending investigation she should remain or return to that school. In reaching this decision I am taking into consideration the fact that the child has been raised away from her mother, and the only friends she has are those she met at the residential school.

Will you please have an interim reply prepared for the Minister's signature to Right Reverend Clarke's letter. I am attaching hereto copy of a letter addressed by Right Reverend Clarke to Mr. White, M.P. I would ask you to prepare a letter for the Minister's signature to Mr. White on this case.

Dear Mr. White:

You will recall receiving a letter dated August 13, 1952, from the Right Reverend Neville R. Clarke, Suffragan Bishop of Moosonee, regarding the case of Alice George, a pupil of the Fort George Indian Residential School.

I may say that because of the isolated character of the Reserve and the difficulty in getting in touch with Indians who have information on the subject, a delay in concluding the matter is unavoidable. I wish to assure you, however, that everything possible is being done to secure the information required, by the Department, in order that a decision may be made.

Yours sincerely,

I desire to refer to the Director's telegram of September 19th regarding Alice George.

As stated in that message, the Department requires that this girl remain in the Fort George C. of E. Residential School until a final decision is made regarding her religious status.

If she is not in the Fort George C. E. School at the present time, you should arrange to have her placed in that school immediately.

Please advise the Department what you have taken action in the matter.

MEMORANDUM FOR FILE 350-10

Re: Alice George

The case regarding this pupil was discussed at considerable length today with Bishop Belleau, Reverend Father Renaud and Mr. Phelan. Bishop Belleau finally agreed to arrange for the return of the child to the Fort George Indian Residential School (C of E) pending a review of the case by the Minister and a decision as to the school the child should attend.

Bishop Belleau mentioned that transportation difficulties might delay her immediate return.

I called at the R.C. Mission, Albany on October 3rd., and presented to the Principal of the R.C. Residential School, your telegram, also letter received from Mr. Phelan, Superintendent of Education, advising that I had been instructed to return Alice George to Fort George Residential School.

Father Legeuerrier informed me that he could not release this child without the authority of Bishop Belleau who was at present in Ottawa dealing with this case. Before leaving for Albany, I tried to contact Bishop Belleau and Father Poule but was informed that they both had left Moosonee and the date of their return was unknown.

This will also confirm my wire of the 4th inst., reading as follows:

> "Retel. Sept. 19th., regarding Alice George Stop Bishop in Ottawa in connection with this case and Principal at Albany School cannot release girl without authority of Bishop."

Canon Shepherd visited me on the night of the 7th inst., presented the attached letter which is self-explanatory. This also deals with this case. Canon Shepherd informed me that the child was not very happy on her transfer to Albany and that she had cried for 4 days before being removed from the R.C. Honourable Sir:

While in Ottawa last Friday, I had an interview with Major D.M. MacKay, Director of the Indian Affairs Branch, together with Mr. Philip Phelan, Director of Education, and Reverend Andre Renaud, O.M.I., Superintendent of our Welfare Commission.

The case of Alice George, daughter of Naomi George, has been brought to my attention by Major MacKay. While the officials of the Church of England have already presented their case to you, I am fully aware that your superintendent for the James Bay Agency, Mr.J.S. Allen, has not forwarded to Major MacKay the following pertinent information;

1 - Mrs Naomi George, a widow, of Richmand Gulf, P.Q., formerly adhering to the Church of England, has made her Profession of Faith in the Roman Catholic Church during the fall of 1950.

2 - Before Mrs. George made her Profession of Faith, I notified Mr. Allen of her considerate decision to enter the Catholic Church. She had previously requested, several months before, her admittance into the Church, and she was given ample time to weigh her decision; she was further advised by us that the step she was undertaking would be decisive and final.

Soon after her admission into the Church in 1950, I advised Mr. Allen verbally. In February 1952, Mrs. Naomi George signed the usual Application Form for admission of her daughter Alice, age 10, to the Roman Catholic Residential School at Fort George, P.Q. This application was shown to Mr. Allen with this comment: "When the school year is ended, I shall request that Alice's admission to the Roman Catholic School be approved by the Department." At that time, Mr. Allen expressed a view that Alice's admission would be aporoved by the Department.

I then gave official notice by letter, of Mrs. George's admission into the Church to Mr. Allen, (July 1952).

I also wish to state that I had previously requested that Mr. Allen make provision for Alice to come from Fort George to see her mother at the Moosonee Hospital. He answered that he would notify the Very Reverend Canon Shepherd, by radio. Canon Shepherd brought Alice to Moosonee in August 1952; while Alice visited her mother, Mrs. George decided to request the admission of her daughter to Fort Albany R.C. School, instead of the Fort George R.C. The Application Form was amended accordingly and given to Mr. Allen for his signature.

Mr. Allen forwarded this application, however, without his signature to Mr. Phelan, who returned it to him; Mr. Phelan states that Mr. Allen had not as yet re-sent the form back to Ottawa. Meanwhile, we decided to send Alice to Fort Albany R.C. School.

Then on September 19th, your Department sent a wire to Mr. Allen ordering the return of Alice to the Fort George Church of England School, pending an investigation and a final decision on the case.

I regret that the required information on Alice's case has not yet been transmitted to the Department by Mr. Allen. Had you been informed of all the pertinent facts, this present situation would not have arisen.

Attention: The Director.

Re: Naomi George.
James Bay Agency.

As requested when in Ottawa recently, I carried out an investigation as to the circumstances of the above case, which involved a change in religion and the transfer of a child from the Fort George Anglican Residential School to the Albany Roman Catholic Residential School.

Mrs. George is presently in the Roman Catholic Hospital at Moosonee. The circumstances covering her arrival there are covered in the report of Mr. Allan.

All through the case reference is made to her being in a dying condition, this from three years ago. For this reason, it was suggested that I should have a doctor accompany me when I interviewed her. On my arrival at Moose Factory, I found that the two doctors who had been attending her were absent and Dr. McKone did not feel that he could give any report as to her condition either by a single examination or by being present at the interview. I, therefore, visited her accompanied only by an interpreter.

There was another Indian patient in the room, at first the Sister, who is the nurse, wanted to stay but acceded to my request that she leave the room.

I found Mrs. George to be bright and to my lay mind quite alert. Had I not known of her long stay in hospital, I would have said that she was not very ill. After chatting for a while to relieve her of any tension and explaining why I wanted to speak to her, I asked why she had

decided to change her religion. The answer was that it was from what she had seen in the hospital and that no influence had been used on her to change. This latter remark was rather surprising as no mention had been made of influence and Indian women especially very seldom volunteer statements.

When asked if the child Alice had been happy at the Fort George Anglican School, she said that Alice was happy there. With regard to the change to Albany Roman Catholic School, she said that she did not know beforehand that the girl was going there but she was quite satisfied with the arrangement. She further said that she had had letters from Alice that she was happy to be there.

Whilst there was much more conversation of a general nature intended to engender confidence to talk freely, these answers covered the main points we wanted to clear up. I had no difficulty in seeing her at least semi privately.

The next day, October 15th, I interviewed the Rev. Canon Shepherd at the Moose Fort Indian Residential School. He outlined what had happened in the same way as is done in the letters from he and Mr. Allan. The only new points he mentioned were that when Mrs. George was in the Fort George Roman Catholic Hospital, he had no difficulty when visiting her with Alice. He had known her for a long time and she was always friendly. When he visited her at Moosonee, he could not see her privately and with the other people in the room, she refused to even shake hands with him. This he claimed could only be due to something that Mrs. George had been told at Moosonee.

I do not think that this case involves any opinions from me. I simply tried to get answers to questions on certain points, verified as far as possible that the statements made in the previous correspondence had been made by the persons concerned. All the Indians concerned in the correspondence were away from Moosonee. Most of them live at Fort George and were visiting Moose Factory at different times. I will be glad to try to enlarge on any point of which I have knowledge if you so desire. As I see it, the case is simply the matter of religious denominations and how the change affects children already admitted to school in proper form.

F. Matters,
Regional Supervisor of Indian Agencies.

H. O. White, Esq., M.P.,
Glanworth,
Ontario.

Dear Mr. White:

You will recall receiving a letter dated August 13, 1952, from the Right Reverend Neville R. Clarke, Suffragan Bishop of Moosonee, regarding the case of Alice George, a pupil of the Fort George Indian Residential School.

I may say that because of the isolated character of the Reserve and the difficulty in getting in touch with Indians who have information on the subject, a delay in concluding the matter is unavoidable. I wish to assure you, however, that everything possible is being done to secure the information required, by the Department, in order that a decision may be made.

Yours sincerely,

Mr. J.S. Allan,
Superintendent, Indian Agency.
Moose Factory, Ontario.

I return herewith the application for admission of Alice Georges to the Albany Indian Residential School. This application has not been signed by you and it will be noted that this girl has attended the Fort George Residential School for the past three or four years. Please advise which Fort George Residential School this girl attended and whether you have any definite information regarding the religious denomination of the parent , as you will note the application form states that the religious denomination is "Christian".

Re, Alice George

This is in reply to your telegram of 15th inst., also your letter under date of Sept. 18th., regarding the above referenced school child.

Application for Admission of this child into the R.C. Mission School was retained here due to the fact that I had instructions from the Director to remove her from the Albany R.C. School and return her to her original school at Fort George. This was carried out as directed and would refer you to my letter of October 26th., in which I advise you of this transfer.

Alice George is registered under her old number at Fort George Anglican Residential, via., No. 0246.

Complying with your request I am attaching application form received with your letter of Sept. 18th.

Memorandum of an inquiry into the cause and circumstances of the death of Émilien Rital, Pupil No. 71

of the Roman Catholic Indian Residential School at Elkhorn,

who died at Albany (place) on October 17th 1935

INSTRUCTIONS

When a pupil of an Indian Residential School dies, the Principal is required to inform the Indian Agent at once.

On receipt of the Principal's notice the Indian Agent shall convene a Board of Inquiry, consisting of himself as Chairman, the Principal of the Residential School, and the Medical Officer who attended the deceased pupil. These members of the Board shall, in each other's presence, complete this memorandum, which shall then be forwarded to the Department of Indian Affairs, Ottawa, in one copy.

The Board of Inquiry shall, if at all practicable assemble within 48 hours of the pupil's death.

The parents or guardians of the deceased pupil shall be given notice of this inquiry and be permitted to attend it or to send a representative. They or their representative shall be asked if they wish to make a statement. In the event of their so wishing, their statement shall be attached to the report. The inquiry, however, shall not be delayed more than 72 hours after the time at which it would otherwise be held, to enable them to attend it.

If the Indian Agent is located at such a distance from the school as to make it impracticable for him to attend the Board, he shall request a responsible local resident to act for him. A suitable person for this duty would be a Justice of the Peace or a member of the Royal Canadian Mounted or Provincial Police. A more or less permanent arrangement of this kind might be necessary in some cases. The Department is prepared to pay a reasonable fee for this duty, on the Agent's recommendation. The report of the Board, in any case, must reach the Department through the Indian Agent's office.

This inquiry is not designed to take the place of, or prevent, any other inquiry, including an inquest, which may be required by law.

If the pupil died as the result of an accident, the Indian Agent is required to take the statements of the witnesses of the accident, and attach them to this memorandum.

" Cerebritis

The contributory cause of death was small pox

Do you consider that the Principal of the School, and the members of the School staff exercised reasonable care and judgment in regard to the illness and death of this pupil?

Did they follow out your professional instructions?

If in either respect, you consider them to have been at fault, it is required that you express your carefully considered views as follows:

This is the first notice I have had of this case - I would consider the diagnosis of small pox very unlikely This was some chicken pox at Albany this fall.

Ottawa, July 17, 1941.

Dear Bishop Belleau:

I am very much worried over a report that has just been received from the Royal Canadian Mounted Police. It appears that three pupils truanted from the Albany Indian Residential School last April and are presumably drowned.

The R. C. M. Police consider they should have been notified sooner, but it is doubtful if they could have done much in the matter at that time, in view of weather conditions. However, the Department should have been notified immediately. Any unusual event at a school, especially when the results are fatal, should be immediately brought to the Department's attention.

While I realize that there are difficulties that would be encountered, at the same time it is felt that a more determined effort should have been made by the Principal and staff to locate these boys. This whole happening is likely to have a very disturbing effect on the Indians and will naturally react on the school. I feel it advisable to recommend to you that very strict instructions be issued to the Principals of the residential schools in your diocese, to the effect that when any pupil truants from the school immediate and effective efforts should be made to locate the pupil.

Yours very truly,

Philip Phelan,

Lake Ste-Anne June 14th.1941

Report on the death of three boys of our Lake Ste-Anne School, at Albany, James Bay.

Names: John Kioki, 14 years old, from Attawapiskat.
Michel Sutherland, 13 yeard old, from Weenisk
Michel Matinas, 11 yearsold, from Attawapiskat.

Statement on each child:

John Kioki:- He had been accepted, lat year, only after he had promised to be quiet, obedient and respectful. He had already been three years in the school and had not given much satisfaction to the members of the staff. He was hard to controll.

Michel Sutherland:- He was in his second year at school. We have to complain about him.

Michel Matinas:- He was in his first year at school and we had nothing to complain about him too.

The fact:-

In the night from Friday, 18th of April, to Saturday 19th, the boys escaped from the dormitory, early in the night, and went away; and we are without news from them ever since.

That was done to find them:

In the morning, when we noticed those children had escaped, we thought they had be- going into the bush around here; so we waited till the middle of the afternoon, hoping the v would be back in the evening; because when some do get away in daytime, they come back at least in the evening.

Also, we have built two camps, where the children go for picnics int the winter time. So we sent an Indian to visit those camps and walk in the bush around here; the Brothers also walked in different directions, but they did not find them.

Nearly all the Indians were away for hunting. On Sunday, they were reported to have been seen at a small distance from here; so the India went, but found only tracks that he followed till dark, and then he quit. Those tracks were leading to the Post (Hudson's Bay) Co.

On Monday morning, our team got back from Moosonee; the trip had been bad; so we le let the dogs rest that day.

During that time, we inquired among the children and the result as this:

John Kioki was the chief of the band. He gave for reason of his escape that he wanted to go back to Attawapiskat to see his mother. He had asked his younger brother and many other boys to go away with him; they all refused; and his younger brother answered hi " I will not go out; we are well treated here and I like to be at school." At last he found two with whom he went out.

The had very little food to go away with, he used to give the children slices of bread every day between meals, in the fore-noon and in the after-noon, for a few days before they left, they started to hide those slices of bread they were given. John Kioki had als his bow and arrows, and he was reported by his brother to have said: " I do not mind/ car to take much grub; I have my arrows and I will kill birds on the way."

We did not notice that they had stolen anything like axe or food before they left.

On Tuesday morning, I sent to the mouth of North River, a Father with an Indian and t the dogs; but they did not find them and came back just in time in the after-noon; if they had turned back two hours later, they would have been caught by the break-up which took pla that same after-noon. After that, we could not do anything to find these children.

When the Indians were back after the break-up of the ice, one reported he had seen a small wigwam and arrows on the south shore of Chickney River, about twenty miles from here. We sent five men to look for the bodies, but they did not find any.

So the children might have tried to cross the river on the thin ice; they broke thro and the current carried them out into the Bay.

The parents have notified.

LES MISSIONNAIRES OBLATS DE MARIE IMMACULÉE

MOOSONEE, ONT.....

of the Albany Residential School has thorough experience of life conditions in James Bay District and is conscientious in the discharge of his duty as a Missionary and Educator. He has devoted twelve years of his life to the welfare of the Indians and has not spared himself in his task.

As soon as the boys had gone, contact was made with the Attawapiskat Mission by wireless, and the Father in charge of the latter notified the father of the leader of the truants. This Indian immediately set off for Albany. The break-up of the ice is later at Attawapiskat than at Albany. As no further news were heard from this man, it was believed that he might have already found the three boys. An accident had happened to him and he had given up the search. It had then become utterly impossible to continue looking for the truants, because of the break-up of the ice on the Albany River; in fact, only three full days elapsed between the departure of the boys and the breaking of the ice. Conditions of broken ice, jammed and moving at times make traveling impossible on or across any river. This and only this was the real cause of the loss of the three boys.

On arriving at Albany and learning with all evidence that ~~all~~ hope was no more, Charlie Kioki and his wife, parents of the leader of the truants showed not the least attitude of reproach toward the Father Principal or the School, but they burst into tears and with great spirit of faith, loudly spoke to God words of deep resignation. The opposite might have been expected from them at the time. You will please find enclosed a translation of the letter they sent to the Father in charge at Attawapiskat. A similar letter was sent to the Principal of the School.

The desertion of the truants had not even a shadow of reason and they had received no punishment to cause them discontent. Moreover, the time of their departure (three days only before the breaking of the ice) made the members of the Staff easily believe the the boys had not gone any distance, and consequently, to search within a radius of a few miles, the first and secondday.

I frankly confess that I cannot understand how any accusation of negligence could be substantiated against the Father Principal of the School.

I thank you very sincerely for the interest you take in the welfare of the Indians, concerning their education; Thank you also for the advice you have given in your letter concerning situations and occurrences like those of last April.

Yours very truly in Christ,

LES MISSIONNAIRES OBLATS DE MARIE IMMACULÉE

MOOSONEE, ONT. July 8th, 1941

Mr.Philip Phelan
Chief of Training Division
Indian Affairs Branch
Department of Mines and Resources
Ottawa.

Dear Mr.Phelan:-

I beg to acknowledge receipt of your letter no. 44-2-1, dated 17th instant ,regarding the loss of three truant pupils of the Albany Indian Residential School. I am enclosing a copy of the report made by the Reverend Father Principal of the School, to Constable Dexter of the (RCMP) Royal Canadian Mounted Police.

The Father Principal had transmitted a message by wireless to our Moosonee Mission,in order that I should notify you.He thought at the time that details would not be necessary in the message.Unfortunately,I was somewhat puzzled by the lack of details and put off until later when further particulars could be obtained. I now realize that the very scant information concerning the loss of the boys should have been forwarded to you; in this,I readily admit that I was wrong,because it was difficult to get a lenghhy and complete report on the affair before June. The message sent by the Reverend Father Principal over the Radio was transmitted soon after the evasion of the boys.

As for notifying the R.C.M.Police,we could see no use in doing this soon.I am still of that opinion;nothing in the way of rescuing the truants could have been done by them because the Police are stationed in Moose Factory,over a hudred miles away;and moreover,a plane could not make a landing at the time because the ice on the rivers was just about breaking. There was no open water where a plane could have landed. The Albany School's dog team was on the way back from Moosonee at the time,and the early thaw obliged the Fatherand his Indian guide to take wells over a week to cover the distance,traveling in water and over dangerous ice. Help from Moosonee or elsewhere was therfore out of question.

The truants knew that their chances of desertion were better in the absence of the Mission's dog team.As soon as the exhausted dogs had been given a rest,another Father set off with an Indian in pursuit of the fugitives,assuming considerable risk in so doing.After a fruitless run of nearly twenty miles,they had to return: but they did so just in time.Two hours after they had left the North Branch of the Albany River(about fifteen miles from the School) the break-up of the ice occurred. They had to wade in water well over their knees in certain dangerous passages.

You state"that it is felt that a more determined effort should have been made by the Principal and Staff to locate these boys."

The Principal himself was confined to the hospital for a severe illness at the time of the evasion.Nevertheless,it being during the night of the 18th-19th April that the boys escaped,the search for them began on the 19th. Some reports on the case may have been worded so as to create the impression that the Father Principal cared little or not whether the boys got into bad straits.This is absolutely false ,however;the principal

Translation of a letter written by Charlie Kioki's wife to Reverend Father Arthur Bilodeau O.M.I.,Missionary at Attawapiskat,James Bay.This letter introduces another letter written by the same Indian woman to Albert Matinas,father of one of the boys lost and given up as dead as a consequence of deserting the Albany Residential School,April,1941.

" Father,

Read this letter of mine (written) for Albert Matinas,to whom I want to console so that he may not cast a judgment on what has happened to him; and also that you may know in what manner I take unto myself.(what has happened)"

"If you think I do not say well,tell Marie - Thérèse. If you think it is well, give it to Marie-Thérèse so that she give it to Albert Matinas."

Agnes Kioki.

Translation of the letter written by the same to Albert Matinas.

" Letter of consolation;"

" My friends whom I love and with whom I share suffering, I wish to console you although I suffer from anguish myself; but wishing to show you that I love you,being at heart(i.e. feeling as you feel) exactly as you are,I beseech you to accept as I do,this suffering, I wishing to accept it with meekness for the sake of God. For God Himself is the one who will judge us.With patience let us accept our suffering to please Him and to please our children(the three dead boys) who see us and who see God. Let us hope that the bodies may rise again,just as we lost them,and let us be consoled by the fact that the body dies only once in this world (on earth). Let us do as God wants us to do,in order to redeem those who are the worst sinners and to redeem ourselves,and to not lose these our children in the next life. If we try to please God in this suffering which He gives us,the heaviest,which He has chosen for us,let us thank Him feeling how much He loves us; and let us listen one to the other with pity we who suffer this suffering for the first time."

" My friends, thatis how I accept this suffering given us by God. I cannot go to see you. Their is only one road,I think,the one which leads to the church; that is the only way that I am able to walk.

From this happening I do not wish that rash judgment arise so that (in turn) we be rashly judged.Always,as much as we could,we minded our children well.But to them it happened just as God willed(thught).I don't wish that judgment arise from this about my child who is already without life,But I only wish that search be well made for the bodies that they may be buried,if they are now lying in the wilderness.Not that anger arise; I suffer more when I hear that this was taken with resistance(without resignation).I listened patiently when I heard tell about the event at Lake Ste-Anne(Site of the Albany School).One thing only did I detest very much.It was that the Protestant chief wanted to accuse the Father in charge (of the School). When I heard this,I went to tell our Father all that I thought and he was glad to hear it. Above all,I am sorry for you whom I love and who are religious people(the writer here seems toaddress the missionaries) and who are about to be judged,it being without reason that you be judged,as it is without reason that God be judged. He who is God Himself seemsto suffer rebellion in such a case."

"Do not think that I alone or both Charlie(her husband) and I will join in this if it is done(that any judgment be passed on the Missionaries). I willnot give myself up to rebel against God who loves me."

"I cannot speak long,but I have written this letter wishing to state well what I think."

(This letter is from Agnes,wife of Charlie Kioki,of Attawapiskat.)

Dear Mr.Phelan:

Please find enclosed translation of a letter written by the mother of one of the boys who deserted the Albany Residential School and was lost. The letter was sent to Reverend Father Bilodeau O.M.I. at Attawapiskat in order that he should have it handed over to the father of another of the three dead boys.

I mentioned this letter when I last wrote to you about the case. Reverend Father Bilodeau had mislaid it at themoment of the departure of the schooner taking the mail.

I trust that this may throw some light upon the subject,and that it will help ~~it~~/forming an objective opinion on the fashion in which most Catholic Indians have accepted the unhappy event.

Dear Sir:

The Department has just received the September quarter return of the Albany Indian Residential School. It is difficult to understand why there should be such a delay in forwarding the return.

The names of Antoine Kamanatishishth, No. 132, and Lebedie Okitiko, No. 0149, were shown on the March quarter return but are not shown on the June return, although no application has been received for their discharge. Please advise regarding these pupils.

In letter dated July 14, 1941, from the R.C.M.P., the Department was informed that John Kioki, No. 97, Michel Sutherland, No. 119, and Michel Matinas, No. 125, had been drowned. No official notification to this effect has been received from the school.

The names of the pupils numbered as follows were shown on the June quarter return but do not appear on the September return, although no application has been received for their discharge:

Dear Sir:

Dr. T. J. Orford, Indian Agent at Moose Factory, has informed me that he had received from you a letter containing the following paragraph:

> "In letter dated July 14th, 1941, from the R.C.M.P. the Department was informed that John Kioki, no 97 Michel Sutherland, no 119 and Michel Matinas, no 125 had been drowned. No official notification to this effect has been received from the school."

I wish to give you some information with regard to this unfortunate accident.

At our request the Apostolic Vicar, His Excellency Bishop Belleau, sent a report to Mr. Philip Phelan, Chief of the Welfare and Training Division, giving all available information in regard to the desertion and disappearance of those three children. The translation of a letter written by the mother of one of those children was attached to the report.

Around the middle of September, 1941, I called personally on Mr. Phelan and I gave him verbally all available information on the death of those deserters.

I would therefore ask you to refer to Bishop Belleau's report and to that which may have been made by Mr. Phelan following our conversation.

Incidentally, I am happy to state that all the children are in good health this year.

Please accept my sincere thanks for the interest you are taking in the welfare of the Indians.

Dear Brigadier Wood:

You will recall our recent conversation regarding the case of three Indian boys who presumably perished after running away from the Albany Residential School about a year ago, and which was the subject of a letter to me from Superintendent Duncan, dated July 14 last, enclosing copy of a report from the Officer in Charge of your Moose Factory Detachment.

As I intimated to you on that occasion, it has been decided to conduct an investigation into the circumstances of the case pursuant to the provisions of Regulations dealing with inquiry into the cause and circumstances of the death of pupils attending Indian Residential Schools, a copy of which is enclosed for your information.

It would be appreciated if you would kindly give permission for your Officer at Moose Factory to act on the Board as provided by the Regulations. It will be noted that in this instance, the doctor and agent are one and the same, and furthermore, that under the Regulations, provision is made for the appointment of a member of your force.

I shall await your reply before instructing the Indian Agent.

Director.

I wish you to go very thoroughly into this matter and explore all circumstances connected with it. I should think it advisable to bring the fathers of these boys to give evidence before the board.

You will understand that I shall leave of course to you the decision as to the time and place of holding this inquiry but suggest that the time of your treaty trip in June would be a suitable one. It may be necessary to make arrangements to have witnesses come from Attawapiskat. In any event it is necessary that all the information available should be obtained and forwarded in a full report.

Should you desire copies of our file correspondence relating to this matter these will be sent at your request.

Dear Sir:

Re: Indian boys John Kioki, Michael Sutherland and Michael Katinas -- R.C. Mission School, Fort Albany, Ontario. Accidental deaths.

There has come to my attention only within the past two weeks a communication from the Royal Canadian Mounted Police dated July 14, 1941 and an enclosed report dated at Moose Factory, June 17, 1941, dealing with the above noted. The knowledge of the incident came to me quite by chance and in looking into the matter I find that there is no record of a report of the tragedy having been made to this Branch by either the school principal or yourself previous to or immediately following the police report.

As you had but recently taken over the office in the James Bay Agency I am assuming that you were possibly unacquainted with form #414 which deals with the procedure to be followed in the event of the death occurring of a residential school pupil. I am sending you under separate cover a number of these forms with the thought that possibly you may have some in your office.

This is a matter that of course should have been dealt with on the occasion of your visit to Albany and Attawapiskat last June at the time the police constable conducted his investigation. Although a year has elapsed from the time of this accident I still think that you should form a board of inquiry and make a full investigation into all the unfortunate circumstances of this affair, according to the instructions set out in form #414. I have taken the matter up with the Royal Canadian Mounted Police who are instructing their Officer at Moose Factory, Corporal W. G. Kerr, to act as a member of the board which would thus consist of yourself as Chairman, the principal of the School, Father Langlois, and Corporal Kerr.

Re: Indian boys John Kioki, Michael Sutherland and Michael Matinas -- R.C. Mission School, Fort Albany, Ontario. Accidental deaths.

With reference to our recent interview, I submit the following information in connection with the above:

1. Three boys truanted from the Albany Mission Residential School early in April, 1941. As the spring breakup on the river occurred shortly after they left the school, it is presumed that their bodies were carried into Hudson Bay;

2. The R.C.M.P. investigated the matter in June, 1941, and submitted a report;

3. His Excellency Bishop Belleau forwarded a letter on July 24 outlining the efforts made by the school management to locate the boys;

4. I have directed the Indian Agent, Dr. T.J. Orford, to hold a court of inquiry at the time of the treaty trip in June, 1942.

Dear Sir: Re: R.C. Mission School, Fort Albany.
Your letter of April 27th.

The matter of the death last year of three Indian boys from the above school will be investigated in June during the course of the Treaty trip.

I am undoubtedly at fault in not reporting the unfortunate affair and can only offer as an excuse that I was not familiar with form No. 414 and was under the impression that the R.C.M. Police investigation was all that was necessary.

The fathers of the boys will be notified by radiogram to be present at Albany to give evidence before the board of inquiry.

I would appreciate copies of correspondence on your files. In the event of this correspondence not reaching me here before May 20th. I presume it may be held here and forwarded to me at Albany by boat.

Dear Bishop Belleau,

I am very much worried over a report that has just been received from the Royal Canadian Mounted Police. It appears that three pupils truanted from the Albany Indian Residential School last April and are presumably drowned.

The R.C.M.Police consider they should have been notified sooner, but it is doubtful if they could have done much in the matter at that time, in view of weather conditions. However, the Department should have been notified immediately. Any unusual event at a school, especially when the results are fatal, should be immediately brought to the Department's attention.

While I realize that there are difficulties that would be encountered, at the same time it is felt that a more determined effort should have been made by the Principal and staff to locate these boys. This whole happening is likely to have a very disturbing effect on the Indians and will naturally react on the school. I feel it advisable to recommend to you that very strict instructions be issued to the Principals of the residential schools in your diocese, to the effect that when any pupil truants from the school immediate and effective efforts should be made to locate the pupil.

reason of his escape that he wanted to go back to Attawapiskat to see his mother. He had asked his younger brother and many other boys to go away with him; they all refused; and his younger brother answered him "I will not go out; we are well treated here and I like to be at school." At last he found two with whom he went out.

They had very little food to go away with. We used to give the children slices of bread every day between meals, in the fore-noon and in the after-noon. So a few days before they left, they started to hide those slices of bread they were given. John Kioki had also his bow and arrows, and he was reported by his brother to have said: " I do not care to take much grub; I have my arrows and I will kill birds on the way."

We did not notice that they had stolen anything like axe or food before they left.

On tuesday morning, I sent to the mouth of North River, a Father with an Indian and the dogs; but they did not find them and came back just in time in the after-noon; if they had turned back two hours later, they would have been caught by the break-up which took place that same after-noon. After that, we could not do anything to find these children.

When the Indians were back after the break-up of the ice, one reported he had seen a small wigwam and arrows on the south shore of Chiekmey River, about twenty miles from here. We sent five men to look the bodies, but they did not find any.

So the children might have tried to cross the river on the thin ice; they broke through and the current carried them out into the Bay.

The parents have notified.

Michel Matinas, 11 years old, from Attawapiskat.

Statement on each child:

John Kioki- He had been accepted, last year, only after he had promised to be quiet, obedient and respectful. He had already been three years in the school and had not given much satisfaction to the members of the staff. He was hard to controll.

Michel Sutherland: He was in his second year at school. We have to complain about him.

Michel Matinas: - He was in his first year at school and we have nothing to complain about him too

The fact:

In the night from Friday, 18th of April to Saturday 19th, the boys escaped from the dormitory, early in the night, and went away; and we are without news from them ever since.

What was done to find them:

In the morning, when we noticed these children had escaped we thought they had been going into the bush around here; so we waited till the middle of the afternoon, hoping they would be back in the evening; because when some do get away in daytime, they come back at least in the evening.

Also, we have built two camps, where the children go for picnics in the winter time. So we sent an Indian to visit those camps and walk in the bush around here; The Brothers also walked in different directions, but they did not find them.

Nearly all the Indians were away for hunting. On Sunday, they were reported to have been seen at a small distance from here; so the Indian went, but found only tracks that he followed till dark, and then he quit. Those tracts were leading to the Post (Hudson's Bay)Co.)

On Monday Morning, our team got back from Moosonee; the trip had been bad; so we let the dogs rest that day;

During that time, we inquired among the children and the result was this.

John Kioki was the chief of the band. He gave for

reason and they had received no punishment to cause them discontent. Moreover, the time of their departure (three days only before the breaking of the ice) made the members of the Staff easily believe the boys had not gone any distance, and consequently, to search within a radius of a few miles, the first and second day.

I frankly confess that I cannot understand how any accusation of negligence could be substantiated against the Father Principal of the School.

I thank you very sincerely for the interest you take in the welfare of the Indians, concerning their education; Thank you also for the advice you have given in your letter concerning situations and occurrences like those of last April.

after they had left the North Branch of the Albany River (about fifteen miles from the School) the break-up of the ice occurred. They had to wade in water well over their knees in certain dangerous passages.

You state" that it is felt that a more determined effort should have been made by the Principal and Staff to locate these boys."

The Principal himself was confined to the hospital for a severe illness at the time of the evasion. Nevertheless, it being during the night of the 18th-19th April that the boys escaped, the search for them began on the 19th. Some reports on the case may have been worded so as to create the impression that the Father Principal cared little or not whether the boys got into bad straits. This is absolutely false, however; the principal of the Albany Residential School has thorough experience of live conditions in James Bay District and is conscientious in the discharge of his duty as a Missionary and Educator. He has devoted twelve years of his life to the welfare of the Indians and has not spared himself in his task.

As soon as the boys had gone, contact was made with the Attawapiskat Mission by wireless, and the Father in charge of the latter notified the father of the leader of the truants. This Indian immediately set off for Albany. The break-up of the ice is later at Attawapiskat than at Albany. As no further news were heard from this man, it was believed that he might have already found the three boys. An accident had happened to him and he had given up the search. It had then become utterly impossible to continue looking for the truants, because of the break-up of the ice on the Albany River; in fact, only three full days elapsed between the departure of the boys and the breaking of the ice. Conditions of broken ice, jammed and moving at times make traveling <u>impossible</u> on or across any river. <u>This</u> <u>and</u> <u>only</u> <u>this</u> was the real cause of the loss of the three boys.

On arriving at Albany and learning with all evidence that hope was no more, Charlie Kioki and his wife, parents of the leader of the truants showed not the least attitude of reproach toward the Father Principal. Not a word was uttered by them against the Staff of the School, but they burst into tears and with great spirit of faith, loudly spoke to God words of deep resignation. The opposite might have been expected from them at the time. You will please find enclosed a translation of the letter they sent to the Father in charge at Attawapiskat. A similar letter was sent to the Principal of the School.

The desertion of the truants had not even a shadow of

LES MISSIONNAIRES OBLATS DE MARIE IMMACULEE

Moosonee, Ont. July 26th, 1941.

Mr. Philip Phelan
Chief of Training Division
Indian Affairs Branch
Department of Mines and Resources
Ottawa.

Dear Mr.Phelan:-

I beg to acknowledge receipt of your letter no.44-2-1, dated 17th instant, regarding the loss of three truant pupils of the Albany Indian Residential School. I am enclosing a copy of the report made by the Reverend Father Principal of the School, to Constable Dexter of the Royal Canadian Mounted Police.

The Father Principal had transmitted a message by wireless to our Moosonee Mission, in order that I should notify you. He thought at the time that details would not be necessary in the message. Unfortunately, I was somewhat puzzled by the lack of details and put off until later when further particulars could be obtained. I now realize that the very scant information concerning the loss of the boys should have been forwarded to you; in this, I readily admit that I was wrong, because it was difficult to get a lengthy and complete report on the affair before June. The message sent by the Reverend Father Principal over the Radio was transmitted soon after the evasion of the boys.

As for notifying the R.C.M.Police, we could see no use in doing this soon. I am still of that opinion; nothing in the way of rescuing the truants could have been done by them because the Police are stationed in Moose Factory, over a hundred miles away; and moreover, a plane could not make a landing at the time because the ice on the rivers was just about breaking. There was no open water where a plane could have landed. The Albany School's dog team was on the way back from Moosonee at the time, and the early thaw obliged the Father and his Indian guide to take well over a week to cover the distance, traveling in water and over dangerous ice. Help from Moosonee or elsewhere was therefore out of question.

The truants knew that their chances of desertion were better in the absence of the Mission's dog team. As soon as the exhausted dogs had been given a rest, another Father set off with an Indian in pursuit of the fugitives, assuming considerable risk in so doing. After a fruitless run of nearly twenty miles, they had to return; but they did so just in time. Two hours after

Dear Bishop Belleau:

I have Your Lordship's letter of the 26th ultimo, submitting a report with reference to the three pupils from the Albany Residential School who truanted last April and were, presumably, drowned. I appreciate the very complete information that you have supplied in regard to this very regrettable matter.

could, we minded our children well. But to them it happened just as God willed (thught). I don't wish that judgment arise from this about my child who is already without life, But I only wish that search be well made for the bodies that they may be buried, if they are now on shore lying in the wilderness. Not that anger arise; I suffer more when I hear that this was taken with resistance (without resignation). I listened patiently when I heard tell about the event at Lake Ste-Anne (Site of the Albany School). One thing only did I detest very much. It was that the Protestant chief wanted to accuse the Father in charge (of the School). When I heard this, I went to tell our Father all that I thought and he was glad to hear it. Above all, I am sorry for you whom I love and who are religious people (the writer here seems to address the missionaries) and who are about to be judged, it being without reason that you be judged, as it is without reason that God be judged. He who is God Himself seems to suffer rebellion in such a case."

"Do not think that I alone or both Charlie (her husband) and I will join in this if it is done (that any judgment be passed on the Missionaries). I will not give myself up to rebel against my God who loves me."

" I cannot speak long, but I have written this letter wishing to state well what I think."

Translation of a letter written by Charlie Kioki's wife to Reverend Father Arthur Bilodeau O.M.I., Missionary at Attawapiskat, James Bay. This letter introduces another letter written by the same Indian woman to Albert Matinas, father of one of the boys lost and given up as dead as a consequence of deserting the Albany Residential School, April, 1941.

"Father,
Read this letter of mine (written) for Albert Matinas, whom I want to console so that he may not cast a judgment on what has happened to him; and also that you may know in what manner I take unto myself. (what has happened)"
"If you think I do not say well, tell Marie - Therese. If you think it is well, give it to Marie-Therese so that she give it to Albert Matinas."

Agnes Kioki.

Translation of the letter written by the same to Albert Matinas.

"Letter of consolation."

"My friends whom I love and with whom I share suffering, I wish to console you although I suffer from anguish myself; but wishing to show you that I love you, being at heart (i.e. feeling as you feel) exactly as you are, I beseech you to accept as I do, this suffering, I wishing to accept it with meekness for the sake of God. For God Himself is the one who will judge us. With patience let us accept our suffering to please Him and to please our children (the three dead boys) who see us and who see God. Let us hope that the bodies may rise again, just as we lost them, and let us be consoled by the fact that the body dies only once in this world (on earth). Let us do as God wants us to do, in order to redeem those who are the worst sinners and to redeem ourselves and to not lose these our children in the next life. If we try to please God in this suffering which He gives us, the heaviest, which He has chosen for us, let us thank Him feeling how much He loves us; and let us listen one to the other with pity we who suffer this suffering for the first time."

" My friends, that is how I accept this suffering given us by God. I cannot go to see you, Their is only one road, I think, the one which leads to the church; that is the only way that I am able to walk.

From this happening I do not wish that rash judgment arise so that (in turn) we be rashly judged. Always, as much as we...

The letter was sent to Reverend Father Bilodeau O.M.I. at Attawapiskat in order that he should have it handed over to the father of another of the three dead boys.

I mentioned this letter when I last wrote to you about the case. Reverend Father Bilodeau had mislaid at the moment of the departure of the schooner taking the mail.

I trust that this may throw some light upon the subject, and that it will help forming an objective opinion on the fashion in which most Catholic Indians have accepted the unhappy event.

Dear Sir:

Dr. T.J. Orford, Indian Agent at Moose Factory, has informed me that he had received from you a letter containing the following paragraph:

> "In letter dated July 14th, 1941, from the R.C.M.P. the Department was informed that John Kioki, No. 97 Michel Sutherland, no. 119 and Michel Matinas, no 125 had been drowned. No official notification to this effect has been received from the school."

I wish to give you some information with regard to this unfortunate accident.

At our request the Apostolic Vicar, His Excellency Bishop Belleau, sent a report to Mr. Philip Phelan, Chief of the Welfare and Training Division, giving all available information in regard to the desertion and disappearance of those three children. The translation of a letter written by the mother of one of those children was attached to the report.

Around the middle of September, 1941, I called personally on Mr. Phelan and I gave him verbally all available information on the death of those deserters.

I would therefore ask you to refer to Bishop Belleau's report and to that which may have been made by Mr. Phelan following our conversation.

Incidentally, I am happy to state that all the children are in good health this year.

Please accept my sincere thanks for the interest you are taking in the welfare of the Indians.

Memorandum of an inquiry into the cause and circumstances of the death of Michel Sutherland, Pupil No. 119

of the Albany Roman Catholic Indian Residential School Lac Ste Anne Albany

who died at The vicinity of Fort Albany (place) on or about April 19 19 4.

INSTRUCTIONS

When a pupil of an Indian Residential School dies, the Principal is required to inform the Indian Agent at once.

On receipt of the Principal's notice the Indian Agent shall convene a Board of Inquiry, consisting of himself as Chairman, the Principal of the Residential School, and the Medical Officer who attended the deceased pupil. These members of the Board shall, in each other's presence, complete this memorandum, which shall then be forwarded to the Department of Indian Affairs, Ottawa, in one copy.

The Board of Inquiry shall, if at all practicable assemble within 48 hours of the pupil's death.

The parents or guardians of the deceased pupil shall be given notice of this inquiry and be permitted to attend it or to send a representative. They or their representative shall be asked if they wish to make a statement. In the event of their so wishing, their statement shall be attached to the report. The inquiry, however, shall not be delayed more than 72 hours after the time at which it would otherwise be held, to enable them to attend it.

If the Indian Agent is located at such a distance from the school as to make it impracticable for him to attend the Board, he shall request a responsible local resident to act for him. A suitable person for this duty would be a Justice of the Peace or a member of the Royal Canadian Mounted or Provincial Police. A more or less permanent arrangement of this kind might be necessary in some cases. The Department is prepared to pay a reasonable fee for this duty, on the Agent's recommendation. The report of the Board, in any case, must reach the Department through the Indian Agent's office.

This inquiry is not designed to take the place of, or prevent, any other inquiry, including an inquest, which may be required by law

If the pupil died as the result of an accident, the Indian Agent is required to take the statements of the witnesses of the accident, and attach them to this memorandum.

DEPARTMENT OF INDIAN AFFAIRS

Memorandum of an inquiry into the cause and circumstances of the death of John Kwaku, Pupil No. 97 ..

of the Albany Roman Catholic Indian Residential School at or near St. Anne, Albany

who died ~~at~~ in the vicinity of Fort Albany (place) on or about April 1919 4!

INSTRUCTIONS

When a pupil of an Indian Residential School dies, the Principal is required to inform the Indian Agent at once.

On receipt of the Principal's notice the Indian Agent shall convene a Board of Inquiry, consisting of himself as Chairman, the Principal of the Residential School, and the Medical Officer who attended the deceased pupil. These members of the Board shall, in each other's presence, complete this memorandum, which shall then be forwarded to the Department of Indian Affairs, Ottawa, in one copy.

The Board of Inquiry shall, if at all practicable assemble within 48 hours of the pupil's death.

The parents or guardians of the deceased pupil shall be given notice of this inquiry and be permitted to attend it or to send a representative. They or their representative shall be asked if they wish to make a statement. In the event of their so wishing, their statement shall be attached to the report. The inquiry, however, shall not be delayed more than 72 hours after the time at which it would otherwise be held, to enable them to attend it.

If the Indian Agent is located at such a distance from the school as to make it impracticable for him to attend the Board, he shall request a responsible local resident to act for him. A suitable person for this duty would be a Justice of the Peace or a member of the Royal Canadian Mounted or Provincial Police. A more or less permanent arrangement of this kind might be necessary in some cases. The Department is prepared to pay a reasonable fee for this duty, on the Agent's recommendation. The report of the Board, in any case, must reach the Department through the Indian Agent's office.

This inquiry is not designed to take the place of, or prevent, any other inquiry, including an inquest, which may be required by law

If the pupil died as the result of an accident, the Indian Agent is required to take the statements of the witnesses of the accident, and attach them to this memorandum.

Statement of John Sutherland -

On the Saturday after the boys had left school Father Langlois told me to start searching for them. I searched all day until dark Saturday west of the school, but found no trace of the missing boys.

Early Sunday morning I started East and discovered some tracks, three sets, going in a north east direction which I followed until late in the evening when a storm obliterated all signs and I had to turn back at midnight.

On Monday I did not go out as it was still storming and all signs would have been obliterated.

Statement of Brother Lapointe.

At the time the boys disappeared from school I was detailed to search for them by Father Langlois, who was ill in bed.

On the Sunday following their disappearance I went at 5 a.m. to the Lakes west of the school and searched all day making a circular tour of about ten miles without seeing any signs. On my return I was told by some Indians that some one had been seen on the mainland south east of this Island, and it was assumed that it was the boys. Breaking ice prevented us from going to this point until Wednesday when we took a canoe through the ice floes only to discover that those who had been seen were some other Indians.

Statement of Joseph Kamalatisit

I was at Lac Ste. Anne at the time in 1941 when the three boys left school. I was sick in bed and only heard about it two days later. John Sutherland was searching for them but other Indians were waiting for some instruction to start searching. The ice at that time was very bad and break-up occurred about three days after the boys had left school. John Sutherland searched well but I think more could have been done. The dog team which the Father sent to search should have carried a canoe and they would have been able to search farther, but ice conditions were very bad.

Statement of Charles Kioki - Father of John Kioki

I am not sure that sufficient search was made for my son and the other boys. I would have circled the area for days until tracks were found (at this point Kioki was told that the area had been circled and tracks found which were followed until obliterated by the storm)

I later came to Albany myself from Attawapiskat and saw the men who in June went searching at Chickney Creek, North of Albany (about ten miles) but I think the search was too late then.

After this happened the other children of the school received a lecture from the priest and I think he said they were not to talk about the affair.

(At this point Father Langlois interrupted to say that he had given the children a lecture but that he had told them they were to tell only the truth about the affair).

I heard some of the other children say that one of the three boys had done something for which he was punished and that they ran away for this reason.

Michel Sutherland.

Held at Lac Ste. Anne - Albany - James Bay, on June 22nd, 1942.

Statement of Albert Matinas - Father of Michel Matinas

I do not understand why my boy and the others ran away from school and I feel satisfied that my son would not have done so on his own initiative. Of course I understand that if the reason had been known Father would have cleared it up and the boys would not have gone away.

Some people have been telling me that more could have been done to find the boys but I feel satisfied that everything was done that could be under the circumstances, although I heard that there were Indians here at the time who would not search. Some of the people say that they were not told about the boys being missed from school, but I know that Father Langlois who was ill in bed at the time had directed that a search be made.

Statement of Father Langlois, cont'd.

Following break-up it was some time before anything could be done as ice and weather conditions made travel impossible. During this time a report was received from an Indian that a small wig-wam and arrows had been seen on the South shore of the Chickney River about twenty miles from the school. Five Indians were sent to search as soon as it was possible. They were away for three days but found nothing that would indicate that the boys had been in the vicinity of the Chickney River.

No further search has been made and no reports of any kind have come in about the boys.

In the matter of reporting the incident to the R.C.M. Police and the Department I sent a radiogram not later than a week following the disappearance to Father Charland at Moosonee who immediately wrote to Bishop Belleau who was at the time in Montreal or Ottawa.

Statement of Father Langlois

The three boys John Kicki, Michel Sutherland, and Michel Matinas, left the school Friday night of April 18th, 1941. Cases of truancy have occurred before in which boys always returned the following day, so it was not until Saturday afternoon that I considered it necessary to search for them.

John Sutherland and the lay brothers searched on foot in all directions from the school, starting out Saturday afternoon - continuing the search Sunday and Monday - returning each night.

No tracks or signs of any kind were found except those followed on Sunday by John Sutherland. These tracks were leading in the direction of the Hudson's Bay Company post about five miles away, and were obliterated by the storm on Sunday night. It is not known if these were the tracks of the boys as they appeared to be more or less aimless it could have been the tracks of hunters.

It was three days before a team of dogs was sent to search for the missing boys because there were not many dogs around as most of the men were away hunting with them and our team was at Moosonee and did not return until Monday morning. Our team was given a rest on Monday and sent on Tuesday to search for the boys. They went to the north mouth of the Albany river searching in this direction because an Indian had reported that he thought he might have seen the boys in that vicinity. The Indian reporting this assumed it was the boys he had seen only after reaching the Albany post and learning of their disappearance because on his way in to the post he had seen what he thought to be one or two people some distance away from him, but had not stopped as he thought it was only somebody hunting.

The men searching with the team found no signs of any kind of the boys and were forced to return due to the breaking up of the river ice, which broke up completely only two hours after they returned.

Following break-up.....

1. Upon arrival at Fort Albany on the above date whilst accompanying the Indian Agent, Dr. T.J.Orford, on the annual treaty trip, it was learned that the three captionally noted Indian children had run away from the R.C.Mission school at Lake St. Ann around breakup time in April and that nothing had been learned of them since.

11-6-41

2. Whilst at the R.C.Mission on this date the principal of the school the Rev. Paul LANGLOIS was interviewed regarding the missing children and the following statement was supplied by Father Langlois:

BEGINS:

Lake St. Ann,
June 14th., 1941.

Report on the death of three boys of our Lake St. Ann school at Albany, James Bay.

Names:
John Kioki, 14 years old, from Attawapiskat.
Michel Sutherland, 13 years old, from Weemusk.
Michel Matinas, 11 years old, from Attawapiskat.
Statement on each child:
John Kioki: he had been accepted last year, only after he had promised to be quiet, obedient and respectful. He had already been three years in school and had not given much satisfaction to the members of the staff. He was hard to control.
Michel Sutherland: he was in his second year at school; we have nothing to complain about him.
Michel Matinas: he was in his first year at school and we have nothing to complain about him.
The fact: In the night, from Friday 18th. of April to Saturday 19th. the boys escaped from the dormitory early in the night and went away and we are without news from them since.
What was done to find them:
In the morning, when we noticed these children had escaped, we thought they had been going into the bush around here; so we waited till the middle of the afternoon, hoping they would be back in the evening; because when some do get away in day time, they come back atleast in the evening. Also, we have built two camps, where the children go for picnics in the winter time. So we sent an Indian to visit those camps and walk in the bush around here; the brothers also walked in different directions, but they did not find them.

Nearly all the Indians were away for hunting. On Sunday, they were reported to have been seen at a small distance from here; so the Indians went but found

(Statement of Father Paul Langois)

WENT BUT FOUND only tracks, that he followed till dark and then he quit. These tracks were leading to the Post.

On Monday morning, ourbteam got back from Moosonee; the trip had been bad; so we let the dogs rest that day. During that time, we inquired among the children and the result was this;

John KIOKI was chief of the band. He gave for reason of his escape, that he wanted to go back to Attawapiskat to see his mother. He asked his younger brother and many other boys to go away with him; and his younger brother answered him; " I will not go out;" we are well treated here and I like to be at school". At least he found two with whom he went out.

They had very little food to go away with. We use to give the children slices of bread every day between meals, in the forennon and in the afternoon. So a few days before they left, they started to hide those slices of bread they were given. John Kioki had also his arc and ten arrows, and he was reported by his brother to have said: "I do not mind to take much grub; I have my arrows and I will kill birds on the way". We did not notice that they had stolen anything like axe or food before they left.

On Tuesday morning, I sent to the mouth of the North River a Father with an Indian and the dogs; but they did not find them and came back just in time, in the after noon; if they had turned back two hours later, they would have been caught by break up, which took place that afternoon. Afetr that we could not do anything more to find those children.

When the Indians were back after the break up of the ice, one reported he had seen a small wigwam and arrows on the south shore of Chickney River, about 20 miles from here. We sent five men to look for the bodies, but they did not find them.

So the children might have tried to cross the river on the thin ice they broke through and the current carried them out into the Bay.

The parents have been notified.

ENDS.

3. Father Langlois was asked whther the boys had been disciplined for any reason before the ran away but he said that they had not. He was also asked why the matter had not been reported to the police and why more prompt action had not been taken to look for them. He stated that it often happens that a boy will run away for the day but will return at night at meal time or when it gets dark. They had expected that the boys would return in this instance. It is also unfortunate that the boys deiced to run away just before break up time when travelling on the ice is so uncertain; however,it was learned that Indians were travelling for a week after the boys left school. Father Langoissaid that he had reported the matter to the Mission at Moosonee but evidently it did not occur to them to notify the police.

COMPLAINED TO THE Indian Agent and the writer regarding the boys being lost, stating that they believed that the boys had been mistreated and that they had not been notified until it was too late for them to go and look for them. The Father of John KIOKI had started out to look for them when he had been notified but shot his finger off accidently in the tent the first night out. They also said that they had heard from the children that they were not fed well and that their letters were censored and if anything undesirable to the Mission was included in a letter it was torn up by those in charge. Albert MATINAS, father of Michel, said that he had learned from the children that they were told by the priests at the Mission not to speak of anything that they had seen whilst attending school during the winter. Albert MATINAS had another child die at the school.

5. An endeavour was made by the Indian Agent and the writer to explain to these Indians that it was often necessary to discipline children at school and that it was difficult to believe a child regarding treatment received in school as they naturally find it hard to get accustomed to school life and necessary regulations there. This endeavour was not very well accepted and both Fathers said that they would not send anymore of their children to school.

6. There is no doubt that the children have perished, either by starvation or by drowning. The Chiefs of the Indian bands at Albany, Attawapiskat, and Moose Factory have been asked to have all the Indians on the lookout for the bodies whilst travelling along the coast and in the bush.

7. The whole affair is very regretable and the parents indignation regarding the loss of their children is readily understandable; however, there does not seem to be anything further that can be done at this late date. In view of this the file is being considered closed.

41 T 1274-4/9 - John KIOKI, Attawapiskat, Michel SUTHERLAND, Weenusk, Michel MATINAS, Attawapiskat, Ontario - Missing from R.C.Mission School, Fort Albany, Ont.

THE COMMISSIONER:

1. FORWARDED for your information. This report will undoubtedly be of both interest and concern to the Indian Affairs Branch. While the three Indian children departed from the R.C.Mission School at Lake St. Ann, during the night of April 18th/19th last, the matter had not been reported to Moose Factory Detachment, or the Indian Agent, although Father Langlois claims to have notified the R.C.Mission at Moosonee.

2. The boys had not been disciplined, according to Father Langlois, and it was hoped they would have returned at meal time, or at least when darkness prevailed.

3. The fathers of Michel Matinas and John Kioki made complaints to the Indian Agent, and Cst. Dexter, to the effect the boys had been mistreated, were not fed well, and that their mail had been censored. An endeavour was made to make these Indians realize certain adjustments to a child's life was necessary, when in school, but they could not be convinced, and maintained they would not send any more of their children to school.

4. No doubt the missing children have been drowned, or have died from starvation, and the Chiefs of the Indian Bands at Albany, Attawapiskat and Moose Factory have been requested to have all Indians keep a watch for the bodies.

5. This is a very unfortunate and tragic incident, and in view of the attitude displayed by Albert Matinas, and the father of John Kioki, who will probably give the matter some circulation among other Indians, it may be other parents of Indian children will be loath to send their children for the purpose of receiving education at the R.C.Mission herein.

6. There appears to be nothing further that can be done by this Force in the circumstances, and the file is therefore considered closed.

HANDED TO DEPARTMENT CONCERNED.

Sir,-

Re: John KICKI, Michel SUTHERLAND and Michel MATINAS, (Truancy), Fort Albany, Ontario.

Enclosed herewith, for your information, is copy of Moose Factory Detachment report, dated 27th ultimo, in connection with the above named boys who you will note ran away from the Roman Catholic Mission School at Lake St. Ann, during the night of April 18th-19th last, and to date have not been found.

2. There is little doubt but that these boys have been drowned or perished from starvation and there is nothing further that can be done at this late date. It is very regrettable that the officials of the school did not report this matter to our Detachment at the time.

Dear Sir:

Enclosed is report of inquiry into death of three school boys, held at Albany in June.

I feel satisfied the authorities of the school could not have foreseen the unfortunate occurrence and that they did do all that was possible, under the existing weather conditions at break-up time, to find the truant boys.

The fathers of two of the boys were present, and left the inquiry apparently satisfied that no individual was to blame for the fatalities.

Original documents are also returned as requested.

I trust the report is satisfactory.

Dear Sir:

I have for acknowledgment your letter of the 21st instant, in which you state that you are sending forward a report of the inquiry into the death of three school boys recently held at the Albany Residential School.

I have, today, discussed with the head of the Records Division the subject matter of your letter. Mr. St. Louis informs me, however, that there is nothing to indicate that the report referred to by you has reached the Department. If this report has been lost would it be possible to receive an additional copy?

DEPARTMENT OF INDIAN AFFAIRS

Memorandum of an inquiry into the cause and circumstances of the death of Jennie Kostachin ., Pupil No. 0185 ..

of the ..... Albany ..... Indian Residential School at Albany.,

who died at Albany (place) on 25th May 19 47

INSTRUCTIONS

When a pupil of an Indian Residential School dies, the Principal is required to inform the Indian Agent at once.

On receipt of the Principal's notice the Indian Agent shall convene a Board of Inquiry, consisting of himself as Chairman, the Principal of the Residential School, and the Medical Officer who attended the deceased pupil. These members of the Board shall, in each other's presence, complete this memorandum, which shall then be forwarded to the Department of Indian Affairs, Ottawa, in one copy.

The Board of Inquiry shall, if at all practicable assemble within 48 hours of the pupil's death.

The parents or guardians of the deceased pupil shall be given notice of this inquiry and be permitted to attend it or to send a representative. They or their representative shall be asked if they wish to make a statement. In the event of their so wishing, their statement shall be attached to the report. The inquiry, however, shall not be delayed more than 72 hours after the time at which it would otherwise be held, to enable them to attend it.

If the Indian Agent is located at such a distance from the school as to make it impracticable for him to attend the Board, he shall request a responsible local resident to act for him. A suitable person for this duty would be a Justice of the Peace or a member of the Royal Canadian Mounted or Provincial Police. A more or less permanent arrangement of this kind might be necessary in some cases. The Department is prepared to pay a reasonable fee for this duty, on the Agent's recommendation. The report of the Board, in any case, must reach the Department through the Indian Agent's office.

This inquiry is not designed to take the place of, or prevent, any other inquiry, including an inquest, which may be required by law

If the pupil died as the result of an accident, the Indian Agent is required to take the statements of the witnesses of the accident, and attach them to this memorandum.

Dear Sir:

I have for acknowledgement your letter of August 31st., in which you state that the report of the inquiry into the death of three school boys at Albany Residential School, does not appear to have reached the Department.

The report was forwarded from here with my letter of August 21st., addressed to The Director.

There is a copy on file in this office and this will be forwarded if advice is received that the original cannot be found. There are of course no copies at this office of the original R.C.M.P. report sent to me by the Department before the inquiry, and which were returned along with my report.

Yours truly,

Ottawa, June 4, 1908.

Rev.Sir,-

The last inspection report on the Cecilia Jeffrey Boarding School does not leave a very favourable impression of this institution. There has been an entire change of staff since the last inspection.

The discipline is lax, the Principal being indulgent and disinclined to excite the hostility of parents, and, owing to his being overworked, cannot give effective supervision to the school.

At the time of the inspection the children were not too warmly clad, although there were ample supplies of unused clothing on hand furnished by the Woman's Foreign Missionary Society. The bedding was insufficient and not clean.

The Inspector claims that the location of the school was badly chosen, it being difficult to reach at any season of the year. The site is low and impossible to drain, owing to the water in Lake of the Woods being raised by the heightening of the dam. Farming operations are conducted on small islands, to reach which horses and workmen have to be taken over in the launch. He found

building cold and no proper precaution taken to retain the heat and, although this is comparatively a new school, it is badly in need of repairs for lack of attention. They have no systematic water supply; the daily needs are dependent on what is brought in pails and barrels.

The Department considers that the Inspector's remarks call for some action on the part of your Society to improve the condition of affairs and make the school popular with the Indians.

Your obedient Servant.

k Pedley, Esq.
Deputy Minister of Indian Affairs,
Ottawa, Ontario/

Mr Pedley:-

Yours of the 4th inst, received, reporting on the unsatis-
ory condition of the"Cecilia Jeffery Boarding School". This comes
surprise and dissappointment, The building when erected was regard-
satisfactory and the drainage was also satisfactory at that time,
ve just learned from Professor Hart that the waters of the Lake have
dammed which I presume explains the fact that the level of the Lake
been raised, This you state in your letter as a fact, which of course
d not have been anticipated when the building was erected. The site
chosen after careful consideration and whilst it was regarded as
away from Kenora,on the other hand it was in the neighborhood of the
ans to be served, This not only secured children more readily but
made it possible to be in constant contact with the parent to their
ntage; these were the reasons that prevailed in choosing a site so
te.

I am putting your letter into the hands of Prof. Hart,the
ener, of the Synodical Committee, in charge of the work, and they
give immediate attention and report.

Mr.and Mrs Dodds who are in charge of that Mission and
had experience of several years in Indian work and were deemed succ-
il.

I regret the unfavorable report now received, The diffi-
of securing satisfactory agents for this work increases, we shall
er try and do the best possible. I am,

Yours faithfully,

Your Committee spent some time in examining the accounts of the school and the vouchers, and although they made no formal audit they believe the accounts to be correct.

Your Committee beg to state further that they left the school with the conviction that the members of the staff are devoted to their work, and that they are doing excellent work.

All of which is respectfully submitted.

to it that henceforth there will be no room for such a complaint.
(4) Your Committee do not regard themselves as called upon to justify the convenience of the location chosen for the school, but they are surprised at the complaint coming at this date from an inspector who had visited the school so often. They believe that the Inspector's opinion that it would be impossible to drain the basement of the school is erroneous, and are convinced that this will be manifest when the drain is opened and cleared out. (5) Your Committee regretted to learn that it was very difficult to heat parts of the building and especially the school room. They are of the opinion that the difficulty arises in part at least from the position of the hot air register in relation to a ventilator in the ceiling. Whether the difficulty be due to any extent to the size of the furnace, or to its construction, or the way in which the pipes are placed or their size, they express no opinion. What the Inspector thinks should be done to retain the heat your Committee do not know, but they do desire to call your attention to the greater danger of the want of ventilation in such a building, than of cold. Your Committee are also in doubt as to what the Inspector's words,"badly in need of repairs", may refer, as although they examined all parts of the building and are recommending that some repairs be made, they saw nothing to warrant such a strong expression.
Your Committee beg to report that the Inspector's complaint that there was no systematic way of supplying the school with water was true at the time of his visit and that the system is not yet what it ought to be, that the explanation of this is that the pump which had been in use for some time had worn out, that another had been gotten and put in its place, that because of the stiffness of the working of this new pump some of the castings of the wind mill broke, and that although new ones have not yet been procured, and consequently wind power cannot be used, water is pumped by hand into the school. Your Committee hopes that in the very near future the wind mill will be repaired and that water for all school purposes will be pumped by it.
Your Committee readily admit that the duties of the Principal of the school are so varied and require his presence at one and the same time at the school and in the steamboat whether freighting supplies for the school or doing mission work along the shores of the lake as to render it impossible for him to discharge them all satisfactorily, that they have considered the recommendation of the Inspector of Indian Agencies that two men be appointed to the work, the one to be Principal of the school and the other to take charge of the boat and to do the mission work, and are convinced that it would be a mistake to appoint two men entirely independent of each other to this work, (1) because in their judgment the number of Indians to be benefited do not warrant the additional cost; (2) because of the danger of friction arising between two men so situated and (3) because all who have had any experience in recruiting pupils for Indian Schools say that the Principal alone can do this work satisfactorily, as no other can give the personal pledges the Indians require regarding the care to be taken of their children. Hence they recommend that a male teacher be appointed who shall also be Assistant Principal and take full charge of the school in the Principal's absence.
In conclusion your Committee would call your attention to the fact that the cost of maintaining this school will be greater in proportion to the number of pupils than that of any other of our other schools for the following reasons. (1) A steamboat is a necessity because of the situation of the school. This has increased the cost from the first. The difference is now further increased by the enforcement of the regulation of the Department of Marine and Fisheries requiring the employment of two men, the one having a masters certificate and the other an engineer's. Happily the Principal of the school has passed the examination and received a master's certificate, but instead of engaging an Indian to be fireman we are now compelled to engage an engineer at a much higher salary. (11) The cost of keeping horses and cattle is much greater at Shoal lake than on the prairie. The Principal estimated that it will cost $60.00 to raise a steer to the third year and fit him for beef, whereas the same quality of animal can be bought on the market for $40.00. Hence while other schools save money by raising their own meat the Cecilia Jeffrey School would lose heavily. But milk must be had and the cost of securing it is even greater in proportion. During the Summer when the feed should cost little or nothing and the supply of milk be most abundant; because of the flies the cows all but cease to give milk. For this reason the Principal recommends that only one or at most two cows be kept and that they be stall fed Summer and Winter.
Your Committee beg to report further that since the beginning of mission work in this region soil for raising potatoes for the use of the school has been found not on the land secured by the Foreign Mission Committee for the school, but on two islands some distance from it. In the present state of the land owned by the church it is impossible to do more than estimate very roughly that amount that may be cultivated. A large proportion of the higher land is rock; the lower although good soil is wet. Part of this can be drained without much difficulty, but there are parts of it the drainage of which would involve such heavy cost

ceiling of the room be removed to one side of the room and that a second register be put on the other side of the room.

Your Committee examined the wing which was built last year and found that there is on the ground floor a kitchen, pantry, and storeroom for provisions; that upstairs there are four bedrooms intended for the members of the staff; and that the building is in every way satisfactory except that the only provision for heating the bedrooms is that the pipe from the kitchen stove is to pass through the upstairs hall and that it is proposed to put a drum in the pipe there. Believing this to be altogether inadequate your Committee considered the various ways in which these rooms may be heated and concluded that as there is not sufficient room for a heating stove in the narrow hall, and that in the opinion of the Committee the rooms are too far from either of the furnaces in the older part of the building to have heat conveyed thence, even if these furnaces have sufficient capacity to heat the additional space, recommend that a new furnace be purchased and put in the basement of the new wing.

The Matron called the attention of your Committee to the fact that the storeroom for clothing is in the attic and therefore difficult to reach and that owing to the heat and darkness mothe gather about it in great numbers and destroy the clothing. Your Committee recommend that if space can be found a room in one of the other rooms be fitted up for a storeroom- also that lockers for the boys clothes be fitted up in their dormitory.

The Matron stated that mattresses for the boys beds are worn out and asked that 18 for the larger size of sigle beds be procured. The Committee agreed to recommend that this be done.

The Principal directed the attention of your Committee to the fact that the wind mill for pumping water to the school is broken and that all pumping has to be done by hand. The Committee agreed to request the Principal to find the cost of the necessary repairs and unless these should be high, to have the mill repaired at once.

Your Committee inquired into the complaints regarding the school and the manner in which it is conducted made by the Inspector of Indian Agencies to the Department of the Interior.

The first statement in the complaint as sent by the Secretary of the Indian Department is as follows: "The last report of the Inspector of the Cecilia Jeffrey Boarding School leaves an unfavorable impression of this institution".

The specific matters complained of are; (1) There has been an entire change of staff since the last inspection. (2) The discipline is lax, the Principal being indulgent and disinclined to excite the hostility of parents, and owing to his being overworked, cannot give effective supervision to the school. (3) At the time of inspection the children were not too warmly clad although there were ample supplies of unused clothing on hand furnished by the Women's Foreign Missionary Society. The bedding was insufficient and not clean. (4) The location of the school was badly chosen, it being difficult to reach at any season of the year. The site is low and impossible to drain, owing to the water of the Lake of the Woods being raised by the heightening of the dam. Farming operations are conducted on small islands to reach which horses and men have to be taken over in the launch. (5) The Inspector found the building cold and no proper precautions taken to retain the heat, and althought this is comparatively a new school, it is badly in need of repairs for lack of attention. They have no systematic water supply. The daily needs are dependent on what is brought in pails and barrels. The first statement is general and stands or falls with the particulars afterwards given.

These are:- (1) The change in the staff. This arose mostly out of an attempt to improve the school by the appointment of a new principal, an appointment which your Committee still believe will be justified by the results.

(2) Discipline. Your Committee's visit was made during the holiday season so that they had no opportunity of judging of the school's discipline from the conduct of the pupils, but they did ask each member of the staff regarding this and received from each the assurance that there was no laxity in the Principal's discipline. They also learned that the Indians look upon his discipline as being too strict and that a petition for his dismissal on this ground and the appointment of another had been prepared and signed by some of the Indians. The Committee are confident that if any error as to discipline were made during the first year the Principal was in charge they will be corrected very soon by experience.

(3) The children were insufficiently clad. Your Committee are at a loss to know what reply to make to this complaint. The Matron had children of her own and should therefore know something about what children require in the way of clothing. The Committee received ample testimony to the kindliness of her disposition and of the affection of the Indian children for her. It is readily admitted that a consid[illegible]able number of mattresses were all but worn out- a defect your Committee desire to have remedied. [illegible] Committee regret to report that the Inspector's complaint as to the lack [illegible] in the bed clothing was justified by

Indian Mission Committee of the Synods of Manitoba and Saskatchewan.

Report of the Sub-Committee appointed to visit the Cecilia Jeffrey School.

Your Committee left Winnipeg at 7.45 on the morning of July 21st. and arrived at the school a little after 8 P. M. On the 22nd. they examined all the buildings and their equipment, traversed a large part of the land held by the Church in the interests of the school, examined all departments of the work as far as this was possible during the holiday season when the school is closed, and the scholars scattered over the woods gathering berries for sale, and inquired into the complaints made by the Inspector of the Indian Agencies to the Department of the Interior; and beg to report:

As to buildings:- The residence of the Principal. This is a good building, commodious and comfortable. Your Committee found that the cost of painting, which was done last Fall by the son of the Principal at a low rate, was very considerably increased by the fact that the building had stood so long unpainted before it was purchased by the Foreign Mission Committee and moved on to the school site, thus necessitating the use of a much larger quantity of paint than would otherwise have been required; that the inside had been painted by members of the Principal's family without any other charge than the cost of the paint. Your Committee found that an excellent cistern had been placed in the second storey of the building, that there is a bath room on the ground floor in which a wash basin is placed, but that there is no bath tub, that there is a sink in the pantry, and that metalic pipes have been provided to carry the water from the lake to the house, and that water is now pumped through these into a barrel, in the kitchen, but that the pipes are all above ground and are therefore useless in the winter; that there is no means of pumping the water directly from the lake to the cistern, or of taking the water from the cistern to the kitchen and bath room, and that the drain to convey water from the kitchen sink and the bath room to the lake has not been completed and is consequently useless. Your Committee requested the Principal to sink the water pipes to a sufficient depth below the ground to protect them from frost; to get an estimate of the cost of completing the plumbing so as to take the water to the cistern and from the cistern to the kitchen and bath room and of putting a bath tub in the bath room; and also to inquire into the cost of completing the drain from the sink and bath room to the lake and the precautions against frost that would be required at the outlet of this drain.

The Stable:- Your Committee noticed that the stable stands on the direct road between the residence of the Principal and the school; and thus not only needlessly mars the beauty of the walk between the two buildings, but also that the treading of the cattle must in times of rain stir up mud not only on this path but also all around the back door of the school, which the animals must pass in going between the pasture and the stable. On consultation with the Principal it was learned that a workshop and also a storeroom are required and that the present stable can be fitted up for this purpose without much cost. Your Committee recommend that a new stable be built to the south of the school, (i. e. between the school and the pasture) and that the present stable be converted into a workshop and storeroom.

School. Outside water closets:- Your Committee found that there is no provision for saving labour in the cleaning out of these; and that the Inspector of the Department of the Interior had recommended that the liquids be drained off and that a box be put in as a receptacle for the solids in such a way that it may be drawn out and emptied from time to time. Your Committee approve of this recommendation.

Your Committee examined the drainage from the school to the lake and learned that for a time it had been impossible to drain the bath tubs and that it had been feared that the lake was backing up into the tube, but that this fear had been almost entirely removed by the fact that on pressing a rod down the pipe the tube had been drained so that they are now perfectly dry. Your Committee, although they had no means of determining the levels, are convinced that unless the lake rise very considerably higher than it was during their visit, there is plenty of fall to drain the basement of the school; and consequently advised the Principal to open the drain so as to determine whether the lack of drainage arose from a stoppage in the drain. Your Committee found that the floor in the boys bath room had been laid on the clay and that parts of it are so decayed and broken that the clay is exposed in places, and that consequently it is impossible to keep the room clean and sweet. Your Committee recommend that a cement floor be put down. Your Committee further recommend that in a part of the basement in wh[ich] there is at present an earthen floor either a stone or a cement floor, as [may be] determined after further inquiry be laid.

Heating of the school room. The attention of your Committee was d[rawn to the] fact that there is but one hot air register in the room, and that [consequently the] heating [is] very [unsatisfactory] during the winter months. Your Committee [recommend] that a ventilator [be placed] in the room [connecting] with the [chimney] either

Dear Sir:-

You will find enclosed a copy of a report of a Committee appointed to visit the Cecilia Jeffrey School. I am sorry that this report has been so long in being forwarded to you. It was sent from here to our Committee in Toronto with the expectation that it would be forwarded to you by the Committee there. A letter from Rev. Dr. MacKay, the Secretary of the Toronto Committee written on the 10t. September has the following:-

"The Jeffrey School report was submitted, read and appreciated. It implies a good deal of expenditure which would fall upon the W. F. M. S. The report will be referred to them. It also agreed that a copy of this report should be sent to Ottawa. Possibly you have done so already. If not would you do so immediately. I would have sent it from this office but that I leave tonight in connection with the Layman's Missionary Movement for Halifax and am instructed to follow that movement from ocean to ocean, which means I shall not be in the office until November."

Yours truly,

James Farquharson

Sir:—

I am forwarding the quarterly returns for June quarter and requisition for school materials directly to you, as agent McKenzie is away attending to treaty payments and is not expected to return for six weeks.

I am sending under another cover a copy of my annual report.

I would respectfully call the attention of the Department to the fact that we have a number of children of treaty Indians in the school for whom we are receiving no grant — the grant being paid for thirty only — and, since the new part was added to the school, Inspector Semmens seemed satisfied that we had ample accommodation for forty; perhaps 45. I would ask that the Department raise the number paid for to forty, I do not like to turn children away when we have the accommodation, and, even when all receive the grant, the strictest economy must be exercised in order to carry on the school,

Yours truly

Rev. Sir,-

I have to acknowledge the receipt of your letter of the 3rd inst., and in reply I beg to say that the return from your school for the June quarter and requisition for desks and a blackboard have been received.

Mr. Agent McKenzie has been written to with reference to the cost of these articles locally, and the matter will be dealt with in due course.

In regard to the increased pupilage I beg to say that provision is made in the current year's estimates for only thirty pupils, and this number cannot be exceeded.

Sir,

I forwarded the quarterly returns, one month, for the Cecilia Jeffrey School about the 1st of July and I have heard nothing of them since. The lack of the money is causing me a good deal of inconvenience. I see no reason why it should not be here in two weeks after the returns are sent. Will you please attend to this at your earliest convenience.

Rev. Sir,-

Replying to your letter of the 10th inst. I beg to say that on July 10, last, a cheque for $540.00, being the earnings of the Cecilia Jeffrey school for the June quarter was sent to the Treasurer of the Presbyterian Church, Toronto, with whom you will have to communicate. As you will see, the Department attended to the matter of payment very promptly.

The grant has never been paid direct to the School by the Department but through the Church, a fact of which you should have been aware.

Dear Sir:-

In your letter of July 14th, No. 219657/1, you say that for the Cecilia Jeffrey Indian Boarding School provision is made in the current years estimates for thirty pupils only and this number cannot be exceeded.

I beg to say that if this cannot be reconsidered I shall have to discharge some of the pupils, as I cannot finance the school and keep a number of children that are not paid for. But I have been at great pains and trouble to create and foster the inclination in the Indians to send their children to school, I have had to refuse seven applications already this summer owing to lack of space and if I have to turn out some of those we have in it will certainly injure the school.

Dear Mr. Scott:-

I received the other day a letter reporting that Mr. Dodds of the Cecilia Jeffrey School, had declined to receive a boy into the school who was seeking admission, and it was stated that this was the 10th. child declined during the year. This was done because the Government grant allowed is for only 30 children, and they cannot afford on that amount to maintain a larger number. There are at present, I believe, 33 in the school, but it does seem unfortunate that the purpose of the school is being defeated simply for want of funds. Our Board is prepared to in some measure prevent such action as that, at the same time does it not seem desirable that we should be able to meet the requirements of that band. The school is an expensive one,- the most expensive that we have, by far, because of its location. Now that it is maintained at so great an expense, the little additional expense necessary to meet the requirements of the situation ought not to be refused. Having done so much should we not do the rest? I will be glad if you will give this consideration.

Yours sincerely,

RPM/LBA.

Mr. Duncan C. Scott,

Dear Mr. Scott;-

I have a letter from Dr. Farquharson, submitting the name of Miss Ethel C'Bannon for appointment to the Cecilia Jeffrey School. She is from Nova Scotia; holds certificate as teacher from the Educational Department of the Province of Nova Scotia and has presented to the Western Committee testimonials from the Superintendent under whom she taught, and also from her College, with references to several others such as President H.E. Stout of the Howard Payne College, Fayette, Mo., Rev. G. Ernest Forbes, New Glasgow, N.S., and Dr. David R. Boyd, 156 Fifth Ave., New York City. She is 25 years of age; a high-school graduate, and has had a year and a half experience in teaching. This seems a suitable appointment.

My one objection to it is that she comes a long way, which involves considerable expense in travel. However the difficulty of securing teachers increases, and I presume if it meets with your approval it would be well to appoint her.

Yours sincerely,

Dear Mr. Scott;

There is a matter that I proposed some time ago to write to you about, and neglected, which is perhaps not practicable, but is important if it could be done.

Between the Cecilia Jeffrey School and Kenora there is a narrow channel, and when thewater is low it is not possible for the vessel to get there. I am afraid this year they will cut off from their source of supplies. A little blasting would remove certain boulders, I believe, and open the channel. It would, of course, have to be a Government undertaking. Would it be within your province to make the suggestion and have the situation looked into? It would become very embarrassing to our work if we should find the water so low as to in the future shut off steamer connections.

Ottawa, June 10, 1911.

Sir,

There is situated in western Ontario near the boundary of Manitoba at the west end of Shoal Lake, 45 miles south-west of Kenora, an Indian boarding school conducted under the auspices of the Presbyterian Church. This school has to bring in all supplies by boat from Kenora and between the location of the school and Kenora there is a narrow channel. When the water is low it is not possible for the vessel to navigate this channel. The Department is in receipt of a communication from Rev. R. P. MacKay, Secretary of the Foreign Mission Committee of the Presbyterian Church in Canada, in which he says that he is afraid that this year they will be cut off from the source of their supplies. It is stated that a little blasting would remove certain boulders and open the channel.

I desire to bring this matter to the attention of your Department with a request that you kindly have it looked into.

Dear Mr Oliver,

The Presbyterian Church has an Indian mission School on Shoal Lake, the western extension of the Lake of the Woods. The mission owns a steamer upon which it depends for bringing out its supplies from Brandon, forty miles distant. But the usefulness of this steamer is greatly hampered by the impediments to navigation presented by Ash Rapids between Shoal Lake and the Lake of the Woods. We therefore, along with others, are asking the Dominion Government to improve the navigation of these rapids. A survey and estimate of cost has recently been made by the Department of Public Works and we understand that sufficient data are now available in the hands of Department to enable the Government to give intelligent consideration to the application

Will you be so kind as to look into the matter and give it your support as being in the interest of Western development in general and especially in the interest of the more efficient working of one of the schools of the Indian Department

I enclose a memorandum giving further information & I am

In support of the application to have the channel deepened at Gull Rapids attention is directed to the following circumstances:

302751

Navigation is impossible under present conditions. There is only three feet five inches of water in the shallowest part of the passage at present which makes it impassable for everything but gasoline boats of trifling size. Even when the water is higher the rapids are difficult and hazardous. When the writer visited the place a few days ago he counted nine propeller flanges in the water or on the bank which had evidently been broken off by steamers that had struck the rocks. And along the shore are strewn the remains of wire cables and hawsers which had been broken in the attempt to warp steamers over the obstructions.

The undertaking is in the public interest. Shoal Lake is a considerable body of water about fourteen miles from east to south and about nineteen from east to west. Its only means of communication with the outer world is through Ash Rapids and the Lake of the Woods. The industries now in operation on Shoal Lake include two gold mines in operation, the Mikado and the Ramsaeus mine (or Cameron Island mine) and half a dozen others which have buildings erected but are awaiting more favourable conditions, an Indian boarding school, under the care of the Presbyterian Church, which has now an attendance

enlarged, to accommodate [illegible], a fishery which
[illegible] two steamers and scattered farmers along the
shore of the lake. During the recent visit of the Dominion
Government engineer who made a survey of the rapids,
in the course of twenty-four hours, three steamers and
three gasoline motor boats arrived at the rapids, (not
including the boat in which the Government party travelled.) The steamers had to transfer their goods, but the
gasoline boats, with a good deal of bumping on the rocks,
managed to get through.

3. This improvement is asked for not only by those whose business interests are immediately involved, but also by the Kenora Board of Trade, the Foreign Missions Committee of the Presbyterian Church, and every public man in every part of the country who knows the circumstances.

4. The cost is likely to be small because the amount of solid rock to be blasted is not great. The chief work is the removal of boulders the expense of which is inconsiderable.

He suggests that it might be advisable for some member of the Committee to visit the Public Works Department but I imagine that that is unnecessary. Could you not present the case better than we can? If, however, you think any advantage would come from such a visit, somebody would go to Ottawa for that purpose. You will be a better judge as to whether or not the coming Election would have any bearing upon that question.

Dear Mr. Scott;

I have a letter to-day from Professor Baird who is summering on the Lake of the Woods and has been looking into the navigation of that region. He went with the engineer and visited the rapids. Sir,-

I beg to transmit herewith for your information copy of a letter which the Department has received from the Rev. R.P. MacKay with regard to the difficulty in navigating Shoal Lake, an extension of a portion of the Lake of the Woods.

This Department has an Indian Boarding school at Shoal Lake conducted by the Presbyterian Church, and it is in the interests of the school that the channel referred to should be made navigable. I have, therefore, the honour to request that your Department will give the request made by the Rev. Dr. MacKay favorable consideration.

Sir,

Your letter giving instructions to report on the Channel between the Lake of the Woods and Shoal Lake, was mislaid by Mr. Davies, Assistant Engineer, hence I am unable to refer to the file number. I trust that it will be found and sent to you later.

An examination was made July 17th. and showed that the obstructions are in what are known as the Ash Rapids, connecting the Lake of the Woods with Shoal Lake, through which all boats taking in supplies to the Indian School (supported by the Presbyterian Church) must pass. The rapids are short and contracted, being only 30 feet wide from bank to bank. They are known as the Upper and Lower Rapids, separated by Lock Lake, a body of water about 1600 feet long. The difference in elevation of the Lake of the Woods and Lock Lake is 0.30 of a foot; and between Lock Lake and Shoal Lake 0.90 of a foot. These heights are very much augmented by the wind, which causes the water to rise in either lake, depending upon the way the wind blows.

To obtain a channel five feet deep, and 30 feet wide, it would be necessary to blast and dredge about 467 cubic yards boulders and solid rock. In the lower channel about 232 cubic yards of rock and boulders would require to be removed. As there is no plant which would be available for this work it would be expensive and would cost in the vicinity of $3500.00. The motor boat which the Mission uses draws 4½ feet of water, so that a five foot channel would be necessary at the present time, when the water is extremely low in the lakes.

The necessity for improving these rapids is problematical At present the Indian Mission or school are the principal ones

using it

Sir,-

I beg to acknowledge receipt of your communication of the 6th October; and in reply desire to remind you that you have already been advised as to the Department's intention regarding the Pirtle school.

As regards the Round Lake, ~~xxxxxxx~~ I may say that the Department will be disposed, provided you actually purchase material ~~xxxxxxxxxxxxxxx~~ and get it on the ground during the winter, and also make all preparations for putting up the new building at that point (on plans prepared by the Department, or by yourself and approved by the Department) to pay you a per capita grant of $125. from the 1st April. The Departments architect has stated that he had a conversation with the Western Committee and proposed to them a new plan for Crowstand, which will also answer the needs at Round Lake.

As regards the Cecelia Jeffrey school I may say that the matter seems to hinge on the improvement to the channel. The cost ofthe improvements in question is estimated at $3500. [illegible] funds are available. The Public Works has been asked [illegible] amount in their estimates, but it is not possible [illegible] present time to [illegible] will be available [illegible] expenditure next year and, therefore, [illegible] channel might be post-poned indefinitely this Department feels that it would hardly be justified in consenting to pay the increased grant to the Cecelia Jeffry's school from the 1st April.

Dear Sir:-

In a letter I have just received from Dr. Farquharson of our Winnipeg office, he advises me that Miss E. M. Bennett has been appointed to the C. Jeffrey School. She holds a senior Cambridge certificate from England. She sends certificates as to her work signed by J. G. Moat, Manager Hudson's Bay Company, Moose Factory; F. B. Evans, Manager Hudson's Bay Company, Cochrane, Ont., and Rev. Jno. R. Bythell, Incumbent, Cochrane, Ont. All these testimonials speak very highly of Miss Bennett, and state that she has the qualities of an honorable christian lady and a most able teacher. Miss Bennett taught in an Indian School at Moose Factory under the Indian Department for eight months. Since then she has been acting as governess in the homes of the two Hudson's Bay Company Managers who write testimonials in her behalf.

Dear Mr. McGregor :-

I wish to bring to your notice and to the attention of the Department an act of courage on the part of one of our boys which is seldom paralelled and which, I think, deserves some sort of recognition, for, at the risk of his own life he saved a man who accompanied him from drowning,

Our mail had been brought out to the [illegible] at the head of Indian bay, Yesterday, Dec. 11, I asked Rec. No. 29 [illegible] to go over and bring the mail from the camp, Mr. Aitkin, chemist in charge of the laboratory in connection with the Winnipeg water supply, said he would go with him as he had some busines to attend to there, They were skating and when crossing Snowshoe bay they came upon thin ice and both broke through and went down in the water at the same time, after breaking the ice at the edge in several attempts to get out Rec. at last succeeded in getting on the ice where he lay for a [illegible] short time chilled and exhausted to get his breath, When,

seeing Mr. Aitkin with a heavy coat on struggling in the water and unable to get out, he went over to where he was and, believing that if he broke in again they would both drown, he went near enough the edge to seize Mr. Aitkin's hand and, exhausted as he was himself, managed to pull him out of the water, Mr. Aitkin himself assures me that he could not have got out if Alec. had not come to his assistance, as he was becoming numb and helpless in the ice-cold water,

I might add that an Indian passing a short distance from the place saw them struggling in the water and refused to go to their assistance because he feared that he might break in himself if he went near the spot.

I think that this case might very reasonably be brought to the attention of the Secretary for the Carnegie hero fund,

Sincerely yours,

Sir,

I beg to inform you that this Department is in receipt of a letter from Mr R.S. MacKenzie,Indian Agent,at Kenora, in which he enclosed a communication from the Revd F.E. Dodds,Principal of the Cecelia Jeffrey Boarding School, reporting a signal act of bravery on the part of Alec,an Indian pupil of the Institution. This boy,with his companion Mr Aitkin,crossed "Snowshoe" Bay on the ice on their skates. Both persons broke through the ice at the same time and were struggling for life in the water. Alec succeeded in reaching a place of safety,but a short time after returned in his weakened condition to the rescue of his companion,whom he saved,but with difficulty. The fact that another Indian witnessed the accident,but refused,from fear, to go to the rescue,indicates the dangers of the situation. Copy of Mr Dodds letter setting forth all the facts of the case is enclosed herewith.

This matter is reported to you in the hope that your Society will award a medal to Alec for his bravery.

Ottawa, 27th December, 1913.

Sir,-

It has been suggested to the Department to bring to your notice an account of an act of bravery on the part of Alec, an Indian boy, who is a pupil at the Cecelia Jeffry Boarding School, in Ontario. I, therefore, enclose herewith copy of a letter bearing on the matter, which was received from the Indian Agent, Mr. R. S. McKenzie, and also copy of the communication which he enclosed from Mr. Dodds, Principal of the School. The boy Alex, with his companion, Mr. Aitkin, crossed "Snowshoe Bay" on the ice on their skates. Both persons broke through the ice at the same time and struggled for life in the water. Alec succeeded in reaching a place of safety, but a short time after returned, in his weakened condition, to the rescue of his companion, whom he saved with difficulty. The fact that another Indian witnessed the accident, but refused, from fear, to go to the rescue indicates the dangers of the situation.

It is hoped that the facts now submitted will be sufficient to admit of recognition by the "Carnegie Hero Fund" of the act of bravery on the part of this Indian boy. The Department feels that his conduct merits recognition.

Your obedient servant,

Asst. Deputy and Secretary.

Dear Sir:

Your letter of December 27, with enclosure, calling the attention of the Commission to an act performed by an Indian boy, was duly received.

In order that this case may receive propor attention, I shall be obliged if you will give me a circumstantial account of the act, embodying therein the following information:

1. The date and time of day of the act, and the name of the city, town or village, etc., in which it was performed.

2. The name, address, age, height, weight and occupation of the rescuer.

3. The name, address, age, height, weight and occupation of the rescued (or victim).

4. The exact location of the place where the accident occurred, and a description of it and its environments. (If a water accident, please give depth of water at the point rescuer reached rescued, and the distance from that point to the place rescued was taken, and state what part of the distance was over the head of the rescuer. Also give speed and direction of current, if any; height of waves, and state of weather).

5. A complete description of the accident and the rescue, or attempted rescue, giving in detail the precise nature of the risk the rescuer ran in performing the act, and the method employed in effecting the rescue. (If a water accident, state precisely how rescuer took hold of rescued and took him to the place of safety; and to what extent, if any, the latter struggled or impeded the efforts of rescuer to save him. Also state how the rescuer was clothed, and what experience he had had in swimming).

6. The physical effect of the act upon the rescuer. If injured, state nature of injuries and how long disabled, giving name and address of attending physician. If killed, state nature of injuries and cause of death, and name and address of attending physician and coroner. In both injury and death cases, state whether single or married; if single, and any one dependent upon him (or her) for support, the name, address, age, and relationship of such; if married, the names and dates of birth of wife (or husband) and children.

7. The names, addresses, ages and occupations of at least three eye-witnesses of the act, if there were that many.

Newspaper clippings may be sent with your statement, but they cannot be accepted as part of it. Affidavits are not necessary.

Upon receipt of your report, as above indicated, the case will receive due consideration.

Yours very truly,

Manager.

Dear Dr. Grant,-

In further reference to your communication of the 21st instant, re appointment of nurses in Indian Boarding Schools, I beg to say that I have decided to try the experiment by appointment temporarily two nurses, one to be stationed at the Cecelia Jeffrey Boarding School where medical attendance is not readily available, and one to be appointed at File Hills Boarding School on the understanding that her services will also be available for given periods at Portage la Prairie and Round Lake.

I regret that the funds at my disposal will not permit me at present to go more extensively into this scheme, but, should experience show the wisdom of the move I shall be prepared at a later date to give the question of extension due consideration.

It is to be understood that these two appointments are temporary, the continuance to depend upon results. Salary will be $600. per annum, the School authorities to provide food and lodging. When you are in a position to nominate graduate nurses for these positions I shall be pleased to have the names with full information respecting qualifications etc.

KODAK SAFETY FILM

Information required by Carnegie Hero Fund Commission

1 5 0 2 1 5

1. The rescue took place on December 11, 1913, at 9 o'clock A.M. in Snowshoe Bay at the west end of Shoal Lake, an arm of the Lake of the Woods, near the western boundary of the Province of Ontario.

2. The name of the rescuer is Alec. Mandamin, He is in his 17th year, weighs 132 lbs., is 5 ft 7 inches in height, and is at ~~at~~ present, as he was at the time of the accident, a pupil of the Cecilia Jeffrey Indian Boarding School. His winter address is Ingolf, Ont. Summer-Kenora, Ont.

3. The name of the man rescued is Charles E Aitkin, His address is Ingolf, Ont., age 23, height 6 ft and ½ inch, weight 160 lbs. He is an analytical chemist in the employ of the Greater Winnipeg Water Commission.

4. Snowshoe Bay, at the west end of Shoal Lake where they were skating when the ice broke precipitating them into the water, is about a mile in width and where the accident happened about the middle of the bay. The water is 20 feet deep. The Cecilia Jeffrey school to which the boys belonged is a mile and a half from the place where a change of clothing could be obtained is a mile and a half from the place.

5. The two above mentioned were skating ~~a~~ situated from each other about four or five yards, when they came upon thin ice which broke under their weight precipitating them into the water simultaneously. The boy, Alec, wore his ordinary winter clothing without overcoat as he thought he would be warm enough skating without it, After being in the water about five minutes, during which time he

made several attempts to get out, the ice breaking again and again as his weight came on it, he succeeded in getting on the ice where he lay a few moments to recover breath, Then seeing Mr. Aitkin still struggling in the water he went over to him and venturing near enough the edge of the broken ice to grasp his hand succeeded in pulling him out of the water on the ice. Naturally the boy might be expected to be unnerved and somewhat exhausted by his plunge into the icy water and his subsequent efforts to get out the success of which seemed for a time doubtful.

The risk and danger consisted in this.— That the ice which had broken repeatedly under his weight while endeavouring to extricate himself might break again if he went sufficiently near the edge to grasp the man struggling in the water, but if he succeeded in getting hold of him the chances were twenty to one that the weight of the man in the water added to his own would cause the ice to break and both would be in the water again. He faced that danger and took the risk believing, if that happened in the condition he was in then they would have both drowned.

6 They are both swim fairly well but are not expert swimmers. They were in a precarious condition when they reached the school, chilled to the bone with their clothes frozen upon them, The boy was given dry clothes, hot drinks &c. and kept inside until thoroughly warm, He seemed none the worse afterwards.

7 There were no other eyewitnesses.

Mr. Aitkin informed me afterwards that he could not have got out without assistance, He said that when the boy approached the edge of the ice to pull him out his face was

In the matter of the rescue from drowning

of Charles E.Aitken.

I Chas.E.Aitken of the Shoal Lake, District of Kenora, Province of Ontario, Dominion of Canada, do solemnly declare that on the eleventh day of December 1913, while skating across the lake, in company with Alex. Mandamin, No.29, Cecilia Jeffrey School, the ice gave way and we both went into the water simultaneously, encumbered as I was with a heavy Mackinaw Coat and the Clare ice affording no hold, it is doubtful whether I could have got out without assistance.

About 5 minutes after we went into the water, Alex. Mandamin managed to drag himself on to his stomach, on the ice. He then came close to where I was and caught my hand pulling me on the ice: Altogether I should judge the time I was in the water would be about 8 minutes.

When pulled on the ice it was as much as I could do to move my arms and legs. I am deeply indebted to this boy, as I believe I could not have got out alone, no one else being in the vicinity at the time.

AND I make this solemn declaration conscientiously believing it to be true, and knowing that it is of the same force and effect as if made under oath and by virtue of the Canada Evidence Act, 1893.

Sir:

Your letter of February 16, giving information on the case of Alec. Mandamin, duly received.

The Carnegie Hero Fund applies to acts in which conclusive evidence may be ained showing that the person performing the act voluntarily risked his own life aving, or attempting to save, the life of a fellow-being.

I beg to state that we have found it necessary to adopt a rule not to con- r cases in which there were no eye-witnesses to the essential details of the act. efore, I regret to say, we cannot proceed further with this case. You will under- l, I am sure, that the application of the rule in this instance is not in any way ended as a reflection upon the veracity of the rescuer or rescued.

DEPARTMENT OF INDIAN AFFAIRS CANADA.

Memorandum.

Mr. Scott:

In December the Rev. F. T. Dodge, Principal of the Cecilia Jeffrey School, reported through Agent McKenzie that Alec Mandamin, No. 29 of the school, risked his life in endeavouring to save from drowning Mr. Charles E. Aitken. The matter was brought to the attention of The Carnegie Hero Fund with the request that Mandamin receive recognition for his bravery. The evidence, while conclusive, consists of a circumstantial account of the accident by Mandamin and by Mr. Aitken, the man who was rescued. There were seemingly no eye witnesses. The result is that The Carnegie Hero Commission states that it will not be possible for them to proceed further with the case as they have adopted a rule not to consider cases in which there were no eye witnesses of the essential details of the act.

Mandamin's act of bravery was also reported by the Department to The Royal Canadian Humane Association, and is still under consideration by that society.

When Agent McKenzie first presented this case to the Department,(December 17th last), he remarked that he considered the boy should receive some recognition for his bravery. It is possible that he may yet be given a medal

by The Royal Canadian Humane Association, but I beg to point out that in the case of bravery exhibited by Indians in British Columbia the Department recognized the noble conduct of the individuals by granting assistance to them, and it occurs to me that we might do something out of the ordinary for Mandamin. If you approve of the suggestion his case might be noted as deserving of special consideration when he makes a start in life.

Rev. Sir:-

Referring to your letter of the 12th December, addressed to Agent McKenzie, of Kenora, copy of which letter is in the Department, regarding the case of Alec Mandamin, No. 29 of Cecilia Jeffrey Boarding School, I beg to say that the act of bravery in endeavouring to rescue from drowning Mr. C. E. Aitken was brought to the attention of The Carnegie Hero Fund Commission, and although the evidence furnished by you indicates that the young man risked his life in an endeavour to rescue Mr. Aitken, the Manager of The Hero Fund Commission states that it will not be possible to make an award to Mandamin as the commission has adopted a rule not to consider cases in which there were no eye witnesses of the essential details of the act. He remarks that the application of the rule in this instance is not in any way intended as a reflection upon the veracity of the rescuer or rescued.

The Department has also been in correspondence with The Royal Canadian Humane Association in regard to Mandamin's case. You will therefore be advised in this connection at a later date.

I may say that the Department desires to recognize Mandamin's act of bravery in a special manner and therefore when the young man is about to leave school it is desired that

INDIAN'S HEROIC ACT REWARDED

PUPIL OF CECILIA JEFFREY INDIAN SCHOOL, SHOAL LAKE, AWARDED BRONZE MEDAL BY CANADIAN ROYAL HUMANE SOCIETY.

News has just been received from Ottawa to the effect that Alexander Mandamum, a pupil of the Cecilia Jeffrey Indian School at Shoal lake, has been awarded a bronze medal by the Royal Canadian Humane society for an act of conspicuous bravery.

It will be remembered that early in December, Mr. Aitkin, a chemist and young Mandamum crossed Shoal lake on skates, and on their return they broke through the thin ice. After a desperate struggle, the young Indian succeeded in pushing himself to the edge of the ice, and crept to a place of safety. The rescue remembered was unanimous, and, though Aitkin has great pluck, at once started to the house [illegible] he was greatly exhausted the plucky lad succeeded in getting Mr Aitkin to a place of safety.

The matter was brought to the attention of the Royal Canadian Humane Society, and the brave act of the young Indian was deemed worthy of suitable reward, with the result that the coveted medal has been awarded him.

"A lot of kindness would be left undone if everybody waited until they were rich."

The Transportation of Grain

Construction of an Inland Waterway From the Ocean to the Prairies is Advocated

Advocating the construction of an inland waterway from the ocean to the prairies as the most practical way of making the raising of grain a more profitable undertaking, Mr. C. A. Dunning of Regina, a member of the Saskatchewan Commission on Grain Marketing, in addressing the Regina Board of Trade, advanced arguments proving the necessity for such a waterway. Mr. Dunning is manager of the Saskatchewan Co-operative Elevator Company, with headquarters at Regina, and in view of the investigations carried out by the commission of which he was a member, is well able to deal with the question of "Marketing of Saskatchewan Grain."

In the course of his remarks Mr. Dunning said: "The marketing of grain at a country elevator is a common scene in Saskatchewan. Here you see farmers marketing their grain in the most common of all methods. You even see a team of oxen. The grain is weighed on a platform, which has a special arrangement for dumping the grain into the pit, from which it is elevated to the top of the elevator and [illegible] desired to transferred to cars, and carried by rail to Montreal. Another route is by way of Buffalo, the Erie canal or rail to New York, while still another is that by way of Port Colbourne, the Welland canal and the St. Lawrence River.

"Going one step further along the path of the grain—I am taking the case of grain shipped via Port Colborne, the Welland Canal and the St. Laurence to Montreal. The Dominion Government owns a transfer elevator at Port Colbourne. A large leg reaches out from the side of the elevator next the lake boat like an arm. The grain is taken up by this leg and can be run from the top of the elevator into smaller boats. This is one of the expenses rendered necessary, owing to the fact that the large lake boat cannot pass through the canal system at the present time and illustrates the necessity of a deeper waterway.

Complaint was made that the children in the Cecilia Jeffrey boarding school were cruelly beaten by the Principal at times and the Indians were afraid the this would hurt the reputation of the Institution. The charge was made by Chief Red Sky in the presence of the Principal.

In reply to this, Principal Dodds said that the impression was exaggerated, that he never punished when any other method of maintaining discipline would meet the case and that he seldom punished at all severely.

It was further reported that one pupil was punished so severely that she fell sick and shortly after died in part it was thought the result of her humiliation.

This was on investigation found to be false as the girl in question had never at any time received severe chastisement.

It must be added that this charge had become common gossip all over the Lake of the Woods and was corrected by our party at every point. Not one pupil, however, could be obtained for the school at any point.

Referring to that portion of yourereport on the Kenora and Savanne Agencies in which you state that complaint was made that the children in the Cecilia Jeffrey Boarding School were cruelly beaten by the Principal at times and the Indians were afraid that this would hurt the reputation of the Institution, I beg to say that the Department would like to know whether you made inquiries in regard to this complaint and if so, what foundation there is for these charges. It is noted that you state that the reputation of the school suffered the consequence and that not one pupil could be obtained at any point along the lake of the Woods. You state that you investigated the charge laid against the principal that a girl pupil was punished so severely that she fell sick and shortly afterwards died it is thought partly from the humiliation and that you found this charge to be false as the children at any time never received severe chastisement. It is not however, denied by the Principal that corporal punishment is administered in this school, but he claims that the punishment is not at all severe, but whether severe or not, it sets the Indians against the school and it would be better if the Principal would adopt some other means of maintaining discipline in the future.

Sir,-

I have your letter of the 31 st ultimo in regard to the report circulated on the Lake of The Woods to the effect that one of the pupils of the Cecilia Jeffrey Boarding School had been severely punished by the Principal and shortly after had sickened and died, it was thought partly from the effects of the punishment.

In reply to your question as to whether an investigation was made into the circumstances of the case I beg to say that the matter became the subject of immediate enquiry by me.

The result of my finding was that the report was untrue as intimated in my Report of the Kenora Agency dated July 8 th 1914

The facts are as follows:-

The Girl in question was classed as good and never at any time did she merit punishment. She died from a complication of troubles resulting from measles . Her death was regretted by all . The Principal gave me his solemn avowal that he never punished her in his life and Mrs Dodds confirmed the statement .She was acting Matron at the time of the girls demise.

INDIAN SCHOOLS BRANCH
AUG 19 1914

I made enquiries as to the origin of the report and found that a Conjuror a member of the Shoal Lake Band No 40 had circulated the report .His attitude toward the School has been one of continued opposition. He is an old time Pagan and dislikes the religious element adopted in the management of the Institution and has done everything in his power to prevent parents from sending their children to the School.

When this was ascertained I made it my business to correct the report at every point and Mr Dodds was present to confirm the statements of the Agent and myself by his own testimony.

The fact remains that the Principal has resorted to corporal punishment at times and the children have reported this to

Dear Sir:—

Yours of the 14th inst. to hand in reference to the number of pupils in Cecilia Jeffrey school for which the per capita grant is paid. I understood when the building was reconstructed and enlarged in accordance with the plans of the government architect that the agrument providing for 70 pupils only was cancelled and that payment would be made for a larger number of pupils according to the capacity of the building and the accommodation afforded. The reason, as I understand it, for limiting the number of pupils in any school is to prevent overcrowding. I had asked to have the building enlarged sufficiently to accommodate 70 or 75 pupils, and when space was provided for a larger number I can see no reason why we should be tied down to an old agreement which should have been automatically cancelled.

After the expense of enlarging and improving the school, visiting the Indians in order to

assure them of the additional comfort and accommodation, and when they are sending to send their children to the number of 60 or 70, it is not very encouraging to be informed that the per capita grant is provided for only forty pupils

This makes the grant for March quarter about $200.00 less than we had expected, and at a time, too, when the advance in the price of almost everything makes the keeping up of the school and the carrying on of the work a very difficult problem even with the grant paid for all the children attending.

I beg leave to suggest that the Department be informed through an Agent or Inspector, or both, of the maximum number of pupils our school can accommodate, and that the per capita grant be paid for all regularly admitted pupils attending, up to that number, from the first of January. 1915.

Yours Truly.

Dear Sir:—

I enclose a copy of a letter, which I received from the Indian Agent at Kenora, in reference to the number of pupils for which the per capita grant is paid in our school, together with a copy of my reply to his letter. I suppose the "agreement" mentioned is in existence somewhere, but I never saw it and do not know where it is.

Perhaps you can take this question up with the Indian Department and bring some pressure to bear on it in order to obtain the per capita grant for a larger number. We have 75 regularly admitted pupils in the school now, and I had expected that before the summer was past the number would be up to 65 or over. But it is impossible to carry on the school and keep out of debt with that number if we receive payment for only 40 pupils. So if we can not get the grant for a larger number we shall be compelled to cut down the number of pupils again to about 40. And I shall be very sorry to do that as it would injure the school. —

Very sincerely yours

Rev. Sir:—

I am in receipt of a letter from the Department in which they say:—

"The March quarter return shows that there was an average attendance during the quarter of 46-65 pupils. In this connection I beg to inform you that the per capita grant is provided for only forty pupils at this school. The return shows an attendance of 54 pupils during the quarter, while the agreement with the school authorities for the maintenance and and management of this school provided that only forty pupils should be in residence."

Will you kindly give me some explanation in regard to this as I understood you were allowed 60 pupils. But as I never got any information from the Department I hardly know what to say.

Dear Mr. Scott:-

I am forwarding to you the correspondence that I have received from the Cecilia Jeffrey School. There must be some mistake here, as this school has been remodelled at great expense, and the capacity of the school increased. I do not see any reason why we should not receive the percapita grant for the full number of pupils in the school, especially from the first of this present year, as we have had this increased accommodation now for nearly two years, and the school is in Grade A and entitled to a percapita grant of $125. I hope, in view of the enclosed financial statement, you will see, not only the wisdom, but the absolute necessity of our receiving a grant for all the pupils we have cared for in this school.

Awaiting your reply,

I am,

Yours very sincerely,

Dear Dr. Grant.

I have your letter of the 6th. instant with enclosures, relative to an increase in the pupilage at the Cecilia Jeffrey Boarding School. This was a matter which was under consideration when your letter arrived, and correspondence had been had with the local Agent. I have decided to grant an increase of 20 in the pupilage, making it 60, and to antedate this increase from the first of the March quarter, that is January 1st. last.

Memoranda Re Cecilia Jeffry Boarding School

(1) For some years the Cecilia Jeffrey School has been poorly managed as my reports have shown from time to time.

(2) There have been extenuating circumstances which have also been mentioned in my reports and while I have criticised as in duty bound I have never been without hope of better things when the conditions should improve.

(3) Laterally the Department has increased the capacity of the School and improved the heating etc so that the Staff has had a better chance to show good results.

(4) The attendance has much increased within the last year and with the consequent additional income the Principal has ~~much~~ made much advancement in efficient management so that our last report shows a very good state of things--indeed a complete transformation has taken place which we have had great pleasure in reporting.

(5) The present attendance of Pupils is 54 . The average attendance for last quarter was 46-65 . More pupils are applying so that the attendance for the coming season is estimated at 65 .

(6) Lately the Department through Agent Mc Kenzie has notified the Principal the Rev F.T.Dodds that the grant can only be paid for 40 pupils as per agreement on record. This means a loss of 200.00 on the March Quarter and this amount of loss will be greater in the June quarter when it is expected more pupils will be in attendance.

(7) There are sixty childrens cots in the Dormitories and my report of February 1914 states that there is accommodation for 60 to 65 pupils. It seems to me to be advisable to have the Department authorize the the admission of a greater number than forty so that the present level of efficiency may be maintained,and the number now on the roll be kept in the School. Where so many applicants are found willing to attend it is a pity to turn them down,especially as there are hundreds of children on the Inspectorate not attending any School.

Respectfully Yours

My dear Mr Scott,-

I append herewith a Memo from Mr Semmens re Cecilia Jeffrey School which I am sure will interest you.

The case seems to be that the Department since its agreement with the Church has enlarged and improved the accommodation in the School to such an extent that 65 pupils can now be cared for.

When the limit was forty the Principal was tied up for funds and the School was run in a more or less slovenly manner. With the grant for 65 the work will be very much better done. We have the accommodation and we have about 500 children on the various Reserves in need of education.

I bring this to your personal attentionin the hope that you will give instructions that assistance will be given the Church to the limit of the School in order to insure the best results for the outlay in buildings, improvements etc by the Department.

Yours Sincerely

Dear Dr. Grant:-

A short time ago the Indian Department raised the number of grant-earning pupils in our school from forty to sixty, but I am satisfied that we have ample accommodation for ten more, or seventy. We have already 59 on the roll, and we had an average of 57 for the month of June. We have applications already, verbal or by letter, for the admission of 10 more children, The Indian Agent at Kenora, Mr. McKenzie, agrees with me that we have easily room for 70 pupils.

If the attention of the Department were dire cted to this matter, I think they might reconsider it and raise the number to 70.

Dear Mr. McLean:-

File No. 219657/1. Yours of July 20th received. I am writing to the Principal of the Cecilia Jeffrey School, to state that he will have to leave those extra children out of school for this year. It seems too bad, when we have gone to the expense of providing buildings, the Government are not prepared to allow the full quota of pupils that the school will accommodate. I thought the idea was to give education to as many of those Indians as possible. The reason given, that they have not been provided for in the estimates, is, in my judgment, not sufficient. However, I am notifying the Principal of the School of your decision.

Dear Mr Scott,-

On the morning of the 8 th inst I received the following telegram:-

Kenora Ont Sept 7 th 1915

Rev John Semmens
Winnipeg -Man

An important question has arisen regarding two of our pupils.Consulted Agent about it and he thought you ought to come to Kenora or to the school at once to investigate and decide what should be done.Will you wire me at Kenora if you can come and when.

F.T.Dodds

To this I replied;-

Winnipeg Sept 8 th 1915

Rev F. T. Dodds
Care Indian Agent
Kenora- Ont

Will leave for Kenora Thursday morning. Better meet me there.

John Semmens

I left Winnipeg on the first train September 9 th and arrived at Kenora at 11:30 A.M.

Mr Dodds and Agent Mc Kenzie met me at the Depot and we made arrangements to meet immediately after dinner.

Met Mr Dodds as arranged at 1:30 P.M. in Agent s Office Kenora and asked the Principal to state his case . He said:-

Two of the girl pupils of the school have broken the laws of the School in a very serious way. They were taken out by Miss Mc Cormie with other girls for exercise and aftergoing some distance into the woods Beatrice Pah-Pah-Pen-Ais aged 15 and Betty Mah-jah-ke-sik of the same age decided to return to the school and were allowed to do so . Instead of returning to the School they went into the woods with some boys and returned some considerable time after. This had occurred on Sunday the 5 th of September.

claimed that these girls had been stubborn and wilful at various ways and would not try to learn English and now that this had happened he felt that they should either be sent to Elkhorn or be expelled and sent back to their Reserve .

I asked the Principal if he had held any investigation at the time the offence happened and he admitted that he had only heard from the assistant Matron that this had been reported to her by a pupil.

At this point attention was called to the fact that Miss Cormie had been remiss in permitting these girls to return to the School alone and that the Principal should have informed himself thoroughly by a personal enquiry from all parties concerned.

Learning that the two girls had been brought in with a view to their immediate expulsion and return to their homes I sent for them and questioned them closely. They admitted that they had been in the company of two boys and that they had walked with the boys knowing this to be a violation of school regulations. They denied having had any improper relations with the boys and there was no evidence to prove that this was the case.

It was found further that they were orphans and had no very near friends to take care of them at Lac De Mille Lacs and it was considered that further misfortune might possibly await them there and that danger of want and starvation might result so after reasoning the circumstances out I came to the following conclusions:-

(1) It was their first serious offence and reasonable leniency should be shown.

)2) There was no proof of actual immorality and they should have the benefit of the doubt.

(3) They are under age and might go wrong or starve if sent home and continued guardiarship would be beneficial.

(4) Sending them to another school might if undesirable consequences should follow involve the reputation of that School.

With these thoughts in my mind I administered a severe reproof to the girls, and warned them of consequences, and made them promise never again to break laws made for their protection, and demanded a

solemn promise from each girl that they would observe school regulations for the future if taken back. When this promise had been given in the presence of the gentlemen present in the room, the girls standing on their feet and making affirmation as required, I turned to Mr Dodds and asked him if after this he would give his consent to try the honesty of their resolution for a longer period. He consented to take them home and see if better conduct would manifest itself .

At the same time I felt that it would be necessary to exercise a special watch over these girls and if it should be found that they were to become mothers the fact should be reported to the Department with a request for their expulsion. This was impressed upon the Principal as he seemed to think that the Agent could take such action without reference to the Superintendent General or his deputy.

Steamer Wanderer left at once for the Cecilia Jeffrey School and I returned to Winnipeg the same evening.

SCHOOLS BRANCH DEC 2 1915

Sir,- 30406

I beg to enclose for your consideration a letter I have received from the Principal of the Kenora Boarding School, asking to be allowed (70) seventy grant earning pupils for reasons stated, as his school has ample room for that number.

Some time ago we could not get sufficient pupils for the schools, but now that the Indians are willing to send their children, it is hard to turn them away, which if done will soon have a detrimental effect on securing pupils when required and would recommend, if at all possible, they be allowed the number of pupils asked for.

I may add that the same thing applies to the Cecelia Jaffrey Boarding School. In fact both these schools have at present several children in the schools over and above the number allowed them rather than turn them away, and for which they do not receive any grant.

Trusting this will meet with your approval and that you will be pleased to allow both these schools seventy pupils in future

MEMORANDUM.

The Acting Deputy Superintendent General,

Mr. Agent McKenzie reports that the Principal of the Cecilia Jeffrey Boarding School is anxious to have the number of grant earning pupils increased from 60 to 70.

The question of accommodation was referred to Mr. Ogilvie, Architect of this Department, sometime ago and he states that the school can accommodate that number. They are allowed for 60 pupils now and have an enrolment of 66. As this is an expensive school to carry on, owing to the locality in which it is situated, I would recommend that they be granted the increase asked for.

Dear Mr. McLean:-

I am writing to inform you that, on account of ill health, Miss Bates has had to give up her work as teacher for the present at the Cecilia Jeffrey School, and we have succeeded in securing the services of Miss Brodie. She was a teacher who gave splendid satisfaction before in that same school.

We have also appointed Miss Lucia Becker to the school at Alberni in place of Mr. McKnight, who had to resign on account of ill health.

I am sorry also to have to report that Rev. J. T. Ross wishes to withdraw from the work at Ahousaht in the spring, and Mr. Iverach has resigned the principalship of Birtle School. We are looking for parties to take the place of these two men.

Hoping the above arrangement will meet with your approval,

Ottawa, April 11, 1916.

Rev. Sir,-

I beg to inform you that Mr. Inspector Semmens in his report on the Cecilia Jeffrey Boarding School again calls attention to the frequent changes in the staff, the cause of which he attributes to constant strain and overwork.

That these changes are not conducive to the best interests of the school is evident by reference to the quarterly returns. The last return received shows that there are twenty-seven pupils in the first standard who have been two years and over in the school. Three of these pupils have been six years in the first standard, two five years, three four years, eleven three years and eight two years. This is most unsatisfactory and should be remedied.

Rev. Dr. Grant,

Toronto, Ont.

Dear Dr. Grant:-

Yours of the 13th inst. to hand, with letter from the Secretary of the Indian Department enclosed. Miss Brodie, our teacher, admits that the figures quoted and the statements made in the leter from the Department, in reference to the grading of supils, are correct. But she refuses to promote pupils from one standard to another until they are prepared for it by a thorough knowledge of all that is included in the standard they are leaving. She states that usually it requires from two to three years for white children to pass the first and second parts of standard one, even when they are not handicapped as Indian children are by ignorance of the English language.

In reference to changes in the staff last summer, we had quite a number which seemed unavoidable. Since then there have been none except the addition of one more member. But what has changes in other departments to do with the class-room? Miss Brodie has been in charge of that for two and a half years, except the short time (about two months) that Miss Bates relieved her. How can the "most unsatisfactory" conditions in the class-room be attributed to frequent changes there. If the criticism is intended to apply to and reflect upon those who preceded Miss Brodie in the class-room then I think it is rather belated.

Miss Brodie assures me that this unsatisfactory state of affairs is no reflection upon her methods or work, and has no reference to her. For, she states, she has in her possession a copy of that part of Inspector Semmen's official report which refers to her and the class-room work, sent to her privately by Inspector Semmens, and which is so flattering and eulogistic that she is ashamed to show it to anyone. She, however, stated incidentally that Nurse Stratton had seen it and had pronounced it "every word true".

Now, waiving altogether the injudiciousness, not to say irregularity, of such procedure on the part of an inspector, I heard Mr. Semmens express dissatisfaction with Miss Brodie's method of teaching when he was in the class-room at the time of his inspection, and I leave it with him and Miss Brodie to harmonize the copy of his report sent to her, which gives her so much satisfaction, and the one sent to Ottawa upon which is based the letter sent to you complaining of "most unsatisfactory" conditions in the class-room. Miss Brodie has no other duties outside the class-room, but she is not strong. She could not continue teaching in schools for white children very long at a time. She says she

is working now to the limit. I have thought that if an assistant principal were sent he might relieve the pressure of work in the class-room sometimes.

Dear Sir:-

I am enclosing a copy of a letter which I have just received from the Principal of the Cecilia Jeffrey School, which is an answer to the complaint made by the Inspector in regard to the work in the class room. In the light of this, it seems somewhat difficult to understand why the Inspector should have reported to you as he has. Dear Sir:-

A few weeks ago, we wrote you stating that Miss Stratton, nurse at the Cecilia Jeffrey School, had resigned. I am now writing to submit the name of Mrs. Katharine M. Fraser as successor.

Mrs. Fraser is not a graduate nurse, but has had some training. I enclose copy of a testimonial written by Dr. Patrick of Glasgow in 1901. Following that, she took a course of surgery in the Glasgow, Scotland, Royal Infirmary, in preparation for work as a Home or Foreign Missionary. She also did simple dispensary work in the Medical Mission of Cowcaddens, United Free Church, along with the outdoor and home nursing of the district where she was deaconess for eleven years, before coming to Canada.

Mrs. Fraser is a widow of one of our missionaries. She is, I judge, a woman of nearly forty years of age. Her

influence and personality, I am sure, would mean much to the school. The only drawback, of course, is that she has not the full standing of a nurse, but the training she has had, together with the eleven years' deaconess work, ought to have made her pretty competent. We have tried in various directions to secure a graduate nurse, but so far have not succeeded. You understand nurses are very hard to get at the present time. Cecilia Jeffrey is a very isolated spot. This makes the position less attractive.

I trust we may be able to secure the consent of the Department to the appointment of Mrs. Fraser for one year. At the end of that period, we will be in a position to judge of her fitness. Mrs. Fraser is free to go forward at once.

Hoping to hear from you soon,

REPORT OF INSPECTOR J.SEMMENS ON THE CECILIA JAFFREY RDG.
REPORT DATED,- August 22nd, 1916.

I very seriously pressed upon the Principal's attention the need of removing the stables and hog pens etc from the Point to the Main land both in the interests of appearance and health. He quite agrees with the suggestion but the question of expense is always a delaying factor. Meantime the atmosphere is polluted and appearances are unsightly and a possible menace to health is there.

I urged in last report the purchase by the Department of a bread mixing plant for this school. My reasons for doing so were,-(1) It would save the girls from much muscular exertion in mixing dough for seventy pupils and seven or eight members of Staff, (2) The dough mixed in this way would be cleaner than if made by the hands of the children and freer from contamination., (3) The thoroughness of the mixing machine would make a lighter and more nourishing article than is produced by prevailing methods and this would contribute to the general health.

REPORT OF INSPECTOR SEMMENS ON THE CECILIA JAFFREY BOARDING SCHOOL.

REPORT DATED,- January 22nd, 1917.

STATE OF DISCIPLINE,-

I am unable to report perfect deportment out of the school room. Pupils are rather refractory. The Indian language is still used by pupils to an undesirable extent. The Indian parents visit the school frequently and remain for meals and talk a grat deal with the childre. More than this it is feared that they encourage their children in disobedience and they resent every form of punishment. Complaints of the pupils are too readily believed by their guardians and the Principal finds that their interference makes his work doubly hard.

Much trouble has been occasioned lately by the exchange of notes between girl and boy pupils and clandestine meetings have been arranged and carried out. Several children have run away lately and have been shielded and retained by the fathers. Happily this was corrected by our visit and the children are back again and it is to be hoped that advice given may have the effect of checking the abuses which have occasioned much trouble and misunderstanding. The Principal is very kind and conscientious and forbearing, but he must needs assert his authority and retain his position as Master of the situation. He gives me the assurance that he never punishes severely and that he only uses a strap on the open hands of law breakers.

ReveredSir,-

Inspector Semmens, who visited the Cecilia Jaffrey Boarding school, on the 22nd, u'timo, has fowarded his report to the Department.

It is noted that the Inspector states that the department of the pupils outside the school room is unsatisfactory.

The Department considers that it would to your advantage in the maintenance of discipline if you discouraged too frequent visits of parents to the school,, and discontinue furnishing meals.

The Inspector states that he is assured that you have not punished the pupils, severely, and this action on your part is to be commended, still, the Department will, in future, expect you to take a decided stand and deal firmly with those who transgress the rules, in order that the present abuses in the children's conduct may be corrected.

control in some way, and either compelled to return to the school or placed somewhere under restraints where they could not run home whenever they pleased. And I think the most effective way would be for the Indian Department to take action in the matter. Those boys are allowed to leave the school when they choose to do so and to remain away and be kept free. Their action will infect the whole school, has done so already to a considerable degree, and the infection will spread. Duets to run away are quite common already among the younger pupils, if they are subjected to discipline or controll, or if any restraint is put upon them. do you see this has become a vital question, and if action is not taken soon, the efficiency of the school will, I believe, be greatly impaired and our efforts for the education of our Indians in large measure paralyzed.

INDIAN OFFICE. KENORA ONT:-

No.108-13., March. 15th. 1917:-

498834

Sir:-

I here with enclose you a letter just received from Rev. F? T? Dodds. Principal of Cecilia Jeffrey Boarding School. for your consideration and advice.

I may say that there appears to be some friction between the Principal and Pupils, what it is I do not know, when I visited the school in January last in Company of Inspector Semmens, there was trouble then A girl had ran away in the night, and a boy the next day, I got the two brought back and thought all was going to be well, but it did not stop there,

On the 15th February. Mr Dodds. wrote me that four of their oldest boys had ran-away during the night, I have not heard whether he got them back or not. and now comes this report of four more boys, having ran away, There was also a report that four of the big Girls made an attempt to leave during the night in February last, the night after the four boys ran away, but was caught, before they got away.

There is sure something wrong out there, and I am of the openion, Mr Inspector Semmens should be sent down to investgate the whole business,, and would suggest that if these pupils are returned to the school, they should be transferred at once to the Elkhorn School.

It would be useless to attempt to get these boys at the present time, as the cost would be very high,will be guided by your instructions.

I have the honour to be

Q?19657/1

Ottawa, March 29, 1917.

Sir,-

Reports on the Cecilia Jeffrey Boarding School have lately been received, which show that the Principal, the Rev. Mr. Dodds, is lacking in administrative ability, proper discipline is not maintained, the pupils are refractory, the Indian language is used to an undesirable extent, the parents are allowed to visit the school frequently and remain for meals and talk a great deal with the children, which unsettles them and encourages them in disobedience. Much trouble has lately been caused by the exchange of notes between the boy and girl pupils and clandestine meetings have been arranged and carried out. Desertions are frequent and there is constant friction between the pupils and the Principal. The Principal, however, is reported to be very kind and conscientious and forbearing, but he has failed to assert his authority and make himself master of the situation.

The Department is of the opinion that a man with more force of character than the present Principal should be placed in charge of this school.

Ingersoll,

Dear Sir

I am sending this note to consult
regarding one of our pupils in the Home School.
Child is in the 1st, & since the beginning of January has
been suffering from tubercular abscess of the left thigh.
Also she suffers from curvature of the spine, which lately
has been causing her much pain.
The wound on her thigh discharges at times very profusely
closes for a time & appears to be healing only to begin
again.
The treatment I have given is as follows.
Hot Vest to the limb, & poultice to be worked; with occasional
syringe, & sometimes peroxide.
Tablets of Iodine-Iron; & Cod liver oil Emulsion.
This child often suffers much pain all over & has been
a fretful child & is very delicate in many ways.
I would like if you could see her, as it may
that an operation would be necessary & some
special treatment.

Yours sincerely

Dear Sir.-

The enclosed letter was sent here by Rev. F. T, Dodds, I handed it to Dr Ferguson, and we talked the whole matter over. and as this will entail considerable expense we thought best to send it to you for your consideration, and advice. as to what action we should take if any.

Dr Ferguson, would have to go into Winnipeg, and down by the Water ways Rail Road to Indian Bay, and get a team if he could to the school, this would cost some money,

The Doctor thinks that the girl should be brought in here and put into the Hospital, where she could be attended to in proper manner, He would be obliged to get proper appliances to put on the girl for her spine. of course you will understand just what is required, a reply will oblige.

Sir:-

Enclosed is a communication in regard to a girl, ill at the Cecilia Jeffrey School. I went down on Monday last to see the patient, also a number of others, and inspected the School. The girl is too far gone with tuberculosis for any operation, or to have her removed to any other institution. She is isolated from all the others excepting a little boy, five years old who is dying rapidly from tuberculosis. I instructed the nurse how to take care of the little girl, and she is getting every care where she is.

I brought back the enclosed requisition and ordered from the A.J. Brown Co., Druggist, the articles marked with a cross opposite, as I want these drugs used at once. They will reach there on Saturday. Perhaps it would be better if the whole order was made up here, as the train from Kenora to the School has to come around by Winnipeg.

Since returning from Brandon I received a letter from Mr. McKenzie, Indian Agent at Kenora, about sickness at the Cecilia Jeffrey School. I went out there on Monday 26th and saw a little girl who is rapidly dying of tuberculosis all through her system. I instructed the nurse how to care for her and I do not think her in a condition to be removed or anything done for her. There is also a little boy, five years old, going very rapidly with phthisis. I had him put in the same room with the little girl. There are a number of others suffering from tubercular glands and I would recommend that they be sent into Kenora for treatment, as soon as the ice breaks up.

Ottawa, August 4, 1917.

Rev. Sir,-

Since writing you on the 29th of March, last, in reference to the management of the Cecilia Jeffrey Boarding School I beg to say that a report has been received from our Inspector, which shows that no improvement in the management of this school has taken place since then and I cannot do better than quote from the Inspector's report as follows,-

"The history of the school named since last inspection has not been marked by that tranquility, which is most desirable; nor by that harmony of action between officers which one loves to observe.

"Quite a number of the children have run away, and have travelled through all sorts of hardships to reach their distant homes. When such things happen on an extensive scale, one begins to look about for some adequate cause, and careful enquiry showed that two reasons were given, first, too much hard work, and second frequent punishment. Information showed that boys were not treated wih the same leniency which marked the treatment of the girls, and that when the Principal enforced discipline he displayed considerable temper, possibly forgetting his own strength, and without realizing that the subjects of correction were only children after all.

"While this information may in the main be correct it

it is nevertheless to be received with some reserve. Indian children are not subject to much severity at home and it would perhaps be better for them if they were. Parents and guardians sympathize too deeply with the juniors and, it is believed, that they encourage them to resent all forms of punishment. The Principal is a godly man and it is hardly likely that he would resort to corporal punishment such as is said to be given or that he would allow his temper to become ungovernable as reports suggest. However, the fact remains that the boys are held to be well nigh incorrigible; and on the other hand, the Principal is regarded as hasty and severe in his chastisements. Pupils lack interest in their work and prefer the hardships of a wild run through the forest to remaining under the discipline given.

"The Chiefs of Reserves No. 39 and 40 living within a mile or so of the school complain that days are allowed to elapse from the time of desertion before they were notified of the flight of the boys; and that, in the meantime, such a start was gained that they were unable to trace and bring them back. Had the facts been given to them in due time they might have tracked and overtaken them and restored them to the custody of the management, but delay was unfortunate.

"Further than this, bad feeling seems to exist between the Chiefs and the Principal; so much so, that the latter has notified the Indians that he will not allow them to get meals at the institution, or travel on the steamer, or have their freight brought out from Kenora free, as aforetime. It is understood that this action was taken in punishment for the offence of sending a letter of complaint to the Secretary of Indian Affairs last winter. In this the Principal may not have been very judicious. Our conclusion

was

was that very unpleasant relations between the school management and the people have been established, which it will take sometime to overcome.

"It is hoped that the arrival of the new Assistant Principal, Mr. Matthews, who takes special charge of the boys, will be able to help matters considerably, if he proves to be equable in temperament, wise in action and moderate in the exercise of authority.

"In speaking to the Indians we counselled patience and fair play so that Mr. Matthews might have a chance to show what was in him; and we urged them not to find fault too quickly, or to encourage pupils to be insubordinate, but to report all wrongs to their Agent or Inspector, rather than to take affairs in their own hands.

"There was not that harmony between the Matron and the subordinate officers which we could have desired to find. This raises the question as to whether it is best to have the Principal and his wife in command in the same institution. Sympathies may be so strong between them that a sort of family compact appears. In this case others may for self protection criticise so freely as to awaken secret dislike which later manifests itself in opposition. So often this kind of thing grows from more to more until some one must go to preserve the peace.

"I have no animosity towards Mr. and Mrs. Dodds and I think that I am a friend of the school, but my interest in the work of the Department compels me to give as correct a view as possible to my superior officers and in my humble opinion things have not been promising of late."

In view of this report the Department is forced to the conclusion that the present Principal will not make a success of this school and it would be to the interests of

There is some friction between the Principal, Matron and Staff, but I could not find out what it is, there is also a lot of trouble between the Indians and Principal and they do not want to send their children back. I, however, have done my best with the Indians and think they will eventually send their children back. I, however, think there will always be trouble there, at least until there is some change made.

In fact the school is not at all what it should be. Mr. Matthews, who was appointed there as assistant principal, is no more than a common chore boy, and he resents it very much. He is a fine man and should not be treated this way.

As it is the school is in a very bad shape and something should be done quick or the school may be closed.

Report of Agent McKenzie on the Cecilia Jeffrey Boarding school.

Mr Matthews is very paistaking but is very much handicapped, as everything appears to go wrong abd there is some friction between the staff and matron, also the Principal and Indians ing general.

In fact things are not going as they should do. I have done my best to get at the foundation of the trouble but have failed to do so. The fact is the school is not at all satisfactory and I hope there will be a change soon.

EX'D.

Ottawa, March 25, 1918.

Rev. Sir,-

On the 29th of March of last year your attention was called to the lack of administrative ability of the Principal of the Cecilia Jeffrey Boarding School and the Department expressed the opinion that a man with more force of character than the present Principal, the Rev. Mr. Dodds, should be placed in charge of this school.

Further reports were received, showing that proper discipline was not maintained there, and on the 4th of August, last, you were given a precis of the Inspector's report, which showed that no improvement in the management of the school had taken place since the Department's letter of the 29th of March.

On the 10th of August you wrote the Department saying that the matter would be taken up at once with the Presbytery authorities and the Women's Missionary Society and the Department would be informed of the results of their deliberations. Up to the present time no such report has been received, although the matter has been brought to your notice on five different occasions.

On the 4th ultimo you informed the Department that the commission appointed by the Winnipeg Presbytery to visit the school would go there in two weeks' time and that they were arranging to reach Cecilia Jeffrey on Wednesday, the 20th ultimo. If the visit was made the Department would like to know the result.

Q Q E Y.

Winnipeg, February 26th, 1918.

REPORT of Commission of Presbytery appointed to investigate conditions at "Cecilia Jeffries Boarding School".

Your Committee beg to report:-

Your committee visited the Cecilia Jeffries Boarding School on February 20th to 24th, devoting Thursday 21st and Friday 22nd wholly to investigating conditions there.

We went carefully into the matters complained of in the documents submitted by the Department of Indian Affairs under date of August 4th, 1917, first, with the Principal, Rev. F. T. Dodds, afterwards with a number of Indians, including chiefs Nos. 39 and 40, and finally with each member of the staff separately. Most of the forenoon and the whole of the afternoon of the 22nd was spent in hearing the Indians.

We find that there is constant friction between the Indians and the School, which became serious a year ago when it was manifested by an epidemic of truancy on the part of the pupils, frequent punishment, and later a refusal on the part of Indians to allow pupils to return to the school. The prejudices on the part of the Indians against the school management was aggravated by the action of the Principal in discontinuing the furnishing of meals to the Indians and his refusal to carry them on the steamer to and from Kenora as in the past. This condition of unrest and insubordination has not been removed, and your committee has made a very earnest effort to discover the real root of the whole trouble.

www.collectionscanada.gc.ca

In conducting its investigation your committee proceeded along the line suggested by the document forwarded by the Department of Indian Affairs, and in presenting its report will do so by discussing seriatim the several paragraphs of that document.

1. "Quite a number of children have run away and have travelled through all sorts of harships to reach their distant homes. When such things happen on an extensive scale, one begins to look about for some adequate cause, and careful inquiry showed that two reasons were given- first, too much hard work, and second, frequent punishment. Information showed that boys were not treated with the same leniency ~~[illegible]~~ which marked the treatment of girls, and that when the Principal enforced discipline he displayed considerable temper, possibly forgetting his own strength, and without realising that the subjects of correction were only children after all."

The following is a summary of the truancy cases and the circumstances attending the same according to the discovery made by your committee.

The case of -

1. Wilfred Redsby:- who ran away to his home three quarters of a mile across the bay at the end of December, 1916, because he had been punished by hand strapping for having written a suggestive letter to one of the girls. A few weeks later, on the arrival of the Indian Agent and Inspector, the father brought the boy to the school and lodged a complaint against the Principal of cruelty. Evidence as to the nature of the offence and the character of the punishment was given. The representative of the Department expressed no disapproval of the action of the Principal but instructed the father to leave the boy at the school. The boy remained until the July closing, at which time he was unwilling to go home with his father and

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

ran into the woods and hid while the other children were being taken away. A week later the father returned and by force took the lad away in his canoe.

On the Agent's visit in August, Redsby was summoned to explain why he would not send his children back. He said "Because he did not want his children killed". On being reminded of his son's unwillingness to go home in July, he admitted in the presence of the Agent and members of the staff that because of sever punishment at home the boy preferred being at the school.

2. Samuel Laird, Ezra Lightning and Joseph Redsby:- who ran away about the end of January 1917. These boys had been punished by hand strapping for a clandestine meeting with some of the girls in a house at some distance from the school. They had left the school after dark, but all were discovered and brought back the same night. Six girls and four boys were involved in this adventure. Some days later the three boys named escaped from the school about 11 P.M. but their absence was not discovered until next morning. Laird went north, it was afterwards learned, over the Ingolf trail with which he was familiar, and on to his home at White Dog Reserve. The other two went south to the North West angle, and later to Buffalo Bay and Asabaska. The Principal has made inquiries about the boys and learned that they suffered no ill effects from their journey. They have never returned and their names have been struck off the register.

3. Edward Laird, cousin of Samuel, John Kipling and

Roy Henry:- ran away early in February.

On a Saturday night these boys had broken into the store room and stolen food. During Sunday the boys, when questioned, admitted their guilt and were instructed to report at the office on Monday for punishment. That night they ran away. They had not been previously punished.

4. Norman - ran away during the last week of February.

He had been punished by hand strapping, in December, for being implicated in a case of theft. He had not been punished at any other time. He had only been at the school for five months, and was 14 years of age, so naturally felt its restraint and discipline irksome.

5. About the same time - 11 girls escaped from their room during the night. They had shown no spirit of insubordination, had gone to their room apparently happy and contented. By the evening of the second day they were all returned to the school.

Since that time there has been occasional running away on the part of small boys to homes in the neighborhood, but all have been quickly returned.

Recently Morris - age 16, who has been a pupil for seven years, has run away. He is reported as being a clever boy and was a favorite with the teachers. Of late she has had occasion to report him to the Principal. By constant infringing of rules and continual insubordination in the class room and in the other departments he merited and received punishment, the regular hand strapping. No effort has been made to secure his return.

Indian Affairs. School Files.

www.collectionscanada.gc.ca

At the re-opening in August there was a general refusal on the part of parents to return their children to the school. At that time the Indian Agent visited the Institution, investigated the situation, and insisted on parents sending the pupils back. Since that time the attendance has been increasing until it is now nearly up to what it was two years ago;

The following figures indicate the fluctuation of averages during the past two years:-

Average attendance for quarter ending March 31/16 - 61.49
" " " " " June 30/16 - 62.5
" " " " " Sept. 30/16 - 60.12
" " " " " Dec. 31/16 - 65.10
" " " " " March 31/17 - 65.41
" " " " " June 30/17 - 60.
" " " " " Sept. 30/17 - 54.17
" " " " " Dec. 31/17 - 57.29

Your committee, after dealing with the general conditions, took up the statement of the Department and examined the causes assigned therein for the frequency of truancy and the apparent spirit of insubordination.

A. <u>The Charge of Overwork</u> -

The Indians were asked for particulars as to the kind and amount of work assigned.

One Indian alleged that small boys were compelled to cut cord wood in winter. No other had any complaint either general or particular under this head. We found that boys had not cut cord wood for five years. At that time boys were given the opportunity of cutting wood on land near the school on Saturdays if they wished, and were paid for their work at current rates. No boy was compelled to engage in such work.

PUBLIC ARCHIVES
Indian Affairs. School Files.
(RG 10, Volume 6187, File 461-1, part 1)

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

The only other case under this head was an allegation that Mr. Dodds had compelled a boy who was not well, to make the trip to Ingolf for mail in winter; that the boyd had returned used up, and had died within two days.

The Principal stated that it had been his fixed rule to ask for volunteers for this service - in no case had a boy been impressed - that in the face of an approaching storm boys had turned back and had been commended for their caution. Four years ago a boy who had volunteered to go for mail, two days after his return complained of being ill. The doctor was made acquainted with his condition and the treatment being given. He approved the treatment but did not think it necessary for him to make the journey to the school. The case developed into pneumonia and resulted in death two weeks after the beginning of the illness. Mr. Dodds further stated that it had never occurred to him to connect the illness with the journey to Ingolf. The Indian now accepts Mr. Dodds' statement of the facts.

The members of staff felt that if there were any grounds of complaint on the score of work, it would be on the part of the girls rather than boys, but that no complaints had been made of overworking girls and further references to hard work provoked smiles both from Indians and staff. It seemed strange to your committee that Indians had to hark back five years for grounds to substantiate present day dissatisfaction. Questioning Indians upon the grounds of dissatisfaction justifying them for withholding children from the school, in nearly every case they had to go back several years for specific cases. In one instance a

www.collectionscanada.gc.ca

medicine man went back ten years when his boy and three others had died of meningitis and stated that since then he had refused to allow his children to attend the school. In all only seven deaths have occurred at the school in the past ten years.

B. Frequency of punishment -

It was the concensus of opinion of the staff that punishments were not more frequent or more severe than the cases merited. As to the immediate causes and the punishments administered on such occasions we have already reported in certain parts.

C. Partiality of treatment -

That girls were treated more leniently than the boys. The Principal averred that punishments were identical when offences were the same, and members of the staff emphatically repudiated the suggestion of partiality. The only explanation we could suggest for this charge being made, was the Indian tendency to regard the boy as superior to the girl and more worthy of consideration.

D. Temper - "That the Principal had displayed considerable temper when he had enforced discipline."

Members of staff being questioned on this matter, unanimously stated that the Principal was uniformly deliberate; that they had on no occasion witnessed any display of temper, either in dealing with pupils on the premises or in administering punishment; that when girls were punished the nurse was always present and that in no instance had punishment resulted in abrasion of skin or any permanent injury.

II. Paragraph 2:

> "While this information may in the main be correct, it is nevertheless to be received with some reserve. Indian children are not subject to much severity at home and it would perhaps be better for them if they were. Parents and guardians sympathize too deeply with the juniors and it is believed that they encourage them to resent all forms of punishment . . . . . However the fact remains that the boys are held to be well-nigh incorrigible; and on the other hand the Principal is held to be hasty and severe in his chastisements."

With regard to the first sentence of this paragraph, your committee is of the opinion that the Department has been misinformed, as to the work and punishment, and have found no evidence of any adequate reason for the Indians regarding Mr. Dodds as hasty and severe in his chastisements, beyond native prejudice against any manner of corporal punishment. But we do endorse the statement about the treatment of children in their homes.

III. Paragraph 4.

The chiefs of Reserves Nos. 39 and 40, living within a miles or so of the school complain that days are allowed to elapse from the time of desertion before they were notified of the flight of the boys and that in the meantime such a start was gained that they were unable to trace and bring them back. Had the fact been given them in due time, they might have tracked and overtaken them and restored them to the custody of the management, but delay was unfortunate.

Chiefs take considerable credit to themselves for bringing back truant children and Mr. Dodds gratefully acknowledges their assistance.

In the cases complained of, when they were not requested to assist, and which were made the ground of the statement in Paragraph 1 as to hardships endured by runaway boys, very careful

PUBLIC ARCHIVES
Indian Affairs. School Files.

Investigation was made by your committee.

The Principal stated that on these occasions both chiefs No. 39 and 40 were absent from their homes working on wood contracts 10 or 12 miles away. Upon examination, chief No. 39 without knowing that the Principal had said, admitted that he was absent and beyond reach of Mr. Dodds, and could not have rendered assistance by the time word might have been sent him.

In private examination chief No. 40 stated that he was at home the night the boys ran away, but afterwards upon further examination in the presence of Mr. Dodds and a group of Indians stated that he had come home unexpectedly about six o'clock in the evening, after dark, and had returned to his work next morning, leaving home at seven o'clock (before daylight) and that the Principal could have had no knowledge of his visit home on that occasion.

Had the chiefs been sent for on these occasions, according to their own admission they could not have overtaken the boys and further the boys had suffered no ill consequences from their journeys. The complaint of the chiefs in this connection seems to be wholly captious.

LV. Paragraph 4:

"Further than this bad feeling seems to exist between the Chiefs and the Principal; so much so, that the latter has notified the Indians that he will not allow them to get meals at the Institution, or travel on the steamer, or have their freight brought out from Kenora free as aforetime. It is understood that this action was taken in punishment for the offence of sending a letter of complaint to the Secretary of Indians Affairs last winter. In this the Principal may not have been very judicious. Our conclusion was that very unpleasant relations between the people and the school management have been established, which it will take some time to overcome."

The charge that the Principal was actuated by bad feeling in declining to furnish any further meals to the Indians, and that this was done as a punishment for their having written a letter of complaint to the Secretary of Indian Affairs, does not seem to be borne out in the light of a letter from the Department under date of February 1st, 1917, which is as follows:-

"Ottawa, February 1st, 1917.

Rev. Sir,-

Inspector Semmen who visited the Cecilia Jeffries Boarding School on the 22nd ultimo has forwarded his report to the Department.

It is noted that the Inspector states that the deportment of the pupils, outside the school room, is unsatisfactory.

The Department considers that it would be to your advantage in the maintenance of discipline if you discouraged too frequent visits of parents to the school and discontinue furnishing meals.

The Inspector states that he is assured that you have not punished the pupils severely, and this action on your part is to be commended, still the Department will in future expect you to take a decided stand and deal firmly with those who transgress the rules, in order that the present abuses in the children's conduct may be corrected.

Your obedient servant,
(Sgd) J. D. McLean
Asst.Dep.& Secretary."

Acting upon the recommendation contained in this letter, the Principal discontinued the meals.

The second charge, that he refused to carry freight is positively denied by the Principal. Every Indian who appeared before your committee to register complaints, including Chiefs 39 and 40, freely stated that they never knew of any instance of such refusal to carry goods for Indians or that the Principal had ever charged for such service. There seems absolutely no foundation

for this charge and the Indians examined seemed surprised that such an allegation had been made.

The cause assigned for the action of the Principal seems irrelevent. Mr. Dodds states that while he had heard during the winter that a letter of complaint had been written, he had no certain knowledge of its contents until sometime in June, several months after he had been declining to furnish meals on the instructions from the Department.

His refusal to carry Indians on the boat was closely related to the question of meals. Indians going on the boat expected to be given breakfast before they started and to be fed on route. On more than one occasion the boat was so crowded with Indian passengers that all the provisions taken for the round trip were devoured before they reached Kenora, so that food had to be purchased for the return trip. Sometimes when the boat remained over night at Kenora the boat was so occupied by Indians that the crew had to sleep in town. The practice of the Indians making such free use of the steamer had become an intolerable nuisance and in following instructions to cut out the meals the Principal thought it necessary and wise to place restrictions on the use of the steamer. But while refusing to carry passengers, Mr. Dodds at no time refused to carry their freight for them.

Your committee could not discover the date of the Indian's letter of complaint, but it would seem to have fallen between the receipt of the recommendation of the Department and the opening of navigation. In this whole matter the Principal

seems to have been carrying out to the best of his ability the instructions of the Department in their letter of February 1st.

Apparently the chiefs and Indians were not aware that Mr. Dodds was acting under instructions in this connection, and expressed surprise when informed that such was the case. The Principal has himself borne the brunt of the antagonism occasioned by this change in their treatment without making any effort to shield himself behind the Government. When we so informed the Indians they appeared to be greatly mollified. Chief Redeby gave what seemed to be rather an unwilling assent to their change of view, but promised to go back to his Reserve and tell his people those things and that Mr. Dodds had not acted with any desire to punish them for what they had done.

VII. Paragraph seven reads:

> "There was not that harmony between the Matron and the subordinate officers which we could have desired to find. This raises the question as to whether it is best to have the Principal and his wife in command in the same Institution. Sympathies may be so strong between them that a sort of family compact appears. In this case, others may for self protection criticise so freely as to awaken secret dislike which later manifests itself in opposition. So often this kind of thing grows from more to more until someone must go to preserve the peace."

In the judgment of your committee it is when we come to deal with conditions set out in this paragraph that we discover circumstances, which combined with the misapprehension of the Indians regarding the meals and steamer privileges have produced the state of unrest, suspicion and insubordination prevalent in the school.

"a failed, however, to discover any evidence of a "family compact" because of the Matron being the wife of the

Principal. All members of the staff stated emphatically that such a compact did not exist.

We did not discover that there had been any breach between Matron and members of the staff - nor was there any lack of loyalty on their part towards the Matron. There was in fact a sense of duty on the part of the staff that in itself was sufficient to prevent anything like disruption.

It seemed however clearly evident that there was a nervous anxiety on the part of the Matron for the success of the School, and a tendency to worry over the details of all departments that has led her to unnecessary interference with both pupils and members of staff. This lack of tact in general management - understood and overlooked by some - is tacitly resented by others.

While pupils require close and constant guarding and observation, this supervision has not been as wisely directed as could be wished, and pupils themselves have been made to feel that they were under suspicion by the issuing of instructions to members of staff in their presence. The thought that they were under suspicion has developed in them a spirit of rebellion, which breaks out in acts of insubordination. This whole atmosphere was revealed in a few phrases of the Indians when they said:- "Things are not right in here" (referring to the internal economy of the school). "There is something to blame." "There are too many watchers". "Children don't like to be watched." "They want to run away."

These conditions within the Institution in conjuntion with the resentment felt by parents occasioned by the cutting off

the meals and restriction of boat privileges, have combined to produce the present conditions - conditions by no means unknown on other reserves.

The suggestion that there might be a sort of family compact was not supported by any member of the staff, all affirmed that the Principal had been uniformly impartial. The only justification for such a suggestion, might be the anxiety of the matron to spare her husband unnecessary worry. As to the general principle that it is not advisable to have both husband and wife in authority in the same institution, we do not agree with the Report. The same relation exists at the Portage La Prairie Boarding School - and those acquainted with conditions there, regard that very relation as an important factor in the successful management of that institution.

We regret that the health of Mr. Dodds has been so greatly impaired and that increasing years make it inexpedient for himself to continue very much longer in the work, yet we are strongly of opinion that his removal at this juncture would be construed by the Indians as the direct result of their appeal to the Department and a victory on their part. Such a sense of victory would be disastrous and would certainly lead to trouble for his successor in the future.

We would express the hope that the Department stand by the Principal in the enforcement of discipline for a further period, pending the changes entailed by his retirement. Our judgment has been confirmed in this by the splendid results following the action of the Agent in dealing with the Indians in

August - (action which Mr. Dodds cordially recognizes and appreciates) - when the Agent insisted on the return of the children to the School. Continued support for the coming summer would do much in restoring right relations between the Indians and the Institution.

Upwards of two years ago Mr. Dodds warned the Home Mission Board that the time was drawing near when he must be relieved, and suggested the appointment of an assistant who might become acquainted with the many phases of the work in this particular school. To your committee Mr. Dodds expressed the opinion that Mr. Matthews, the present assistant, would acquire during this year that familiarity with the work that would warrant his appointment to the Principalship.

In view of these facts and in view of the fact that Mr. Dodds has rendered 21 years of efficient service in Indian work and has had his work favorably reported on year after year, we consider that his removal at this juncture would be unjust, as well as detrimental to future discipline.

Therefore, we recommend that Mr. Dodds be continued in charge sufficiently long into the summer to enable Mr. Matthews to become acquainted with the navigation of the lake, after which time Mr. Dodds might be relieved from further responsibility.

All of which is respectfully submitted.

(Signed) Hugh J. Robertson,
Convener of Committee.

Mr. J. D. McLean,
Asst. Deputy and Secretary,
Department of Indian Affairs,
Ottawa, Can.

Dear Mr. McLean:- No. 21[illegible]

I have yours of March 25th, re the situation at Cecilia Jeffrey Boarding School.

At the meeting of our Home Mission Board last week, we had presented to us the report of the Commission appointed by Winnipeg Presbytery to look into the situation. I am enclosing copy of the Commission's report. After full discussion, the following resolution was passed:-

"The Board, having heard the report of the Commission of Winnipeg Presbytery re the Cecilia Jeffries Indian School, receive and adopt the same, and instruct the Secretary to forward it to the Department of Indian Affairs; and would strongly urge upon the Government their support of the Principal in the conduct of the work, assured that if [illegible] stand by him through the present period of unrest, the spirit of disloyalty or rebellion will disappear; and that failing to do so, they are only inviting future difficulty both for the Department and for the next Principal of this School - and would assure the Government that changes in staff will take place during the year that will satisfactorily remove the situation, without conveying to the [illegible] of the Indians the impression that they can control the situation."

I may say that since the meeting of our Board, I have received a communication from Mr. Dodds. He does not approve of the finding, and tenders his resignation, this to take effect June 30th. I am [illegible] correspond with Mr. Dodds, suggesting that he remain in charge during the summer. This will give Mr. Matthews an opportunity to get his hand on the work. I hope we may be able to retain Mr. Dodd's services during the summer, particularly on account of the boat. Mr. Matthews has not had an opportunity yet to learn how to run the boat, and it would be desirable familiar with the lake, channels, etc.

Mrs. Dodds has sent in her resignation as Matron. She desires that this resignation shall take effect forthwith. Our Women's Missionary Society is now endeavoring to find someone to take her place. As soon as a successor is secured, Mrs. Dodds will be relieved. We are suggesting to Mr. Dodds that as soon as a new Matron is secured, he and Mrs. Dodds move over to the Mission residence, and that Mr. and Mrs. Matthews, with the new matron, take charge of the School Home. This would relieve him of the discipline of the School and it would leave him comparatively free for the summer months. It would give him an opportunity of giving to Mr. Matthews the instruction and direction that he may require in the direction of the school and the management of the boat. We, of course, do not know as yet whether Mr. Dodds will consider our proposal, but I hope it will meet with the approval of the Department.

Yours sincerely,

REPORT OF INSPECTOR SEMMENS ON THE CECILIA JEFFREY BOARDING SCHOOL.

The dispensary department was visited and carefully noted as this is regarded as an important branch of school work. The lady in charge is Mrs. Fraser. She is a certificated nurse and was appointed to the position now held by the Department of Indian Affairs. Her monthly allowance comes from the Department through the Presbyterian Church, Toronto. As I have visited from time to time I have come to regard Mrs. Fraser as a superior type of woman, as a capable and conscientious nurse, as a faithful and devoted member of the school staff and as an exemplary christian lady. Her work was well done, the infirmaries were very clean and orderly and she appeared to have a knack of ministering to the sick, and of nursing them backto health which marked her as a person of special worth.

Imagine my surprise when the Principal refused to endorse a voucher looking to the issuance of a cheque for her last month's salary which the Agent presented for his signature. On being pressed for a reason, the Rev.Mr.Dodds said that Mrs. Fraser had not been amenable to discipline, had violated the rules of the school in several instances and was more or less of a gossip; so that he could not attach his signature to the voucher but would give his permission for the Assistant Principal Mr.Matthews to do so if he would. Mr.Matthews refused to sign believing there was something in what the Principal had stated and that while he might be disposed to act in an emergency in the absence of the Principal, he felt it would not be right for him to do this, his superior officer being present.

Mrs. Fraser was called and her story was heard. She threw some reflections upon the management, found fault with the amount of fatty food supplied, defended herself against the charge of gossiping, affirmed her faithfulness to duty, and declared her intention both of clearing up ~~the~~ reflections upon her status and of leaving the service if the Department should so decide. No one could help admiring her able defense. She was dignified and her language was well chosen. The Principal however regarded it as a tissue of incorrect statements and so the matter ended. As it was more of a personal dispute than an offence in which the Department was concerned, the matter was left in abeyance until further investigation was requested or ordered, but I see no reason why the lady's salary should be withheld inasmuch as the work assigned her by the Department was without doubt very well done.

Dear Mr. McLean:-

I wrote you on Thursday last, asking your approval of the appointment of Miss Grant as nurse of Cecilia Jeffrey Indian School. As I have not received definite reply, I am taking the liberty of sending her on to-day.

The boat is to be in Kenora on Saturday. In order to reach there by that time she will have to leave Toronto at once.

As there is now no nurse at Cecilia Jeffrey, we are anxious to have someone at work just as soon as possible. The school is 45 miles from a Doctor and should an out-break of influenza occur, the situation would be very serious.

The question of salary will have to be decided later. We will, I presume, have to leave that to you. You have in Miss Grant a thoroughly competent nurse. You know just how scarce women of this type are to-day, and how they are in demand and what remuneration is being offered to them.

Dear Mr. McLean,-

Yours of Oct. 10th to hand in which you approve of the appointment of Miss Elizabath Grant as nurse at Cecelia Jeffrey. You estimate that you can only allow a salary af the rate of $500 per annum. I cannot hope to retain Miss Grant at this salary. You have evidently over-looked the fact that she is a trained nurse and a very efficient one, who could secure without difficulty $4 a day in any of our cities at private nursing. When the appointment of Mrs. Fraser was made you wrote as follows,- " I beg to say that the appointment of Mrs. Fraser is approved but as she is not a graduate nurse the Department can only allow her a salary of $500 per annum".

So you will see that you reduced the salary because Mrs. Fraser was not a graduate nurse. Now that we are supplying the school with a thoroughly qualified nurse, we feel that the salary should at least go back to the old figure which was $600 per year. My own judgment is that it should go higher. Our experience of the last few months has been that it is almost impossible to get workers of any kind.

Hoping you may see your way clear to re-open the case and make it possible for us to retain Miss Grant,

Yours sincerely,

Dear Sir —

On Saturday Mrs Matthews Princ. of Cecilia Jeffrey School told me that there would seem to be sickness at the school & thought that I should go out & investigate. On Monday I went out and found that all the girls were in bed suffering from Influenza. The greater number had taken sick within the past 24 hours. They complained of chills, severe headache, of feeling sore all over and nearly every one had nose bleeding. I have no doubt but that this is the so called "Spanish Flu" that is so prevalent in this country at present so it is hard to conduct the affairs of Institutions it may assume amongst the Indians unless drastic measures are taken to stamp it out.

The staff of the school are doing all they can to make the children comfortable but they are short handed as they have no person to do the outside work. I left full instructions how to care for the sick ones & told them not to

Sir:-

I wired you this morning regarding the death of Mr Mathews Principal of Cecilia Jeffrey Boarding School, In this connection I beg to say that Mr Mathews has been sick for some time about 10. days with the flu. Dr Ferguson being laid up in the Hospital, and I could not get a Doctor here to go out,under any circumstances,

I communicated with Mr Inspector Semmens, and he could not get one there for some time, at last he got one, but the Dr took sick during the night and could not come, he,then done the best he could and finally got Dr Yule, to come down, on the 19th., and I arranged with Mr Belyea to take him out on the 20th which he did.

However when he arrived there where he is still, he found that the nurse had done every thing possible for him, but there was no hope of his recovery, this word was sent in to me, and I have done every thing possible in my power for them, when Doctor Ferguson heard how bad Mr Mathews was although he was still in the Hospital he got up and went out, but Mr Mathews hnd passed away before he arrived.

I have sent out a boat with men to take the body in here, for burial, Mr Mathewas Father and Mother arrived to day and will stay in here until after the funeral.

At present there is no one in charge of this school except the Matron, and every thing is in very bad shape, they are out of wood, and no one to help them, except the man we sent out,

I realy do not know what is to be the outcome of all this, Some none should be sent at once to take charge. of the school. or it will have to be closed, and what can be done with the lot of children should this happin, is more than I can say.

I expect Mr Semmens to night.

to night when we will consult to gether, as to the best way to proceed in this case.,

At present we have quite a lot of this disease out amongst our Indians, at Rat Portage Reserve we have nearly all the Land laid up and five deaths already. At Kenora Boarding School. there is 35 laid up at present, but of a mild type.

I have been and am kept on the go Day and night, doing my very best to cheque the spread of this disease. of course it is costing quite a bit but that cannot be helped. in cases like this,

Should any thing furtheroccurr I will at once comunicate with you, and in the mean time will do my best, so long as my own health holds out.

Rev. Sir,-

In further reference to official letter of the 24th instant, in which you were informed that the Department had been advised by Mr. Inspector Semmens of the death of Mr. Matthews, Principal of the Cecilia Jeffrey Boarding School, I beg to say that immediately upon Mr. Semmens hearing of Mr. Matthews' death he proceeded to the school and he is now in charge there.

Mr. Semmens is an old man and hardly fitted for the onerous duties falling upon him, owing to the disorganized condition of the school occasioned by the outbreak of influenza there. The Department considers that steps should be taken by your society at once to relieve him of these duties by the appointment of a competent person to take charge of this school.

I should be glad if you would let me know as soon as possible what action you take in this matter, as the situation there is serious.

Dear Mr. Semmens,-

When I replied to a telegram from Mr. McQuarrie, of Kenora, in which I said that I had no objection to your taking charge for a short time, I believed that you were then at Cecilia Jeffrey and were willing to stay for a short while to accommodate the Presbyterian Church authorities, but I did not know that you had returned to Winnipeg, and certainly have no intention of asking you to go back to the school, particularly under the circumstances you mention. You have, of course, your inspectoral work to attend to, and I have no doubt that the Presbyterians will select a principal as soon as possible.

Dear Sir.

I have your telegram of October 31st., and have to say that when I sent you my first wire I understood that Mr. Inspector Semmens was at the Cecilia Jeffrey Boarding school, and as he has since returned to Winnipeg, and is needed in connection with his inspectorial duties, I could not see my way clear to give him instructions to return to the school. Indian Office, Kenora,

Assistant Deputy and Secretary
Department of Indian Affairs,
Ottawa, Canada.

Sir,-

As we have been passing through troubles of an unusual character lately it is considered advisable to let you know something of what has been happening in these last days.

You have already been advised that the principal of the Cecilia Jeffrey Boarding School passed away on the/22nd instant. He fell ill on a return journey from Kenora at Ash Rapids. Fortunately he was taking a nurse to the school at the time and she gave him first aid while en route and nursed him carefully afterwards up to the time of death. Her services were invaluable. Our Dr. Ferguson followed him out from here and treated him at the school and then returned and fell sick himself and was compelled to go to the hospital at Kenora with his wife who was also sick. Word of the growing need of medical aid at the school was sent to Mr. Inspector Semmens and he reported it to Dr. Grain who, because he had made arrangements to visit Fort Alexander was unable to give the school personal attention. It was left for Mr. Semmens to get what assistance he could. He engaged a Dr. Henderson on the 17th instant but the next day he was laid up with the disease himself and could not go. On the 18th a Dr. Yule was engaged and he left Winnipeg on the morning of the 19th and could not find a boat until the 20th. He found the Principal practically beyond medical aid but did what he could for the dying man for the sick children and the sick Indians on the reserve. The Dr. returned to Winnipeg on the night of the 25th. Meantime Dr. Ferguson thinking that he might do something got up from a sick bed and hurried after Dr. Yule but the Principal was dead when he arrived at the school. The body was brought in on the 23rd and was buried in the Kenora cemetery on the 25th instant, the Rev. Dr. Murray of Toronto/ conducted the services both at the undertaking rooms and at the grave.

Mrs. Matthews has gone back to the school to pack her goods and will shortly leave for the West to stay with the parents of her late husband. I can assure you this has been an anxious time for us all, but the news from the school is cheering as the disease abates. What is called the Spanish Flu is at present very prevalent in the Kenora Boarding School and on the Rat Portage Reserve. No deaths have been reported from the school here but out on the reserve two grown persons and four children have already died. We are feeding them and doing all we can to aid them but the weather is bad and at the doctor's last visit yesterday conditions were more hopeful.

Dr. Ferguson has certainly proved himself to be a hero in his devotion to duty. He has no thought of his personal interest and has given the Indians every possible care and attention.

Indian Agent McKenzie has been ever active and faithful to the last duty. He has spent time and energy freely in hours and after hours in the endeavour to meet every demand made upon his judgment, his time and his resources. Two more faithful officers could not be found anywhere than the Medical Officer and the Agent at this point.

Mr. Inspector Semmens ran down when he heard of the death of Mr. Matthews to see if he could give any help and to represent the Department at the funeral returning to Winnipeg Saturday 26th

Owing to the time of year we have heard no news from the reserves out on the Lake and it is impossible for us to reach them just now. The Savanne Agency has not sent any reports of sickness or made any appeals for assistance so far.

Refrence to your letter of 29th Ultimo. No. 219657/1. Re the Death of Mr Mathews, Principal of Cecilia Jeffrey Boarding School, and that Rev. J. H. Edminson, Secretary of the Board of Home Missions of the Presbyterian Church, had been informed that Mr. Inspector Semmens was in charge,

I beg to inform you that Mr Inspector Semmens has not been out to that school up to the present time, as he had no official orders to go out there, and until he gets direct orders I do not think he will go of his own accord.

There is no one but the Matron and Teacher there in charge at the present time, Some one should be sent out at once, as from what I hear things are very much mixed up and in bad corder.

Should Mr Inspector Semmens be sent out, it will only be to take charge of things in gereral,Principally the Internal affairs, until a compitent man is placed in charge, which should be done as soon as possible.

I am mearly giving you this information so you will know just how things stand out there. I have just received word that all the Staff and Pupils are now quite well, at the school, but there is quite a number of Indians sick on the Reserve, and several deaths has been reported, and it is very likely there may be more form all accounts received.

I have just had word from our representatives in Kenora, Ontario, stating that Rev. P. T. Martin has been appointed temporarily, to take charge of the work in Cecelia Jeffrey Boarding School.

Mr. Martin is a man thirty-seven years of age, with a good deal of experience. Our thought is that he should take charge for the winter months. By spring we will know if he is likely to succeed. Our District Superintendent is to go in during the winter, and report to us.

I trust the Department will approve of Mr. Martin's appointment temporarily. I think he is going forward this week.

REPORT OF INSPECTOR SEMMENS ON THE CECILIA JEFFREY BOARDING SCHOOL.

In November the Church sent in Mr.P.T.Martin a lawyer from Williamsport, Indiana who is also a clergyman of the Congregational Church. He was temporarily employed for a period of six months as Principal of Cecilia Jeffrey school. He is on trial and if he proves his worth, may be permanently employed after his probation expires. Meantime, Rev.MrR.McQuarrie(Kenora) controls the finances and keeps the accounts while Mr.Martin is local manager. This arrangement is [illegible] perhaps the best that could be made under the circumstances but will not do as a permanent procedure. The Principal must have a free hand and must be supported by the authority of the Church and the Indian Dept. otherwise he cannot take that deep interest in his charge which is necessary to success. A divided responsibility weakens any enterprise.

Now as to my own impressions of Mr.Martin, I bow to say that a considerable portion of my time was taken up in conversing with him so that I might estimate his fitness for the position and be able to represent his case to the Department in an intelligent manner. His training and experience as a lawyer will no doubt enable him to judge questions from all points of view & o that his conclusions are likely to be well thought out and action based upon them to be definite and wise. He has a good deal of self possession, has a good temper, is firm and yet sauve. He is a person of good address, pleasant in manners and disposed to be agreable and conciliatory. He is a practical man, knows a good deal about machinery, is not afraid of work, is a good manager and looks toward profitable and permanent results. I know little of his history but his position as a clergyman should be a guarantee of his moral worth. His addresses to the children and to the staff give evidence of an unusual ability to direct and counsel receptive minds. He has instituted a system of detention so that boys who violate the rules of propriety are shut up for a short time in small compartments and lightly fed but immediately released when they show signs of penitence and promise amendment. So far the children are quite attached to him. No single member of the staff made any complaint though ample opportunity was afforded. The chiefs of 39 and 40 expressed themselves in most complimentary terms. Old misunderstandings seem to be disappearing like snow in springtime. I have great hopes for the cfuture. Should the Church decide to make his appointment per anent and allow him to pursue a progressive policy he is willing to continue and I am convinced that he will in a short while be able to show better results than the school has ever known.

REPORT OF INSPECTOR SYMMETS ON THE CECILIA JEFFREY BOARDING SCHOOL.

519643

GENERAL REMARKS,-

1. I am convinced that more agricultural work should be done and am sure that the soil can be found within easy reach.

2. In order to supply the school with milk and butter more stock is an absolute necessity. With this, dairying can be taught to the great advantage of pupils.

4. At the present time a man with a pony and sleigh goes 20 miles to Ingolf station for the mails once a week. The mail might be brought from Winnipeg over the Water District Railroad in a school bag so that a trip of 5 miles over and 5 miles back might suffice for this purpose each week, instead of 40 miles per week as at present. By this method, mail could be received three times each week.

6. The freighting of school supplies from Kenora is expensive and takes the Principal away from home a great deal,. Why not purchase in Winnipeg freight out to the end of steel at Waugh and have only ten miles to haul it instead of 50. That is to Waugh and return is but ten miles while to Kenora and return is 50.

Date of Inspection,-February 5th, 1919.

SEWING ROOM,-

This room was closed and work was suspended owing to the lack of a director. One other member of the staff would help matters much. As it is everybody hoppe within and without their own department but if the attempt was made to add another line of work, pleasure and duty would become burdersome.

Dear Mr. McLean,-

A few days ago we learned that both Nurse Grant and Miss Brodie of Cecelia Jeffrey school were ill with Influenza. The call that came was for urgent assistance. We were also informed that Nurse Grant would have to resign and that a successor should be sent in forthwith. Fortunately we were able to engage Miss Alberta C. Reid at a salary of $50 per month. She has had nine years experience, was 21 months in munition work - nursing and two and a half years assistant Superintendent Nursing-at-Home. You will see that she is a woman of a good deal of experience. We are very sorry that we were obliged to send her on to this school without first submitting her name to the Department, but we have no option and the situation at the school was such that we were obliged to send someone in without delay.

I hope that you will approve of our action in this matter. You will note that the salary fixed was $50 per month. I presume you had better regard Miss Grant's resignation as having taken effect April 12th and Miss Reid's appointment as having taken place April 12th

Dear Mr. McLean,-

Since the death of Rev. A. Matthews of Cecelia Jeffrey Indian School, Mr. P. T. Martin has been acting principal. I am writing to notify you that at the recent meeting of our Board, Mr. Martin was given the principalship of this institution. Our Winnipeg committee, when visiting the school a short time ago, seemed quite impressed with the thoroughness of the work he has done during the winter.

I beg to say that I have beene out to Cecilia Jeffrey School, and find that Alfred Sakakonis has fully recovered and is now said to be in perfect health,

Flora Kahkekaynipon appears quite well and looks well but the sore in her side. still keeps running, and when it heals up for a time, it breaks out in another place, during the time it is healed up she is not nearly as well as while it is running, The principal and Nurse states that they are of openion it will take years before she is quite well and robust if ever, as it is a case of scrofula and tubercular trouble, which may in time ware off,

This is all the information I could get, further than the girl is looking well and appears healthy, and smart.

I have received a letter from the Principal of Cecilia Jeffrey School in which he asks me if I can get him any information regarding wood on the Islands in Shoal Lake across from the School.

Could arrangements be made with the Ontario Government for the school to cut wood off these Islands? as the timber on Shoal Lake Reserve has been sold to the Keewatin Lumber Company, and Mr. Cookson thinks the School should be in a position to cut the wood without being dependent on the Company.

Sir,—

I am in receipt of a letter from the Principal of the Cecilia Jeffrey Boarding School, copy of which is enclosed.

I have agreed to the school giving a small quantity of supplies to Mrs Green and Geo Big Joe who is well on in years and crippled.

Re wood, the school cut a certain amount from an Island in Shoal Lake for their own use, and have more than they need so wish to sell to some of the Mines which are opening up this summer, it is all poplar.

In regard to the Launch, unless the Presbyterian Board give him a new one, he will have difficulty in getting in his supplies &c.

Re New school, he still believes we should have another one built and keep the Cecilia Jeffrey still running, his argument is reasonable as he has his full compliment of pupils mostly from the Shoal Lake Reserves, and there will be many more children to attend school from other Reserves and we shall have no school for them to go to.

Re No 044 Beatrice Pa papi nais eck, I will enquire into this at Treaty time? should the illigemate children be admitted to Treaty provided the father is an Indian? This girl got in the family way of her first child whilst a pupil at the school when Mr Dodds was principal.

Cecilia Jeffrey Boarding School
Shoal Lake, Man.
April, 11th, 1922.

Dear Captain Edwards,

Your last letter referring to the matter of Willie Sinclair and Granny Green received.

I have taken the matter up with Councellor Indian Joe a brother of Granny Green and we have been able to arrange for their accommodation in a teepee near to his Residence, This we believe is the best that can be done for Willie Sinclair. There is no doubt that with the return of Spring that he may recover. Referring to Granny Green, she is dependent on Big Joe her brother who is well on in years and more or less crippled. I am arranging to supply them with the necessary supplies in the way of Tea, Sugar, Lard, and Flour. We have cared for Granny Green all winter and she will be dependent upon either the government or the School for supplies.

In regard to the other boy Joseph Carpenter, it will not be necessary to make any arrangements as I fear he cannot last very much longer. He is in a critical condition.

The third case referred to is that of Velma Kabestraw, she is a very an exceptionally bright girl and we would all be sorry to loose her, I will try to do the best I can in the way of providing means for open air treatment.

Referring to the matter of wood, I am pleased to hear that you have been able to get at least a promise in the matter of the disposal, The Caretaker from Olympia Mine was here today and there will be no trouble in our disposing of it. Regarding the matter of price, we paid $2.50 a cord that I figure covers the cost of cutting and purchase of wood. It will cost another 50 cents to haul to the Lake Shore and 35 cents for stumpage, which means that we could not sell at less than $3,50 a cord to cover expenses. I believe it might be possible for us to haul to the Lake Shore during the summer although I am not particularly anxious for the job, as we can welll afford to hold the wood. I have got myself into considerable trouble with the Board over cutting this wood but I am confident was fully confident that the investment would pay for itself.

In regard to the question of Launch and School repair, I have not heard anything as yet outside of the fact that the Committee will visit the School to advise us regarding the action of the Board in this respect. Mention has been made of the fact that we shall remain in the building for the year 1923 when the Government will build a New School with a better location.

I still adhere to the suggestion that we have already made in this matter and I am fully persueded if only the Church and Government will consider our suggestion that it will be in the interest of our Indians from these two Reserves, without receiving a child as yet from N.W.Angle we have now now 75 children I believe on the roll we have three others that we expect to get after trapping There is no need to move the building merely for what might be its gain in the feeding of stock and greater convenience in handling supplies. A little work and I will guarantee to cut down the feeding stock 65% of what it is at the present time. We have already started work and it will be easily possible for us to grow all the corn and hay we need right on the school land.

As to the question of freight I fail to see that we are going to gain very much providing of course that we could procure a suitable launch.

Again I am not in favour of closing the school without due consideration being given to the feelings of the Indians in this matter. When other Reserves closed their doors to the question of a School, the Indians on these Reserves gave to the Church the opening that they asked for by way of trying to prove that Education the value of education, They have stood by the school. There isnt a child with but one exception of school age but is attending school.

We need a school in fact two or three to do our duty to those hundreds of children that at the present time have no school to attend. It will be impossible for us to accept any of the children that may desire to attend the school following Treaty, and I know there a great many who are planning to do so. If the Church and the Government would only give us this assurance that a new

school would be built without in any way effecting the work at Shoal Lake I would find some way of enlarging our dormitories and dining room myself.It would not cost so very much for I would do all the work myself, with the help of but two men and the boys at school However of course with the uncertainty of things we will simply have to refuse unless we should decide not the second floor and convert it into a dormitory for the big boys. Personally I do not for a moment think the Government will build a new school even if they should so to replace the present building for the next 5 or 6 years. I have no doubt but what a sum of money will be voted upon by way of putting a suitable foundation for the interior support of this building, and I am satisfied with this,there are numbers of schools that will be in far greater need than what we will for the next ten or eight or 10 years I infer this from the remarks that Mr Orr made after his tour of inspection.

I am pleased to report that we have a new Teacher, also that the boy taken to St Roches Hospital has returned his health has improved although he still has a slight discharge from the eye. I am uncertain as to his age possibly you could fill this in for us.

There is a matter here that should be attended to at Treaty, No 044 Beatrice Pa papi nais eck, She has two illegetimate children and no means of support. I believe that the father is Sam Keejick (the Chiefs son) She comes to the school for support and some steps ought to be taken in the settlement of her case.

This is our last mail I expect to be in Kenora when the Lake is clear.

Yours truly,

(Signed) W. J. Cookson.

Sir:-

I have your No. 108-13 of the 17th instant, enclosing copy of a letter from the principal of the Cecilia Jeffrey Indian Boarding School.

In connection with the proposed new school, it is noted that the principal is of the opinion that Cecilia Jeffrey should be kept in operation, due to the fact that it is well located for the purpose of providing educational facilities for the Shoal Lake reserve. As you are aware, the future of the Presbyterian residential school work in the Kenora agency is at present under discussion, and the principal's opinion will not be overlooked.

Sir,

I have received a letter from Nurse Reid of the Shoal Lake School in which she says the school holidays are starting on the 29th of June, and as she had two patients all winter who needed care during the school holidays, she wishes to know if the Government would obtain a practical nurse who would stay at the School while she is away —to look after the patients— as she informs me that their hospital has not been empty since early last November and that means many months of broken sleep and never off duty. She says the responsibility of seventy pupils and the Indians on the Reserve so many miles from a Doctor is ~~not looked~~ hard work, and she does not think she can go on another year without a rest.

I shall be glad to know if the Department ~~can supply~~ will supply a substitute for her, ~~if not, would I have authority~~ I shall be away on Treaty payment so please ~~to try and get one Graduate here.~~ reply direct to Miss Reid Cecilia Jeffrey School via St Boniface Man.

I have the honor to be,

Your obedient servant.

Frank Edwards

Madam:-

A communication has been received from Mr. Agent Edwards, of Kenora, Ont., in which he requests that the services of a substitute nurse be engaged at the Cecilia Jeffrey Boarding School, in order to relieve you of your present duties and permit you to take a rest on account of your health. The agent states that the school holidays will begin on the 29th instant and that two patients are at present in the school hospital, who will require the services of a practical nurse to look after them.

In connection with this matter, I beg to say that, if you can obtain the services of a practical nurse to relieve you for a period of one month, you may do so, and the salary allowed will be at the same rate as is paid you, viz.: $50.00 per month. Under the regulations, we can allow you only one month's leave with pay, and we hope this will be sufficient to give you a needed rest.

A voucher for the salary due the substitute nurse can be prepared and forwarded by Mr. Agent Edwards, in the usual manner. He has requested us, owing to his absence on Treaty payments, to correspond direct with you. We hope that you will be able to obtain another nurse to carry on while you are away, and will be pleased to hear from you in this connection, stating the name of the nurse whom you are able to secure.

Your obedient servant,

J. D. McLean,
Asst. Deputy and Secretary.

Sir:-

I have to acknowledge receipt of your letter of the 14th instant, in which you state that Miss Reid, Nurse at the Cecilia Jeffrey Boarding School, requires a rest, and that the services of a practical nurse should be secured to take over her work during her absence.

In reply I beg to say that, as requested by you, we have communicated with Nurse Reid and informed her that we would approve of her engaging another nurse to perform her duties for a period of one month, which is the full leave of absence that we can allow Miss Reid, with pay. We will pay the substitute nurse at the same rate as is allowed Miss Reid, viz.: $50.00 per month.

If the services of this nurse are secured, you will be good enough to forward a voucher, in duplicate, properly certified, at the end of her month's services, for the amount of salary due her.

Your obedient servant,

Mr. Duncan C. Scott, Litt.D.

Dear Dr. Scott,-

Recently I had a letter from our District Superintendent Rev. J. A. Cormie, in which he states that there are two children at Cecilia Jeffrey in the last stages of consumption. They are in the hospital ward and it does not seem right to leave them there. He suggests that if the Department would approve of a sleeping porch on the South side of the hospital, Mr. Cookson would be willing to erect this if the Government would supply the materials.

Apparently Dr. Ferguson is in touch with the situation as Miss A. Reid, in a communication to Mr. Cormie writes as follows,-

"Dr. Ferguson was here on Saturday and we brought up the question. He does not approve of making any provision for taking care of patients suffering from active tuberculosis either in or near the school, but he strongly recommends the erection of a good sleeping porch along the south side of the hospital, so that we may use all the prophylatic measures possible in the incipient stages of the disease."

I hope you can suggest some relief either through the removal of the children to a sanitorium or the erection of the porch suggested.

Yours sincerely,

JHE/EB

Dear Dr. Eimison: -

I have your letter of the 28th ultimo, referring to the case of two pupils of the Cecilia Jeffrey Boarding School who are in the last stages of consumption.

In connection with this matter, I wish to say that a communication was forwarded from our Agent at Kenora in which he requested that a substitute nurse be arranged in order to relieve Nurse Reid, and to permit her to take holidays on account of her health. The Agent stated that it was necessary to have a nurse at the school during the summer holidays in order to attend to the two cases referred to above. We informed Nurse Reid that she might obtain the services of a practical nurse to relieve her for one month.

It appears from the report of Nurse Reid that the present condition of these two pupils is such that it would be impossible to move them, and it was considered that the appointment of a nurse would be the best arrangement that could be made to look after them during the absence of Nurse Reid. If it were possible to move them, we could have them placed in a hospital at Dynevor or at St. Boniface, where we have a number of Indian children, pupils of our schools, undergoing treatment.

Our appropriation for the current fiscal year has been entirely assigned, but I shall be pleased to receive an estimate of the cost involved in the erection of a sleeping porch on the south side of the hospital for tubercular cases.

When this information is received, consideration will be given to the suggestion made by Dr. Ferguson that this be done.

Yours very truly,

Duncan C. Scott

Sir,—

In reference to your letter No 129-3-1 of 20th ultimo.

Nurse Reid is away on her holidays and the Principal of Cecilia Jeffrey School had engaged an Indian woman to look after the few patients in her absence, unfortunately several children developed illnesses and it was found imperative to have a fully qualified nurse the Principal sent word in to me to get a Nurse at once, I therefore wired Inspector Bunn to get someone from Winnipeg, but he was unable to do so and wrote that I had better go to Winnipeg and find someone myself as he was leaving town on annuity payments, after visiting the School with Dr Ferguson on Sunday 16th, I went to Winnipeg on 19th and called on the Nurses Register where I found it impossible to obtain a Nurse at the rate mentioned viz $50 for the month, and as it was absolutely necessary to have a Nurse I had tow promise $75 for the month, which is a great deal less than a temporary Nurse usually gets.

The temporary Nurse Tully went to the School on Thursday last the 20th and the School launch was to meet her at Waugh.

Mr F.H.Paget will be here on Monday or Tuesday next and we intend going to the School.

Trusting the arrangements I have made will be satisfactory to the Department,

...ar Dr. Scott,- Re Cecilia Jeffrey Indian Boarding School

At the meeting of the Executive of our Board of Home Missions ...d Social Service, held recently, it was agreed, after conference with ...e Women's Missionary Society:-

1st, To again ask the Indian Department to erect a new building to ...ke care of the children in the Lake of the Woods district, the build- ...g to be located on another site, preferably where there are farming ...cilities.

2nd, To request the Indian Department to make such expenditure as ...y be necessary on the present Cecilia Jeffrey plant, to make the build- ...gs habitable and confortable.

3rd, To ask the Government to provide a new boat, also a boat ...use.

You may wonder why the Executive is asking for repairs on the ...d school, while at the same time they are urging the erection of a new ...ilding on another site. This request is made as the result of re- ...mmendations from the Presbytery of Winnipeg and the Women's Missionary ...ciety. It was argued that it will take a year or two to complete the ...w building and that in the meantime, the staff and children should be ...de confortable.

The heating plant and the plumbing system need over-hauling. ...e lighting system is poor and there should be some incidental repairs - ...ains, out houses, etc. and a new boat is an absolute necessity. At ...esent, the only means of getting in and out of Cecilia Jeffrey is by ...e Disappearing-Propeller boat that was purchased by the members of the ...aff.

If the new building is to be ready within a year, we would, ... course, expect that a minimum of expenditure should be made on the ...ildings - just sufficient to make them habitable and sanitary. ...me of our representatives in Manitoba are prepared to recommend two ...hools for the Lake of the Woods district. They claim there are plenty ... children to fill two buildings. If I mistake not, the Agent, Mr. ...vards, shares this view.

Yours sincerely,

...T/EWS

Dear Dr. Edmison:

October 25th, 1922.

Your letter of the 13th instant, referring to the Presbyterian Church Indian work in the Lake of the Woods district, has received my careful consideration. I have noted that both the Board of Home Missions and the Women's Missionary Society request that the Cecilia Jeffrey Boarding School be made as comfortable as possible until such time as a new residential school is erected in a farming community in the same district.

In reply I wish to state that the providing of a boat and such expenditure as is necessary to enable the Cecilia Jeffrey School to operate for another year or so will receive my hearty support. I would be pleased if you would have Mr. Cockson estimate roughly the cost of overhauling the heating, plumbing and lighting systems.

The matter of a new building will be given serious consideration when we are preparing our Estimates for the coming fiscal year.

Ottawa, Nov. 20, 1922.

Dear Dr. Edmison:-

I have your letter of the 13th instant, estimating the cost of overhauling the heating and lighting systems of the Cecilia Jeffrey Indian Boarding School. I have noted that the Principal will be responsible for any repairs that are necessary to the plumbing.

I will have to include items in the Estimates, which we are now preparing, for the requirements of this institution. Parliament will be asked to vote items providing for a boat and boat house, alterations to the building and for a new furnace and other heating fixtures. I wish to recommend that the Church authorities and the Rev. Principal make arrangements for the electric lighting at the school. If this Department provides funds for the other and more expensive requirements, I am of the opinion that church funds, supplemented perhaps by per capita earnings, should arrange for the proper lighting of the building.

Sir,—

Enclosed please find letter received from the Principal of the Cecilia Jeffrey School, in reference to the help the Department is giving the School.

The Presbyterian Board seems to be still under the impression that the Department intends to shortly build another School for them.

I consider it would be advisable to inform the Board that the Department will not build another School for some years yet as when the improvements are made there will be no necessity of doing away with this School, we can always find enough pupils from the Sheal Lake Reserves to keep it going.

You will see the Principal is doing his best with the per capita grant.

In reply I beg to state that this Department and the Board of Home Missions of the Presbyterian Church are in close touch and it is understood that the work at Cecilia Jeffrey is to continue for some years. This Department is aware of the necessity of providing an electric light plant in the immediate future; but, in view of the heavy expense that we hope to incur if Parliament allows the item for extension and general repairs, we feel that the cost of installation should be met by the Church and School authorities. Sir,-

I am in receipt of your recommendations for salary increase on behalf of Miss Alberta C. Reid, IA-IA3-403, to be effective 1st April, 1922 and 1923.

You refer to Miss Reid as a Senior Nurse and are apparently paying her at the salary rate for this class. Miss Reid is shown on the Official Posttion List of the Department of Indian Affairs as a Graduate Nurse with a salary range from $900 to $1200 per annum. It would appear that Miss Reid should be paid in accordance with her classification and if the classifi ation is too high it should be changed.

I beg to draw attention to your letter of the 9th April, 1919, describing the circumstances under which Miss Alberta C. Reid was engaged to do nursing work at the Cecelia Jeffrey Indian Boarding School. Recently the question has been raised as to whether Miss Reid is a graduate nurse, and I shall be glad to receive definite information on this point from you. If she holds a certificate, ~~definite~~ statement to that effect should be made, and the Department should be furnished with the name of the training school from which she graduated. Kindly let me have your reply in this matter at your earliest convenience.

Dear Dr. Edmison:-

Yours of the 19th re Nurse Reid, Cecilia Jeffrey, to hand. I note that Mr. J.D. McLean of the Indian Dept. writes re standing of Miss Reid.

Miss Alberta Reid is a graduate of the Nursing-at-Home Mission Hospital, 76 Hayter St., Toronto. We have had graduates from this Hospital in our Indian work and in our W.M.S. Hospitals in Western Canada and they have measured up to the requirements of the Institutions in an acceptable manner. We consider them especially fitted for our Indian work as they gain much of their nursing experience in daily visitations among all classes of people in our City. They are Social Service workers in every sense of the word. Miss Reid was considered one of the best and served 2½ years as Asst. Supt. in the Nursing-at-Home Hospital. We considered ourselves fortunate to secure her services and never at any time have we had any adverse criticism regarding her work at Cecilia Jeffrey. I always felt that we could depend absolutely on Nurse Reid in ministering to the physical and spiritual needs of our Indians.

Yours sincerely,

Sgd.- Adelaide Clark.

DEPARTMENT OF INDIAN AFFAIRS

CANADA

Ottawa, April 25, 1923.

MEMORANDUM

Mr. Scott,-

I beg to draw attention to the case of Miss Alberta C.Reid who is on the staff of the Cecelia Jeffrey Boarding. It appears from a report from the Secretary of the Women's Missionary Society of the Presbyterian Church that Miss Reid is a graduate of the Nursing-at-Home Hospital, Toronto. The Civil Service Commission has pointed out that her name appears on the official position list as a graduate nurse with a salary range from $900.00 to $1200.00 per annum, and has suggested that salary as a graduate nurse be paid to her if her classification remains as at present. As a Senior Nurse she would receive salary at the rate of $720.00 from the 1st April, 1923. I recommend that she be paid at the rate of $900.00 from the 1st April, 1923, in recognition of her rank as a graduate nurse, as it is assumed that the hospital mentioned is a recognized training school for nurses.

Miss Reid was on the list of officials recently blanketed in. Her work is very satisfactory.

Sir,—

Enclosed please find letter received from Nurse Reid of the Secilia Jeffrey School, asking permission to be absent for the Month of August, and to put in a Miss Nichol in her place, as she wishes to take in an Overseas tour with the Educational Association.

I do not know Miss Nichol, and can give you no further particulars as to her suitability for the position, but would suggest that should the Department give Miss Reid leave of absence, I be instructed to find out from the Physicians and the Principal of the School if Miss Nichols is suitable.

You will find on your files that Miss Reid was allowed leave of absence last summer and received full pay, and Nurse Tully of Winnipeg relieved in her absence.

I may say that Nurse Reid was thought a great deal of by the late Agent, and is also well spoken of by the Principal of the School, and she holds the position of Nurse at the School, from a purely Missionary spirit.

Kindly let me know if the Department approves of the leave of absence, and relief as soon as possible so that I can ascertain if Miss Nichols is suitable.

I shall be glad also of instructions as to whether Nurse Reid is to receive full pay during her absence, if allowed.

Dear Dr. Scott,- Re Principalship of Cecilia Jeffrey School

I beg to notify you that Mr. J.J. Cookson, who has been Principal of Cecilia Jeffrey, is giving up the work and that in his place, our Board has appointed Rev. A.D. Menzies, formerly minister at Wiseton, Sask. Mr. Menzies will begin his work at Cecilia Jeffrey soon after the 4th of November. I trust this meets with the approval of your Department. Mr. Menzies is well known in our Church. Has been successful in all his undertakings and I understand that Mrs. Menzies has had experience in institutional work. She will probably be appointed Matron at a later time.

108-13. Personal 19th November 2

Dear Mrs Clarke,

I delayed answering your lettere until I had had an opportunity to visit Cecilia Jeffrey School.

Mr Menzies and his wife arrived, and I was with them on Friday and Saturday morning, and we thoroughly discussed the several matters on which he desired information.

You seem to be under the impression that I am not in favour of the Department spending money on the School, but I can assure you the contrary is the fact, as if the Church Authorities do not or cannot instal electric light, the Department should do so, as the danger is very great of having a fire which would have very disasterous effects, the frame buildings would go in no time.

You inform me Mr Cookson spent over $7000.00 on repairs and equipment in the last two years, if this is so I cannot understand where the money has gone, he always appeared to be very economical, I cannot understand how it was there are no books to show his expenditure.

I was not aware that the Government were responsible for the buildings and equipment and the Church for the payment of Staff and clothing of pupils.
If this is so it appears to me that we are responsible for the installation of the electric light plant. but I will ascertain this from the Department as they informed me some time ago that they considered the School Authorities should pay for the installation of an electric light plant.

As regards the launch, I feel sure you could not have obtained a more suitable one, providing you have a capable Engineer to run the engine, and whatever kind of a boat you had, you would require a barge, Mr Cookson informed me that the one he built (which is a very good one) only cost $75 for material, the labour being supplied by himself and the boys.
The boat you got cost us more that the $4300 charged the School.

I will communicate with my Department and ascertain if they are willing to bear more of the expenses of running this School. but as regards a new School, at the present time in the Kenora Agency, I think although you say you are due one, that it will be difficult to get the Department to see this as in my Savanne Agency I have over 700 children of School age without any School, it would therefore not be right for me to ask for another School for you, until their needs had been attended to.

As regards the isolation ward, I discussed this with Mr Menzies, and he considering the matter.

I am informed an electrician from Schumaker-Gray in W'Peg visited the School and made an estimate of the costs of installing and wiring, so presume something will be done soon by someone.

If the School was removed from Sheal Lake to Keewatin, we should have great difficulty in getting the parents to allow their children to attend. The School we have in Kenora are always wishing they were further away, owing to the difficulty in keeping children. they are always running away, and being brought back by the Constable and others. This never occurs at Sheal Lake.

It was too bad I could not meet you last summer, but it was at Treaty time and I was unable to get away, however I hope you will make a trip soon when I may have the pleasure of your acquaintance.

Reduction in grant. The Department deducted the two weeks holidays allowed, it was not my fault as I O. K. ed the return as originally sent in, but it was notified from Ottawa, and if the Department has not already allowed you the two weeks, perhaps they will do so if you ask them, although you understand there are rules set down that must be maintained.

I was very sorry to have to send the returns back to the School for revision, but was compelled to.

Re your grant of $165 per pupil, this is a very large grant, and I doubt if there is any other School in Canada under our Department getting a larger one, I always understood the grant was only $145.

Mr Freeman is taking very great interest in the School, and the Staff are very favorably impressed with him, as is also Mr Menzies, Mr Freeman informs me he will be able to visit the School again about New Year and I will try and arrange one of my visits so that we can be there together.

Three of the School children are in Hospital in Winnipeg and we are sending them back on Wednesday next.

Mr Menzies informed me there is a large quantity of material at the School, purchased by the late Principal, for the alterations to the building, which he will use up.

Providing the electric light plant is installed, and the wiring and fixtures set up, he does not think at the present time much more is necessary.

The second teacher Miss Lamont has left and Miss Bennett who I understand was previously at the School, has taken her place.

I should be glad if the Church could suggest or do something for the pupils leaving the School when discharged, it seems a pity they should go back to their old life again, after the work done on their behalf at the School. Perhaps you could get suggestions from the new Principal.

With kindregards,

Yours faithfully

Frank Edwards.

Sir,

Enclosed please find copy of a personal letter sent to Mrs Adelaide Clarke of the Women's Missionery Society of the Presbyterian Church (Western Division) Toronto, in reply to communications received from her, for your information.

The New Principal for the Cecilia Jeffrey School has arrived and I was at the School on Friday and Saturday last.

As regards the electric light, this should be attended to by either the Department of the School Authorities at an early date, as in case of fire there would probably be loss of life as well as loss of the buildings, as there is no place for the inmates of the School to go to if it burnt down nearer than Waugh 7 miles away, and it would be difficult to reach there, without exposure over the ice in the winter time.

Trusting I have not said too much in the letter to Mrs Clarke, which is a personal one.

I have noted that the new principal was at the school on the 16th instant, at the time of your visit. I have to inform you that the installation of the electric lighting system is being undertaken with the least possible delay.

Relative to the subject matter of your communication to Mrs. Clarke, I have to inform you that the Department allows only 31 days holiday, without grant. With reference to the Government and Church responsibility at Indian residential schools, I have to state that, generally speaking, this Department allows a per capita grant for current expenses and makes grants for capital expenditure, whenever funds can be found for the purpose. Relative to the last paragraph on the first page of your letter to Mrs. Clarke, I have to inform you that the Department cannot increase the per capita grant, and that for the coming fiscal year the per pupil rate will be the last year, i. e., $165 per annum.

I have just returned from an inspection trip to Cecilia Jeffrey Indian School.

The Principal Rev. A. D. Menzies appears to be getting along all right, but the Indians complained he did not visit them at the Reserve, I suggested he do this occasionally and he agreed it would be a good thing, he is very interested in his work.

His wife apparently does not care for Indians and has very little sympathy with them, and she is not liked by the staff, but no doubt that after a little time she may get along better.

MAY 7 1928
RECEIVED

Original on File 75-129.

In the early part of the month I went to Winnipeg and had a conference with the Principal of the Cecilia Jeffrey School and some of the Presbyterian Mission Board to see if we could not devise some scheme to make better feeling between the Principal and the Indians and prevent so many pupils running away. The conference did good and perhaps things may improve.

. . . . . .

We had to send a doctor down to Cecilia Jeffrey School from Winnipeg, owing to a wire from the Nurse that some of the children were ill. It would have cost too much to have sent Dr. Ferguson from Kenora.

. . . . . .

I have been notified that the Principal of the Cecilia Jeffrey School is laid up with pneumonia and that his brother has been sent for.

On July 29th and 30th I visited the Cecilia Jeffrey Indian Residential School. The institution is situated on a peninsula in Shoal Lake. The postoffice address is Indian Bay, Man., and the express and freight, Waugh, in care of the G.W.W.D., Man. Mr. Menzies is a kindly type, but I was not impressed by his ability as an organiser. His wife has no sympathy for the work and I believe is the actual head of the institution. She is not the proper type for institutional life, is matron but cannot handle the staff. The outside man, Mr. Gibson, is a splendid chap with children. He is responsible for the small farm, the carpentering and engineering end of the work. They allow a week-end holiday for the pupils that live close to the school. I discouraged this practice.

The main building needed paint, but material was supplied a year ago and the work was about to be undertaken. The building is badly cut up by alterations and is not suitable for purposes of Indian education. The heating system is inadequate - there are three separate units. The lighting plant is working well. The water intake has had to be rebuilt: church funds are being used.

I promised to send a little athletic equipment and to give favourable consideration to requisitions for material for Art. One of the teachers is a splendid artist and some of the pupils are showing excellent progress.

The school purposes changing the balcony to an infirmary and making alterations in the present sick-room. It can be undertaken by day labour, under the supervision of the staff, provided that one skilled carpenter is engaged and the materials allowed. They will really need more than $400 which has been promised, I believe. If the Church would furnish the rest of the money, I believe the Department should allow $600 for this work. I propose to examine the correspondence and write the agent.

EXTRACT FROM LETTER FROM A. D. MENZIES, PRINCIPAL, CECILIA JEFFREY RESIDENTIAL SCHOOL, Dated Nov. 1, 1924. (addressed to Mr. Ferrier).

As you are aware, we get most of our supplies over the G. W. W. D. Ry. at Waugh. This necessitates our approach via Indian Bay, a sheet of navigable water about 1½ miles by 3½ miles, from one end of which Winnipeg gets its water supply. The Railway and waterway belong to the city. We have received notice from the Superintendent of the system that next spring we must cease the use of Indian Bay and approach Waugh via Snowshoe Bay and a so-called canal, connecting it with the west end of Indian Bay for drainage purposes. Showshoe Bay is not navigable for a row-boat at present, much less for a launch of any kind, being very shallow and infested with weeds. So much for the situation. Presuming on your interest in our school, I want to ask you to ascertain from the proper Department whether the Government has authorized or could authorize the City of Winnipeg or its officials to close against navigation a body of water such as the above, whose entrance is three or four hundred yards wide.

(Sgd.) A. D. Menzies.

December 5, 1924.

Dear Sir:

I am enclosing herewith for your attention an extract from a letter from Mr. A.D. Menzies, principal of the Cecilia Jeffrey Indian school at Shoal Lake, Man. with regard to the closing of Indian Bay for navigation purposes.

Encl.

Mr. Menzies points out that if Indian Bay is closed it will be impossible for the people at the school to go to the town of Waugh where they are obliged to get their supplies and conduct their business. In these circumstances it would be practically impossible for the Department to carry on the institution. I may say the Department has in contemplation the removal of this school in the near future to a point on the Railway line between Waugh and Winnipeg. It is hoped, however, that for the present at least, navigation between the school and Waugh will not be interfered with.

Yours truly,

J. D. McLean.

Dear Sir,

I beg to acknowledge receipt of your letter of the 3rd.instant in which you state that the Superintendent of the Greater Winnipeg Water District has notified the Cecilia Jeffrey School that they must no longer use the bay as their approach to Waugh.

I understand that your Department granted a portion of Indian bay to the Greater Winnipeg Water District in April.1915, but made a reservation to the Crown for navigation purposes. I have not read the grant, but if it contains such a reservation I do not see how Indian bay can be closed to navigation.

Reverend Sir:

I am pleased to inform you that I am now in a position to write with reference to the use of Indian Bay by the Cecilia Jeffrey Indian Residential School. This letter follows a study of the patent issued by this Department to the G. W. W. D. in April 1915 and correspondence with the Department of Marine and Fisheries.

The patent in question reserved the free use, passage and enjoyment of, in, over and upon all navigable waters, and Indian Bay cannot be closed to navigation.

I believe you would be well advised to write to the G. W. W. D., informing them that the Department has assured you that you may use Indian Bay for navigation. You should intimate that every effort will be made to see that there is no contamination of the water by the school launch or barge. They should also be given to understand that we hope to move the school from its present locality in the near future and that the school will not require the use of Indian Bay very much longer.

Sir,

I have received a letter from Nurse A.C.Reid of the Cecilia Jeffrey Residential Indian School, who is now at present living at Vancouver B.C. on two months sick leave with pay from the Department.

She states that she feels that she will be unable to return to her duties at the end of her leave of absence, but that at least she would require until about June the 3rd before she thinks she would be in a fit condition to do so., and that she considers that this is asking too much from the Department and prefers to tender her resignation.

I had a letter from the Principal in which he has told me confidentially that Nurse Reids substitute, Mrs. [illegible] White is a graduate of Orangeville, Ont, and has her [illegible] Diploma for Ontario, is doing good work, and gets on well with the children, and is in many respects more efficient and superior to Nurse Reid.

Miss Reid has asked me to advise her as to the Department's decision in this matter, and I shall be glad to hear as soon as possible as to whether it is decided that her resignation be accepted or not. Doctor Ferguson has been satisfied with Nurse Reid's work.

Dear Sir,-

I beg to advise you that, after giving consideration to the matter, it has been decided to discontinue the services of a Nurse, who is paid by this Department, at the Cecilia Jeffrey school. We consider that this service should be given in return for the per capita grant allowed by the Department, as is the case in all other Indian residential schools. Miss White, now acting as substitute for Miss Reid, may be continued until the expiration of the time for which she was engaged, and, if Miss Reid is able to resume her duties when her leave, without pay, expires, she may do so, but she should be advised of the intention of the Department and that her services as an employee of this Department will terminate on September 30, next.

The Church authorities are being advised of the decision of the Department.

Dear Dr. Edmison:

Some years ago, at the request of Dr. Grant, I appointed two nurses for duty at the Indian residential schools in Manitoba and Saskatchewan that are conducted under the auspices of the Presbyterian Church. This was a temporary arrangement and the scheme was not extended. It has been decided to ask the two schools where the nurses are now situated to conform to the general practice, and I have directed that the Department discontinue paying for the services of nurses at the Portage la Prairie and Cecilia Jeffrey Schools as from August 31st and September 30th, next, respectively.

Dear Dr. Edmison,-

Your favor of June 2nd to hand enclosing a letter from Indian Dept. re dispensing withour nurses at Portage and Decilia Jeffrey Indian Boarding School August 31st, 1925.

I have no comment on the matter re Portage school but I trust the Dept. will permit us to retain a nurse at Cecilia Jeffrey until the proposed new school is ready for occupation.

On no account would our W.M.S. leave our staff and pupils in that isolated spot without a nurse, one hundred miles from the nearest doctor. When our Sr. teacher, Miss Brodie, was seriously ill this spring it was necessary to bring in a doctor from Winnipeg. He was compelled to remain with her four days so great was her danger. Our W.M.S. could not leave Miss Brodie to bear this expense and paid the doctor for the time he was away from his practice in Winnipeg. I feel confident that Dr. Scott, Superintendent of Indian Affairs, would not ask us to assume any such unnecessary responsibility but will permit nurse to remain until the new school is ready for occupation.

Yours sincerely,

R

Sir,

I have just received notification from the Rev. A.D.Menzies,Principal of the Cecilia Jeffrey School that Nurse Reid had returned to resume her duties on July 14th inst.

When I made out my July pay sheet I had not received any advice either from Nurse Reid or the Principal about her returning,although she was notified in time to have replied definitely,therefore I did not place her name on the pay roll.

Kindly add her name and send cheque direct to C. J. School Indian Bay.

Sir,-

I have your letter of the 29th ultimo. with reference to the continuing of the payment of salary for Nurse Reid at the Cecelia Jeffrey Indian Residential School.

In reply I beg to say that it is intended to allow payment of a nurse's salary at this school until such time as the new buildings are in use.

The salary of Nurse Reid has been paid to the end of June last. You should include her name on your monthly pay list from that date and until such time as the new building is ready.

Dear Dr. Scott:-

I have yours of April 17th if which you ask if the resolution we sent you on the 15th concerning an isolation hopsital at the Cecilia Jeffrey Indian Residential School has to do with "an isolation hospital for pupils of the school at the proposed new site".

That is not the suggestion of our Women's Missionary Society. They feel that the Tubercular Hospital for the Indians should not be near the new school. Our representatives in Winnipeg contend that the Principal's residence at the present Cecilia Jeffrey School could be used effectively as a hospital. It is a commodious building with three or four rooms upstairs as well as down stairs. It has running water, toilet, etc. It would not be an expensive matter to fit it out as an isolation hospital.

Our District Superintendent for the Manitoba Conference is strongly of the opinion that something should be done for the tubercular Indians in that locality. We will not require the building when the new school is ready for occupation.

If you did not regard the Principal's residence as adequate for hospital purposes, after you have the new school erected, the present Boarding School could be used.

Those who brought the matter before us were of the opinion that at first, a resident nurse might be sufficient with a visit from a medical assistant from Winnipeg twice a week.

If you find that the Principal's residence is adequate for the purpose, the Women's Missionary Society feel that the Government should have the use of it as their contribution to this most needy cause.

In a recent report from Cecilia Jeffrey, it was stated that the greatest discouragement in the work at this point is due to the prevalence of tuberculosis on the surrounding Reserves and consequently at the School. Some families have been or are being entirely removed by its ravages. During the past year our school

lost seven pupils through this disease, while five others are now out of the school. We, of course, cannot retain pupils in the school and expose others to the infection. The Indians seem to object to their children being sent to Selkirk, as they say they never see them again, because of the distance, and because most of them go there to die.

Yours sincerely,

Sir,—

On Friday the 4th. inst. we inspected the Cecilia Jeffery Indian Residential School at Shoal Lake, and there would seem to be a lack of good feeling between the staff and the principal. I believe the church authorities should be informed and the matter investigated, so that things would run more smoothly to the advantage of staff and Indians alike.

In response to a request of the principal, Dr. Ferguson removed tonsils from three pupils named Tully, who are white. Their father is employed by the Greater Winnipeg Water District Railway at Waugh, Man. and I understand that payment is being made for their board and education. The teacher herself, who has been at the school for fifteen years, is averse to their presence, and I do not think for my own part that they should attend, since there are many Indian children on Lake of the Woods who could attend if they were properly recruited.

In regard to holidays, the principal tells me that he is giving six weeks, as he did last year. I think this is all right. although Dr. Ferguson feels that owing to the amount of Tuberculosis in that neighbourhood the vacation should be extended.

Nurse Reid, who is paid by the Department, asked me if she could have the same holidays as the children. I informed her that this would be quite satisfactory provided there were no sick children to be attended. In discussing the matter, the principal did not think she should have so long. I should be glad to have instructions confirming my recommendation.

The attitude of the principal towards the staff is that of an autocrat. Neither the staff nor the missionary are allowed to enter the school by the front door. The nurse had her first intimation of the operation on the Tully children when Dr. Ferguson told her he had been asked to operate. I would therefore recommend a change of principal, with a temporary appointment if the difficulties between the United and Presbyterian churches forbid anything more permanent.

Ottawa, June 12, 1926.

Dear Dr. Edmison:

I regret that it is my duty to draw to your attention a recent report from Mr. Indian Agent Edwards, of Kenora. Following a general inspection of the Cecilia Jeffrey Indian Residential School on the 4th instant, he reports in part as follows: "There would seem to be a lack of good feeling between the staff and the principal. . . . . The attitude of the principal toward the staff is that of an autocrat. Neither the staff nor the missionary are allowed to enter the school by the front door. . . . . I would therefore recommend a change of principal. . . . . I do not wish to appear as interfering in the internal management of the school, but things are so bad that I have been asked to draw your attention to the matter."

I might add that the Superintendent of Indian Education visited this school in July, 1924, and reported that he was not impressed with Mr. Menzies' ability. He also stated that "his wife, who is matron, has no sympathy for the work and, I believe, is the actual head of the school. She is not the proper type for institutional life as she cannot handle the staff."

I am not urging you to arrange for a new incumbent at the present time, unless you consider such action advisable: but I am free to state that, if a new building is erected next year, the Department could hardly give favourable consideration to the retention of the Rev. and Mrs. Menzies.

Ottawa, June 12, 1926.

Sir:

I have your 152-13 of the 8th instant, with general reference to the Cecilia Jeffrey Indian Residential School. I regret to learn that there is lack of harmony between the principal and the staff. I am corresponding with the Church Authorities in this connection. I note that three white pupils have been taken in. Please inform the Rev. Principal it is the Department's opinion that he would be well advised to secure a full complement of Indian pupils. We have made certain capital investments at this institution and are paying the salary of the nurse. This assistance will be withdrawn if the education of white children becomes an important function of the institution.

The Department approves of 43 days' holidays with grant, the same as last year. Concerning the duration of Nurse Reid's holidays, I consider that you and the Rev. Principal should come to some mutually satisfactory agreement. As a Civil Servant, she is entitled to 18 working days, but the Department has no objection to a longer holiday if such can be taken without burdening the rest of the lady members of the staff. It might be advisable to give her the same holiday as the other school workers receive.

Dear Dr. Scott,-

I have yours of June 12th in regard to Mr. and Mrs. Menzies of Cecilia Jeffrey Indian School. We have had information very similar to that sent to you by Indian Agent Edwards. It was the mind of both the Board of Home Missions and the Women's Missionary Society that this change was due but as the new School was deinitely promised for this year, we had planned to have a new Principal and matron take up the work in the new building. Should it be that the new building is not erected this year, this upsets our plans. We, however, will be glad at the earliest opportunity to carry out your suggestions. I presume your estimates are through by this time. I will be glad to know if there is any possibility of the Department going ahead with the building this year.

Dear Mr Ferris:

There are [illegible] points on which I should like to get information.

Is it not a regulation of the department that Indian children between the ages of 7 and 15 must attend some School?

We are greatly disappointed that our new School building is not to be erected this year: it is a tremendous handicap when two other new Schools are opened in the Agency within the year. We could however make some preparation for the larger building, which surely will be erected next year, by opening the Principal's Residence, now unused. It has ten good rooms any of which would accommodate two with ample space and five are large enough for three or even four. We will also be able to accommodate at least fifteen additional pupils in the School building,

filling to the Department's limit, twenty. We could thus provide for forty or forty five new pupils when School reopens. There are quite enough children now out of School in the North West Angle, Assabaska and Big Island Bands - namely 60 or - to provide this number. If it can be argued that there is not School accommodation for all, why compel some to attend. the age limit could be made 7 to 12 or 10 to 15. Many Indian Children are now missing School simply because there is not accommodation for all. What can we do to supplement persuasion?

Our Indians are definitely informed that Kenora R. C. School is to get two months' holidays and ask why are our Children given only six weeks. Are they correctly informed?

Yours sincerely

Ottawa, June 29, 1926.

Reverend Sir:

I have your letter of the 24th instant and in reply beg to state that the Indian Act provides for the compulsory attendance at school of physically fit children from 7 to 15 years of age. The rigid enforcement of this section is undertaken by the Department only when it is considered advisable. I am not satisfied that drastic action to enforce attendance of the Lake of the Woods Indian children should be taken at the present time. Serious consideration to such action may be given when our building programme is completed.

I further doubt the advisability of making temporary arrangements for the accommodation of boys outside of the main building at the Cecilia Jeffrey Indian Residential School. A pupilage of 95 is allowed, and, to earn a grant for this number, an enrolment of 99 or 100 would be necessary. I have examined the files and I find that the average attendance at your school has not reached more than 60 for any quarter during the past year. Before considering any temporary accommodation, would it not be well to make a special effort to recruit up to strength? If you concur, I will correspond with Mr. Indian Agent Edwards to secure his active cooperation. You might indicate the exact number of pupils that you believe can be safely accommodated in the main building at the present time.

Concerning your question regarding the length of holidays at the Kenora Indian Residential School, I have to inform you that we ask all our institutions to conform to the general practice - 43 days holiday with grant.

Mr. J.D. McLean,
Dept. of Indian Affairs,
Ottawa, Ont.

Dear Sir,

Your letter of the 29th ultimo (129-3-1) was evidently delayed en route, arriving only by our last mail. I believe 75 is our pupilage limit, not 95 as you suppose, hence the enrolment should not be more than 78 or 79. If all were in actual residence we could if necessary utilize a staff room.

We have reported an average attendance of 62 for the June quarter, just closed; we will ask for the discharge of six after school reopens in September, and the health of two or three others makes their presence very uncertain. To take full advantage of our school's accommodation we should enroll 25 additional pupils for the fall term, and of this number we have one third or more in sight at present

We have recently secured a missionary for work among the Indians of the Lake of the Woods district, one of whose duties will be the recruiting of pupils for our school. I thank you for your order to secure the active cooperation of the Indian Agent, Capt. Edwards, in this endeavor. We have no great difficulty in enrolling all of school age on the two Shoal Lake Reserves, but our school is very unfavorably located for all other Lake of Woods bands.

Two years ago your Mr Ferrier told me we were next in order of time for a new School Building; a few months later I was informed that official notification would be given our Board in the immediate future of the Department's intention to proceed with the erection of the School Building. This went forward in due time and later we were given assurance that the Building would be ready for occupation this fall. Within the two years, referred to above, two other schools have been erected within this Agency, and we are now informed that we must wait at least another year though the necessary money had been voted. Needless to say this delay imposes a serious handicap on us, situated as we are in a remote corner, difficult of access and in an old building. The new schools serve the same territory.

It was because of the above facts and because scores of our L. of W. Indian Children are getting absolutely no education that I suggested compulsory attendance at some School within age limits that might be fixed with knowledge of accommodation available. To increase this limit I offered to open our Principal's Residence, but do not regret your disapproval since the proportionate cost, if using a second building, would be greater though it is equipped with heating, water and sewage systems.

Yours etc A D McInnes

Dear Miss Cummings:

I am returning the communication from the Rev. A. D. Mennies, Indian Bay, Man., which you forwarded under cover of your letter of the 10th instant. Dr. Scott, of Indian Affairs, states that Mr. Mennies is the principal of the Cecilia Jeffrey Indian Residential School and is employed by the Church Missionary Society. Some months ago, when it was proposed to replace the old school by a modern building, the Department of Indian Affairs wrote to the responsible church officer, mentioning certain criticisms of Mr. and Mrs. Mennies and suggesting that, when the new building was erected, it would be advisable to arrange for new management. The General Secretary of the Presbyterian section of the United Church Board of Home Missions replied in part as follows: -

> "It was the mind of both the Board of Home Missions and the Woman's Missionary Society that this change was due. . . . . We had planned to have a new principal and matron take up the work in the new building."

I may say that funds for the new building are not yet available and it is uncertain just when it will be erected.

As far as the Department is concerned, the matter rested at that.

DATE OF THIS LETTER

Sir,—

I beg to submit herewith my report in the matter of Mildred Martin, #49 Shoal Lake Band No.40, reported by the principal of Cecilia Jeffrey Residential School as being a common prostitute and a menace to morality on the reserve and in the neighbourhood of the school. Attached hereto is the letter from Mr. Menzies setting forth his complaint, in consequence whereof I made a journey to Shoal Lake to investigate this along with other matters.

On arrival at the school I immediately went into Mildred's case with Mr. and Mrs. Kenzies, and gathered from their expressed opinions that she was a sort of moral leper whose activities could not be curtailed except in a detention home. I was advised that I should be armed before going to interview Mildred and her parents, especially if I should suggest taking her to Winnipeg for mental observation,(this course being indicated by the reports). However, I found the girl quite ready to discuss her position, after she had recovered from the preliminary breakdown and shame attending my appearance. She admitted several indiscretions so openly that I was inclined to consider her either unbalanced or brazen, until further conversation gained her confidence, when she expressed her entire willingness to go to Winnipeg to see Mr. Bunn and to find, if possible, some sanctuary where she would not be subjected to overwhelming temptations. She admitted she was none too strong in the face of temptation, and her story coincides with subsequent investigation which showed that having once got on the wrong track she was hounded by a certain type of young loafer among the Indians.

Accordingly, I took Mildred to Waugh, Man. that same night, in company with Miss Reid, the nurse, so that we might get the train for Winnipeg in the morning. Before leaving the school Miss Reid was instructed by Mrs. Menzies to make Mildred sleep on the floor, and to lock the door. In this connection I would refer you to the last paragraph of Mr. Menzies' letter.

I took Mildred to Winnipeg the next day, but arrived too late to enable us to see Mr. Bunn, so I registered Mildred at the Y.W.C.A., putting her on her honour to be there when I should wish to find her. She was under no restraint, and I found her there whenever I required to see her. Desireous of neutral opinion, I took her to see my mother and sister, who both concluded that she was quite normal, but perhaps too young for her years, and undeveloped in the ability to protect herself from the effects of physical maturity.

On Monday, January 11th, Mildred and I went to see Mr. Bunn at his office. He had a long talk with Mildred, and stated his determination to take no steps involving her detention and the stamping of her as a degenerate, but he wrote a letter to Mr. Menzies, commending Mildred to his kindness and charity, suggesting that she be received at the school in some capacity and given a helping hand, since her case seemed to provide a good opportunity for the exercise of a clergyman's holy office.

On Wednesday, January 13th, Mildred and I returned to Shoal Lake, taking with us her tiny niece Elizabeth Martin, who had been in St. Boniface Hospital with a broken leg. Mildred gave her every possible attention so that the child arrived at the school feeling as comfortable as when she left the hospital.

Mildred's reception was not attended with the killing of any fatted calf, and Mr. Menzies refused to take her into the school in any capacity, and suggested that I send her back to the reserve, claiming that none of the pupils would have anything to do with her, and that he was glad of it. To return her to the reserve would have been to expose her to the former vicious circumstances, so I took the matter entirely into my own hands. The next day I sent Mildred home with her father, to see her mother, telling her I would call for her in a short time. This I did, and brought her back to the school for the night, to the evident dislike of Mrs. Menzies.

Next morning, at seven o'clock, I took Mildred from the school. She received a parcel from Miss Reid and Miss Brodie, and a request from nearly all the girls to write to them. Charley Green had his pony waiting, and we came to Ingolf and so to Kenora, where Mildred is at present, helping my wife with her housework, and giving satisfaction. We propose to pay her as we would pay a white girl for the same work, unless yourself or the Department should formulate some different plan.

While at Shoal Lake I ordered two Indians to return to their own reserves. These Indians had been concerned in Mildred's case, and had been hanging around the school at nights, with the permission of the principal, who complained to me that young Indians had given chewing snuff to very young boys, and stood outside the building at night and whistled to the girls in the dormitory, causing a stampede to the windows. I pointed out that the school site had been surrendered, and that he was empowered to keep such visitors away. He admitted that he knew this to be so, but apparently he had not utilized his powers in this direction. He told me that one girl pupil had complained that Norman Kelly had made advances to her and had attempted her virtue. Notwithstanding this, I found Norman Kelly visiting the school.

the school.

In the course of my enquiries I discovered that male visitors to the school were making amorous advances to the girl pupils, and I took from one Indian who confessed to this practice a letter he had received in reply and which is attached to this report. In view of information received from Mildred since her establishment here I expect to bring to light even worse conditions than those already revealed.

Discipline at the school seems to consist of an even mixture of laxity and of severe repression. As the pupil's attached letter shows, pupils are permitted to go home for the week-end, although the principal realizes the dangers involved, and when a pupil falls from grace as in Mildred's case he suggests that she be placed in a detention home and branded as a Magdalene. In considering the conditions at the school one finds it difficult to absolve the principal from contribution to her downfall, and his refusal to rise to Mr. Bunn's kindly proposal is barely in keeping with the professed philosophy of Christ, as enjoined on the clergy. It is not decently Pagan.

Your obedient servant,

Hector M Angus.

Dear Capt Edwards:

You will remember that I spoke to you in the long ago about the advisability of trying to place Mildred Martin in some sort of Detention Home or Shelter where she would be looked after. As you are aware we asked for her discharge after the holidays. She is now on the Reserve, I will not say at home as report says they have no control over her and at night especially, the Reserve is said to be her field. Norman Kelly & Norman Grisdale are said to be two of her intimates Hansen tells me she has been to their fish camp with N. G. after night and on one occasion they were forced to keep them over night: he asked me if she was allright mentally. If half the reports are

true she is making herself a common prostitute, and common going after men if they do not go to her. She will certainly demoralize the Reserve if the stories told of her are true, and it seems to me something should be done with or for her. Since she has gone out from the School I can no longer interfere but I would suggest that your have her case looked into and judge whether or not something should be done

DATE OF THIS LETTER

Sir,—

Enclosed herewith please find a letter received from Rev. A.D.Menzies, principal of Cecilia Jeffrey Residential School regarding the case of Mildred Martin, along with a report made by Mr. Angus off constable, in the same connection, in consequence of my request that he proceed to Shoal Lake and investigate the matter.

I had previously discussed this matter with Mr. Bunn at Winnipeg, and he did not favour trying to have Mildred placed in a detention home if the affair could be otherwise disposed of, one of his reasons being the possible difficulties arising from her reserve being mostly in Ontario. I saw inspector Bunn again yesterday, the 17th, and his conversation on this subject coincides with Mr. Angus' report.

Mildred would appear to be in love with an Indian, Charley Green, but I do not know as yet whether he returns her affection. I shall see him as soon as possible, and if he should desire marriage it would furnish a good solution, but of course no pressure will be brought to bear.

The only reason I have for forwarding the enclosed report and correspondence is that it may be useful to have them on file in connection with any statements made or action taken by Mr. Menzies in view of his censure by the Church authorities, the Department, the Indians or members of the school staff as per previous correspondence. I think Mr. Ferrier is well aware of the difficulties in the case of this principal.

INDIAN AFFAIRS BRANCH
FEB 1927

Sir,—

On Friday I went by train from St Bonaface to Waugh on route to make my usual inspection of the Cecilia Jeffrey School. At Waugh I met the Rev John A. Cormie, District Superintendent of the United Church who had been into the School to audit the books.

He informed me there was a certain amount of unrest at the School, between the staff and the Principal this I knew, and have informed you of it, some time ago.

Mr Cormie said nothing could be done at the present time as the Continuing Presbyterians were taking over the School, and no changes could be made until the organisation was ready to take over.

Some of the staff complained to me of certain matters, but I informed them of my conversation with Dr Cormie, and that this was entirely a Church matter and things would no doubt be remedied at an early date, I also let them know it was entirely a Church matter and nothing to do with our Department.

I was informed that the Principal and his wife had gone to extremes, as previously they had been very strict disciplinarians, they were now too easy, and in consequence the children were hard to control.

Miss Brodie, the teacher informed me she had asked the Principal's wife for a loaf of bread for an old dying woman (Mrs Green) Mrs Kenzies refused, so Miss Brodie asked if she could purchase a loaf for the old woman, this she was allowed to do, and paid for same out of her own pocket, Miss Reid, the Nurse, informed me she had asked for eggs for some sich children, but was refused, although there were plenty at the School, but she was allowed to purchase some herself from the School stock, which she did and supplied them at her own expense to the children.

I have authority as per Departmental letter 35-129 of 24th ultimo to purchase 5 tons of hay for the North West Angle Band #33. and as Shoal Lake Band #40 had no hay for their oxen, I asked the Principal of the School, if he would sell us some, he agreed, but said it would cost $19.00 per ton. f.o.b. Waugh, as I found out afterwards the hay costs the school, $15.00 per ton and about $1.25 freight. The Indians were very hard up and I gave the Principal authority to issue a small amount of provision as relief. The staff inform me that the Principal even charges the Indians for clothing sent by the Church people for the Indians, He also runs a store at the School, and his prices are as high or higher than that charged by the store at Waugh. He claims that if he charged less the storekeeper at Waugh would object. I informed him that according to the act he should apply for permission to trade according to sec. 42 &131 of the Indian Act, but he did not seem willing to do this. There is no doubt this store is a convenience to the Indians but the goods should be at least sold at a small price. This would make for better feelings between the School and the parents, and assist recruiting.

The Principal is more of a hard headed business man than a Principal or Missionary, and I am informed

PUBLIC ARCHIVES

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

he practically never visits the Indians on the Reserves, although they live only a few minutes walk from the School.

Dr Cormie informs me that when the late Principal Mr Cookson left, the School was in debt about $1500 and that the present principal wiped this off and is now somewhere about $3000 or $4000.00 ahead, this does not look reasonable, I made enquiries and the children appear to be well fed and nourished, and it seems to me the surplus has been made from trading with the Indians, as well as Mr Menzies being a close business man, If he Had used any surplus towards helping some of the poor Indians he would have had better feelings between the Indians and himself, a large amount of relief I understand was always previously given by the School to the destitutes.

There was a certain amount of immorality going on at the School, but I do not suggest this was the fault of the Principal, I had the offenders up before me, in front of the Principal and they were severely repremanded.

All the above information is for your files, as I do not think anything can be done until the Presbyterian Church takes over, and make their own arrangements for their staff.

Dr Cormie asked me to inform him, the amount of grant per capita the school was receiving, and when this had been raised to the present amount, I should be glad therefore if you would kindly send him this information as soon as possible, also notifying me at the same time. Dr Cormies address is:-

With reference to my letter 108-13 of Jan.18th 1927 regarding Mildred Martin, an ex-pupil of Cecilia Jeffrey Indian Residential School, I would say that our constable, Mr. Angus, and his wife have been keeping her and endeavouring to reform her to some extent, Mr. Inspecter Dunn having expressed his belief that neither jail nor a detention home would be quite the right place, while the facilities for wrongdoing forbade her being left with her parents at that time. Mr. and Mrs. Angus kept this girl from Jan.14th to the 14th inst, and there has been so much improvement shown that we have allowed the girl to go back to the reserve.

Mr. Angus is in receipt of a small salary, and is unable to keep a maid, and I would suggest that he be allowed ~~xxxx~~ a nominal sum, say, $15 a month, towards the maintenance of this girl. This would be cheaper than either detention home or jail. If you agree with the above suggestion I would be glad t receive a cheque for $45 which should be charged against account 223, and on receipt of the same I shall send the necessary vouchers.

Dear Sir,

I am informed by Mrs (D.) Helen M. Mr Menzies and his staff, are staying on at the School in the meantime, so it will be carried on in the future as at present.

Mrs Strachan asked me to notify the Department as to their taking over the School, but I would suggest to the Department that it is advisable to make a change in the Management, (at not too late a date) as was suggested to the late Board of management of this school, so as to prevent a recurrance of the difficulties of the staff and Indians under Mr Menzies, although the Indians inform me he has improved in his treatment of them.

Dear Mrs. Strachan:

Rev. Dr. Edmison has informed me that the Birtle and Cecilia Jeffrey Indian Residential Schools are now under the control of the Presbyterian Church in Canada. I wish to assure your Society that you may count on the fullest cooperation of the officers of this Department in the conduct of these institutions. They are two important adjuncts of the general programme for the education of the youth of our wards and I trust that they will continue to be of much usefulness. The resignation of the Rev. Mr. Pitts, the incumbent at Birtle, has been brought to the attention of the Department and I should be grateful if you would let me know something of your plans for the management of these institutions.

Once every three months, the Department issues per capita grant cheques, and it will be necessary for us to know to whom they should be directed. They can be drawn in favour of the Society or sent direct to the Rev. Principals.

CANADA

OFFICE OF
INDIAN AGENT

Kenora, Ont.
August 10th, 1927.

Sir:

As I already stated in a letter to the Department, the teachers and nurse have resigned from Cecilia Jeffrey Indian Residential School, and the principal now informs me that he has engaged two teachers and a nurse for duty after the vacation.

I presume the nurse will be paid by the school authorities, as the Department has previously refused to continue supplying a nurse at the Department's expense.

Kindly let me hear from you in this regard, so that I small know whether to include the nurse in the pay-lists. I do not know what salary the principal has arranged to pay the new nurse.

Your obedient servant,

Indian Agent.

Department of Indian Affairs,

Sir:

I have your 108-13 of the 18th instant, with reference to payment of nurse's salary at the Cecilia Jeffrey Indian Residential School.

I have to inform you, in reply, that some time ago the Department intimated they would retain the position of nurse at this school until such time as the proposed new buildings were occupied. However, as the Rev. Principal has engaged a nurse, it may be his intention to pay her salary from school funds. If it is his wish that a nurse be placed on the Department's payroll, he should have his church authorities make a nomination to the Department.

Your obedient servant,

A. F. MacKenzie,
Acting Asst. Deputy & Secretary.

Dear Sirs,-

I wish to notify you that our nurse at the Cecilia Jeffrey Indian School has resigned, and we have appointed in her place Miss Bessie Clare, a registered nurse of Winnipeg, Man. I understand from the Rev. A. D. Menzies that the Department had agreed to pay the nurse's salary while the work was being carried on in the Cecilia Jeffrey building. Miss Reid, the former nurse received from you, I think, $57.00 per month, but we could not secure a thoroughly qualified and competent nurse for less than $60.00 per month. I presume that you will still continue to pay the salary of the nurse, and would like to ask if you will now pay the $60.00, or if our Board will be required to meet the difference.

I also wish to thank the Department for providing the pillows for the Birtle Indian Boarding School. I am sorry that this has not been acknowledged sooner, but my absence from the city has prevented it.

Would you let me hear as soon as possible about the nurse's salary, that I may notify Mr. Menzies.

Yours sincerely,

(Miss) Helen M. Strachan

Dear Mrs. Strachan:

I have your letter of the 26th ultimo, nominating Miss Bessie Clare for the position of nurse at the Cecilia Jeffrey Indian Residential School. The Department has agreed to provide nurse's salary at this institution until it is re-established on another site, and I am instructing Mr. Indian Agent Edwards to place her name on the paylist at $60 per month. As her position is but temporary, her entire salary will be paid to her and no deduction made for superannuation.

Dear Mr.Ferrier:

A certain member of our Staff,for reasons best known to herself,has adopted a course of action ruinous to the harmony and co-operation,so necessary to the work of our School. She has estranged from her the entire Staff by language and conduct which I will not attempt to characterize. I have found it necessary to give her a month's notice as provided for in our agreements.

The air has cleared somewhat today,but I understand she has appealed to you and to the W.M.S.Board of Toronto,hence this letter. The Secretary of the Board will no doubt repond by our next weekly mail;should you wish an enquiry I should be pleased to have Capt.Edwards pay us a visit and make if desired a thoro ugh investigation. Accordingly I will not burden you with details but may note that one cause of the outward storm can be traced to Labor Day. We had a very heavy fall of rain on the night preceding and mud and water lay everywhere;rain still threatened and I felt it was a day quite unfit for a holiday here as we must be watchful re wet feet and consequent colds. I tld the Teachers to call School and we would have a holiday a little later when it could be enjoyed. This may not be strictly legal but I know you

Upon receipt of your letter of the 8th instant, mentioning an earlier communication to me, I waited a few days to see if your first writing would reach me. It is not yet to hand, and this letter is to acknowledge four communications - all with reference to difficulty you have had with the management of the Cecilia Jeffrey Indian Residential School, where you were employed.

I wish to point out that you were an employee of the school management, and, if you are looking for any satisfaction following difficulties with the Rev. Principal, you should look to the church authorities. The Department has no information that demands our investigation into the circumstances attendant upon your recent dismissal.

Dear Mrs. Strachan:

With reference to the last paragraph of your letter of the first instant, concerning the site for the new Cecilia Jeffrey Indian Residential School, I wish to inform you the Department does not consider it advisable to consult the Rev. Mr. Menzies. As you are, no doubt, aware, it was decided some time ago that another principal should be appointed for the new institution. As the new incumbent should be ready for duty when the building is under construction, there is no reason why your Society should not make a selection and nomination immediately. If a suitable gentleman can be secured without delay, it would be well to have him meet with Rev. Mr. Patterson and our Mr. Orr when the final selection of the site is made. If possible, your nominee should be experienced in institutional activity and capable of handling a staff and supervising the various phases of our educational work.

Dear Sir,-

Your letter of March 9th received, and it was a surprise to me to learn that it had been agreed upon that a new principal should be appointed for the new institution. I was not aware of this. I suppose this must have been decided upon before the division of the Indian work between the United Church and the Presbyterian Church in Canada. I wonder if I might ask why this was decided upon, and if it was the wish of the Department or the wish of the Board that was then carrying on the work? If it is not the wish of the Department that Mr. Menzies take over the duties of the new School, I suppose we must search for some other principal at once. May I also ask if Rev. Mr. Menzies is aware of this?

Awaiting your reply.

March 14, 1928.

Dear Mrs. Strachan:

In reply to your letter of the 12th instant, I have to state that the decision to have another principal for the new institution was made before the division of the Indian work between the United Church and the Presbyterian Church in Canada and that it was the wish of both the Department and the Mission Board that the change be made. I may say that Mr. and Mrs. Menzies have shown lack of ability to properly handle the staff of an institution and there have been several reports from responsible department officers concerning unsatisfactory conditions at the Cecilia Jeffrey School. I regret that I have to request you to nominate another reverend gentleman for the principalship of the new school.

The Reverend Mr. Menzies may not be aware of the exact nature of this decision; but, undoubtedly, he knows that the Department is not satisfied with his services.

Ottawa, May 30, 1928.

Reverend Sir:

I have your letter of the 23rd instant, annoumcing the resignation as from the first proximo of Miss Bessie Clare, nurse at the Cecilia Jeffrey Indian Residential School. Either you or the Presbyterian Church authorities should nominate a worker to fill this post, temporarily. I am enclosing an application form, which should be forwarded to the Department by the applicant. Salary at the rate of $60 per month will be allowed for a suitable nurse.

I am sending a copy of this letter to Mr. Indian Agent Edwards, for his information and guidance.

Your obedient servant,

T. R. L. MacInnes,

Sir:

I am in receipt of a copy of your letter #I29-3-I of May 30 to
rincipal of the Cecelia Jeffrey Indian Residential School re the
nation of Miss Bessie Clare, nurse.

On my visit to the school on May 2Ist, Mr. Menzies informed me
Miss Clare was leaving as she had received the offer of a much
r position. The principal was deducting two weeks salary in lieu
tice, this money to go to the school. I informed him that as
Clare was paid by the Department, I did not think they would agree
y deduction from her salary and as I was on Treaty payments, I
him to try to arrange for someone to fill her place, subject to
rmation by the Department. He now writes me that he has engaged
Margaret Matheson, who has had the following training; Eye Inf-
ry, Glasgow, 2years; Northern Infirmary, Inverness, 3 years;
ral Hospital, Winnipeg, Obstetrical, 3 months. In addition to this
has had 4 or 5 years experience. Miss Matheson came to Canada
fall and started duty on the 3Ist of May.

We have not been able to see Miss Matheson as yet as we are now
reaty payments and shall be away until the Ist of July.

On the principal's recommendation, I would therefor ask that her
intment be approved. at same rate as Nurse Clare $60 per month.

Vouchers for the principal's expenses in this connection will be
arded as soon as possible after we return from Treaty payments.

Your obedient servant,

Sir,-

I have your letter of the 2nd instant informing the Department that the principal of the Cecilia Jeffrey Indian Residential School has engaged the services of Miss Margaret Matheson as nurse to succeed Miss Bessie Clare and stating the qualifications which Miss Matheson possesses. The Department approves of her appointment with salary at the same rate as was paid Miss Clare, viz.. $60. per month.

The principal should not make any deduction in Miss Clare's salary in lieu of notice from her in due time of her intention to resign.

Please inform the principal of the approval of the appointment of Miss Matheson and the salary allowed.

DEPARTMENT OF INDIAN AFFAIRS

CANADA

Ottawa, August 1st, 1928.

Mr. Ferrie

Put Extract on Copy on Kenora School-1 129-1-1

By request

For your information is quoted below what transpired at the Conference of Chiefs and Councillors of the various Bands in the Kenora and Savanne Agencies held at Kenora on the 16th and 17th July, 1928, in connection with Indian Education.

I promised them that I would submit their statements to the Department for its information and consideration.

The Conference started about 10 o'clock on Monday, July 16th, by Mr. Paget, who informed the Indians that he came from Ottawa to listen to anything they had to say to him as regards complaints they might have.

Chief William Gardner of the Wabigoon Band opened the meeting, by saying that he was glad to see Mr. Paget and hoped he would give them plenty of time to talk as they did not often have a representative from Ottawa and the Indians had a great deal to say.

Mr. Paget stated he would be willing to stay two days and listen to them, or longer if it was found necessary. This satisfied everybody.

Chief Gardner, Wabigoon Band. For my part I have not paid anyone to write for me as I like to keep my money in my pocket and if I find out the Agent does not do as I want or find out things for me when I ask him, I might then go to someone else, or go direct to the Department, but I would be sure to go to somebody who is in authority and not outsiders. As regard the schools he think s the same as the other Chiefs and thinks a great deal of what the Government is doing to educate the Indian children and is very thankful to the Government for helping them. But he has a grievance against the Roman Catholic School. His wife and three of his sons have been in school but he does not feel that they have learned anything and what little the boys know he has taught them, particularly as regards hunting and trapping, and he has had hard work to teach them to trap as they were fairly old when they left school and should have learned this when they were young, but they were in school and there the children did not learn anything about hunting. The children could not read or write well when leaving school. The youngest one of the boys went to school when he was 7 and he is now 17. Surely he should have been able to readaand write now. What is taught at the school mostly is to pray and not to learn to read and write and that is why the children are backward. Since leaving the school the ministers or priests have not come to see them. Mr. Sanderson does. He is glad to know that there is a Protestant School being built at Kenora and he looks on the schools not for religious purposes only. He said that is a question for each person to

www.collectionscanada.gc.ca

decide for himself. Is it possible to teach children a better way to earn a living? He hears at the Cecelia Jeffrey they are taught trades. This is not done at the Catholic School. The boys in leaving school are not fitted to take up work in town and make a living. Could not they be taught some trades?

Mr. Paget said he would write to the Department what the Indians said about the schools.

Chief Gardner said he hoped to see the new school filled with children and when the children were at the two schools in Kenora the parents would come to see them occasionally, but now the Indians have no Reserve or camping ground at Kenora and no house to live in when they came in the Winter or Summer. If they camped on a white man's land they might be and are often sent away. Could not some place be got for the Indians to stay?

Mr. Paget then said that the Agent had been speaking to him about this and the Department would see if anything could be done. The Agent has spoken to Mr. Paget each year about this and the matter would be taken up.

Chief Kejick wanted to know what had been done about the old school, Cecelia Jeffrey School, at Shoal Lake. Mr. Paget informed him that the school would be closed and a very much better one built at Kenora. Chief Kejick said the school should be left as it is as there are enough children at Shoal Lake and North West Angle to fill the present school. When the school was first built there, the other Chiefs were not in favor of it, but the Shoal LakeIndians were and that was why the school was built there, and the Indians were told that as long as the Indians were there, the school would be there, and they wished to have it kept there. He said he had 30 children from his own Reserve now attending the school, or would be able to attend shortly.

Mr. Paget said the Department were building a new school at Kenora as the Cecelia Jeffrey School was not large enough and was owned by the Church, and not the Department. Also that a larger school near town would cost much less to maintain and being nearer town the children would have a better chance to learn the white man's ways, etc.

Chief Kejick, Shoal Lake Band No. 39, said he agreed with what the other Chiefs had said about the children. That they did not know how to make a living when they left school and would like trades taught. In the old days trapping was different. Now the only way the Indians can make a living is to work like the white man and owing to the furs going through white men trapping and the raising of waters, it made it harder for the Indians each year to make a living.

Chief Kejick said he had eight children from his Reserve in the school and when the children left they did not know anything and could hardly speak English. They work hard to see that the children attended every day and one of the troubles was that the children were made to work at cutting wood around the school and not in the classroom, and even th very young ones did this. He thinks this is wrong as they go to school to learn to read,write and speak English. He had no fault to find with the new school being built and would

www.collectionscanada.gc.ca

do his best to send the children from the Reserve. He said when the children left school there was nothing done for them, not even given a blanket. When the school was built they promised that when these pupils left school they should have a sewing machine or lumber for a house, or something given them to enable them to earn a living.

Mr. Paget promised to look into this for them and let the Agent know if anything could be done.

Chief Black Hawk, North West Angle Band, No. 33, said he was glad to hear about the school and had sent some children to the Cecelia Jeffrey School. He could not understand why the Indians were not consulted first as to where the schools should be built, and he was not in favor of it being built at Kenora. It should have been built at the South end of the lake nearer their Reserve. Mr. Paget said the attendance of school children was compulsory the same as the white children if the Department insisted on them going, but up to the present they had not been compelled. The Department could not build schools near all the Reserves and had to decide on the best positions. The Department could not please everybody and the Indians came to Kenora more than any other place, and could see their children once or twice a year.

Chief Black Hawk said he did not understand the school was going to be built right close to the town but now thought it would be alright after hearing the explanation. He hoped the Department would get some land where the Indians could camp and have a house where they could stay to be called an Indian House.

Chief Thunder, Buffalo Bay Reserve, speaking through Chief Gardner. I won't promise to send all our children to school, but I am glad the Department is building a school and I would like to see the Indians use it. Can all Indians send their children to this school?

Agent Edwards. Roman Catholic children must go to the Roman Catholic School and Protestant Children to the Protestant school and pagans can go to either school.

Councillor Jim Kahkeeway said he had a girl who had been in school four years and she was deaf. Could she be discharged. Agent Edwards promised to look into this.

Chief Williamson said that old man Sinclair had a girl in school who had bad eyes, and the only trouble she had was when she was in the classroom. The Chief wanted this girl discharged. Agent Edwards said this girl had been to see a Specialist in Winnipeg last Fall and he would get the particulars, and if the Doctor said she should be discharged, he would see that this was done.

Chief Jim Williams informed the Agent that it was reported to him that at the Kenora school the children are made to kneel cometimes for hours at a time. This is called "sitting punishment" but is not really sitting but kneeling. The Chief thinks this is cruel and should not be allowed. Agent Edwards promised to put this in his report and make inquiries.

October 17, 1928.

Dear Mrs. Strachan:

May I remind you of the advisability of securing a suitable principal for the new Cecilia Jeffrey Indian Residential School without delay. The building is now under construction, and I believe the new incumbent could be profitably engaged as from the first of the new year. I should be grateful if you would make a nomination as soon as possible.

The Department is erecting a modern building, on a suitable site, at considerable expense. The proximity to the city of Kenora suggests that it will be visited a great deal by the general public, and both the Church and the State should be desirous of conducting a well managed institution. Every energy should be bent towards securing the services of a reverend gentleman with real capacity for this important post.

Yours very truly,

R.S. Dek

Dept of the Interior, Indian Office, Ottawa. Minnesota U.S.A.
December 3rd 1926.

Dear Sir,

Mr Fenton

May I direct your attention to Church Missionary Society's (Evangelical) Church in Canada invited me to consider the offer of Principal of the Indian Boarding or Residential School at Jeffreys on Lake of the Woods.

My many years experience with Indian both in the U.S.A. has fitted me for such a position and there I know what these needs are. also many references indicate character and reputation, are of the highest.

Later, a letter from the Home Society informed me that it was acceptable to the Department of the Interior hence did not engage me; no explanation being given me as to why and I felt that I was being discriminated against a certain doctrine some also at time held to in missionary to the Indians.

It was the case of J. D. Mc-, a former Indian Agent whom I found drunk, and his wife in house of the Agency after a round of house drew in course of official duties.

Many complaints had been made to me as the only person to be expected to endeavour to correct the misuse and in company with an employee of the Agency. Same information the Agent's daughter will testify. My file of the records of also subsequent disclosures confirming this Agent. Dr. that I was entirely blameless, and after investigating I would have been severely censured by my part. Solid request

entirely in protecting the Indians under my Department
all hung Charges made against me by the Press were
explained fully for the purpose of making me
Persona grata with the Commissioner - Mr Graham and
the Department of the Interior; in fact Mr Graham himself
that if I would be useless for me to send in Complaints
would come right back to me, and I could easily "fix"
it in the Dept.

If you will communicate this to Judge Farrell of Regina

Reverend Sir:

I am directed to acknowledge your letter of the 3rd instant, addressed to the Honourable the Superintendent General. The Department and the Women's Missionary Society of the Presbyterian Church have given considerable thought to the appointment of a principal for the new Cecilia Jeffrey Indian Residential School. I understand that the Society has offered the post to another gentleman, and the Department expects to receive the nomination in a few days. I am returning the correspondence which you enclosed.

My dear Dr. Scott:

Since returning home I have been laid up with influenza and have therefore been unable to write you to tell you that on coming home I found a letter from Mr. May, whose name we had been discussing for Cecilia Jeffrey, saying that he had been appointed history instructor in the city of Guelph.

I am sorry that we have missed securing him. I am today pursuing information in regard to a Mr. MacPherson, who has been recommended, and will let you know later should he seem to be a suitable appointee.

Thanking you, I remain

Dear Sir,

Your letter of the 7th inst reached me and I beg to thank you for prompt reply.

May I take the liberty of asking if you will kindly give me as precisely as possible the reasons why my request to you that I should succeed to the Chieftainship of the Crosby Indians should be placed in favour of my name. Having the advantage of your personal knowledge of me it would seem to be entirely plain & consistent with that knowledge of my being employed in a position which requires both adequate ability, tact, and strict honesty.

I feel sure your Department will endorse my claim upon the strength of actions of such a nature as to show that the Dept has long ago taken this circumstance into consideration & that my actions in office and employ have all been in conformity to such principles as would warrant me in claiming the position.

It appears that if your Dept would indicate to the Members of the Reserve Council that my name should be accepted, & their favourable opinion thereof expressed to me, it would be sufficient for the purpose.

Will you kindly do this for me as soon as possible, and if the result also kindly let me know. This is a very great favour to me.

Thanking you in anticipation of an early favour

I am

Yours truly

In today's mail is an application from Mr Harry T. Brough Hall for the Pinchi Lake Indian School. His name came up before when there was question, I remember. Will you give me an opinion as to his fitness as I believe he was formerly doing some similar work under the Department, but of this type or quality I do not know.

If there is any information available about him I would be glad to have it. He enquires to avoid a mistake.

Dear Doctor Scott,-

I have written Mr. Menzies advising him that as soon as another principal is secured for Cecilia Jeffrey School, we would terminate his contract, but I have asked him to carry on until such time as a new principal is ready to step in. I am advertising in the daily press for a suitable man. For two or three weeks I have been pursuing the credentials of a man who seemed all that we required, only to find that he lacked money sense and financial responsibility, and while all his other qualificiations were admirable, his recommenders advise us that were he given $5,000. to spend, bills would be for at least $10,000. Therefore another disappointment.

In regard to one thing I had mentioned when I was in Ottawa, that Mr. Menzies told us in one of his letters that there were no wash basins nearer to the dormitories than the basement and as water was being taken up for lavatory, I wondered if a basin or two could also be put in, not for the main use but for night use, nearer the dormitories. Would you kindly bring this to the attention of your architect.

I will advise you as soon as any appointment has been made.

Yours very sincerely,

M. C. McCarroll.

Dear Mr Ferrier:

As the new School building is being erected I should be glad to know what the Department's plans for removal from our present location are. I have been assuming that the change would be made during the holidays but have no information re your desires

Again will any of the house furnishings be moved, e.g. Iron Beds, Desk and Filing Cabinet in Office, Engines, Washer, Cooking Range &c &c. I presume horses, cattle & agricultural Implements will be taken over. Plans and preparations have to be made at this end hence the request for information.

I understand that if parents insist on taking their children out of School at 16 years of age the Department will

Does it follow that a boy or girl with-

Reverend Sir:

I have your letter of recent date, with reference to the Department's wishes concerning the removal from the present school to the new institution. Of course, all equipment of any kind, that is worth moving over to the new Cecilia Jeffrey Indian Residential School, should be transferred. I refer, not only to house equipment, but to live stock, agricultural implements, boats, etc. In due course, the Department will ask Mr. Indian Agent Edwards to cooperate in this matter. At the present rate of progress, it appears that the new building will be ready for occupation early in June.

Concerning the last paragraph of your letter, I may say that, at the present time, the Department cannot compel attendance of Indian children at school past the 16th birthday. However, every effort is bent to have those who should remain longer stay until they are 18 years of age. This should guide you in your relations with both parents and children, and, if there are requests for the discharge of pupils who are 16 or 17, you should inform them that the matter will have to be referred to the Department.

Dear Sir:

Yours of 23rd ult came to hand by our last weekly mail. I thank you for the information it conveys.

Since the new building will not be ready before June and holidays beg in July 15th, I take it you will wish the transfer to be made while the School is closed rather than break in on the work during June. Be good enough to let me know whether the above is in accord with your wishes or if you prefer to close out here when the new School is ready.

My resignation went in some months ago but I agreed to remain until holidays and attend to the moving at this end. Presumably my successor will be on hand to see to the settling in the new building.

Your position re the discharge of pupils is, it seems to me, the only reasonable one.

I have always informed both parents and child. re that there must be authority from the Department before a boy or girl can be discharged, and that this authority must be asked for in the regular way. From some other source they have recently got the impression that when 16 years of age they can step out without consulting any one. Accordingly about a month ago two of our boys, 16 and 17 respectively, took French leave without any suggestion re discharge either from the boys or their parents. I referred their case to Capt Edwards who stated that as they were above 16 nothing could be done, and as nothing was done another of 17 or 18 followed their example. It would seem therefore that the guardianship of a Principal becomes in practice a dead letter when a boy or girl reaches 16 years. And I have only to report that Nos 74, 77 & 78 have discharged themselves. If however you have any instruction or guidance to give me I shall be glad to hear from you.

Yours faithfully

A D Menzies

Reverend Sir:

I have your letter of the 5th instant, with reference to the transfer from the old to the new Cecilia Jeffrey Indian Residential School. It might be better to send the pupils home from the present school and have them return to the new, after the holiday. Would it be pleasing to the Indian parents if the holiday dates were put forward a month, say, from June 15th to August first? At the present time, it appears that the building will be ready for occupation in June. If it were not for a delay in the matter of the water supply, even earlier occupancy could be arranged.

I note, with regret, that two or three pupils who have reached 16 years of age have truanted and that you have been unable to persuade them to return to school. It is true that we cannot compel their attendance at that age. The Department relies on moral suasion for further schooling if such is considered advisable.

OFFICE OF INDIAN AGENT

DEPARTMENT OF INDIAN AFFAIRS

Noted

Kenora, Ont.
February 18th./29.

Sir;-

I visited the Cecelia Jeffrey Residential school at Shoal Lake, last week, and discussed the question of when the children should be moved. It was suggested that the school close on July 1st. instead of the 15th., and that everything be moved to the new building at that time. It might be advisable to give the children a slightly longer holiday this year to enable the staff to get their regular holidays, and to be at the new school, say a couple of weeks, before the children return, so as to get things in shape.

I will forward an inventory of the equipment etc. to be moved from the old school, in a day or so.

While at the Shoal Lake school, I persuaded the truants over 16 years of age, to return to the school for a short time, until I obtain their discharge for which I will apply in a separate letter.

While in Winnipeg I called on Mrs. Hutcheson, convenor of the Presbyterian Committee. She will come to Kenora shortly to look over the new school, and make arrangements. We have had no one here representing the Church since the building started.

While in the city I also picked out the electric light fixtures and gave orders for the wash basins in the dormitories, subject to Mr. Orr's approval.

Your obedient servant,

Dear Capt Edwards:

I have talked with Edward and Archie, informing them that as soon as we got reply to request for their discharge - probably about Mar 1st — they would be free to go. I am enclosing application for discharge; will you be good enough to attach your approval and forward to Ottawa. It has been a wholesome lesson for all and the change of attitude is very evident.

We discussed the question of closing the School July 1st instead of July 15th. Since you thought it might be wise to do so, giving longer time to settle in the new School, perhaps it would be well for you to make this recommendation to the Department. It makes no real difference to me. School could open about Aug 15th, but berry picking is not usually completed at that time

If given eight weeks, some members of staff could stay on two weeks here if necessary and others return early to help get things in shape for opening. Of course I think the work could be done in the usual six weeks time, but one cannot be sure.

I presume you will suggest the need for some one at the School to put in the crop, for which the horses could be used up as soon as the ice leaves the Lake, hence in time for Spring work. We will need them only to plow the garden for the Indians as I suggested when you were here,

I wish to refer to your letter of January 15th, last, and to enquire if you are now in a position to nominate a well qualified principal for the Cecilia Jeffrey Indian Residential School. In a few weeks, it would be timely for the new incumbent to be at Kenora, getting acquainted with the situation and cooperating with Mr. Indian Agent Edwards and the former Principal in the matter of transferring equipment, engagement of staff and giving general supervision to the activity on the new site. The farm instructor, also, should be appointed at an early date. Mr. Menzies has promised to send over the horses to put in the crop soon after the ice leaves the lake.

Mrs.D.T.L.McKerroll

Dear Madam:

It has been recently brought to our attention that certain charges have been filed against the Principal of the above named School. We,as members of the present Staff, would like to refute the said charges.

1. "There would seem to be a lack of good feeling between the Staff and principal."

In all our dealings with the Principal we have failed to find the least foundation for such a statement. Mr.Menzies has always supported the Staff in every way.

2."The attitude of the Principal toward the Staff is that of an autocrat."

We have always found him kind,considerate,and very just,a friendly spirit existing at all times between the Principal and Staff.

3."Neither the Staff nor the Missionary are allowed to enter the School by the front door."

Although the front door of the School opens into Mr.Menzies' Office,it is always open to members of Staff when they wish to use it.

4."The Principal's wife has no sympathy with the work of the School

5."She is not the proper type for institutional work as she cannot handle the Staff."

We cannot see that the above two charges have anything to do with the Principal,and their use against him seems unreasonable"

6."I believe she is the real head of the School."

In our experience Mr.Menzies has been the head of the School

Cecelia Jeffrey Mag School,
Feb.20th.,1929.

Capt.Frank Edwards
Indian Agent
Kenora,Ont.

Dear Capt.Edwards:

Some time ago,on false information furnished you by two members of staff at C.J.,you formulated certain charges or complaints against me as Principal,adding "I would therefore recommend a change of Principal. I do not wish to appear as interfering in the internal management of the School,but things are so bad that I have been asked to draw your attention to the matter". This resulted in a finding by the Department,citing the charges and accepting all at their face value.

Presumably Mr.Ferrier,having made only a brief visit while the School was closed,is responsible for only one statement;I am quite content to let the record of the years answer it.

When appealed to for information,both you and the Department refused to say who the complainants were and,when invited to make thorough investigation at the School,failed to do so.

You have now frankly given me the names of the two responsible parties,and have yourself cited evidence that they were not wholly trustworthy. Ihave from the first been quite sure of the identity of one of the two,who had long had the reputation of being a trouble-maker,but I found it hard to believe the other capable of such dishonesty.

When confronted with the charges,the former admitted some of the statements but said she spoke only for herself,not for the Staff,and that you had no right to so report her statements. The latter not only denied responsibility but when asked whether the charges were true to fact,replied "No,emphatically No"and assured me of her loyalty,yet shehad been one of your informants.All other members of staff gave like positive denial of the truth of the assertions on which the finding of the Department was based.

On the testimony of reliable staff members these two tried constantly to prejudice new members of staff and to create ill feeling. They had their good qualities and did much good work,but they have made themselves responsible for many dishonorable acts and untrue statements.

We had been here only a short time when they informed us that they had little use for Capt.Edwards as an Agent and less as a man. Dr.Ferguson was disposed of in like radical fashion.

When informed that the two Chiefs and certain of the G.W.W.D. Railway officials had asked me if I was going to be Principal or if Misses B.and M.were still going to run the School,the reply was:- "The two last Principals did little for the discipline of the School and every one knows the last Matron was no disciplinarian,so we had to take responsibility for the management of the children." They were restive under any semblance of authority and evidently wished

PUBLIC ARCHIVES

www.collectionscanada.gc.ca

to be a mere figure-head in the School.

After leaving the School in July 1927 they industriously defamed its management, tried to get an emissary on the Staff (who by the way had to be dismissed), tried to carry on secret correspondence with the children, and informed at least two persons, where they thought it would do most harm, that the United Church Board, the Presbyterian Church Board and the Department of Indian Affairs had each asked for my resignation, but they could not get rid of me. Suffice it to say I have never been asked to resign.

Ihave just shown the present Staff a copy of the charges sent to Ottawa; they were amazed. The enclosed, which is a copy of their signed statement, is their answer. Leaving out the two conspirators, a like reply would have been signed by all former members of Staff.

Capt. Edwards you are an Englishman, with I fancy an Englishman's sense of honor and justice. On your report and recommendation, given presumably in good faith though on false information, the Department took action and, so far as their report could do so, discredited me with the Church of which I am a minister. Fortunately Dr Eamison, to whom the communication was sent, had known me as a fellow-student in the University, had asked me to undertake the work here and knew that such radical statements <u>could not</u> be true.

We have been above five years at C.J. School, we have not wrecked the institution, three who were on the Staff since we came have again applied for work with us, discipline (for the sake of which we were asked to live in the School) has certainly improved greatly, you yourself stated, during your recent visit, that there is an improved spirit both amongst children and Indians since the two took their departure, (they had tried to make trouble in and out of the School) even these two special friends stated again and again that we had given both Staff and Children every much better table than formerly yet we changed an annual deficit into an annual surplus. We have been paying the salaries of four members of Staff, yet keeping the balance on the right side. Youhave seemingly never found occasion to criticise our School or its work, or to suggest any line along which improvement might be made. I speak of Mrs Menzies as well as myself for without her efficient oversight and careful cooperation such results could not have been obtained.

As you are aware the Church's Board has expressed its hearty appreciationof our work and without my knowledge and months after my resignation had been given personally to their Secretary, the President and Secretary went to Ottawa and urged withdrawal of the finding of the Department, being unable to find anything to justify it. The Department refused reconsideration or enquiry, presumably because you, their only source of information, were supposed to stand by your original report and recommendation. They thus repeated to the Presbyterian Board the decision given the United Church some time ago, hence this communication and appeal.

I have no desire to go to the new School,but I do object to my going out under a cloud after five years of honest and not unsuccessful work. I object too to being condemned afresh before the Church with which I have worked harmoniously since our School was taken over by it,and this under utterly false charges,which have never been looked into and which the complainants themselves had not the courage to face

Capt Edwards the facts are before you;if not sufficiently informed,the School and its conditions are open to you at any time. As you suggested I am sending forward to the Department a full statement of the case as above and I shall expect you as a man of honor to withdraw your former statements,discredited as above,and to ask for the United Church of which I am a Minister,and for the Presbyterian Board under which I am working,a statement from the Department of Indian Affairs in accord with the facts.

Yours &c.

Dear Sir:

The enclosed is a copy of a communication going forward to Capt Edwards. Some time ago I was condemned unheard by your Department. That condemnation has been repeated recently, I take it because you assumed that Capt E would not forward such a report without very evidence that he was dealing with facts.

Right the necessary length of the enclosure but would ask you to give its statements careful consideration The School is open at all times to any representative of your department. I simply ask that justice be done as far as that is now possible

Yours faithfully

Dear Mr. Menzies:-

Two people mentioned in your letter, as having been informants against you, are not the only ones who complained. I do not remember in any way saying that they were not wholly trustworthy.

At the present time your relations with the staff have appeared to me as always cordial; as are also your dealings with the Indians now. This is due, I believe, through your closer associations with them. I do not think that you leaving the school should make any difference in your relations with your Church as I spoke well of you to Mrs. Hutchison, who was here to see the new school.

You have very excellent business ability; although when you first came I did criticize your dealings with the Indians after complaints had been made by them. I am glad to say that you have now changed for the better in their opinion.

I am forwarding your letter to Ottawa, and if I receive any instructions I will follow them out. I cannot do anything further in this connection without hearing from them.

The forms for the school and hospital reports, etc. have already gone forward.

Yours faithfully,

Indian Agent.

Dear Madam:

With reference to our phone conversation of today's date and the Deputy Superintendent General's letter to you of the 27th ultimo, I wish to inform you that the Department Architect states the Principal's quarters in the new building could be made ready for occupation by May first. For a few weeks from that date, however, there would be no water supply or sewage disposal, and it would be necessary to use well water and outdoor facilities. I have learned that the ice may not be out of the lake until some time in May, so June first might be a suitable date for the new principal and the farm instructor to take over their duties.

May I suggest that you do not complete arrangements for a principal until the Department has approved of your nomination. I know you are doing your best to secure a well qualified incumbent, but it is customary for the Department to pass on the qualifications of principals of Indian residential schools before the appointment is made.

Yours very truly,

A. F. MacKenzie,
Secretary to the Deputy.

The Hon. Duncan C. Scott,
Deputy Superintendent General,
Department of Indian Affairs,
Ottawa, Ont.

Dear Sir;

Your admonition when we were in Ottawa to secure a principal at once and your letters since that time, urging us to make the appointment by the first of February, I am sorry to say, proved impossible. However, I am glad to notify you that we have appointed, subject to your confirmation, Mr. E.W. Byers of Brandon, Manitoba. I have been waiting very impatiently for his acceptance as he is a most excellent person and I was so afraid he would not accept. I only received his full acceptance yesterday and now send word of this at once to you. I telephoned to Ottawa while you were away in order to discuss with you this and some other matters and found you would be back in April.

Mr. Byers has been for six years, principal of the David Livingstone School in the City of Brandon. It is a fifteen room school, mostly composed of new Canadian pupils. Previously, he was principal at the King Edward school at Moose Jaw, and for eleven years before that in the High School at Rouleau, Saskatchewan, and in Bridgeport, Ontario, has been supervisor in boys' work for the Rotary Club for six years and is considered one of the outstanding community workers in Brandon. He holds certificates in the following subjects:- First Aid, St. Johns Ambulance: Physical Training: Cadet Instruction: Commercial Standing. Mr. Byers holds a first class Professional certificate for Saskatchewan and Manitoba and has also had one term in the Agricultural College, Saskatoon.

Mrs. Byers is described by those who know her as "a capable, strong and a splendid woman." She is a good dress-maker, has had much experience in nursing and has been President of various Mission Bands which shows her interest in children.

I have a number of recommendations which I could forward to you if you so desire. However, probably these extracts will serve the purpose.

Mr. Currie of Birtle says of him," Mr. Byers has had fine experience in Military training. He is outstanding in Community Welfare. His present salary is $2700.00 and it will

www.collectionscanada.gc.ca

be a sacrifice for him to consider this new position. From my best available information, you are not likely to secure a better applicant for the position."

Mr. Alex McIntyre of Winnipeg in his report of the David Livingstone School, says "This is the most interesting and most promising school in the Brandon School system. To be successful in such a school one must have the missionary spirit..... It would be difficult to find a better man for this community than the principal, Mr. E.W. Byers. Mr. Byers knows his work, he labors for the best and in the best spirit, and the evident results achieved, speak of his success."

Mr. C.W. Webb, superintendent of schools in Brandon, writes that, "Mr.Byers has been principal of the David Livingstone School since 1923. He has done and is still doing excellent work. As a disciplinarian, Mr. Byers is firm and courteous as well as sympathetic and winning in his attitude to his pupils. As a teacher, he employs a cool, concrete method, moving at a rate of speed adapted to the need of his class and explaining their difficulties with clearness and patience... Mr. Byers is a good manager of his school and has such a hold upon his staff as to win their good will and enjoy their whole hearted co-operation."

I find that Mr. Byers was for five years official auditor of school districts and rural municipalities in addition to his school duties. He was also a captain in the 229th battalion, and served overseas. Among all those who have applied for the position, he appears to be the most outstanding and I hope the department will see fit to confirm his appointment.

It was a great disappointment to me to receive word from your secretary that the building is far from ready and that the principal's residence is not complete, nor is there any immediate prospect of furniture for it. Could you let me know if furniture for the principal's part could be sent on earlier than that for the school so that Mr. Byers could plan the putting in of the [illegible] and what ever is to be done before perhaps the older boys would be moved over from the old site. Could you give me as soon as possible, an idea as to when it may be ready. It means extra expense for our Board to have to procure quarters in Kenora itself for him and yet I do not see what else could be done. If he stays at the old school he will be of no use. We are asking Mr. Menzies to complete the school term as you suggest.

In view of the building not being complete and the extra expense this entails on our Board, could the Government see fit to give us any grant to help meet the situation. The two salaries and the housing and board will run into quite a sum of money.

Mr. Byers is very anxious to know if he should take his electric washing machine with him. It is too bad to trouble you with these details, but itis the first time that a new school and residence have been equipped for us for a long time and I have forgotten the details of the furnishing that the Government does.

Would you kindly let me know if the appointing of Mr. Byers meets with your approbation, also if there is anything else which requires my attention that you know of, would you be kind enough to mention it.

129-3-1.

April 10, 1929.

Dear Mrs. McKerroll:

I have your letter of the 5th instant, nominating Mr. E. W. Byers, of Brandon, for the principalship of the Cecilia Jeffrey Indian Residential School. I have read concerning this gentleman's qualifications with interest, and as his experience appears to prepare him quite well for our work, I am pleased to approve of his appointment.

The Department is quite ready to furnish the Principal's residence at any time, but there is no prospect of water supply or sewage disposal for a few weeks. If Mr. Byers and his family are willing to put up with a little inconvenience until the water is in the building, there is no reason why he could not take up residence at an early date and supervise the farming activity, accept the furnishings as they arrive and look after the many details attendant upon a successful re-establishment of an institution of this type.

The Department is willing to bear a fair share of the expenditure before the new school is placed on per capita grant basis. It is our practice to allow about two-thirds of the total costs of the school management. When the school is opened, of course, a per capita grant is made for the current expenses. The work on the farm should be commenced at an early date, and the Department believes it advisable for Mr. Byers to visit Kenora, look over the situation and cooperate with Mr. Indian Agent Edwards in the selection of furnishings for his residence and in the commencement of the farm and garden activity.

The Department provides the necessary furnishings and equipment, not only for all the buildings, but also for the farm and garden. This, of course, includes the necessary live stock. However, Mr. Byers had better take his electric washing machine with him, as equipment of this kind is not supplied. Of course, the school laundry will be fully provided for. Mr. Byers should have a full discussion with Mr. Edwards in relation to all details of this character and he will be better prepared to decide what he should take with him to Kenora.

Yours very truly,

Duncan C. Scott

Sir:-

Mr. Byers the new principal of the Cecelia Jeffrey school asks me to write requesting the Department to keep on Miss Matheson, nurse, at the Department's expense.

It appears to me as a reasonable request, particularly as the Department is paying the major expenses until the new school is on a grant earning basis. Dr. Ferguson, Mr. Kenzies and myself speak well of Miss Matheson and recommend this suggestion, as she is a very capable nurse and takes great interest in the children, and is well suited forthe work.

Sir:

I have your 108-13 of the first instant, with reference to the nurse at the Cecilia Jeffrey Indian Residential School. It is understood that the Department will not pay the nurse's salary after the end of June. At all Indian residential schools, a practical nurse is on the staff and her salary is met from school earnings. The reason the exception was made in the case of the old Cecilia Jeffrey School was the need for a fully qualified nurse because of the difficulty of securing the services of a doctor quickly.

C. J. Bdg. School,
Indian Bay, Man.,
Aug. 9, 1929.

Hon. Peter Heenan,
Minister of Labour,
Ottawa, Ont.

Hon. Sir:

The Chief of Shoal Lake #40, two councillors and other Indians called at the School yesterday to inform me of the Chief's interview with you re the closing of the School here and other matters. They asked me to report to you and to the Church's Board under which I am working. They claimed to be in a position to speak for the two Shoal Lake Bands, the two North West Angle Bands and Buffalo Bay Band, and I have good reason to believe their claim is justified by the facts.

These Bands assert that they can practically fill the school and keep it filled and this is probably true as they have now 50 children in the school and a very considerable number have been kept out lest they should have to go to the new school. They assert further that they are all agreed that they will not allow their children to go to the new school, even if it means jail for refusal, but will willingly send all their children to Shoal Lake School if it is re-opened. They also urge that Mrs. Menzies and I remain in charge of the work here.

Let me assure you that I have no axe to grind in stating their case for the Indians. While appreciating the confidence of the Indians, we told them we

were leaving in any event. I may say, however, from my knowledge of the situation, after almost 6 years amongst them, that I consider they have a good case and are not making unreasonable request.

Why close a school accommodating 75 pupils when, if the new school be filled to capacity, 150 or 200 children in the agency will remain with no means of obtaining any education?

Why shut the door on the children of five Indian bands expressing readiness to send their children when so many others refuse to do so?

I do not know whether the Church would be willing to carry on here and at Kenora, but I do know the past six years has shown that the school, though small, can be run without undue cost as I have paid out of Maintenance Fund (per capita grant) four members of staff each year and am handing over a balance or surplus of around $4000.00.

A PERSONAL WORD

The Department of Indian Affairs, through a report of four years ago from the Indian Agent at Kenora, judged Mrs. Menzies and myself incompetent or worse, but the attitude of the Indians, the emphatic commendation of the Church's Board, the testimony of the staff and the record of six years would seem to justify the Church's refusal to make a change.

Should the School be re-opened, it would be very necessary to overhaul the building and make some more or less radical changes.

Yours very truly,

(Sgd.) A. D. Menzies,
Prin.

Dear Mr. Heenan:

I have your letter of the 19th instant, enclosing a communication from Rev. Mr. Menzies, Principal of the old Cecilia Jeffrey Indian Residential School at Shoal Lake. I may say that this school is wholly unfit for educational purposes, as it is old and constitutes a very serious fire hazard. It was on these grounds that the Presbyterian Church authorities represented that it must be replaced. The new building near Kenora is now ready for occupation. The old building has been abandoned and no further Indian educational activity will be undertaken there. I have no doubt that the new school will be successful. I am returning Mr. Menzies' letter.

Yours faithfully,

Duncan C. Scott

Dear Mrs. McKerroll:

The Department has learned that Reverend Mr. Menzies is urging that the old Cecilia Jeffrey Indian Residential School remain active and that pupils from the neighbouring reserve be re-enrolled there. As the main building is quite unfit for the purpose and constitutes a very serious fire hazard, the Department cannot sanction such an undertaking and I should be grateful if you would let Mr. Menzies know that Indian educational activity in the old building is out of the question. I believe it is in the interests of both the Church and the Department that Mr. Menzies move out of the old building. Nothing should interfere with the recruiting and general success of the new Cecilia Jeffrey School, which is now prepared for the reception of pupils.

Dear Doctor Scott,-

Although I have not yet heard from Mr. Byers and Captain Edwards, the exact date of the formal opening of the new Indian School at Kenora, we are planning about the invitations. I am not sure as to whether these should go out in the name of the Indian Department of the Government or our Society, or whether there should be a joint invitation. Would you be kind enough to let me know what the usual procedure is in such cases? I am planning to go out at the time of this official opening as our Board has appointed me to represent them.

Thanking you, I remain,

On receipt of the enclosed I wrote you promptly but must have failed to place them with the letter. Accept my apologies for the oversight and be good enough to thank Mr Padgett for his kindness. Had he simply stated that the claim was paid it would have been quite satisfactory to me.

I expect to be up in the course of a few days. The boys put fire a couple of days ago near the bush to burn up some stumps and this letter and every changing wind seems to start it afresh in the turf hence I have to stay with it until quite sure the fires are all out.

Department of Indian Affairs,

Dear Doctor Scott,

May I thank you for your letter of August 30th, in regard to the invitations for the opening of Cecilia Jeffrey Indian Residential School. I am writing Mr. Byers and instructing him to prepare an invitation list and to send it to me at once that it may be forwarded to your Department. We shall be only too glad to comply with your request in this regard.

I have received a telegram from Mr. Byers, which rather worries me, not the part about Mr. Menzies still being at Shoal Lake, as we gave him permission to spend a couple of weeks camping and resting there before finally pulling out, but the part about the non-attendance of the children. This looks rather serious. Can your Department, through the Agent at Kenora, do anything to reach these Indians and have their children sent in to the new school. They are still pressing for carrying on the two schools. I wrote Mr. Menzies as conciliatory a letter for them as I thought I could, saying that neither the Department nor the Church were in funds sufficient to carry on two schools, and urging that the Indians send their children in to the new school and give it a thorough trial, and we felt that they would not find it the hardship they expected, to have them a few miles further distant.

Mr. Menzies wrote me that he was turning over the books and the moneys to Mr. Byers at the beginning of September. He is forty-five miles away by launch and it is possible that they have lingered at the camp an extra week and this has not been done. Our Board has no desire to hurry Mr. Menzies, although we would like him to have turned over the books before now. However, he stated in his letter that he was making an effort to secure accounts which were owing for some supplies which he had brought out on the boat to accommodate the Indians

and which had not been paid. Mr. Menzies informed me that he was leaving for Winnipeg as soon as the camping season is over.

I am writing Mr. Byers to get in touch with the Indian Agent in regard to the non-attendance of the children and informing him that I am taking the matter up with you. Is there something further that you feel I should do? I shall be glad if you will let me know if this is the case.

Thanking you.

Reverend Sir:

I have your letter of the 9th instant, with reference to the salary for Nurse Matheson. Miss Matheson's stipend was on a monthly basis, as she was considered only a temporary civil servant. Her case cannot be regarded the same as if she were a member of the staff and paid by the school management or the church authorities. However, I may say that her salary for her work at the Cecilia Jeffrey Indian Residential School will be paid by the Principal there, and I am writing to him today in the matter.

Ottawa, September 21, 1929.

Sir:

The salary of Miss Matheson, Nurse at the old Cecilia Jeffrey Indian Residential School, has been paid by the Department up to the end of June of this year. As she was classified as a temporary civil servant and was paid by the month, there can issue no further cheque from the Department in her case. However, as she is now employed at the new school, there is no reason why you could not allow her for July and August whatever salary you contemplate paying her in the future. The Department will then consider this as one of the current expenses when making an adjustment in lieu of per capita grant, as explained in official 129-3-3 of June 6th. As Miss Matheson has been continuously in the employ of the school during the year, there is no reason why she should not be allowed full salary for July, even though she took some holidays during the month.

Honourable Peter Heenan,
Minister of Labour,
Member for Kenora District,
Ottawa, Ontario.

Dear Sir,

We, the Chiefs and Councillors of Shoal Lake Bands 39 and 40, following a meeting of our Bands, assembled yesterday the 29th September and by their instructions hereby petition you, our Member, to represent us before the Department of Indian Affairs as follows:

We very earnestly desire to have the Cecelia Jeffrey Indian School reopened and in this desire are joined by the two North-West Angle Bands and Buffalo Point Band.

With some repair the present building would be made quite fit to carry on for some years, and we are willing to give without charge a suitable site and sufficient good land for a new school building when necessary. Such a site is available north of Indian Bay, two miles from Waugh, nine miles from Ingolf and six miles from the proposed highway.

When Mr. McKitrick, representing the Presbyterian church, arranged with us to build the school on Shoal Lake he promised us that the church would always give us a school in this vicinity.

We want education for our children and as there is a good deal of tuberculosis amongst us we want our children where we can see them often. We are a long way from a Doctor (45 miles), and a nurse at the school is a great help to us in time of sickness.

The school has helped us greatly, giving us wood to cut and other work, buying supplies from us, and furnishing us with clothing at a very low rate, our old people without any charge. Fur has become very scarce here, the high water has spoiled our rice fields and our hay and now they would take the help of the school away.

There are more than enough Indian children in Lake of Woods Bands to fill the new shcool at Kenora without sending our children there. We are willing to meet you at any time in Kenora, or to go down to Ottawa if necessary, and would urge you to visit the Shoal Lake School and see it for yourself.

The Department is not providing enough shcools to educate all the Indian children in the Agency. Why close Cecelia Jeffrey?

Dear Mr. Heenan,

I have to acknowledge the receipt of your letter of October 7th. with enclosure from certain Indians of the Shoal Lake bands 39 and 40. These Indians desire that the Cecilia Jeffrey school be reopened.

If you intend to reply directly to these Indians I would take it as a favour if you would tell them that the Department has no intention whatever of reopening this school.

For your own information I would say that I have reason to believe that the former principal, a Mr. Menzies, is stirring up the Indians to make this request. I have drawn the attention of the Presbyterian Church authorities to this man's activities and I hope they will be able to control him.

Yours faithfully,

DEPT. OF INDIAN AFFAIRS
OCT 12 1929
RECORDED

61 Carlton St
Winnipeg, Man. Oct 9th 29

The Secretary
Dept^mt of Indian Affairs
Ottawa, Ont.

Dear Sir:

I have just received a communication from your Department re the payment of Nurse Mathison of T. J. School for the months of July and August.

Miss Mathison was engaged on precisely the same conditions as her predecessors who, after 10½ months service, were given the usual holiday with pay. If hers was to be made a "special case" the Board and Miss Mathison should have been informed. Representing as I believed both Department and Board, I engaged her, promising six weeks holidays. She was on duty continuously from June 1st '28 to July 15th '29 and was surely entitled to her holidays before returning to her duties as she did Aug 25th or thereabout. No Nurse has given better

device than that rendered by Miss Matheson.
As I understand it the Department agreed to pay the Nurse for E. J. School until the new building was occupied, hence the Board is justified in looking to the Department to implement its promise.

Mrs McKerroll, the Board's Secretary for Indian Work, writes me that after insisting that while under two Principals one should be Treasurer of regular School Funds your Department had sent at least a part of the Imns per capita directly to Mr Byers at the new School instead of sending it through the Board as usual.

As the Board's appointed Treasurer, I advanced to Mr Byers such monies as he required to prepare for the carrying on of the work in the new School. He informed me that he was furnished with Departmental funds for stumping, clearing ground grading &c: in short to do anything necessary to put land and building and stock in shape to start work September 1st.

Surely we are not to understand now that the Department has been using for buildings or land or equipment per capita funds that had been earned by the Board carrying on the work in the old School.

None would question the fact that the April-June per capita belonged to the Board in charge of the old School and, since the holidays are given because of the preceding 10½ months of continuous service the Boards claim on the July and August per capita is equally strong. This latter gives opportunity to gain a little leeway financially when expenses are at a minimum.

In the above I have endeavored to give a plain statement of the Board's position under the circumstances.

Yours &c

A D McRae

Presumably adjustment will be made in due course but in the meantime it has been a serious handicap to me in the winding up of Old School affairs duly at the end of Sept did I learn of the complete change of plan. A D M

Reverend Sir:

I have your letter of the 9th instant, with reference to holidays for Nurse Matheson. I may say that, on the 21st ultimo, I wrote to Mr. Byers in part as follows: "There is no reason why you could not allow her for July and August whatever salary you contemplate paying her in the future. . . . . As Miss Matheson has been continuously in the employ of the school during the year, there is no reason why she should not be allowed full salary for July, even though she took some holidays during the month."

I am sure that Mr. Byers will deal fairly with this officer of the staff. I am today writing to Mr. Byers, telling him that he may allow her full salary for August as well.

With reference to the payment of the June per capita grant, the Department has had no misunderstanding with the Women's Missionary Society of the Presbyterian Church. The per capita grant, of course, is not being used for buildings or land or equipment. As far as the Department is aware, the same Board is in charge of the new school as was in charge of the old one.

DEPT. OF INDIAN AFFAIRS
OCT 21 1929
KENORA

Assistant Deputy & Secretary,
Department of Indian Affairs,
Ottawa, Ont.

Dear Sir,

I have been informed by some of the Indians of the Shoal Lake Band that the late Principal of the Cecelia Jeffrey School, Reverend A.D.Menzies, prepared a petition for the Indians asking that the school be kept on at Shoal Lake, and that the petition was sent in direct to Ottawa. Mr. Menzies appears to have been the cause of a lot of the trouble we have had in getting the children back to the new school at Kenora as he was staying there until just lately and I have it on good authority that he has caused most of the dissatisfaction among the Indians. He h as now left Shoal Lake,and I presume he will not be going back there.

Mr. Byers , the new Principal, also complains about him and particularly in connection with school funds. He told Mr. Byers he had about $3,000 on hand, but from Mr. Byers statement to me he is unable to obtain the funds from him and Mr. Byers requires money to carry on the work at the school. I have advised him to write to his church authorities in connection with this and no doubt they will take the matter up with you.

Your obedient servant,

Jack Edwards

Indian Agent.

Department of Indian Affairs,
Ottawa, Ont.

Dear Doctor Scott,-

First may I thank you, on behalf of our Council Executive, most heartily for your kindness in regard to the advance on the Per Capita to buy the autumn supplies, and also your very kind granting of the sum for the extra bed-room furnishings of quilts. We do appreciate your kindness in this matter.

I have heard from Mr. Byers that the probable date of the opening will be November 6th. I am hoping that both the President and myself will be able to go up to this opening. Mr. Byers has sent me a list of those to whom he would like invitations to go. To this list I have added some more names. Are there other names of which the Department has knowledge, who should also be invited? I am sending you this list today and as soon as I hear from you I will authorise Mr. Byers to send out the invitations.

Thanking you,

Yours very sincerely,

(Mrs. H.) Mary C. M. Reid.

Sir:

I have your 108-13 of the 18th instant, with reference to the Rev. Mr. Menzies, formerly principal of the Cecilia Jeffrey Indian Residential School. I note, with satisfaction, that he has now left Shoal Lake. You were quite right in informing Mr. Byers that he should write to the church authorities in connection with the funds of the old school.

Dear Mrs. McKerroll:

I have your letter of the 19th instant, with reference to the official opening of the Cecilia Jeffrey Indian Residential School. The invitation list appears to be complete, with the exception of the Honourable Charles Stewart, Superintendent General. It is not likely that he will be able to attend; but he should receive an invitation. I have read the proposed programme, and I note the name of Mr. J. P. Earngey, M. P. S., after the words "Indian Department representative." Mr. Indian Agent Edwards should represent the Department.

I am very pleased to learn that both the President of the W. M. S. and yourself will be able to be present at the opening. I know you will have a very profitable time.

Yours very truly,

Dear Mr Ferrier,

The new Cecilia Jeffrey School are having an official opening on the 6th November, and yourself and Mr Scott were invited,

Mr Scott writes me by todays mail, that it will be unlikely that a headquarters officer will be present for the occasion, and has informed Mrs McKerroll that I will represent the Department.

Under the circumstances I have to say a few words, and I have very little information about the school on file in this office, except since I have been Agent. would you be kind enough to give me anything that you think would be usefull, such as when the school first opened, who built it, The names of the different principals, who was Agent at the time of opening, was there any particular ceremony at this opening, and any other information that might be usefull.

The time is short so drop me a line as soon as you can.

With kindest regards,

Yours very faithfully,

was a reverend gentleman, or not:-

1902 - Mr. J. O. McGregor.
1904 - Rev. A. G. McKitrick.
1908 - Rev. F. T. Dodds.
1918 - Rev. A. Mathews, (died of Flu a few months after appointment)
1918 - Mr. P. T. Martin (temporary)
1920 - Rev. J. T. Ross.
1922 - Rev. W. J. Cookson.
1923 - Rev. A. D. Menzies.
1929 - Mr. E. W. Byers.

Interesting points in connection with the school are as follows: In 1907 and 1908, the Department built an addition at a cost of $2,200 and gave further assistance for improvements. In 1912, the church enlarged the building and made improvements. In 1913, a pupil, Alex. Mandamin, performed an act of heroism - saving the life of a white man, who had broken through the ice. Alex. received the Royal Canadian Humane Association Medal. In 1914, the building was again enlarged, the Department helping with fire escapes, etc. In 1921, the Department built a septic tank: in 1923, provided a launch: and in 1924, provided electric light.

Commencing in 1927, after it had been decided that a new building was imperative, efforts were made to select a suitable farm and site. From that time to the present date, the establishment of the new institution near Kenora has cost the Dominion Government a total of $141,000.00. This figure does not include any current expenses whatever.

I trust that you will be able to use some of the material I have hurriedly arranged for this letter.

Yours very truly,

Ottawa, November 2, 1929.

Dear Mr. Edwards:

I have your 108-13 of the 28th ultimo, with reference to the history of the Cecilia Jeffrey Indian Residential School. I have examined old reports and all files for this school, and I am able to give you the following information. I regret that, if my letter is to reach you in time for the opening, I will have no opportunity of putting it into readable shape.

In 1901, the Presbyterian Church, no doubt assisted by their Women's Missionary Society, commenced the erection of a boarding school on Shoal Lake. A main building and a Principal's residence were completed, at a cost of approximately $7,000. The church acquired 210 acres on the point as a site. The Department allowed a per capita grant of $72 per child per year and provided school desks and minor equipment. In these days and right from the beginning, the church found it necessary to supplement the per capita grant.

The representative of the Department in 1902, when the school was opened, was Inspector J. Arthur Leveque. He was acting as agent for what was then called the Rat Portage agency. In 1903, Mr. R. S. McKenzie was transferred to Rat Portage and was the Indian agent until you succeeded him. From time to time, the Department increased the amount of the per capita grant, provision being made as follows:-

1902	- $72.	1919	- $145.
1911	- 125.	1921	- 165.
1917	- 135.		

The pupilage has been increased from time to time, as follows:-

1902	- 30	1916	- 70
1909	- 40	1927	- 75
1915	- 60	1929	- 125.

The Principals are as follows, and I regret that I am unable to learn whether the first principal

DEDICATION OF CECEL. JEFFERY INDIAN SCHOOL

Impressive Ceremony Marked Official Opening of Splendid New Residential School at Round Lake

A new and distinguished chapter was added to the history of the Cecelia Jeffery Indian Residential School at Round Lake on Wednesday afternoon, November 6th, when the magnificent new building was opened; impressive ceremonial marking the dedication service which was presided over by Rev. Norman MacEachern, M.A., moderator of the Winnipeg Synod of the Presbyterian Church in Canada, who was assisted by a number of others in the interesting program.

A large number of Kenora citizens were present and they were received by Principal and Mrs. Byers, Mrs. McKerroll, Secretary of Indian Affairs for the Women's Missionary Society, and Mrs. Strachan of Toronto, president of the council of the Women's Missionary Society of the Presbyterian Church in Canada.

The visitors were conducted over the new building, inspecting the class rooms, some of which were occupied, spacious dormitories, playrooms, and all parts of the new building.

Principal E. W. Byers presided over the opening ceremonies, and in opening he welcomed the people of Kenora and outside points to the new school. He felt that this was a red-letter day in the history of the school, and stated that the Department of Indian Affairs had placed a monument here in the school, that was worthy of any Government. He expressed regret at the absence of Hon. Charles Stewart and Dr Scott, Superintendent of Indian Affairs

Mr. Earl Hutchinson, who acted as Dominion government representative, was then called on, and in handing the key of the building to Mrs. McKerroll, Mr. Hutchinson paid a tribute to Dr. Scott and others who had taken a great personal interest in the Cecelia Jaffery school.

Mrs. McKerroll in accepting the keys, stated that she did so with a full appreciation of what the Government had done, not only here but in other points. She received the key with every pledge and all sincerity to do all they could for the Indian children. Mrs. McKerroll also paid a strong tribute to Cecelia Jeffery, after whom the school had been named. She then handed on the keys to Principal Byers as the Society's representative

Captain F. Edwards, who represented the Department of Indian Affairs, thanked the former speakers for the compliments made to the Department. In a brief resume of the history of the Cecelia Jeffery school, Captain Edwards stated that it had been built by the church at Shoal Lake in 1901, with 210 acres of land secured, and the Department's contribution had been $7,000. The new building was first thought of in 1925 and great care had been shown in chosing the site. The approximate expenditure was $141,000. He thanked the Church, on behalf of the Department, for their good works, and also asked all present to show a continual interest in the children.

Rev. Norman MacEarchern then took charge of the proceedings, and a service, marked with simplicity and impressive solemnity, was carried through, and the new building dedicated. Rev. David Johnstone, clerk of the Synod, and Rev. J. O. Ralston assisted in the Dedication Service.

Mrs. Strachan was called upon and in a most impressive address, she outlined the work of the Society. The Indian Department had done their part well, and the society was pledged to carry on the work of education. The upkeep of the school cost the Society approximately $165 for each child per annum, or an amount equal to that furnished by the department..

Rev. W. A. McKay, supervisor of missions for the Presbyterian church in northern Ontario and eastern Manitoba, brought greetings to all. He expressed the hope that the Indians would furnish a pulpit "Longboat" one who could be outstanding and not only carry a message to his or her own people, but also minister to the Anglo-Saxon congregations

Before the conclusion of the service, Principal Byers read messages of greetings and congratulations from all parts of the Dominion. In the evening Principal and Mrs. Byers entertained at dinner the church and society representatives who had taken part in the service

Dear Mr. Scott,

Enclosed please find cutting from the Kenora Miner & News, with reference to the dedication of the new Cecelia Jeffrey School here, where I acted in your place. The ceremony went off very satisfactorily and I think everyone was pleased with what the Department had done. The Principal asked Mr. Earl Hutchison, Mayor of the Town and Labor member-elect in the Provincial House to hand over the keys of the building to Mrs. McKarroll, Secretary of Indian Affairs for the Women's Missionary Society as he was the only member of any Government there. This was, of course, not quite in order but Mr. Hutchison spoke very nicely and nobody noticed anything.

Dr. Duncan C. Scott,

Dear Doctor Scott,-

The opening and dedication of the lovely new Cecilia Jeffrey Indian Boarding School at Kenora, passed off very well indeed. The service was most interesting and the dedication most impressive. We had arranged to have sufficient members of Winnipeg Presbytery to form a quorum come to Kenora for the occasion. The Rev. Mr. McEachern in his robes led the dedication procession and the whole service was very fine. Mr. Hutchison, M.P.P., and Captain Edwards, Indian Agent, were among those who made very fine addresses. The only flaw in the proceedings was that the seating of the chapel had not yet arrived. Mr. Byers had rented all the chairs available in Kenora, which were just enough to seat the guests. The Indian boys and girls, eighty-three in number, came in and sat on the floor.

May I express to you, and to the Honorable Mr. Stewart and to the Indian Department, our very great appreciation of the new building and of the care and thought that have been put into arrangements to carry on the Indian work at this point.

I met two of the Chiefs who had been pressing to have the school on the old site continued, and I think that the Rest House arranged for them in Kenora, has been a great factor in their becoming more contented with the new school, and I hope this will increase as time goes on.

There are some details which should be arranged and completed before the architect is completely paid. I will write you more fully about this in a day or so, and will give Mrs. Strachan notes before she meets you. On the whole the building is very well suited to its purpose

and the children seemed to be enjoying very much their new home. The principal's house is very nice indeed and looked so cosy and homelike, although I fear that neither he nor Mrs. Byers had been in it except at sleeping times, owing to the strain of preparation.

The white quilts which you so kindly arranged arrived only an hour before the opening, but certainly made everything look much nicer.

There are many other things I would like to say to you about the kindness of the Department, and also in appreciation of Captain Edwards assistance, which has meant a very great deal to us and to Mr. Byers. May I also thank you, Sir, personally, for your continued and wise interest and guidance in this large undertaking, which must be a great satisfaction to you, as well as to us, to see now in operation.

May I again express to you the appreciation of our Board of all your personal supervision.

Yours very sincerely,

The "Cecilia Jeffrey" Indian Residential School

A Brief History

Presbyterian WMS Winnipeg

THE "Cecilia Jeffrey" Indian Residential School was opened in 1902 and was named in memory of one of our Women's Missionary Society Secretaries of Indian work, who had given long service in the work of the north west. For a couple of years previous to this date, pioneering work had been carried on by Rev. A. D. McKittrick among the bands of Indians living on the Reserves round the Lake of the Woods and Shoal Lake. These Indians were all pagans, but they received the missionary kindly and listened to his conversation and teaching. Mr. McKittrick had a knowledge of Cree which was a great help to him in his study of Ojibway and enabled him to converse with them in their own language.

A site for a school was chosen between Shoal Lake and Rice Bay, near the boundary line of Ontario and Manitoba and forty-five miles from the town of Kenora. The government granted ten acres free and one hundred and ninety more for a mere nominal sum, which would prevent anyone settling too near the school. The money to build this school was provided by the Women's Missionary Society.

The school, a commodious substantial building, two and one half storeys high, and thirty eight by sixty feet, with accommodation for forty children and staff, was opened in January, 1902. After the dinner to the Chief and principal Indians, articles were signed by which they promised to send their children. The Chief at once brought his four, and the Chief Councillor three until nine were gathered. These children never having gone to school, it was thought best to take in only twenty-five to begin with.

While the school was in process of erection, Mrs. McKittrick endeavored to reach the women and, after many efforts, much tact, and the giving of a cup of tea, she succeeded, and ere long they came to her with their troubles and trials, then they began to come for tempting food and medicine for their sick and were anxious for the missionary to visit them.

The Indians were delighted with the school and its equipment, and began building houses close to it which meant that they came more under its influence. Even those from a distance who opposed it brought their children. In one year the children made a remarkable advance in neatness and thoroughness of work out of school and rapid progress and increasing interest in the school room.

The year 1905 saw forty names on the roll. It was the most successful year in the history of the school, not only in attendance, but in progress and influence. The scholars had begun to show the effects of earnest Christian teaching in their lives and characters and some older

Library and Archives Canada / Bibliothèque et Archives Canada

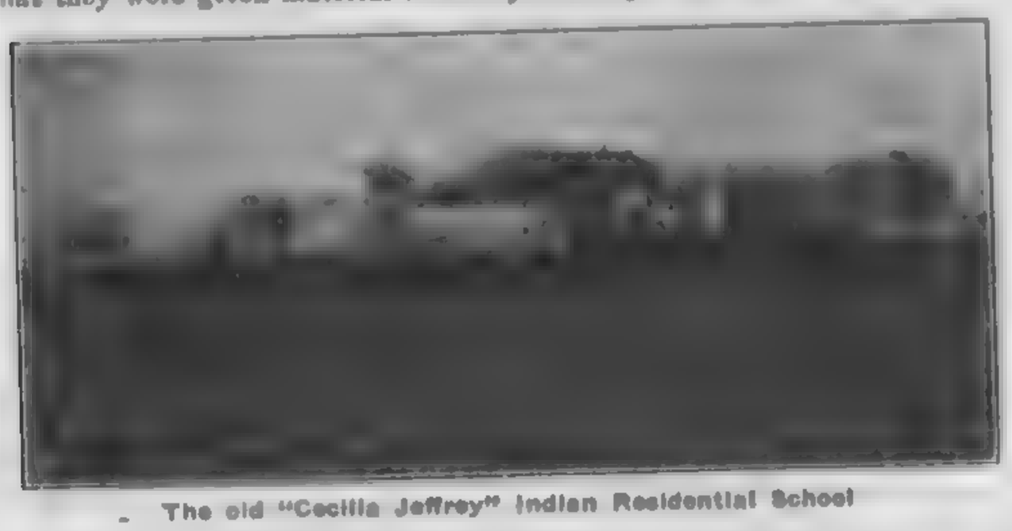
students had accepted Christ as their personal Saviour. In December two of the graduates were united in Christian marriage and established a Christian home. From the very beginning worship was conducted in the school morning and evening. The class room work was also opened with Bible reading and prayer. On Sunday there was a morning service, Sunday School in the afternoon and a song service in the evening.

In 1909, an Auxiliary composed of the older girls of the school was formed. It had a special educational value in teaching the Indian girls Christian duties, privileges, responsibilities and methods of organization which they could use in any Christian work they might undertake among their own people. Three years later a Mission Band was organized and so anxious were the smaller girls to do something to help outside of meeting, that they were given material and they made quilts for babies.



The old "Cecilia Jeffrey" Indian Residential School

And so the work grew. By 1923, there were enough children in the district to fill two large schools. Despite the fact that the school had been remodelled and enlarged in 1912, there was not sufficient class room accommodation for the children who sought admission. New features were introduced such as public health nursing, with the result that one of the girls entered one of the W.M.S. hospitals to take a regular course of nursing, and our hope is that several others will take a similar course, while one of the senior boys took an advanced course in studies to enable him to help his own people. The attendance mounted steadily until the original nine have increased to eighty.

No review of the past would be complete without some reference to the Principals and staff who, in this isolated spot and amid many difficulties, accomplished such a fine piece of work for the Indians and the Church. The list of Principals includes the names of: Rev. Mr. Gandier; Mr. J. D. McGregor; Rev. F. T. Dodds; Mr. Matthews; Rev. P. Martin; Rev. J. T. Ross; Mr. W. Cookson; Rev. A. D. Menzies.

The closing of this school sees the closing of a chapter in the history of the work among the Indians rich in result that no statistical table can ever tabulate.

On November 6th, we begin again a fresh chapter in the "Cecilia Jeffrey" School, and our hope is, in the years to come, to fit many boys and girls for work, and missionary service.

Whereas the old school was built with the funds of the W M S, a new policy has been inaugurated, and the new school has been built and equipped by the Department of Indian Affairs, and we wish publicly and through our official magazine to thank the Department who, through the erection of this fine school, have made it possible for us to carry on a much larger and more efficient work.—M.C.G.F.

New "Cecilia Jeffrey" Indian Residential School Officially Opened

THE official opening of the "Cecilia Jeffrey" Indian Residential School, Kenora, Ontario, took place at 2 o'clock on Wednesday, November 6th, in the presence of a large and representative gathering. The Principal, Mr. E. W. Byers, and Mrs. Byers, Mrs. D. T. L.

Dickson, United Church; Mrs. Thos. Delbridge; Mrs. Evans; Captain F. Edwards; Dr. Snider, Official Dentist; W. H. Dickenson, Manager Bank of Nova Scotia, President of Boy Scouts; H. H. Tate, Manager Royal Bank; Chief J. China, Shoal Lake Band; Councillor Joe Crow, Big Island Band. Letters of regret were received from Dr. Scott, Deputy Minister of Indian Affairs, Dr. W. M. Rochester, Editor of *The Presbyterian Record*, who had much to do with the building of the first school, and other interested friends.

Mr. E. W. Byers, Principal

Mrs. E. W. Byers, Matron

After the guests had been received they were shown through the building by members of the staff, then they returned to the Chapel for the opening services.

Principal Byers presided, and on the platform with him were: Mr. Earl Hutchinson, M.P.P., representing the government; Capt. Edwards, the Department of Indian Affairs; Mrs. Daniel Strachan and Mrs. D. T. L. McKerroll, Toronto, and Mrs. J. S. Hutchison, Winnipeg, the Women's Missionary Society

After the singing of the National Anthem, Principal Byers gave a short introductory statement and introduced Mr. Earl Hutchinson, M.P.P., who made a brief address and, in closing, on behalf of the Government, handed over the key of the school to Mrs. D. T. L. McKerroll, Secretary of Indian Schools, for the Women's Missionary Society (W.D.) of the Presbyterian Church in Canada.

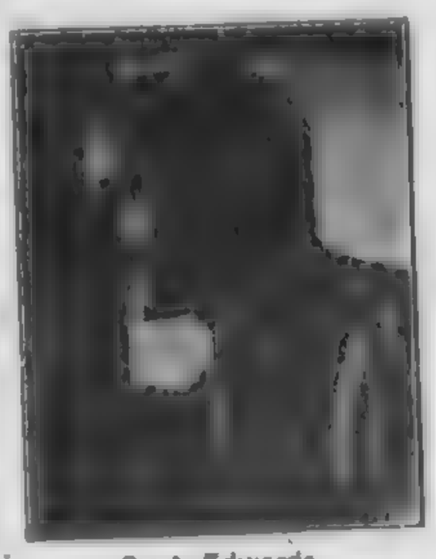
Mrs. McKerroll, in receiving the key for the Society thanked the Government and the Department of Indian Affairs for the fine and splendidly equipped building, and promised that, as a Society, we would carry on the work of the School as efficiently as possible.

Captain Edwards, the next speaker, gave a short history of the School from its opening in 1902, with a statement of the monies expended on this School by the Department of Indian Affairs since then.

The Presbytery of Winnipeg, led by the Moderator in his robes, then came to the platform and took charge and conducted the service of dedication. Rev. N. A. MacEachren, of Winnipeg, was Acting Moderator, and other members of Presbytery present were:— Rev. J. O. Ralston and Rev. David Johnstone, of Winnipeg. Rev. W. M. Mackay, Synodical Superintendent, sat as a corresponding member.



Capt. Edwards
Indian Agent, Kenora, to whose unfailing courtesy we owe so much.

The service opened with the singing of Psalm 86—Old Hundred. Rev. J. O. Ralston read the scripture lesson—Psalm 84; and Rev. David Johnstone led in prayer. A very beautiful dedication service was then conducted by the Moderator, Rev. N. A. MacEachren, the congregation joining in the response. Hymn 295, "The Church's One Foundation" was sung.

Mrs. MacEachren then introduced Mrs. D. Strachan, President of the Women's Missionary Society. Mrs. Strachan referred briefly to the responsibilities of the Women's Missionary Society in connection with the training of the Indian children, and expressed the hope that from this School some Indian girls would soon come to the Missionary and Deaconess Home in Toronto, for training for work among their own people.

Rev. W. M. Mackay then spoke stressing the gratitude of the Church for this new building.

Principal Byers spoke briefly expressing his thanks to the citizens of Kenora for their kindly co-operation.

Rev. N. A. MacEachren pronounced the benediction.

Principal and Mrs. Byers entertained the out of town guests at dinner in the evening at the Tourist Hotel.

The School is a fine red brick building two and a half stories in height, with an extension to one side in which is the chapel. The Principal's residence also forms a part of the building with a door

connecting it and the school proper. The school is beautifully situated on rising ground and overlooking a lovely little lake. All the buildings necessary for carrying on farm work are also on the land adjoining the School. The property includes 168 acres of land, 70 of which are already under cultivation, the remainder is covered with wood. The dormitories are large, sunny and airy as, indeed, are all the rooms. The School has accommodation for 125 pupils. At present there are 82 boys and girls in attendance, leaving adequate room for expansion.

The Reunion of the Scottish Churches

[The material for this article describing the reunion of the Scottish Presbyterian Churches, has been taken from the *Record of the Church of Scotland* and from articles by Dr. Norman MacLean and other Church dignitaries, which appeared in the special supplement of *The Scotsman* devoted to this great event.—EDITOR.]

THE second of October, 1929, provided a new date in Scottish story for that day, in the stately city of Edinburgh, the reunited Church of Scotland entered a greatly enlarged sphere of opportunity and service and became again as it was in the past, the principal moral force in Scotland.

"It was a day with gleams and sunshine, and flecked with shadows, in which the two streams of Scottish Presbyterians separated for eighty-six years, came together at the top of Bank Street, and flowed into St. Giles'—the Temple of Conciliation. The scenes that preceded were impressive—the slow emptying of the two Assembly Halls, the issuing of the processions until at last the halls were tenantless. It was all very different from the great scene in St. Andrew's Church in 1843, when nearly half left and half remained. That was a scene of triumph and desolation, of glory and of tragedy. But, to-day nobody was left. Dense crowds watched the meeting of the two streams. As the two Moderators shook hands a cheer passed down the High Street. Some of the crowd raised the strains of a psalm. The united procession then moved four abreast and so passed into the Church of John Knox. As the procession went up the nave, the white Christ in the great east window glowed as if in benediction. It was a solemn thing to watch the ministers and elders come in. Church of Scotland and United Free Church of Scotland side by side. It took forty minutes ere the Church was filled, and at the end men stood against the walls for the great Cathedral could not seat all that throng.

A Great Heritage

Dear Doctor Scott,-

I have just returned from Kenora, where in company with Mrs. McKerroll, I attended the opening of the new Cecilia Jeffrey School. Our Board thought the occasion important enough to send out the President of our Society as well as the Secretary for Indian work.

I felt that I must write and tell you what a contribution that school is to work among the Indians. It is such a nice bright, airy building that it should be full of health for the children, and its nearness to the town of Kenora, will mean a great deal to keeping the staff happy and contented. I suppose the Secretary will have found some things that are not quite right, but I have nothing to do with that, she will likely be writing to you herself.

I met Mr. Byers, the principal, for the first time, and was very much pleased with the appointment. He seems to have already a good grasp of what is required in Indian work. May I also say how delighted I was to meet Captain Edwards, the Indian Agent, and what a good address he made at the opening of the School. Although I had corresponded with Captain Edwards when I was Indian Secretary, I had never met him and it was a real pleasure to do so at this time.

I simply want to write and thank you now, on behalf of my Board and the Society, for all that the Indian Department has done in placing this School at our disposal to carry on educational and religious work. May I also thank you for your own personal interest in all that has concerned the building of this School, and to say how much we regretted that you could not be present to see for yourself the splendid contribution that the Department has made to this work.

Dear Mrs. Strachan,-

I have read with great gratification your letter of the 14th instant. I am very glad to know that you are pleased with the new Cecilia Jeffrey School. I regretted greatly that I was not able to attend the opening, but I am very much occupied here just now preparing for the Session of Parliament. I am pleased that you are favourably impressed with Mr. Byers, and I think in Captain Edwards we have an Agent who will promote the interests of the school on every occasion.

Thanking you for your letter, I am

The Department of Indian Affairs
Ottawa Ontario

Dear Sirs -

This report is to bring to your attention some things in connection with the Fort Frances Jeffrey Indian School - Kenora - Ontario.

Food supplied for the children previous to Dec. 17th 1929 was insufficient - One member of staff can testify that she served two suppers to the children consisting of one slice of dry bread, and a cup of cold water - This in a Christian mission.

On Dec 17th the staff protested to the Principal, about the meagre food supply which the children were getting, and one woman said to him "go into the children's dining room at meal time yourself, and hear them asking for food, and have none to give them, and see how you like it." to which he replied "give them all they want, and let them make pigs of themselves. The next morning for breakfast after the children had eaten more porridge than they had been given previously they ate 35 loaves of bread - and most of it dry!! For dinner in addition to meat and vegetables they ate 28 loaves of bread most of it dry - and for supper they ate 23 .. ... - most of

itching - only two slices for each child being
handed. This was the first day that the staff had
been allowed to give the children as much food
as they needed. since the new school opened
sometime in September. 85 Children
The staff say that it was only the quantity of
cod liver oil which nurse gave the children.
that helped them fit at all. Anyone knows that
one one could feed children that amount of bread
in one day. if they were not hungry and needed it.
further any one who has been connected with
Indians would in one of the schools, can tell you,
that 50% of the Indian children are not starving
they need food and plenty of it.
A Principal who is contemptable enough to
starve poor helpless little children should
be flogged. Surely a school getting a large per-
capitia grant such as it is getting can afford
to give the children enough to eat. We do not
ask for extravagance fancy things, just good
plain food in sufficient quantities.
This is a disgraceful state of affairs, and was
reported to the Indian Agent at Kenora some
time ago by Indians and Children, evidently
he has not forwarded the report to the dept.. I cannot
believe that the dept. knowing these things
would want a Principal like at the school

the perpetrates such injustice.
There is a "Children's Dentist" menu which hangs in the landing, purporting what the menu used for the Children. Why it is there no one knows, unless it is for show, because it has never been put into effect - even if that menu was used, it would not be adequate, because they are allowed no lard on their bread for some meals - surely the Children should not be required to eat dry bread. They need the fat - especially in winter, when they get so little milk.
People in Hemaruka know what the situation at the new school is - the Principal does the talking - but they did not. The Children told it themselves.
Up until Christmas and after the staff were not supplied with kerosene lamps, and when out for the evening, were obliged on returning to the school either to find or awaken the engineer if they could, or make an ignominious entrance by way of the fire escape and a window which they had left open for that purpose.
Mr. & Mrs. Byers are very nice - educated - cosmopolitan people, and it is very humiliating for them & the staff, who are superior to them in every way to have to take their instructions such as this from them. There is no reason why the

staff should be treated as servants surely.
No servants of today would put up with the things
the staff do. but they carry on for the sake of the
children. what would happen to the children
otherwise one doesn't like to think.
There was a very fine Indian girl (ex pupil of the old
school) working at the new school, a lovely pure
minded, dependable, good character in every way, and
understanding the Indian language as she did - been
an invaluable help. but she was bullied and
treated so meanly by the Prin. & matron that
she could not stand it; and left; and it broke
very much as though they were trying by their
treatment of the old staff to force the old school to
force them out. It is my earnest hope that the
Prin. will be dismissed before this happens. He is
not the man for the appointment by his untruthfulness,
and general mean, disagreeable, how hurt the
confidence, and respect of both staff and children.
And will never regain it. many things have gone
to far to make for that - I even the children say to
each other "Mr Byers tells lies" they can't under-
stand this in their principal, he is so different
from Mr. Menzies who won the soul of honour
in all his dealings with staff, children and
Indians, and whom they all liked and respected.
I have no hesitation in saying that Mr & Mrs.
Byers create a very bad atmosphere in the school

Their unkindness, shirking of duties and responsibilities, are all bad. and in engendering a spirit of bitterness & dislike for them with the children. ~~They do~~ They are not doing the work which the Church sent them there to do, the children would be better out of the school than living under the influence of such people —

There is nothing in this report, that cannot be substantiated upon investigation. much more could be said, but one has to stop some time. I have tried to be comprehensive without being trying, but the best short written can not convey the state of things really. one has to live with it from day to day to realize how bad things are.

Lovely Between Church and State something can be done. The right sort of people found who are able and worthy of the work.

This is more than a report it is a prayer for action and that speedily —

Dear Sir,

Replying to your letter No.129-3-1 of the 4th instant, enclosing an anonymous letter referring to the food for the children of the Cecelia Jeffrey School and also the general suitability of the Principal and Matron, I thought it advisable to go over the matter with the Principal himself which I did, and he immediately requested me to read the letter to the staff and get their opinion on it. I thought this was the best thing to do so went to the school on Saturday the 8th, and had a meeting of the Principal and all the staff, and went into the different matters complained of.

(1) As regards the food supplied to the children, the staff all informed me that they considered the children were getting plenty at the present time. One or two of them had an idea that they were not getting enough at one time. This was mentioned to the Principal and the matter was immediately rectified. I enclose a copy of the menu mentioned in the letter. The staff inform me this menu is adhered to pretty well, but on one occasion some time ago there was not enough pudding to go around. This was no fault of the Principal and it only happened on one occasion. The menu is taken from that used at the Sioux Lookout Indian Residential School and got up by the Church of England authorities. The Principal has made additions to that given at Sioux Lookout and I think there should be no complaints.

As regards the statement made in the letter that the matter had been reported to the Indian Agent by the Indians and children, a few weeks ago Chief Kejick of the Shoal Lake Band informed me he had heard the children were not getting enough to eat. I asked him to go to the school and be there at meal time, and not to inform the Principal or staff what he was there for, and to report back to me what he thought. He came in a few days afterwards and informed me he thought they had plenty to eat. His boy who was a pupil at the school also informed me they had plenty to eat so no further action was taken in the matter.

(2) As regards latch keys for the staff, the Principal informed me he had given three out but there was only one to be found at the present time. He told the staff if anybody desired a key they could always have one. All the staff informed me that both Mr. and Mrs. Byers were reasonable and not rude, ill-mannered, and there did not seem to be any ill feeling between any of them.

(3) As regards the Indian ex-pupil from the school. This girl was working there and Mr. Byers had been compelled to speak to her about several things she had done. His treatment of her accordin- to what I heard, appeared reasonable. Mr. Byers informs me that he believes this anonymous letter came from or through one of the members of the staff he had to discharge some time ago, but of course, is not sure. This person, he informs me, pursuaded the Indian ex-pupil to leave her position. The girl is not here now and I will not be able to see her for some time, but if I do I will try and find out what she left.

I asked all the staff if they had any complaints against the Principal and they told me "No." I told them the Principal and staff were all engaged by the Church but the Principal had to be approved by the Department and that we did not like interfering with any internal matters at the school but if there was any dissatisfaction or trouble, I would be only too glad to see what I could do on behalf of the Department. None had any complaints of any kind and I do not think any particular notice need be taken of this communication. Mr. Byers mentioned that one had also been sent to the Church authorities in Toronto, which they had taken no notice of and destroyed.

As regards the letter, I made a full investigation and could not substantiate anything that was said in it. The staff inform me they have no knowledge of an indignation meeting having been held at the school by the Indians.

Your obedient servant,

Rank Edwards

Indian Agent.

DEPARTMENT OF INDIAN AFFAIRS

CANADA

March 13, 1930.

MEMORANDUM:

Mr. [illegible]

From correspondence on file you will notice that the Principal has been complaining about the difficulty in operating the mechanical plant at the new Cecilia Jeffrey School.

I have today received a letter giving in detail the result of an investigation of the water supply system, especially the Chlorinator. The following is an extract from this report,-

> "During the course of my inspection with Captain Edwards we noticed that the pumps required repacking, the air compressor motor in the tank room was in a very dirty condition, there were fire hazards in the boiler room, and the interior of the building was not receiving proper attention. Your Department has gone to great expense in equipping this school with modern conveniences. The installations made for providing these conveniences have in every instance been made as simple as possible, but for efficient and continuous service proper attention is essential. In my opinion the services supplied at the Cecilia Jeffrey school are not fully appreciated by the Principal, the operation of the chlorinating water supply and heating systems instead of being entrusted to a competent and qualified operator are being inadequately looked after by the chief farm hand. Under these circumstances full advantage cannot be taken of the conveniences supplied, damage to equipment will result, and complaints will be frequent."

From the above it would appear that the mechanical plant at this school is not receiving the proper attention and is not being operated as it should. Mechanical equipment such as installed in a modern residential school requires the services of a competent, qualified operator and unless the school authorities employ a man with the necessary qualifications sooner or later there will be trouble in the operating of the systems and the Department will be called upon to pay for repairs which are due to improper operating.

Sir:

A recent report from the engineer, who was requested to visit the Cecilia Jeffrey Indian Residential School, indicates that your engineer is hardly competent to look after the mechanical plant. It is stated that the pumps required repacking, the air compressor motor in the tankroom was in a very dirty condition, that there were fire hazards in the boiler room and that the equipment for chlorinating the water was not properly used. I have to ask you to make immediate arrangements for a new school engineer - one who is qualified and competent to look after expensive machinery.

Please inform Mr. Indian Agent Edwards concerning the steps you take. He is being informed that a change in the engineer is necessary.

Dear Mrs. McKerroll:

I regret that it has been necessary to write to Mr. Byers, insisting on a change in the school engineer at the Cecilia Jeffrey Indian Residential School. I am enclosing a copy of the official letter to him. Would you be good enough to write to him also, informing him that he must give this important matter immediate consideration.

Dear Sir ,-

Re report from Engineer who visited the school recently and who reported unfavorably upon our Engineer as being not competent to look after the mechanical plant.

I wish to state that it was a rather unfortunate inspection . It was a condition which existed that day only. The Furnace room was untidy owing to the fact that it was the day on which the furnaces were being cleaned out . I have three of the older boys appointed to clean out the ashes and sweep the furnace room immediately after Breakfast. This is attended to daily without fail . This particular day the cleaning was left until the furnace was cleaned .

Re the pumps requiring packing it was our engineer who called the Inspector's attention to it. Our check valves were not holding and we had to order new ones. As we could not secure them locally we were obliged to send away for them and we were waiting for the valves before doing the packing. In fact it was not so much the need for packing as for new valves .

Re the chlorinating plant not being properly used - This was no fault of our engineer. Wallace and Tiernan will corroborate this statement that our engineer knows the Chlorinator plant in every detail. We did have the plant ready to operate when the pumps shut down in the Fall. Then when every thing was ready again the safety plug in the cylinder corroded through allowing the liquid gas to escape. This accident was entirely beyond our control and as Wallace and Tiernan stated might have occurred in any plant. The escaping gas certainly did a lot of damage and there is no telling just how far it will effect the plant. This was no neglect on our part , the gas could not be shut off , the only thing we could do was to disconnect the cylinder and carry it outside.

As regards fire hazards in the boiler room , we had a box containing the sweepings which are regularly burned. I do not consider there was any fire hazard however I have had the box removed.

Our engineer's work was very favorably commented on by such engineers as Campbell, of Campbell Heating Co.

Robertson of Spencer Heating Co. and others.
He is a very trustrorthy man and I would appreciate your giving him a further trial and see what a later inspection will prove regarding his suitability as an engineer .
I was away the day the engineer made his inspection and I feel that the conditions met with that day were very unusual and not a just basis upon which to judge our engineer. He spent two years as engineer in the old school at Shoal Lake.
I wish to lay this information before you and shall await your further ruling in the matter.

Dear Sir,

Replying to your letter No.129-3-1 of the 17th instant informing me that the Principal of the Cecilia Jeffrey School had been asked to take immediate steps to secure a properly qualified Engineer, and that a recent report indicated that the chemical plant is not receiving proper care, and expert handling. I enclose a letter received yesterday from Mr. Byers, in reply to your letter to him. Mr. Byers is very averse to changing the Engineer who came to the Cecilia Jeffrey School at Shoal Lake some time ago and has been well spoken of by the previous staff and also by Mr. Byers. This young fellow was a student, and is wonderfully well liked as far as the school is concerned. Mr. Kelly, Boiler Inspector of Fort Arthur, also spoke well of him and Mr. H.C.Linisten of Wallace and Tiernan who installed the chlorinator, informed me the other day that he knew as much about the chlorinator as any man could know, and was a most efficient man. Mr. Byers does not want to lose this Engineer as if he did he would probably also have to get rid of the Indian who is working with him, and he asks the Department if they will not reconsider their decision and keep him on. To have a proper qualified Engineer at the school the authorities would have to pay larger wages, and they say this is impossible in view of the grant they get.

Mr. Gowe of the Dominion Water Power Branch, who put in the report only visited the school once and his report is based on that visit. I personally think that the present Engineer will be alright but he has been working under a handicap. We have arranged, as advised by Mr. Orr, for the men in charge of the Town Chlorinator plant to visit the school occasionally and inspect the plant. I would, therefore, recommend that for the present at least the Engineer be kept on.

Your obedient servant,

He seems to be a very fine young man and to have a good influence over the boys, but if his other work is not satisfactory, we of course could not keep him for that alone. Captain Frank Edwards,

Dear Sir:

On several occasions Indians have asked me to buy from them Deer meat and also Moose meat. I was not certain just how this would be viewed by the Game Warden or other game authorities, and so have refused to take any.

They are always very sore when I do not buy and state that other schools always take it from them.

It would be very nice if we could give the children some Deer meat periodically as they have a longing for the wild meat.

I wish you would secure for me a ruling on this and ascertain if arrangements could be made to have Deer meat periodically for the Indian Children. They have always been accustomed to having the meat and I understand that the law allows Indians to have Deer meat for their own use, and as these are Indian children would it not be considered within the rights of the law to have meat occasionaly for their use.

Awaiting to hear your instructions in regard to this matter,

Mrs. D. T. L. Mc.Kerroll,

Toronto, Ontario.

Dear Mrs. Mc.Kerroll:

We wired you today, asking when Mr. Byers, would be back, as George Waugh the Farm Instructor at the School was unfortunately drowned in Round Lake on Wednesday 14th. inst. The night before, he had married Miss Jamieson one of the Teachers. In the absence of Mr. Byers, and in conjunction with Mr. Davidson, I took charge.

It appears that Waugh called the boys as usual to get in the cows at 5:30 A.M. and was last seen that morning, going towards the Barn. His Cap was found in the Lake that day, and dragging operations commenced, the body being recovered the next day. An enquiry was held by the Coroner and a Post-Mortum made, and death was caused by drowning. There is no evidence to show how he got in the Lake. Mrs. Waugh, (Miss Jamieson)s Brother came here also the closest relative Mr. Charles Stewart, and Waugh was buried in the soldier's plot in the Lake of the Woods cemetery, under the auspices of the Canadian Legion. Mr. Davidson and I were two of the Pall Bearers.

Mrs. Waugh, naturally does not wish to stay at the School any longer, and is going to her home in B.C. but would like to see Mr. Byers before she goes. Mr. Byers will write you re this, on his return.

We are sorry for the unfortunate accident, and would like you to know of the splendid work and great kindnesses shown by Mr. Davidson and Miss Woods at the School. If Mr. Byers had been in charge, he could not have

done any more than what was done and we think a letter of thanks to these members of the Staff, would shew them that what they have done in this case, is appreciated by the Church.

Mr. A.F. MacKenzie,
Secretary
Dept. of Indian Affairs,
Ottawa, Ont.

Dear Sir,

Referring to your letter of January 5th, #I29-3-I I wish to state for your information that I find it extremely difficult to finance on our reduced grant.

I was fully confident that you would increase our pupilage and this would assist us to some extent. I have had no official authorization of the above increase but I have been assuming that it would take effect as from April First as per your letter.

I shall very much appreciate your further consideration of this matter and I sincerely hope I shall not be disappointed but that I shall receive the Department's approval.

Thanking you in anticipation of your worthy consideration of the above,

I remain,

Sir,

Your obedient servant,

E. Bquet
Principal.

Sir:

Replying to your letter of the 29th ultimo, I have to inform you that a per capita grant has been provided for 145 pupils at the Cecilia Jeffrey Indian Residential School as from April first, last. This is an increase of 10 in the pupilage over that allowed during the last fiscal year. I regret that you were not previously informed of the increased pupilage allowed as from the date mentioned above.

Your obedient servant,

A. F. MacKenzie,
Secretary.

Sir:

I have to inform you that our Estimates for the current fiscal year provide a grant for an increase of 10 in the pupilage at the Cecilia Jeffrey Indian Residential School as from April first, last. The per capita grant will be paid up to an average attendance of 145 pupils from the date mentioned. The Principal of the School is being informed accordingly and he may recruit up to that number.

Dr. H. W. McGill,
Deputy Superintendent General,
Department of Indian Affairs,
Ottawa, Ont.

Dear Sir,-

I wish to notify you in regard to changes of teachers at Cecilia Jeffrey Indian Residential School, Kenora. Instead of Miss McQueen and Mrs. Douglas, two of the teachers at this school, who are now going elsewhere, we have appointed Miss Mora MacLeod, who is a fully qualified teacher of some seven years' experience, with high qualifications in discipline and teaching, also a graduate of our Deaconess Training Home, as one teacher. Miss Vesta Cast, who has had several years' experience in Indian work is to be the other teacher. She has been teaching also for several years and has excellent references from every standpoint. She, too, was a pupil in the Missionary and Deaconess Training Home.

Our old nurse, Miss Carruthers, is going back to "C. J." in place of Miss Powell, who is coming on our staff in hospital work. Miss Carruthers is a valued and tried worker and is most interested in the Indian children, as well as being a most capable nurse. We know we are adding a great strength to our staff in having her return.

These are the changes which we are making at the present time.

Yours very sincerely,

(Mrs D. L.) H. C. McGill
Secretary, Indian Department.

Dear Mrs. McKerroll:

I have your letter of the 11th instant, with reference to changes of teachers at the Cecilia Jeffrey Indian Residential School.

The qualifications of Miss Mora MacLeod appear quite satisfactory, and her appointment is approved.

With regard to Miss Vesta Cast, I may say that she taught for a few years at the Oneida No. 3 Indian Day School on the Caradoc Reserve. At the end of June, 1932, the Department was obliged to request her resignation, owing to unsatisfactory reports received regarding the discipline at the school and methods used by the teacher when handling the pupils. In view of our previous experience with this teacher, I am inclined to feel that her services at the Cecilia Jeffrey School might not be satisfactory, and I would, therefore, appreciate your giving the matter further consideration before engaging her services.

I also note that Miss Carruthers is returning to the Cecilia Jeffrey School.

Yours very truly,

R. S. Williams

Acting Deputy Superintendent General.

ear Sir:

This is to acknowledge with thanks your letter of ly 21st. I would be much obliged to you if you would be kind nough to send me more in detail the nature of the unsatisfactory eports about Miss Vesta Gast's work on the Indian Reserve at aradoc, as well as the report from your own agent. Would there lso be one from the School inspector? We were aware that she nd the agent had not always been in accord, and we also realise that he strapped the pupils in the enforcement of discipline only as last resort. If we had a few more details about this matter it ould be a help to us in coming to a final conclusion in the atter.

May I suggest that under Mr. Byers at "Cecilia effrey" school, she would have unusual help in methods of dis- ipline on account of his having been principal of a Public chool himself.

I am much obliged to you for your letter as we are lways glad to have all possible information about our appointees. ay I ask for a reply to this letter at your earliest convenience s the matter of having the position filled is urgent.

Sincerely yours,
Mary E. M'Kenzie per B.M.

July 31, 1933.

Dear Mrs. McKerroll:

I am in receipt of your letter of the 26th instant, with reference to Miss Vesta Gast.

I have reviewed the Inspector's reports and, for your information, quote the following from his report regarding his visit to the school on May 25, 1932:-

> "Success - Fair.
> First and Second Classes were poor. Reading also was not good. Some of the Spelling and Arithmetic of the Third Class was fair. 40% was poor.
>
> "There cannot be satisfactory progress unless pupils attend more regularly. Regularity will depend upon the interest parents take in the progress of the pupils and also in the interest the teacher is able to create in the pupils for their studies."

The local Indian Agent's report, during the period of Miss Gast's services as teacher on the Oneida reserve, indicated that the discipline and methods used by her in the classroom were unsatisfactory. Her attitude towards the work and in her dealing with the children and Indian parents was in part responsible for the poor attendance. As pointed out in my letter of the 21st instant, it is felt, in view of previous experience with this teacher, that unless she has profited by her training at the Deaconess Training Home, it is doubtful if her services would be satisfactory at the Cecilia Jeffrey School. However, under the supervision of the Principal, Mr. Byers, she may give satisfactory service.

Yours very truly,

Acting Deputy Superintendent General.

Dear Sir,-

In regard to Miss Vesta Gast, I wish to notify you that we have reappointed Mrs. Douglas, who has found herself able to return to the Cecilia Jeffrey School, Kenora, and that Miss Gast is not coming on our staff this year. May I thank you for the information which you sent to us in her regard.

I am not sending you any information about Mrs. Douglas as you had that previously and quite approved. Therefore, I feel that her return to her old post will meet with your approval.

Sincerely yours,

Re: STANLEY BENN - "Treaty Indian" Cecilia Jeffery School Kenora, Ont.

8-11-35

1. On this date I. Meikle Esq. Clerk Indian Office Kenora, Ont. phoned this office that he was in receipt. of a complaint from E.W. Byeres Principle of the Cecilia Jeffery Indian School that Stanley Benn the above mentioned Indian boy refused to answere his teacher and this was making a bad impression on the other Indian childern attending the School and requested assistance from the police.

2 On the same date I patrolled via Private Car accompanied by Mr. I. Meikle to The Cecilia Jeffery Indian School, Kenora, Ont. and there interviewed the above mentioned boy, he informed me that he had a cold and when the teacher told him to speak up he just looked at her and would not say a word. I then explained to this boy that at anytime he should feel sick or have a cold to inform his teacher, and that he would find she, his teacher would assist him all she could, and that if he would apologize to his teacher in front of the other Indian children this would be satisfactory to all, this he did. The above action met with the approval of E. W. Byeres Esq. Principle of the Cecilia Jeffery Indian School.

3. This duty performed I returned on the same date via private car to Detachment.
